## The Leisure Villager Players Anniversary Weekend

By Millicent Hofmann

The Broadway smash hit, "A Majority of One", has been scheduled by the Players for presentation in November. The original production starred the fabulous Gertrude Berg (Alias Molly Goldberg) on stage and Rosalind Russell and Alec Guinness in the movie. The plot is delightful: timely, humorous and touching.

A panel of judges consisting the group's executive director, John Zoller, their executive producer, Blanche Follen, Villagers Bill Quinn and Glenn Langan selected the following double casts, which are already deeply involved in rehearsals under the direction of John Zoller.

Mrs. Jacoby: Eve Freeman and Ruth Smith.

Mr. Asano: Minoru (Tom) Endo and Phil Aaronson

Mrs. Rubin: Sylvia Altes and Dorothy Karlin

See Village Players C-22

## Art Show

The Village Painters will conduct their semi-annual Art Show on Sunday, October 5th, from 10 to 5 in the Assembly Room. All village resident painters may participate, whether the medium be oil, acrylic, watercolor, or ink. Entry forms are available in the Recreation Office and must be submitted before 4 P.M. on October 1. Individual artists may present up to five pictures each. A-frame easels will be provided.

For the first time, fine-art sculptors will also be invited to show their work. The response will determine the amount of interest in this art form and bring together people of similar ideas. (No pottery, please.)

## Schedule

The seventh anniversary of Leisure Village is being celebrated this coming weekend, September 27 and 28, with a Mini-Fair get-together. The Women's Club Bazaar is the culmination of a year's preparation. The Garden Club Plant Sale has required equal planning, and every other group providing entertainment, or displaying their hobbies has devoted many hours of work for this neighborly endeavor.

Subject to last-minute changes, this is the schedule of activities for the Anniversary Weekend.

## Yom Kippur: Who is Our Arranger?

By Sandy Okum

Some would call it a miracle, or a coincidence, others would say, "Things work out." Here is a story of a pleasant event that took place because a generous man wanted to do something for his neighbors.

Deciding recently to form a Pritikin Diet Club, we reserved the meeting room at Mercury S&L for Sept. 19th. A week later, I realized that the 19th was the Jewish holiday Yom Kippur, and our attendance would be affected. I called Mercury about another date. A pleasant voice at the other end related that Mr. Max Gardner, our L.V. cantor had asked for the room to conduct Yom Kippur services on that night, but had been turned down because of our reservation. I asked that she call Max immediately to give him the room.

While walking Saturday morning, Max stopped me to thank me, and to ask details

about the room. He then related this story.

After he received the call from Mercury that he could have the room, everything fell into place. He needed prayer books, so he called the Jewish Temple in Ventura. They had no extras, but suggested that he call Rabbi Gruenburger at the State Hospital. He did, and received the use of 65 prayer books. With tongue in cheek, he asked if they might have a Torah (the Holy Scrolls). Their large set was being repaired, but they did have a miniature scroll that he could use. Next, Max thought it would be a good idea to have a Shofar (ram's horn) to blow at the end of the services proclaiming the completion of the Holy Days. He knew that his father had had one, but didn't know what had happened to it. On New Year's Day (Rosh Hashanah), he and Rose visited his sister, and his niece showed him a beautiful ram's horn she had.

## • OPINION •

### Rulemaking - A Difficult Task

As the new Board settles down to its duties for the coming year, it is faced by serious and varied problems. These problems range from the ever-present financial pressures, negotiations with Leisure Technology, clamor from residents with special problems, tilting with Pardee, the City of Camarillo and others, to the rulemaking authority.

We will comment only on the latter. It is indisputable that as population density increases, more rules are required to preserve the quality of life for all. It is also true that authority to enact rules tends to make writing them a nearly irresistible "solution" to many problems. As a result, the "Rules and Regulations" book is growing too rapidly. Proper and necessary rules (example: fines for late payment of fees) are becoming intermixed with too many questionable behavioral regulations pleasing some residents and offending others.

As a suggestion to ease the difficulty of rule-making responsibility of the board, it is suggested that the Board (or an ad hoc committee appointed by them) prepare, publicize and adopt a rulemaking philosophy or policy. This policy could include criteria which a proposed rule should meet.

For example: Would the proposed rule: (1) Make living here more pleasant for most residents? (2) Have a sufficient impact to make it worth enacting? (3) Be easily and widely obeyed, require extra provisions for enforcement, or be in fact, unenforceable? (4) Have a penalty for violation and if so, what penalty? (5) Fair and equitable? (6) Desired by a preponderance of residents? and most important (7) Increase the attractiveness and value of our property here?

The Board may well have other criteria. It is hoped that a formalization and publication of the criteria could reduce the clamor for special new rules and simultaneously make the Board's evaluation of proposed new rules clearer, more objective, and more effective in achieving our mutual goal of the enhancement of Leisure Village life.

## Guest Editorial - Why We Must Support Proposition H, The Maintenance Assessment

By John Lauten

Proposition "H" on the November 4th general election ballot, if approved by the voters, would authorize the Ventura County Flood Control District to levy a special assessment on each parcel of property in Zone 3, which includes Simi, Moorpark, Somis, Camarillo, and Thousand Oaks to raise funds needed to finance adequate maintenance of flood control facilities in the zone.

Prior to the passage of Proposition 13, the Flood Control District relied almost entirely on property tax revenues to finance its maintenance activities. Passage of Proposition 13 reduced these revenues by 60 per cent and the purchasing power of the remaining revenues has been eroded by inflation.

The State Legislature in 1979, authorized flood control districts to levy special benefit assessments on each parcel of land to raise needed funds. The Legislature also provided some funds from the State's surplus to assist flood control districts.

The State subvention plus remaining property tax revenues still left the Flood Control District short \$1,813,813 needed for maintenance. The Board of Supervisors therefore approved the levy of special assessments in Zone 3 to raise that sum, subject to approval by the voters at the November General Election.

The assessments are based on proportionate storm water run-off. It would amount to approximately \$17.01 in 1980-81 for an average size lot, and approximately \$8.61 for each unit in Leisure Village due to the smaller area per unit.

Leisure Villagers who have lived in the Village through three 50 year storms in the last three years, are aware of the importance of adequately maintaining flood control facilities, such as Conejo Creek. They can do their part to assure adequate maintenance by voting "Yes" on Proposition H, and urging other voters in Zone 3 to do likewise.

### Letter to the Editor

In answer to a request for comments recently received from Leisure Technology, I have written them as follows:

"Leisure Village is a lovely place to live with one important exception. At time of purchase of our homes everyone was promised bus service. At present, your Los Angeles Times advertisement lists "Private Bus System" as one of the reasons for buying in Leisure Village.

Two years ago, Mr. Michael L. Tenzer of Leisure Technology announced to hundreds of Leisure Villagers that Leisure Technology was giving us a NEW bus. We never received this NEW bus. Some months later, we received a used bus

that has been out of commission about fifty percent of the time. We now have two unreliable buses that at times are out of commission at the same time.

This situation creates a hardship to those who were promised bus service and depend on such service to get them to doctors, dentists, pharmacies, shopping, etc.

We appeal to Leisure Technology Corp. to live up to the promise made by Mr. Tenzer two years ago and provide in the near future a bus that is NEW, SAFE, AND DEPENDABLE."

Mrs. Sidney Silversher  
23114 Village 23

corner with the name of your group, if any. Keep a duplicate copy as we cannot return manuscripts.

If you wish to contribute and cannot type, please do not let this deter you. We will see that your contribution is typed.

Place your contribution in our locked box marked I.L.V. which is under the bulletin board in the Recreation Center near the parking lot entrance.

Your coordinator for the month of October will be Frances Gold.

The first deadline for the October issue is October 6. Only late breaking news will be accepted after that with final deadline October 13.

# PROFILE: Sergeant Elaine Bard, Security

By Lee Edwards

I told her on the phone: I am not Ralph (Edwards) but nevertheless: "THIS IS YOUR LIFE, ELAINE BARD," so come on over and tell me all about yourself. -- And come on over she did, flashing that lovely wide smile that makes it such a pleasure for us to pass through the Main Gate when she is on duty. And just to keep the record straight, let me tell you she is on duty Sundays through Thursday 7 am through 3 pm.

She has been married for 23 years -- and if you don't believe THAT when you look at her, she will tell you that she and Larry married when she was 14 years old; yep, that's right: 14 --- so there's at least ONE teen-age marriage that survived --- They raised a fine family of 2 girls and 2 boys, though Larry must have done some of his fatherly functions by long distance; he was in the Navy for 20 years, and Elaine figures she was alone for a good 15 years out of those 20 service years. At the

ripe old age of 37 she is a grandmother, both girls are married, her youngest son is home, a strapping 6'2" at 16 and on the high school football team. As for 20-year-old Larry Jr., Villager Bill Klee will instruct him to fly and help him to get his pilot's license.

After leaving the Navy, Larry joined Raytheon Services as a Projects engineer and is now busy studying for his B.A. degree. She met Chief Reimer and he hired her in July 1977, first part time, then full time, and about 18 months ago he promoted her to Sergeant.

We have a total of 18 to 22 people on our Security force. Chief Reimer delegates to Lt. Grizzard, and he in turn relies on Elaine and her "troops", some full- and some part-time, to keep our security functioning smoothly. Villagers can be employed on the force, but only part-time and Elaine says they are excellent officers - after all THEIR security is involved too.

