FOREWORD

IN THE FUTURE WHEN THIS COLLEGE DAY IS A COLLEGE YESTERDAY, LET THIS BOOK AID YOU IN SCANNING THE PAST. AROUND THE IDEA OF AN AVERAGE COLLEGE DAY WE HAVE BUILT THIS ANNUAL. EACH DIVISION IS A CHARACTERISTIC PERIOD OF THE DAY, WITH ITS RELATED HAPPENINGS — *From Morn to Midnight.*

DEDICATION

BECAUSE OF THOSE WHO GAVE THEIR BEST TO MAKE THEIR TOMORROW A WORTHWHILE TODAY FOR US;

BECAUSE OF THOSE WHO FILLED THEIR TODAY WITH THE FINE THINGS WE FOUND IN OUR YESTER-DAYS; AND . . .

BECAUSE THEIR EVERYDAY HAS SERVED AS AN IDEAL FOR OUR TOMORROWS;

THE 1932 LA TORRE IS SINCERELY DEDICATED TO

A COLLEGE DAY

IN MEMORIAM

MORNING—AFTERNOON—EVENING

ALL LEAD TOWARD THE DAWN OF A TOMORROW, THE FULFILLMENT OF UNFORGOTTEN DREAMS, AND THE BLISS OF ETERNAL FRIENDSHIP . . . UNENDING IN THE LAND OF THAT FINAL DAWN.

MRS. H. W. GILLIS
MISS EVELYN CHAPMAN

C A M P U S

It should be twilight when you wander back to remember through the campus — twilight, that muted entr'acte between the busy bright light of the day's activity and the humming brilliance of evening . . . twilight, that soft timeless moment when the released ghosts of other days come back to join your reveries in the deepening
ivied shadow of
La Torre.

M O R N I N G

The rose-tinged morning sun
of a new commencement
reveals again the essential ele-
ments of the college panorama
—faculty, seniors, undergrad-
uates, alumni — brought to-
gether for a time to work and
laugh and play in the protect-
ing shadow of La Torre, at
length dispersed but always
there — after bound in-
tangibly with the
bond which is
Alma Mater.

FACULTY

THOMAS W. MacQUARRIE, PH.D.

