Dear Betty,

I certainly want to thank you for sending me that Encyclopedia of fairs & games. I will surely put it to use very thoroughly.

Since the time you have been here, it has become warmer but cooler in the evening. Our daily work is about the same, and everything is on the boresome side.

On the 5 & on the 12 of July we had some church friends come to visit us. We showed them all around & as usual, we came out very tired.

Murko, ^{& his mother + sister} have moved to another place near the new hospital.

they had to move because of the new regulation of trying to reduce the number of persons in each apt. It is somewhere in block 29 but I don't know the exact number as yet.

Honey is still coming along fine and dandy with everyone O.K.

Again I want to thank you for your trouble in sending me the book. I am enclosing three dollars for the book and the sending expense.

I hope you will be able to visit again very soon.

Sincerely yours,

Wides Waterbury

P.S. Please accept all. The book was \$2.75 Thank you. Wides