Her duties are truly varied and ever changing. As

Sergeant its her function to coordinate the various reports and logs prepared by the officers. Just think of all the time: you phone the gate to tell them Aunt Mary is coming to dinner -

Elaine Bard  
Photo by Al Levinson

- multiply that by all the villages, -- and that's not even counting emergencies or the dozens of unusual happenings that occur every day.

I asked Elaine about emergencies: When she receives a frantic call for help,

her immediate reaction must be to STAY CALM. The caller may be totally distraught, but she must not get emotionally involved -- not an easy task. In three and a half- years she has made friends of a lot of villagers and knows them personally. -- She automatically assumes that it might be a heart attack and immediately phones

- a) The fire brigade
- b) Our roving patrolman, there is one on duty cruising the villages 24 hours a day, seven days a week. She dispatches him to the address given and he proceeds there immediately.

In the meantime the fire brigade has called the ambulance (automatically) and the police department has picked up the fire brigade call. Within minutes all three arrive at the scene where our patrol man is already giving first aid assistance. Besides C.P.R. training, all new personnel

## Josh Fallick - His Moods and Moments

By Millicent Hofmann

The L.V. Multi-purpose Room recently was the scene of an exhibition by Josh Fallick of his paintings, photography and poetry, the three "Ps" illustrating his prolific talents.

The oils and photographic creations are already well-known here in the Village and outside, as well, for Josh is no newcomer to the Salon and Exhibit scene. He has had a number of one-man shows in and around the L.A. area and in Colorado. Many of his works are in private collections in the U.S., Hawaii, Canada and Israel.

His poetry, displayed so effectively on parchment, in elegant calligraphy, reflects a newer talent inspired, Josh says by his sessions at the L.V. Writers' Workshop.

Josh's pictures, (totalling

about 65) are a visual delight. His country-side scenes are nostalgia-inspiring, his floral photographs, delicately beautiful. One of them merges on the eerie side, like a specimen grown in outer space.

Particularly appealing to travellers who have visited Israel is his touching photograph of "The Wall." Josh was signally honored by having this chosen for display at the Diaspora Museum in Tel Aviv, where it draws large and appreciative audiences.

After his stint in Military Service where he was trained in Aerial Photography, Josh worked with Fairchild Aerial Surveys in Los Angeles. In recognition of exceptional techniques, he and his colleagues were awarded a Presidential Citation and Commendation.

## Current Issues Forum

By Herbert Swartz

The heavy rains of the past three years which produced three successive so-called 50-year floods in this area caused grave concern among Leisure Villagers and prompted a large group to attend the Current Issues Forum meeting on August 29th to hear Jerry Nowak address the question: "What is Being Done About Flood Control?" Mr. Nowak is County Deputy Public Works Director for Flood Control and Water Resources.

Mr. Nowak urged that Leisure Villagers vote for the Benefit Assessment on the November ballot which will cost each unit \$8.61 yearly. These additional funds are needed to maintain flood control channels in the county, including Conejo Creek which is adjacent to Leisure Village. Flood control funds have been severely cut by Proposition 13,

as a result of which no new equipment has been purchased. If the County is able to spend \$2.5 million, the Federal government will provide an additional \$8 million to aid flood control projects.

John Lauten, Chairman of the Drainage and Flood Control Committee in Leisure Village, initiated discussion from the floor. In reply to one of Mr. Lauten's questions "Should Leisure Villagers Buy Flood Insurance Coverage for Their Homes?" Mr. Novak stated that this was a risk each homeowner must assess for himself. Dick Van Horn, former Leisure Village Association Director, provided excellent background information on initial steps taken by Leisure Technology to safeguard the community against flooding. Many other Villagers expressed their interest and concern by their questions.

# Board Highlights

By Romaine Lambert

President Henry Malkin opened the September meeting by announcing that member Marty Beckel is home from the hospital after surgery and all wish him a speedy recovery. All other members were present.

There were no reports from the Arch. Bldg. & Grds. Committees.

The Educ. & Rec. Comm. presented the following recommendations:

1. Accept an offer from the Camera Club to install a permanent screen in the Men's Club Room at the club's expense;
2. Allow the Ceramic Group to conduct a workshop within their area at no additional expense;
3. Permit a tape dance once a month in the A.R. on any available night to be run by Ed Abdelnour;
4. Continuation of food service at the four main functions (laua, picnic, Thanksgiving and New Year's Eve).

**Finance:** Sub-committee is reviewing Insurance, with an outside expert. A special committee has audited the special events program and the report will be presented shortly as well as a special audit of the travel committee. There is also a special sub-committee studying a possible data processing system. A villager experienced in this field has offered his services as needed. The committee is also studying tax questions.

**Flood Control.** John Lauten called attention to the Current Issues Forum on Aug. 29 when a representative from the county explained the flood control situation. Downstream improvement will not be financed by Federal funds. There is some Federal money available for clean-up but additional funds will be necessary for maintenance of Calleguas and Conejo Creeks. It is urgent that the District and Leisure Villagers approve the assessment for flood control at the November election. Assessment for large homes will probably be around \$17 but for L.V. it will be approximately \$8.61. Vote Yes on Prop. H!

Information to New

**Residents:** Visits were made to 24 new residents, nine of whom were lessees. There have been 39 move-ins for the six weeks of this term. Most of the new residents have telephones and should inform the association office of their telephone numbers. Mrs. Puro thanks those who attended the Meet Your Neighbor session including Dorothy McCashen, registrar of voters.

**Community Relations:** The Committee supported the Board on recommendation regarding Adolfo Road crossing and with the aid of the Moped Club distributed notices announcing the P.U.C. meeting on this subject. There will be a Meet Your Candidate night and announcement will be made later. Assistance is offered to the Flood Control Comm. The Community Relations is investigating the villagers' complaints and also investigating the proposed Camarillo Grove Park expansion, which seems undesirable as far as the village is concerned.

**Sec. & Safety:** Announced that all who have not received their decals for vehicles should get them at the Main Gate after 5:00 p.m. and before dark. Speeding on Leisure Village and Mountain View drives has been reported. The limit is 25 miles per hour. Bicycles have the right of way in the bicycle lanes and must go with the traffic. Pedestrians should walk against traffic, if using the bicycle lanes. The Board has requested Leisure Tech to complete painting of the bicycle lanes from V. 34 on down to the end of the Village.

**Old Business:** Article 17, General No. 31 of the Rules concerning liability of negligent homeowners in regard to insurance was adopted.

Extension of temporary rules for Golf Course was recommended and adopted. Ad hoc committee has not completed its study.

On advice of attorney a statement was read regarding illegal gambling in the common areas which is subject to prosecution.

See Board C-12

## Choking Victim Saved at Party

By Betty Murray

An incident dramatically illustrating the need to observe, diagnose, and know what to do about a person choking on food occurred recently during a party at the home of Jack and Grace Back, V. 16. The guest, unable to catch his breath, tried to walk outside, but blacked out before he reached the front door. Among the guests, Dr. George Bien, V. 41, had observed him clutching his throat as he made his way through the room, and suspected a choking problem. Almost as soon as the man fell, Dr. Bien had rushed to him, and gave him a sharp blow just below the sternum in an upward direction. This forced air out through the larynx and pushed the meat out of the throat. The choking victim regained consciousness almost instantly, and was soon gratefully participating in party activities again.

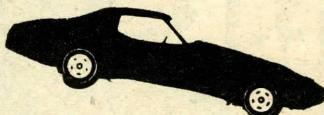

This is not the first time George Bien has been on the

scene to help a victim of choking. The important thing is to give aid immediately! A person will die of asphyxiation within three to four minutes of having the air passage blocked, or suffer such brain damage as to make his life worthless.

The more usual, or preferred method, is to stand behind a victim of choking, grasp him firmly around the waist just below the ribs, and with hands clasped forcefully press upward to dislodge the object from the throat. If he is already on the floor, the blow directly to the rib-diaphragm area is used.

Thank you, George Bien. The saving of a life anytime is news, and when a friend is saved, there is cause for celebration.

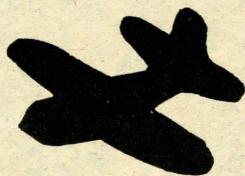

Aging is when....you feel like the night after, and you haven't been anywhere.

## Roses, and Roses, And Roie

By Betty Murray

The Garden Club's Plant Sale on Anniversary Weekend might have been the excuse for the profusion of pots all over her place, but Roie Beck, V. 20, probably would be surrounded with green growing things anyway, just to satisfy her deep hunger to work with flowers and plants.

She was ecstatic upon moving from Malden, Massachusetts, to discover that plants grow all year in L.V. As a teacher, she had not had time for much gardening, but retirement gave her that time, and Pleasant Valley gave her the climate to play in the dirt anytime she wishes.

For the past several months, Mrs. Beck has bought small plants, repotting them as they grew, slipping other plants, nurturing seeds, collecting about 200 specimens which she will donate to the Plant Sale.