President

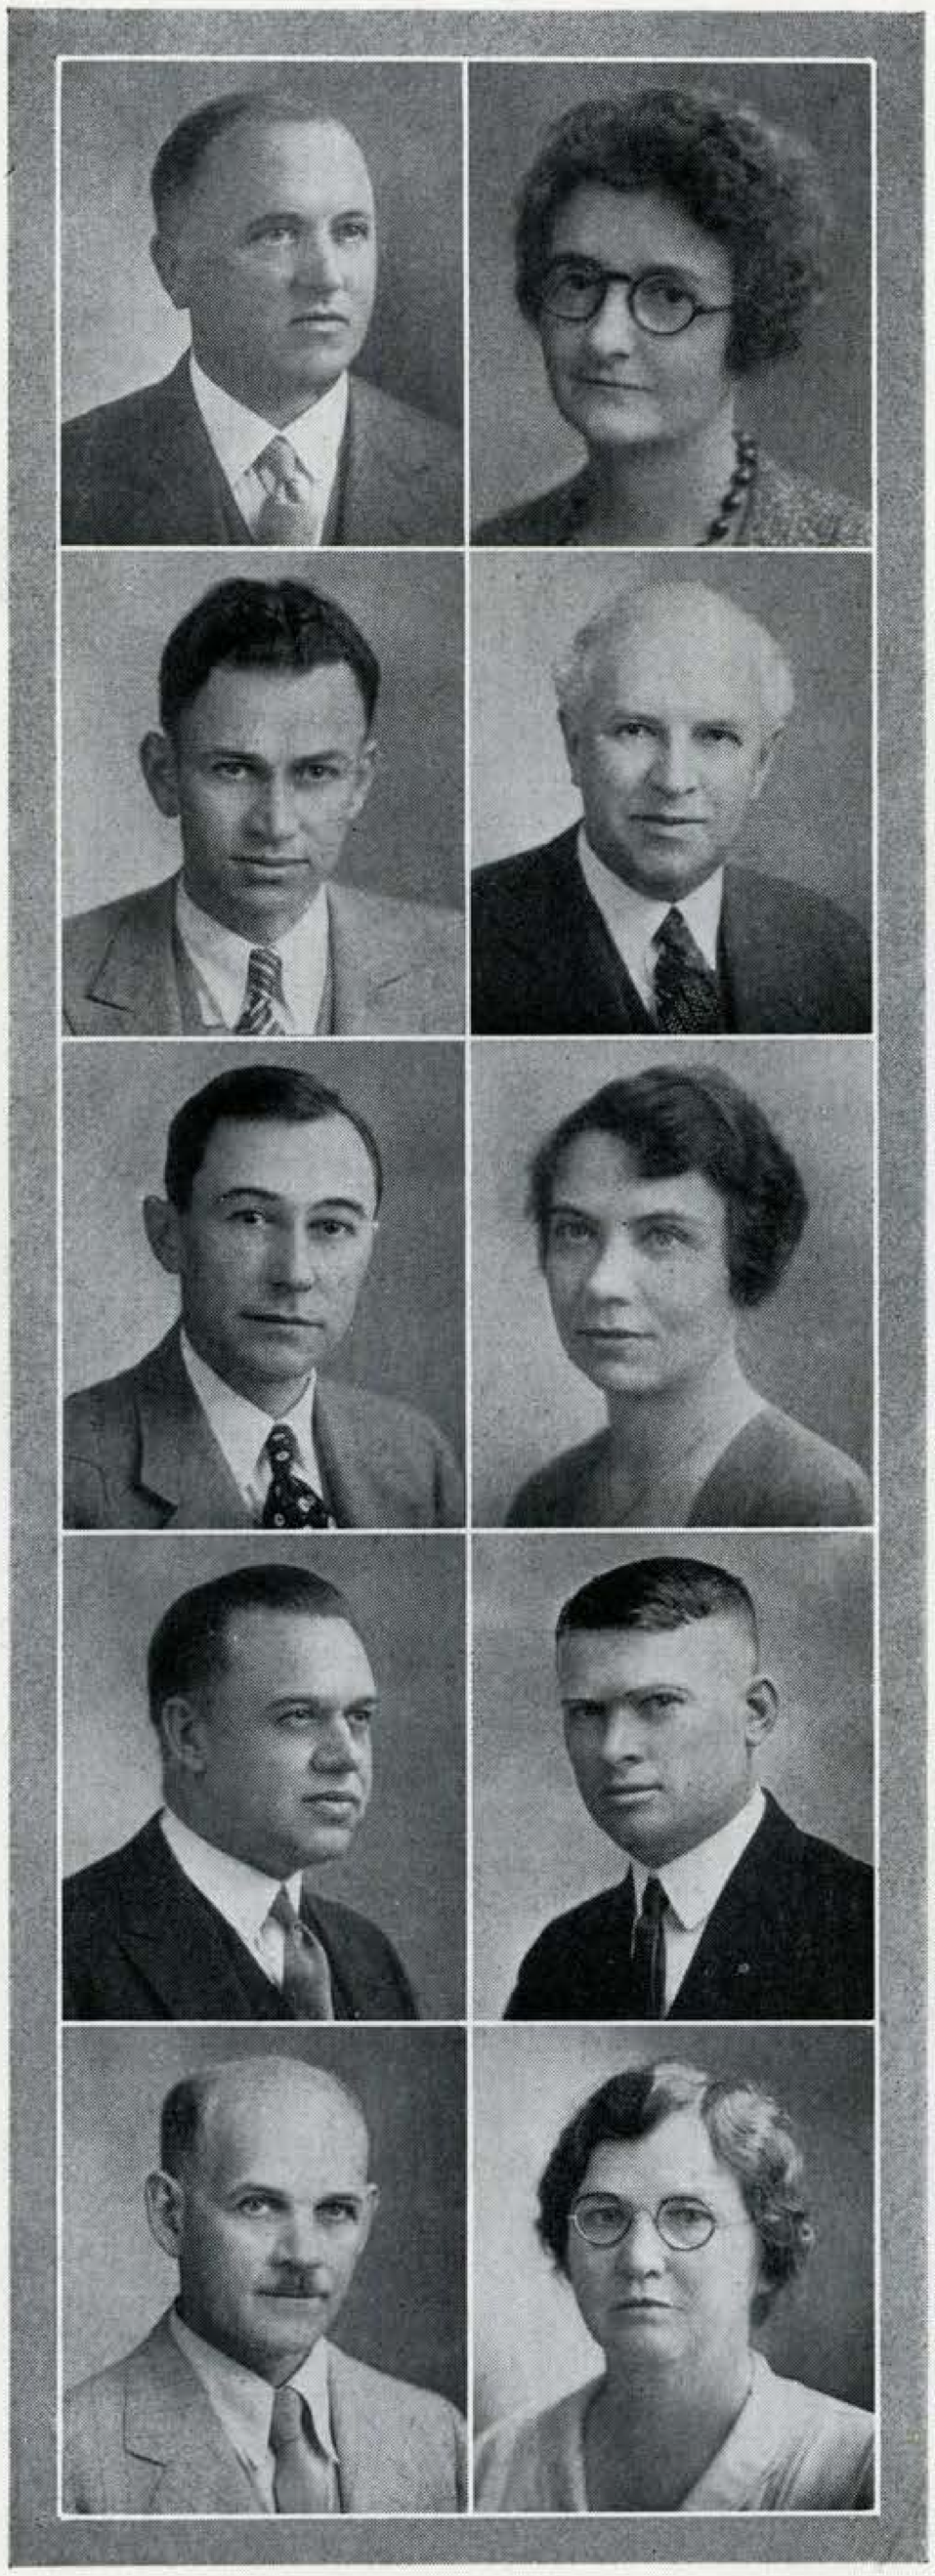

President's Message

BE SURE to make friends during your college days. There is nothing more important. The years will come and go, the courses and the credits will fade, the grounds and buildings will lose their outlines in the presence of other places and interests, but the friends remain. Much of your future happiness will center around reunions, the renewal of old acquaintances, memories of friends.

I have returned to my old college occasionally, but there has been little thrill. Fellow students all gone, teachers gone. So I saunter in and saunter out again, no one to visit.

But friends! In various places throughout the land are my old college friends. I look them up when I can, and we talk and talk, and laugh, and exult. It's wonderful to meet old friends again, "those ruthless vandals."

