Campus Assessment & Response Team

What is the CARE Team?

The CARE Team represents a collaborative effort to identify students who are facing significant personal struggles, are in distress, or students of concern who may benefit from additional support or resources.

Goals:

- Minimize barriers that impede student success
- Provide a proactive approach to students in need of resources, support, and referrals
- Be a resource for faculty, staff, and campus on issues related to students of concern
- Ensure follow through with case management and/or intervention plan(s)

I made a referral, what happens now?

Referral received and reviewed by Co-Chairs. Evaluated for urgency and necessary response.

Initial contact made to referring party and/or resources to exchange information.

If necessary, a Case Management Meeting is called: facilitated by co-chair, inviting involved parties into conversation as to how best to support student and connect student with appropriate resources.

Weekly CARE Team meetings review existing cases to foster thoughtful and timely response.

Point person and action steps identified prior to conclusion of meeting.