Many varieties thrive for her: geraniums in several styles, begonias, ferns, Creeping Charleys regular and royal, alyssum in

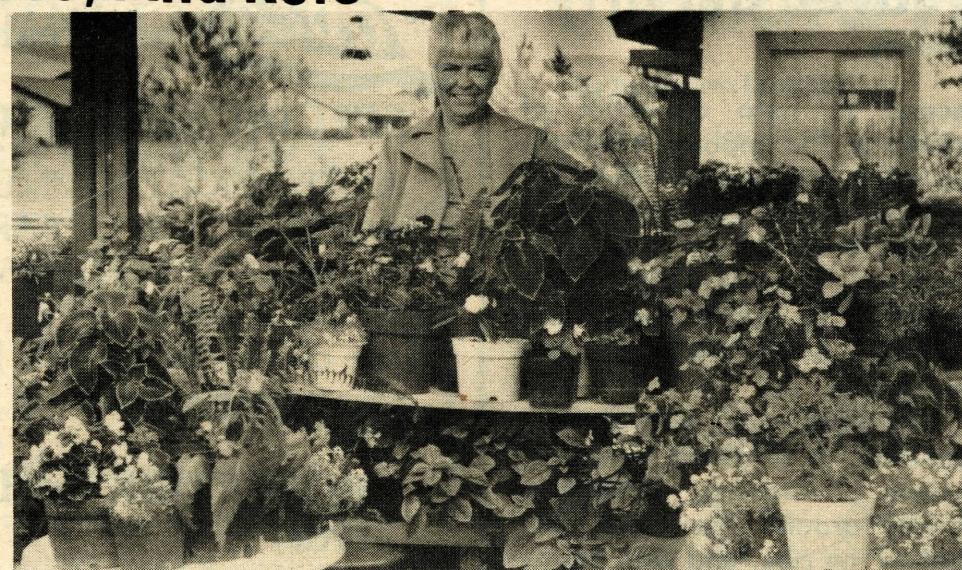

Photo by Al Levinson

white and purple, spider plants, bright leaved coleus, but her favorites are Patient Lucy. We call them Impatiens in California. Her home looks as if she's starting a nursery, but it's all for love, for L.V. and the Garden Club's desire to make the village even more beautiful.

Gardening is a passion with Rosalie Beck, but her talents also include an outgoing personality which puts her in front of people as an entertainer, comic, and leader.

With her sister Piff DeSimone, she has appeared in singing skits in the Village. She is active in Variety Guild, Rhythmettes, Women's Club, Organ Club, Solo Club, Bocce Club, Golf, Chorale, she is an honorary Happy Hoofer, and Sweet Adelines, besides the Garden Club.

Where else but L.V. could a woman of such energy find so many interesting things to do? Thanks, Roie, for sharing your talent and your green thumbs with all of us.

## A Foe of Feathered Friends?

With all of the concern these days with our environment, it concerns one of our villagers that unintentionally, some people may be harming those delightful little creatures, the humming birds. Damon Durham of V. 22 is worried about the red dye used in the water of the feeders. Most of the reading public is aware that certain red dyes were found to be carcinogenic and were banned.

Durham says that many people think that the birds won't visit them unless attracted by the color. Not so. His patio is all a-twitter with the little visitors without one drop of the offensive additive.

If you bird watchers are still not convinced, please be sure to read the label on the product you buy to be certain that the dye used is approved.

## Roses, and Roses, And Roie

By Betty Murray

The Garden Club's Plant Sale on Anniversary Weekend might have been the excuse for the profusion of pots all over her place, but Roie Beck, V. 20, probably would be surrounded with green growing things anyway, just to satisfy her deep hunger to work with flowers and plants.

She was ecstatic upon ~~returning from~~ Malden doing? I remember as a little girl thinking Christmas would never come, and now though it's just past, it's almost here again. Do you get the feeling that it's not only flags that are flying?

Happy Anniversary this past month to the Smiths, Ruth and Fred, V. 4 July 26th was their 50th. Also to Bea and Josh Fallick, V. 3, 36 years on August 3rd. Hope you all were fortunate enough to see Josh's One Man Show including the copy of a picture that is hanging in the Diaspora Museum in Israel. The Fallicks were quite thrilled when one of

week tour of the East and a reunion with their children, grandchildren and a great-grandchild whom they had never seen.

Ruth and Gene Spalinger V. 4, have returned from a month's tour of Europe, visiting friends in Germany, and touring Scandinavia, Finland, etc. The Spalingers claim you haven't lived until you've stood on deck at 2:00 in the morning in the North Cape and watched the midnight sun.

The Planns, Abe and Sylvia V. 11, are home after a visit with Sylvia's mother in Denver, Colorado, and friends in Scottsdale, Arizona.

Club, Chordie, Drama Club, and Rhythmettes. Good luck in your new life, and with so many friends here in L.V., we hope you will be back to visit us one day.

The Sawyers, Larry and Esther V. 16, are going traveling again. Larry was invited to conduct a seminar at the University of Hawaii the week of September 8th, then at the University of Nevada at Las Vegas, followed by seminars in Buenos Aires, Argentina, and Sao Paolo, Brazil.

We hope to see a good turnout at the September Anniversary and Bazaar. There will be many beautiful hand-

All Villagers, and especially friends of the Wudkes, are invited to attend a Memorial Mass for Paul on October 9, at 8:30 a.m. at St. Mary Magdalen Chapel. The Chapel is located at 2532 East Ventura Blvd. and parking is available at the rear of the church.

In a recent letter Eleanor expressed her appreciation for the outpouring of sympathy and concern from the Village, and wishes she could be here for the Mass. Eleanor's new address (she has moved into a condominium owned by her daughter) is 4820 W. 39th St., St. Louis Park, MN 55416.

# Security Officer Speaks

By Lt. Mac Grizzard

Obviously summer is over. Shorter days and the absence of grandchildren in the village make us aware that Labor Day has passed, school has begun, and it is time to start thinking about the holiday season. School is occupying the minds of the local teenagers whose nocturnal forays have occasionally proved so annoying. Even so, all of us should remember that every resident is part of the "Eyes of Security". If you see any person or incident in the village that seems extraordinary to you, give us a call immediately. Take time, if possible, to get descriptions, license numbers, direction of travel, and any other information that may be useful in checking the situation. We at Security are very proud of, and grateful to, all the people who have been instrumental in resolving situations that have posed potential threats to your

security.

I don't like to talk about problems, but there are a couple that cause a lot of unnecessary delay at the Main Gate. The most common problem is that many of you do not remember to call the gate when you are expecting guests or deliveries. This means that the gate officers must call you to get clearance for your guest, and meanwhile, traffic is backing up at an alarming rate. If you are expecting visitors of any kind, please call us in the morning and let us have a pass ready for them.

The second, and potentially more dangerous, problem is caused by residents driving vehicles that are ineligible for decals. If you don't have a 1981 decal on your vehicle, please don't attempt to enter through the Decal Vehicle Gate. The gate officer must walk across a traffic lane to check your pass, then walk back to open the gate. This creates backup in

both traffic lanes, with a great potential for rear-end collisions and backup of traffic on Santa Rosa Road.

I would like to remind everyone that rules are made by you, and if one is unpopular with you, please don't take it out on the Security Officer who is attempting to enforce it. He is doing what you pay him to do.

## Board

Meeting was opened to Homeowners to speak on new business only. Malkin read the items included in "New Business Agenda." There were no speakers.

The Budget Calendar for the coming fiscal year, March 1981-82 was presented and approved.

Landscaping in Villages 37, 39 and 4 units of V. 20 has been accepted. These had not been completed because Leisure Tech had originally planned to construct a bridge to new property. The contemplated purchase did not materialize. The Association has a letter from Leisure Tech regarding the slopes behind V. 35-37-39 and 41 agreeing to a one year warranty for the landscaping on these slopes.

The contract for rubbish disposal with Harrison & Son will expire Sept. 1 and the firm has requested a 25 per cent increase. A contract was awarded for two years with an increase of 18 per cent the first year and 7 per cent the second year. The unit rate is \$3.48 going up to \$3.68.

Committee appointments: Robert Mandell of V. 7 was appointed to the Storm Drain Committee.

A new ad hoc committee has been established to study Resident services due to the increasing age of our appliances, needs for replacement, etc. The Committee at this time consists of Karl Joehnck, Elliot Pugh, Bill Rasmussen, and Dick Van Horn. Others in the village experienced in this field should make themselves known to the Board.

### Committee Recommendations:

Homeowners were reminded that when trash cans wear out it is the responsibility of the homeowners to replace them. However, 117 of the liners were not installed properly and were in trouble during the rain. Leisure Tech has agreed to replace these.

Reminder from President: All Committee recommendations must be submitted in writing before approval.

### Board Actions:

Ed. & Rec. -- Gem and Mineral Club may sell items at

Cont. from C-6

the Bazaar.

Advisory Committee -- Chairpersons of Committees are allowed to attend to observe.

Sale of majority stock in Leisure Tech to Tenzer effective this date and Tenzer becomes President. There are 300 homes for Leisure Tech to complete.

Recommendation by Educ. & Rec to serve food at Special events was forwarded to Larry Pfeifer for further review to devise means to assure attendees' satisfaction with the food.

The Board has asked the Educ. & Rec. to restudy the use of rooms.

Offer of Paine Weber to conduct a seminar was rejected.

The Saturday Night Dance Group donated \$400 to the Rec. Comm. to help cover the deficit in the Special Events Fund.

Harold King of V. 16 is serving on the ad hoc sub committee which is studying the question of in-house painting or arranging an outside contract.

Gene Giannulli of Leisure Tech is talking about installation of additional showers in the pool area and dressing rooms.

Berman reported on the schedule for plant spray and planter beds and the replacement of dead trees where needed. He also stated that the Edison change-over in lights will take place in late 1980 resulting in substantial saving.

The bus has had electrical problems but is now in service. The new bus is being worked on for ignition failure and brake problems. Both are on preventive maintenance schedules. They cover between 20,000 and 25,000 miles a year. Both buses were gifts and there are no reserve funds for replacement.

Oxnard College registered 270 students (2 non-homeowners) at Leisure Village.

### Meeting Open to Homeowners:

V. 14: Question on Budget  
V. 25: An open letter to Mr. Tenzer regarding the bus, demanding service to See Board C-19

## SHUFFLE BOARD CLUB

By Betty Sullivan

"You're in the kitchen!" - is not a call from Grandma to stay out of the cookie jar. It's a message that brings forth laughter, glee, groans and moans, depending on the player involved. For you who don't know the game, the "kitchen" is the area of the diagram on the shuffleboard courts which indicates that you now have a minus ten on your score. Sometimes you put your own puck in that unfortunate place, sometimes your opponent has done the dubious honor. This is just one of the challenges of the game of shuffleboard - another chance to hit that puck out of the "kitchen" may still be yours.

The Tuesday evening instruction classes have been so well attended and enjoyed that we hope we have a long summer! As with many good things in life, however, time changes events, so please, watch the "Voice" for further information. The hour shall alter when cooler weather makes it too uncomfortable for night playing. For those who have taken advantage of these classes, won't you come back and try some regular playing?

We are pleased to see a fair attendance at our monthly meeting which is held the first Tuesday night of each month in the Multi-purpose Room at 7:30 PM. It would be better still to have a good attendance. Some business, lots of laughter, and great fellowship is the evening's event. So get away from that boob-tube for an hour or more and help us plan the upcoming dinner-dance. Watch the bulletin boards and other calendars for further information on this. A word of warning: it will be to members only, so if you've procrastinated about joining the Shuffleboard Club, you'd better pick up the phone today and call any one of our officers - Burt Kunz, Tom Moore, Karl Marshall, Helen Bell and Betty Sullivan, or any other member of the Club.

## L.V. WOMENS GOLF ASSOCIATION

By Winifred Moffitt

One of the biggest thrills for a golfer is hitting a Hole-in-One. Members of L.V. Women's Golf Assn. have been experiencing that thrill in record numbers lately. On Wednesday, Aug. 6th Marge Kelly had a Hole-In-One on the 12th hole. Since that time, one has been made by Carol Kranz on an unscheduled game day. On Aug. 20th one was made by Dorothea Ward and on Aug. 27th another one was made by Kate Ward.

At the regular monthly meeting of the L.V. Women's Golf Assn. held Aug. 13th it was decided that all members who made Holes-in-One, witnessed by at least two members of either the men's or women's golf clubs, would have their names engraved on the big Hole-in-One trophy and would receive Hole-in-One bag tags. However, only those members who made their Hole-in-One on scheduled game days would also receive an individual Hole-in-One trophy. Any member who has any further questions about the Hole-in-One Club should contact Corky Milman, Chairman.

A fun Halloween Bogey Tournament is being planned for Wednesday, October 29th. Each member will bring and play with only 4 clubs and a putter. Also, each player is asked to dress appropriately for Halloween and prizes will be awarded on the 1st Tee for the best costumes.

## Current Issues Forum

Dr. James Esmay, head of the Economics Department at California Lutheran College, will address the Current Issues Forum on "Development Problems in South Africa" on Thursday, September 25, at 7:30 p.m.

His talk will be preceded by a movie, "South Africa: a World in One Country."

Wine and cheese will be served from 7:30 to 8:00.

## New Cruise Club Formed in LV

Villagers are constantly thinking of new ideas, new ways to make friends and to achieve their desires. A group interested in cruises is meeting in private homes to promote their special interest.

The Cruise Club of Leisure Village held their meeting and barbecue on Aug. 31, at the home of Sylvia and Norman Lefton. At the next meeting we will discuss group discounts on quality cruises for our club. An open meeting will be held on Sunday, October 5th at 7:00 p.m. at the home of Doris and Sidney Siegel, 33225 V. 33. Coffee and cake will be served. At that time a beautiful slide presentation will be shown of the Lefton's Indonesian cruise.

If you are interested in quality cruising at a discount and sharing your cruising experiences with your own group of friends, attend the meeting. For further information call Doris Siegel, President, 484-7886.

## Solo Club

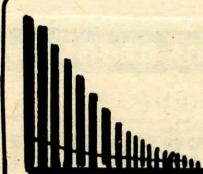

Membership closes on September 30 for Solo Club members who wish to attend the dinner meetings for October and December.

Dues are one dollar for the year, payable to Jan Dempsey or Mary Kay Franey.

October 17 is the date for the next covered-dish dinner in the Assembly Room. Members with last names beginning A to F bring dessert, G to O bring salad, and P to Z bring a meat dish. Men pay \$1.50 for the dinner, and all members give twenty-five cents for coffee, tea, and paper supplies. Entertainment will be provided by the Linda Radney Dance Studio.

A catered Christmas dinner will be served at the meeting on December 12. Tickets will be available for \$6.25. Two musical groups will present the program; the Sweet Adelines and the Methodist Bell Choir.

Plans are being made for a buffet luncheon at the Oxnard Hilton sometime during the first week of November. Details will be announced at the next noon meeting on October 10 in the Women's Clubroom.

## ORGAN CLUB

By Harold Wickham

A regular meeting of the Organ Club was held on Friday, August 22, at which there was a good attendance. The musical theme was songs with the names of men or women in their titles.

At the High Twelve Club presentation of "America the Beautiful" on the evening of the same day, Ruth Coburn started the program with an Organ Prelude.

Florence Krueger provided music for the Nineteenth Hole party, and members of the Club will continue to do so.

Membership in the Club is growing. Annual dues are only \$2 per person. As Longfellow aptly put it, "Music is the universal language of mankind," and the Bible says "Rejoice at the sound of The organ." So, come to our meetings to play or just to listen. You are welcome.

## Distance Swimmers

Every month the L.V. pool witnesses more and more people who swim laps regularly for exercise, enjoyment, and whatever other incentives the water provides them. The American Red Cross "Swim and Stay Fit" program furnishes a score card on which swimmers can keep record of the number of miles that they swim, by quarter-mile segments. Upon completion of a 50-mile distance, the Red Cross awards appropriate cards.

According to Larry Pfeifer, Recreation Manager, the following people have earned commendation for swimming the distance noted after their names: Sylvia Altes 100 miles, Lorraine Friedman 50 miles, Betty Murray 550 miles, Mildred Silberman 200 miles, Louis Spring 1500 miles. That is correct, 1,500 miles.!

Many people swim without counting laps, and others are working to build their endurance so they can swim 18 lengths, or one-quarter mile, at one time, to start their own marathon.

**BOOK  
REVIEW  
GROUP**
**By Janine Blymer**

Everybody these days is health-conscious, and we here, in the Village, perhaps even more, if we can judge from the large attendance at Your Neighbors Care Group Blood Pressure clinics, Glaucoma and Hearing tests, or the Nathan Pritikin lectures. So on May 18th, Mrs. Laura Robbins' review of several books and pamphlets on health-related matters was in keeping with this keen interest: "Take Care of Yourself: A Consumer's Guide to Medical Care" by Dr. Donald Vickery gives guidelines as to when one should see a doctor, how to choose a physician, and what questions to ask him. "The People's Pharmacy" by Joe Graeden, Pharmacologist, explains about prescription drugs, drug interactions, and brand name medication. The meeting ended with a lively question - and - answer period.

In October, the program will be quite different: we will meet three fascinating ladies, all Duchesses of Marlborough. Mrs. Nell Morton has read for us: "Marlborough's Duchess," by Louis Kronenberg, "The Glitter and the Gold," Consuelo Vanderbilt Balsan's biography, and "Gladys, Duchess of Marlborough," by Hugo Vickers. All history buffs are sure to attend on Monday, October 20.

Mrs. Nancy Cole, of the Camarillo Public Library, has visited with us on several occasions and she needs no introduction. We all know how interesting her reviews are. She has an advantage over us: she has access to new books before we have a chance to read them, and we can look forward to a provocative session on Monday, November 17, when she will review three new books, a biography, a novel, and a book of general interest.

The Book Review Group meets on the third Monday of every month from 10:00 to 11:30 a.m. in the Women's Club Room, and all are welcome.

**Display of homemade items for W.C. Bazaar**  
Photo by Al Levinson

**Garden Club**

Featured as part of the L.V. Anniversary Celebration on September 27th and 28th, the Garden Club will have a plant sale in the patio at the East end of the Recreation Center. Money earned will be used for two main projects. About half of the funds will be earmarked for purchase of some attractive artificial palms to decorate the stage in the Assembly Room, and to refurbish some planters around the Recreation Building. The other half will be used at the Camarillo State Hospital to involve some patients in gardening projects.

Proceeds from last year's plant sale were used to build the Japanese-type garden near the Women's Club Room.

President Wilson asks people with plants to donate to bring them to the patio on Friday after 3 P.M., or at 9 A.M. on Saturday. Members will arrange and price them, and serve as sales personnel during the two day sale.

Residents desiring healthy, locally-grown, attractive plants for their homes and patios are urged to visit the Garden Club's display starting at 11 A.M. on Saturday, September 27.

**La Causerie**
**By Janine Blymer**

This is a French-speaking group, meeting on the second and fourth Friday of the month at the home of one of the members. It is not a class, but a small gathering of people who enjoy making new friends, discussing current events of the world, or of the Village, gossiping, etc., all in French, naturally. How about some of the French-born Villagers joining us and adding a little couleur locale? For information call Ruth Swartz 484-5723, or Marie Whitney 482-6800.

**L.V.  
WOMENS  
CLUB**
**By Lucille Matson**

Another year and it is time for our Annual Bazaar, held in conjunction with Leisure Village seventh anniversary, Sept. 27 and 28th. The money raised by the Leisure Village Women's Club at this two-day Bazaar is donated to various charitable organizations in Ventura County.

The Tuesday morning workshop has been busy since January, in the Multi-purpose room, making various items. Come buy your holiday gifts, there will be booths featuring toys, tree ornaments, handicrafts and many other, including a Bake Sale.

Tickets are on sale for the raffle, which includes a Microwave Oven, Food Processor, Afghan, Stole and Wall Hanging. The drawing will be at 4:00 o'clock in the Assembly Room Sept. 28. Come and join in the fun.

The Trading Post is in need of salable merchandise. What is a white elephant to you, can be a treasure to another, so sort out and give a call to Gertrude Dorward, phone 484-5509.

Fashions by George will present a style show at the Oct. 2 meeting. Ladies of the Village are welcome.

**Happy Hoofers**
**By Roie Beck**

After three years of entertaining in the Village, the Happy Hoofers tapped their way outside the gates this month and received an enthusiastic response.

Their show at the Heritage House drew an immediate request to return in the near future. They were one of the star acts in the benefit performance that the Variety Guild gave on September 7 at the Senior Citizens Center in Camarillo.

Most exciting was the taping on Sept. 9 of one of their routines to be shown on local television, probably in October.

Their true love, however, remains Leisure Village where they entertained at the 19th Hole Party in August.

# Variety Guild Elects Officers

At the August 28th meeting, the Variety Guild elected the following slate of officers: President Betty Murray, First Vice-President Joan Johnson, Second V.P. Fred Bauch, Secretary Dorothy Karlin, Treasurer Piff DeSimone. Installation will take place at a gourmet dinner prepared by Guild members Freddi Bauch and Jack Back on September 25th, in the MPR. This celebration is open to members only.

On September 7th the Guild offered a benefit show at the Camarillo Senior Citizens Center. Thirty people in the company presented excerpts from the "80 Spoof" show, plus some entertaining new acts. Dorothy Karlin directed the chorus, Lil Heimowitz was producer, Miriam Schwarz program director, Robby Karlin stage manager and announcer, Joan Johnson choreographer, and Gwendolyn Lund, Ruth Coburn, and Charlotte Delson were the three pianists.

Popular soloists Joan Woodenschek, Jim Williams, George Goldfarb, and Bea Fallick sang, Joan Johnson brought down the house with her mimes, the Happy Hoofers tap-danced, Rawza Kates brought her puppet Fiberace, and the Tavanos and Simmonds demonstrated their particular agility in specialty dances.

Members of the cast truly deserve praise for their exemplary sportsmanship, showmanship, and good humor. Their performance was excellent on a makeshift stage with no set, no curtains, no lights.

The cast included Grace and Jack Back, Roie Beck, Sylvia Beber, Daisy Bien, Piff DeSimone, Bea Fallick, Helen Gold, George Goldfarb, Miriam and Bob Hasen, Joan Johnson, Dorothy and Robby Karlin, Mimi Kaufman, Rawza Kates, Betty Murray, Miriam Schwarz, Millie Silberman, Iris and Louis Simmonds, Marion and Frank Tavano, Jim Williams, and Joan and Art Woodenschek. Rowena Mettler served as the electronic technician.

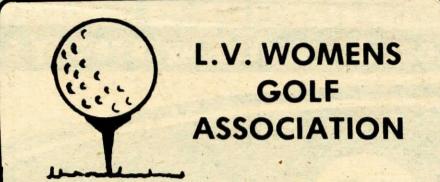

By Betty Sullivan

"You're in the kitchen!" - is not a call from Grandma to stay out of the cookie jar. It's a message that brings forth laughter, glee, groans and moans, depending on the player involved. For you who don't know the game, the "kitchen" is the area of the diagram on the shuffleboard courts which indicates that you now have a minus ten on your score. Sometimes you put your own puck in that unfortunate place, sometimes your opponent has done the dubious honor. This is just one of the challenges of the game of shuffleboard - another chance to hit that puck out of the "kitchen" may still be yours.

The Tuesday evening instruction classes have been so well attended and enjoyed that we hope we have a long summer! As with many good things in life, however, time changes events, so please, watch the "Voice" for further information. The hour shall alter when cooler weather makes it too uncomfortable for night playing. For those who have taken advantage of these classes, won't you come back and try some regular playing?

We are pleased to see a fair attendance at our monthly meeting which is held the first Tuesday night of each month in the Multi-purpose Room at 7:30 PM. It would be better still to have a good attendance. Some business, lots of laughter, and great fellowship is the evening's event. So get away from that boob-tube for an hour or more and help us plan the upcoming dinner-dance. Watch the bulletin boards and other calendars for further information on this. A word of warning: it will be to members only, so if you've procrastinated about joining the Shuffleboard Club, you'd better pick up the phone today and call any one of our officers - Burt Kunz, Tom Moore, Karl Marshall, Helen Bell and Betty Sullivan, or any other member of the Club.

By Winifred Moffitt

One of the biggest thrills for a golfer is hitting a Hole-in-One. Members of L.V. Women's Golf Assn. have been experiencing that thrill in record numbers lately. On Wednesday, Aug. 6th Marge Kelly had a Hole-In-One on the 12th hole. Since that time, one has been made by Carol Kranz on an unscheduled game day. On Aug. 20th one was made by Dorothea Ward and on Aug. 27th another one was made by Kate Ward.

At the regular monthly meeting of the L.V. Women's Golf Assn. held Aug. 13th it was decided that all members who made Holes-in-One, witnessed by at least two members of either the men's or women's golf clubs, would have their names engraved on the big Hole-in-One trophy and would receive Hole-in-One bag tags. However, only those members who made their Hole-in-One on scheduled game days would also receive an individual Hole-in-One trophy. Any member who has any further questions about the Hole-in-One Club should contact Corky Milman, Chairman.

A fun Halloween Bogey Tournament is being planned for Wednesday, October 29th. Each member will bring and play with only 4 clubs and a putter. Also, each player is asked to dress appropriately for Halloween and prizes will be awarded on the 1st Tee for the best costumes.

## Current Issues Forum

Dr. James Esmay, head of the Economics Department at California Lutheran College, will address the Current Issues Forum on "Development Problems in South Africa" on Thursday, September 25, at 7:30 p.m.

His talk will be preceded by a movie, "South Africa: a World in One Country."

Wine and cheese will be served from 7:30 to 8:00.

## New Cruise Club Formed in LV

Villagers are constantly thinking of new ideas, new ways to make friends and to achieve their desires. A group interested in cruises is meeting in private homes to promote their special interest.

The Cruise Club of Leisure Village held their meeting and barbecue on Aug. 31, at the home of Sylvia and Norman Lefton. At the next meeting we will discuss group discounts on quality cruises for our club. An open meeting will be held on Sunday, October 5th at 7:00 p.m. at the home of Doris and Sidney Siegel, 33225 V. 33. Coffee and cake will be served. At that time a beautiful slide presentation will be shown of the Lefton's Indonesian cruise.

If you are interested in quality cruising at a discount and sharing your cruising experiences with your own group of friends, attend the meeting. For further information call Doris Siegel, President, 484-7886.

## Solo Club

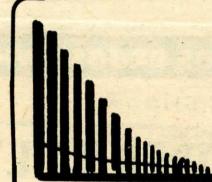

Membership closes on September 30 for Solo Club members who wish to attend the dinner meetings for October and December.

Dues are one dollar for the year, payable to Jan Dempsey or Mary Kay Franey.

October 17 is the date for the next covered-dish dinner in the Assembly Room. Members with last names beginning A to F bring dessert, G to O bring salad, and P to Z bring a meat dish. Men pay \$1.50 for the dinner, and all members give twenty-five cents for coffee, tea, and paper supplies. Entertainment will be provided by the Linda Radney Dance Studio.

A catered Christmas dinner will be served at the meeting on December 12. Tickets will be available for \$6.25. Two musical groups will present the program; the Sweet Adelines and the Methodist Bell Choir.

Plans are being made for a buffet luncheon at the Oxnard Hilton sometime during the first week of November. Details will be announced at the next noon meeting on October 10 in the Women's Clubroom.

ORGAN CLUB

By Harold Wickham

A regular meeting of the Organ Club was held on Friday, August 22, at which there was a good attendance. The musical theme was songs with the names of men or women in their titles.

At the High Twelve Club presentation of "America the Beautiful" on the evening of the same day, Ruth Coburn started the program with an Organ Prelude.

Florence Krueger provided music for the Nineteenth Hole party, and members of the Club will continue to do so.

Membership in the Club is growing. Annual dues are only \$2 per person. As Longfellow aptly put it, "Music is the universal language of mankind," and the Bible says "Rejoice at the sound of The organ." So, come to our meetings to play or just to listen. You are welcome.

## Distance Swimmers

Every month the L.V. pool witnesses more and more people who swim laps regularly for exercise, enjoyment, and whatever other incentives the water provides them. The American Red Cross "Swim and Stay Fit" program furnishes a score card on which swimmers can keep record of the number of miles that they swim, by quarter-mile segments. Upon completion of a 50-mile distance, the Red Cross awards appropriate cards.

According to Larry Pfeifer, Recreation Manager, the following people have earned commendation for swimming the distance noted after their names: Sylvia Altes 100 miles, Lorraine Friedman 50 miles, Betty Murray 550 miles, Mildred Silberman 200 miles, Louis Spring 1500 miles. That is correct, 1,500 miles!

Many people swim without counting laps, and others are working to build their endurance so they can swim 18 lengths, or one-quarter mile, at one time, to start their own marathon.

**BOOK  
REVIEW  
GROUP**
**By Janine Blymer**

Everybody these days is health-conscious, and we here, in the Village, perhaps even more, if we can judge from the large attendance at Your Neighbors Care Group Blood Pressure clinics, Glaucoma and Hearing tests, or the Nathan Pritikin lectures. So on May 18th, Mrs. Laura Robbins' review of several books and pamphlets on health-related matters was in keeping with this keen interest: "Take Care of Yourself: A Consumer's Guide to Medical Care" by Dr. Donald Vickery gives guide lines as to when one should see a doctor, how to choose a physician, and what questions to ask him. "The People's Pharmacy" by Joe Graedon, Pharmacologist, explains about prescription drugs, drug interactions, and brand name medication. The meeting ended with a lively question-and-answer period.

In October, the program will be quite different: we will meet three fascinating ladies, all Duchesses of Marlborough. Mrs. Nell Morton has read for us: "Marlborough's Duchess," by Louis Kronenberg, "The Glitter and the Gold," Consuelo Vanderbilt Balsan's biography, and "Gladys, Duchess of Marlborough," by Hugo Vickers. All history buffs are sure to attend on Monday, October 20.

Mrs. Nancy Cole, of the Camarillo Public Library, has visited with us on several occasions and she needs no introduction. We all know how interesting her reviews are. She has an advantage over us: she has access to new books before we have a chance to read them, and we can look forward to a provocative session on Monday, November 17, when she will review three new books, a biography, a novel, and a book of general interest.

The Book Review Group meets on the third Monday of every month from 10:00 to 11:30 a.m. in the Women's Club Room, and all are welcome.

**Display of homemade items for W.C. Bazaar** Photo by Al Levinson

**Garden Club**

Featured as part of the L.V. Anniversary Celebration on September 27th and 28th, the Garden Club will have a plant sale in the patio at the East end of the Recreation Center. Money earned will be used for two main projects. About half of the funds will be earmarked for purchase of some attractive artificial palms to decorate the stage in the Assembly Room, and to refurbish some planters around the Recreation Building. The other half will be used at the Camarillo State Hospital to involve some patients in gardening projects.

Proceeds from last year's plant sale were used to build the Japanese-type garden near the Women's Club Room.

President Wilson asks people with plants to donate to bring them to the patio on Friday after 3 P.M., or at 9 A.M. on Saturday. Members will arrange and price them, and serve as sales personnel during the two day sale.

Residents desiring healthy, locally-grown, attractive plants for their homes and patios are urged to visit the Garden Club's display starting at 11 A.M. on Saturday, September 27.

**La Causerie**
**By Janine Blymer**

This is a French-speaking group, meeting on the second and fourth Friday of the month at the home of one of the members. It is not a class, but a small gathering of people who enjoy making new friends, discussing current events of the world, or of the Village, gossiping, etc., all in French, naturally. How about some of the French-born Villagers joining us and adding a little couleur locale? For information call Ruth Swartz 484-5723, or Marie Whitney 482-6800.

**L.V.  
WOMENS  
CLUB**
**By Lucille Matson**

Another year and it is time for our Annual Bazaar, held in conjunction with Leisure Village seventh anniversary, Sept. 27 and 28th. The money raised by the Leisure Village Women's Club at this two-day Bazaar is donated to various charitable organizations in Ventura County.

The Tuesday morning workshop has been busy since January, in the Multi-purpose room, making various items. Come buy your holiday gifts, there will be booths featuring toys, tree ornaments, handicrafts and many other, including a Bake Sale.

Tickets are on sale for the raffle, which includes a Microwave Oven, Food Processor, Afghan, Stole and Wall Hanging. The drawing will be at 4:00 o'clock in the Assembly Room Sept. 28. Come and join in the fun.

The Trading Post is in need of salable merchandise. What is a white elephant to you, can be a treasure to another, so sort out and give a call to Gertrude Dorward, phone 484-5509.

Fashions by George will present a style show at the Oct. 2 meeting. Ladies of the Village are welcome.

TRAVEL  
COMMITTEE

By Sylvia Altes

Journeying with the Leisure Village Travelers is still popular. Every Tuesday, Wednesday, and Thursday, you can see a long line of villagers eager to make reservations for the future outings.

Coming very soon are the following: In the month of October, there will be an "apple picking" outing. You pick your own apples from

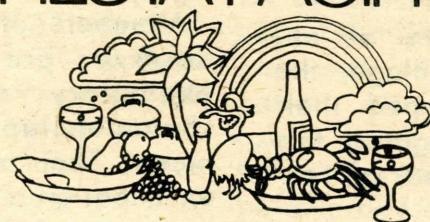

trees easily reached without a ladder. Something new and different has been added; Barbershop Harmony Show featuring many famous quartets and choruses. The LA County Fair in Pomona is an annual festivity for those interested in the good old days. Another trip is scheduled to Lake Tahoe, the Lake in the Sky, and a repeat jaunt to Phoenix, with the greyhound, races, and sightseeing in Phoenix and old Tuscon are on the calendar.

From all the above trips, there is definitely something for everyone, so come on out and see us at recreation center.

# CATCH A FABULOUS NEW DINNER VALUE.

VILLAGE  
SWINGERS  
SQUARE  
DANCE  
CLUB

By Romaine Lambert

The Village Swingers Square Dance Club's Happy Hat Jamboree in August proved a welcome diversion, giving the judges a hard time trying to decide the winners from the array of headgear. Prizes went to Kay Murray, Romaine Lambert, Lillian Bein, Ernie Bridgeman, Staley Carpenter and Dave Kenyon. Kay hit a new high with his really "square" stove-pipe hat which he created from scratch.

Romaine publicised her historian role with an oversized Mexican straw decorated with photos of present and past board members, the club's caller and lady, and various special events. Lil fashioned a chapeau from a pair of beruffled sissy pants (square dancing goes to one's head). Ernie became Beer Can Ernie; Staley was all lit up in a lamp

shade complete with bulb and electric cord, while Dave strutted in wearing a flamboyant rooster. Guest Caller Ric Fisher topped the evening's entertainment.

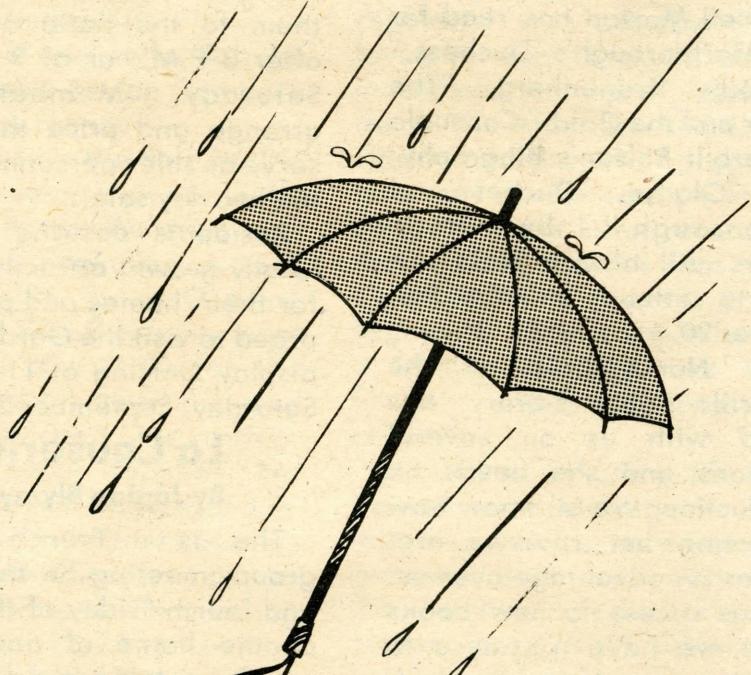

At the September meeting, Swinger Badges were awarded to the following new members: George and Bert Abbott, A.D. and Vee Flowers, and Arthur and Elaine Shainhouse. The club gave them a warm welcome.

The next special event will be the last Tuesday special dance with Don Stewart as caller, sparked by a "Guess Who" contest of baby pictures. This event will probably be as challenging as the hat bit.

The third annual picnic will take place at Oak County Park on October 5 from 2:00 to 6:00 pm. The club furnishes the hamburgers, etc., but members will bring food according to sign-up sheet. Chow time will start at 3:00. Maps to the park as well as the sign-up sheet are available at the dance.

The Swingers have been invited to the 35th anniversary of the Somis Valley Stars on Saturday October 4.

## HIGH TWELVE

By Ken MacKaig

August was a busy month for the High Twelve Club. Getting set for the America the Beautiful Program which was held on Aug. 22 and played to a capacity audience. This program, put on by Emma and Neil Jensen, was done at a sit-down dinner and there were so many people who were disappointed at not being able to attend that the Club repeated the performance with auditorium seating. All ticket sales were given to Tony Manzella, Coordinator of the Paramedic Fund for Camarillo. The High Twelve Club paid all expenses for the evening. Our Club has raised about \$1,000 for the Fund this year. We Villagers are the main support of the Paramedic service.

Don Pruner spoke to the Club in July and mentioned that we Villagers are a healthy lot. He

quoted statistics that showed emergency calls to the Village are below the average for any other part of Camarillo.

In August, Oras Rasicot, Mgr. of So. Calif. Edison Co., was our speaker and had two large TV screens set up on the stage. He showed portions of a "60 Minute" program aired some time ago, and the actual tapes of Harry Reasoner and his interviews with various people. It was incredible what the media can do to distort facts, and unfortunately millions of people saw a program that proved outright lies on the part of the network editors. Makes us wonder just how much fact are we getting from our daily dose from the press and TV (Not Inside Leisure Village - they print only facts) And that's a fact.

Election of officers and directors was held at the August meeting. The list is too long to present here, but they will be installed at a dinner on August 22 at the Assembly Hall. Dr. Kenneth Carlson will be the featured speaker and Brit Miller, a State V.P. of High

Inside Leisure Village, supplement to Camarillo Daily News, Thursday, September 25, 1980 C-17

Twelve Clubs will officiate.

Mary Gayle, first lady Mayor of Camarillo, will be the speaker at the Annual Ladies Day on Sept. 15 at 9:30. All Village men and women are invited. Coffee and cookies will be served.

In our usual deadline rush we neglected to credit those who made the America the Beautiful program possible.

Thanks to these people for their participation: Ruth Coburn, organ prelude, Joan Woodenschek accompanied by Bea Fallick for her magnificent "America the Beautiful", and to Neil and Emma Jensen of

# Villagers Appreciate Y.N.C.G.

By Romaine Lambert

Your Neighbors Care Group continues to offer a unique service to L.V. It is not all things to all people, to be sure, but it's often the answer to where to turn in those small emergencies and for help in day-to-day problems.

Its services are varied. For instance, the Blood Pressure Screening Clinic took 189 pressures in August and 285 the previous month. The clinic was cancelled in September because of Labor Day. Sandy Okum, President, has been successful in bringing many noted lectures to the village monthly who keep us informed.

## 18% INTEREST

In today's highly inflationary economy you must prepare for the future. The problem is...how can you put money aside and still get a high enough yield to buffer the effect an inflationary dollar has on your hard earned savings? We at Tri-Continental offer an opportunity to earn an exceptionally high yield on an extremely secure investment- a Real Estate Trust Deed guaranteed investment with rates of return of 18-25% — and more!

### We Offer:

Free Servicing, Monthly Interest Payments Guaranteed by us

(Whether timely paid by borrower or not.)

We handle all Trustee Obligations.

25% Protective Equity.

Fire & Title Policy always issued!

Independent Fee Appraisal - always!

High Yield!

Secured by beneficiary position on deed of trust and recorded with county recorder.

emergency. We even receive calls from people who wish to donate items to us -- the most recent article and one often needed -- a bath bench.

Another volunteer who is available is Marian Gordon who is knowledgeable about nursing homes and is experienced in counseling.

Many of our neighbors take the time to thank Y.N.C.G.. The following letters have been received:

"My husband and I wish to thank you for the use of a wheelchair, shower seat and toilet enclosure during our visit with Jess and Al Kramer of V. 20. We shall always remember your generosity, the warmth of the people in the village and the serenity of this lovely climate....Enclosed is a small token of our gratitude. (Signed) Diana & Manning Workman."

"My dear Mrs. Ziler: This note is long overdue. I have wanted all these months to let you know how deeply grateful I have been for the loving care Elizabeth Keiper gave to my late husband, Harold B.

Crosby...Through Y.N.C.G. I got Mrs. Keiper's name....I think Y.N.C.G. is a marvelous service. Thank you all. Sincerely, (Signed) Margaret P. Crosby."

"Dear Sandy, Enclosed is a check for \$5.00 which will include my membership in Y.N.C.G. Since I work every day, I am not able to volunteer for any activity in your group, so perhaps a few extra dollars will help a bit. We are all so proud of the work you do for us all. Thank you. Sincerely, (Signed) Ellen Royston, V.9."

Just \$1.00 per person a year makes you a member of this worthwhile group.

## Board

Esplanade and Oaks and twice a day to Camarillo.

V. 34: Regarding an April 16 petition containing 384 names pertaining to bus service.

V. 5: Correction on Berman's statement of reserve for bus: We have no depreciation, but do have a reserve.

V. 23: Speaker calls attention to the Leisure Tech advertisement stating we have a private bus service.

V. 5: Question. What happens after acceptance of the new villages if the slope is washed away the first year? Answer. It's our problem. Warranties are usually for one year and are not indefinite.

V. 25: Objection to being "thrown out" of men's club room at 10:00 o'clock when playing cards. Why 10:00; why not 11:00?

V. 16: Why the rule that renters may not attend association meetings? Running of the village is vital to all and should be open to all residents.

V. 13: Re-emphasis on success of Prop. H in November. Not only should the

Cont. from C-12

village be concerned but should try to convince Mission Oaks (who probably have no cause for alarm) to also vote favorably. Same villager congratulated the Board on the condition of the landscaping overall. Regarding the bus service: what should the Association do for its members? How much do we want regarding total care? Camarillo bus could not afford to keep operating to the village because of lack of patronage.

V. 7: The City Council has favored the adoption of the Adolfo Road crossing; now the old-timers are saying Las Posas is better.

V. 38: Homeowner congratulates the Board in spite of his own occasional complaints.

The next meeting will be October 6.

Aging is when your little black book contains only names ending in M.D.

## Comments from Resident

By Robby Karlin

I just want to make a few comments on my feelings as a resident and homeowner here in Leisure Village. In the year and a half I've lived here I've heard many angry remarks, many critical remarks, and very few comments of a complimentary nature for the people who donate their time and efforts to keeping our Leisure Village the leisure living place that it is.

I include myself among those that toss a few rocks here and there when I'm unhappy with a situation. But I often toss a few bouquets as well. It's easy to accept things when they run smoothly. It's also easy to ignore the reasons why they run smoothly.

We have many committees working for us, donating their time and much effort to protect our interests. They watch our money, they watch our buildings and grounds, they oversee our recreational and

educational opportunities, they look after our security and safety, they welcome new residents to make them feel at home among us. Also, there are many clubs and groups that work with us and for us. Too, we have our major governing body, the Board of Directors, whom we elect from among ourselves. We may disagree with our Board of Directors of some issues, but we can't fault them for making decisions based on their consideration for the welfare of our entire community. They often burn the candle long hours in their management of what is really a city, with many of the attendant problems that go with a group as diverse as ours.

We don't pay these people who give their time voluntarily, but we can reward them on occasion with a pat on the back, a handshake or a kind word. It makes it easier to accept the criticism that is sometimes deserved and sometimes not.

## In Appreciation

I wish to express appreciation publicly for the efforts of a number of people who made my Art Show the success it was.

This event would never have been possible without the cooperation of the Recreation Committee and the Staff of the Recreation Department. However, deepest thanks go to Larry Pfeifer, Recreation Director, who saw the desirability of promoting this pioneer effort for the benefit of the entire Village. He smoothed over the obstacles, which might have interfered with this presentation. He did this, not for me alone, but also to encourage future one-man shows to be presented by other L.V. Artists. There are those who would like to share their works with us, but find our Annual Art Show restrictive with a limit of five pieces of paintings only. No criticism of

that show is intended or inferred, because it is a very fine show. This one-man show, however, will give the Artist a showcase for any and all of his or her works.

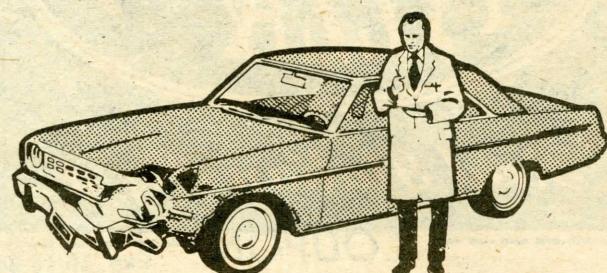

A special heartfelt appreciation goes to all of you who attended my show and for the warmth of your acceptance. I shall always remember it with a great inner glow! Also, I wish to express my appreciation to Don Herrick, who, almost singlehandedly, transported the almost 70 pieces in his vehicle to and from the show; to his wife, Melanie for her support and to Jeanne Brown for her assistance.

And many thanks to my wife Bea, whose unselfish encouragement and support has immeasurably helped me through this and all my previous shows.

Josh Fallick

**Villager Players**

Alice: Grace Black and Esther Robbins

Jerry: Irwin Steinhart and Herman Taylor

Eddie: Bob Price

Nuki: Daisy Bien

Mrs. Ayako Asano: Fumiko (Helen) Endo

Capt. Horcross: Iz Abrams - Charles Kent

Japanese Maidens: Piff DeSimone, Ailsa Muldoon, Sylvia Beber and Isabel Hamerman

Entr'Acte: Billie Pachter and Dring Needham

The Players were very fortunate to have the professional savoir faire of Zoller, Quinn and Langan to fall back upon for the touchy assignment of awarding roles. All three have long been involved in various facets of the entertainment media. If you are an "Archie Bunker's Place" aficionado, you've seen Bill Quinn playing the blind man, Mr. Van Rensselaer, a part which seems to be expanding with each successive segment - obviously, because he's so good! On radio, Bill was in

Cont. from C-1

Gang Busters, Mr. District Attorney, Front Page, and on stage, his last role was in Maxwell Anderson's "Winterset", with Burgess Meredith and Richard Bennett.

Glenn Langan appeared in popular pictures like *Forever Amber*, with Linda Darnell, *Chisolm*, with John Wayne, and *Margie*, with Jeanne Crain. His wife was a well-known movie star - her name then, Adele Jergens. You'll be hearing more about the Langans in a coming profile.

As for John Zoller, he started out choosing the medical profession as a career. However, during pre-med, at the University of Cincinnati, he discovered the Drama Dept., and found that dissecting a part in a play was more exciting than dissecting a frog. It also smelled better!

After performing in Shakespearean roles, he got a part in a Broadway play. This was followed by many network programs emanating from New York. Then - on to Hollywood - and back to New York - a

typical patter for an itinerant actor.

When he completed his WWII army stint, John took a Sabbatical from the acting profession and became a director - producer in New York. His first assignment was "Cavalcade of America", for which he received several awards. During this period, he directed many motion picture stars with whom he had a warm personal, as well professional, relationship.

His credits include such popular TV shows as *One Day at a Time*, *Starsky and Hutch*, *The Waltons*, *All in the Family*, *Bionic Woman*, and some TV commercials. This year, 1980, marks his 52nd in show business.

Now, a little about our "Japanese Connection". Villager Minoru (Tom) Endo, a former mechanical engineer, will be playing a major role in "Majority of One" and he will also serve as consultant - instructor of Japanese language, customs, and mannerisms. You will see his wife, Fumiko, as Mr. Asano's daughter-in-law.

**Helpful Hints**

For stains on suede, any mild dirt stain may be removed by using a very fine sand paper over the entire garment. For bad stains, blot lightly with white vinegar, then dry. When dry, use fine sand paper which will bring back the original suede finish.

Gertrude Edwards

The Endos were both born in California, but have managed to retain enough of the Japanese aura to lend native charm and authenticity to this production. The popular couple, parents of two daughters, came to Leisure Village in October 1979 and quickly found a place for themselves in our community. They enjoy spectator sports and are also devotees of our Wednesday night Bingos.

Now, to clue you in on performance dates, "Majority of One" will be shown on Nov. 14-15-16 and 21. Tickets - \$2.00, (including refreshments).

must become intimately familiar with every village street: precious minutes would be lost looking for an unfamiliar house number.

How about protection against theft, burglary, vandalism? Elaine says with great emphasis and conviction: "Our force does a good job with the manpower and equipment at our disposal. All are dedicated and loyal. However," she adds, "we must ALL do our part by being alert and not careless with our valuable belongings. After all," she cautions, "when you consider how fast the village is growing, it is quite possible that we must be on guard against possible intrusion from within our midst--as well as from the outside."

Last month a resident wrote in ILV that before he had moved in, he obtained a pass one day to look at the models and that later on Security reproved him for cruising village streets instead. How did they know? "How indeed," I asked Elaine. She tells me that a large number of visitors

## Ventura County Symphony

Area music lovers will have an opportunity to brush up their Shakespeare when Ventura County Symphony presents the Bard in classical and modern dress on Saturday, September 27, in Oxnard Civic Auditorium.

For the final concert in the orchestra's summer pops series, conductor Frank Salazar has arranged the 8:15 p.m. program around 'Music's Ado About Shakespeare.' Literature's star-crossed lovers Romeo and Juliet will be musically interpreted by Prokofieff's ballet music, Tchaikovsky's 'Overture' and 'Fantasia', Gounod's arias and

excerpts from Leonard Bernstein's updated version of 'Westside Story.'

'A Midsummer Night's Dream' will be represented by Mendelssohn's 'Wedding March' and Weber's 'Oberon Overture'. Cole Porter's Broadway romp 'Kiss Me Kate', based on 'The Taming of the Shrew', and the 'Westside Story' segment will be highlighted by guest soloists David Caylor and Toni Serna.

Pre-concert and intermission entertainment, Elizabethan style, is planned in the auditorium's foyer and patio area. Renaissance incidental music will be provided by Dan Brosure and the Ventura College Recorder Workshop, with strolling mummers adding to the revelry. Refreshments will be served from the facility's outdoor cantina.

Single ticket prices are \$7, \$5 and \$3, non-reserved, and many be purchased at Henson's Music Center, Camarillo; or through the symphony office, Ventura Women's Center, 3451 Foothill Rd., 643-8646.

claim they want to see the models. Obviously it is possible that one of these might create a security problem, so she takes their license number as they pass thru the gate. If she has a suspicion that the visitor might want to cruise around she phones his license number to the roving patrol man.

Keep smiling, Elaine! Most of us will smile back.

## Block Party in Village 37

By Pearl Greenfield

On Saturday evening, Sept. 13, the residents of Village 37 gathered in the green area of their village to enjoy a block party. Fifty-seven women and men joined together for dinner, dancing and music, and most important of all, for the opportunity to meet each other and share experiences.

The entire village was brightly festooned with colorful balloons tied to the mail boxes. Bright streamers blew in the breeze and tiki torches added a special note as daylight turned to dusk.

Tables colorfully decorated and arranged in a U shape aided in bringing everyone together as did the sharing of extra delicacies in addition to the chicken dinner. Conviviality was the keynote of the evening.

Twenty-seven dollars remaining after all expenses were paid was contributed to the Paramedics by Village 37.

*Folks age 65 or over!*

## ENJOY YOUR RETIREMENT TO THE FULLEST

Don't let those happy days be clouded by worries over hospital and doctor bills. Supplement your Medicare protection now with Mutual Care from Mutual of Omaha.

Mutual Care is designed to help you pay for the ever-increasing share of health care costs which you must pay under Medicare. Helps you keep that fixed income of yours intact so that you can enjoy your retirement to the fullest. And it doesn't cost a bundle to have this extra protection either.

## Teo Kamola Says: (In Words by Millicent)

When you walk along the Village Green  
And see me going by -  
If I miss saying "Hi" -  
Don't think me cold!  
My eyes can't see so clearly  
And my hearing isn't nearly  
What it used to be - in days of old.

This happens to the best of us  
And that is why the rest of us  
Should understand!  
So please don't listen for a "Hi" -  
Just shout one out, as I go by -  
And wave your hand!  
The greeting that you send my way  
Will add some pleasure to my day -  
And I'll reply  
"Hi"!

## To the People of Leisure Village

To the People of Leisure Village:

My father died five days ago. He's the only father I've had and ever will have. He'd been with me for nearly forty years and I suppose I've naively assumed he would be with me forever. I don't know whether he was the best father in the world. To be honest, I've never thought to compare him. I do know that for all these years, I had my Dad with me; a supportive, loving, gentle and honest man. I will miss him to my dying day.

No thought, deed, wish nor prayer will ever bring him back to me. How I wish I could alter that finality.

I want to thank the community of L.V. for helping me to know that his last one and a half years had been spent so joyfully. I also want to thank all of the wonderful people I have met as they arrived to offer love and support to my mother. What I have observed and

## Village Painters

By Bernice Knebel

The first Wednesday of each month the painters meet from 12:30 to 3:30 in the Multi-Purpose Room. Members bring a lunch, Chairman Marion Jayne conducts a short business meeting to discuss such things as visits to museums and the organization of the Art Show, then members bring out their easels and paint. All villagers are invited to bring their lunch and join in. Other Wednesdays the group meets from 1 to 4 for unsupervised painting.

This loosely knit group of about 40 is held together by their love of color, beauty in all forms, and the excitement of discovery: discovery of an inner self expressed on canvas. Is there a man who hasn't dreamed he could be an artist? Yet, one rarely mentions such a fantasy to another. The workshop is a place to start. Fellow painters will gladly help newcomers who need just a few tubes of paint, a can of turpentine, a wax paper palette, and a carton within which to set a cardboard canvas. Brushes, or fingers, can start the magic.

A man, who shall be identified only as Bob, created his

## Village Painters Are You Aware Of Bus Service To L.A. Area?

Here's a tip for those of you who have places to go, especially you who don't drive and hate to impose on people for a lift.

Make use of the Greyhound Bus, whose motto is "Leave the Driving to Us!"

Villager Rudy Eis, who is "hep" to all that goes on in this area, passed along the information that the Greyhound Line, with stations Camarillo and Oxnard, makes regular scheduled stops in Woodland Hills, North Hollywood and Los Angeles. They bragged in a recent Daily News advertisement that they have three telephones, so if interested, call them for details on what they have to offer: 482-1119, 484-0556, 484-0555. Better yet, stop by their Camarillo office at 60 Palm Drive and pick up a schedule.

first landscape with the group recently. His face revealed the pleasure he felt upon completing his picture: big blue lake framed by pines, a cabin, and a cloud filled sky. It was great excitement for him, and a rewarding session for those who watched it happen.

## Renter's Directory