IN MEMORIAM

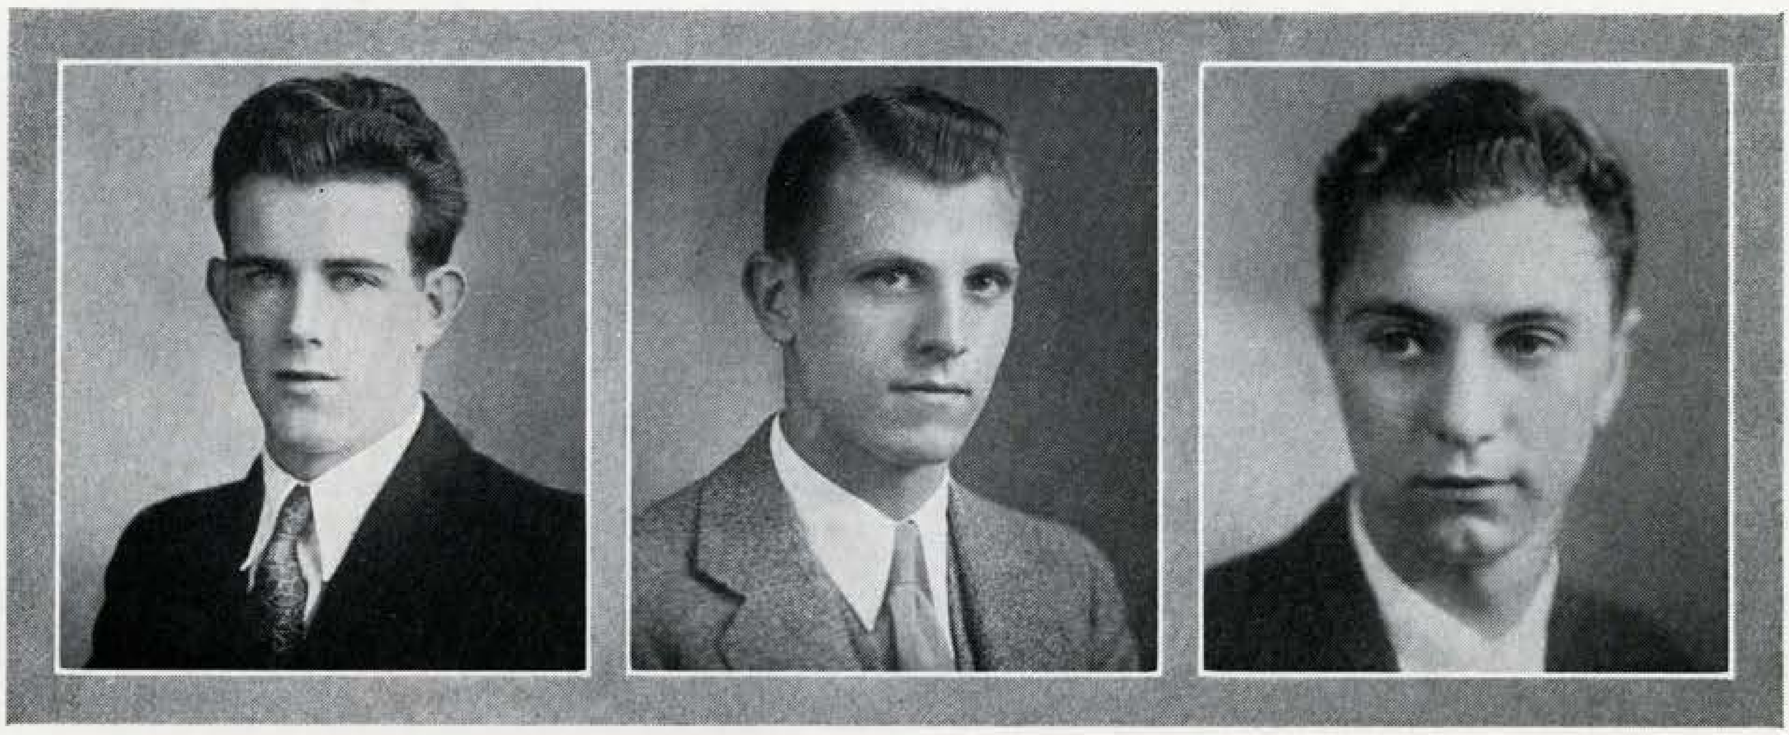

MATTIE O. JOY

Mrs. Joy was one of those brilliant, charming, efficient women who see clearly the world about them and are unafraid. To her clear vision, each problem meant merely a solution, not a calamity. The college has suffered a real loss. Mrs. Joy was a great executive, and a great friend, a marvelous combination of soul, heart, and business ability.

T. W. MacQuarrie.

A. W. S. Rep. ..... Virginia Clohan
Faculty Adviser ..... James C. DeVoss

CLIMAXING four years of college life, the 1932 class makes ready for the seventieth annual commencement. The last quarter of the Senior year can more nearly be described as a "whirl," for in that brief space of four months all of the Senior activities are crowded.

"Uncle Jimmy" as faculty advisor has proved to be one of the greatest "pals" the class has been fortunate enough to enjoy. With his sparkling humor and joviality, his genuine interest and guiding, his thoughtfulness and sincere co-operation with the officers, his own self, the class has been led through its final year and not one member will be without a pleasant memory for that whole-hearted "Uncle Jimmy."

Senior Activities

Senior Sneak Day

THURSDAY, MAY 19, 1932
Sea Cliff

COMMITTEE
Howard Nelson, *chairman*
Harlow Hanlon — Helen Smith
Gerald Prindiville — Harold Corrigan
John Horning — Lillian O'Hanlon

Baccalaureate Services

SUNDAY, JUNE 12, 1932, 3 P. M.
Morris Dailey Memorial Auditorium

COMMITTEE
Margaret Rydberg, *chairman*
Dorothy Poulson — William Keeley

Senior Sprawl

MONDAY, JUNE 13, 1932, 8 P. M.
Saratoga Foothill Club

COMMITTEE
Marion Weller, *chairman*
Milford Olson — Gerald Prindiville
Marion Bailey — Ilah Iles
Laurance Hill

Class Day

TUESDAY, JUNE 14, 1932
Campus

COMMITTEE
Harlow Hanlon, *chairman*
Ione Lathrop — Dorothy Sword
Harold Corrigan

Senior Reception

TUESDAY, JUNE 14, 1932, 8 P. M.
Hotel St. Claire

FACULTY COMMITTEE
Sara L. Snyder, *chairman*

Mount Hamilton Trip

WEDNESDAY, JUNE 15, 1932, 3:30 P. M.
Lick Observatory

COMMITTEE
Jack Anderson, *chairman*
Edna Bradfield — John Laznibat
Harold DeFraga

Dedication of Class Numerals

THURSDAY, JUNE 16, 1932, 9:30 A. M.
Quad

COMMITTEE
Steve Casaleggio, *chairman*
Dorothy Smith

Class Banquet

THURSDAY, JUNE 16, 1932, 6 P. M.
College Cafeteria

COMMITTEE
Julie Petersen, *chairman*
Virginia Clohan — Antoinette Botelho
Lelia Blackburn — Mary Peterson

Senior Ball

(formal)
FRIDAY, JUNE 17, 1932, 9 P. M.
Scottish Rite Temple

COMMITTEE
Donna Bridges, *chairman*
Marjorie Johns — George Lawry
Ilene Summers — Claire Schaden
Viola Gillis — Jean Byers
Loren Miller — Ted Henderson
Alice Palmer

Seventieth Annual Commencement

SATURDAY, JUNE 18, 1932, 4 P. M.
Quad

Treasurer ..... Florence Jewell
Reporter ..... Jim Fitzgerald
A. W. S. Representative ..... Catherine Fisher
Faculty Adviser ..... H. F. Minssen

THE CLASS OF '33 has again shown itself to be a leader of campus activities. The class has featured at least one big event for each quarter. During the Fall quarter the annual Junior Prom was presented, at which the "Eastern Idea" was introduced; the Winter quarter's activities were directed toward the first complimentary formal to be held on the campus; and the second annual San Jose State Boat Ride took place during the Spring quarter.

One of the last gestures of the Junior Class was their participation in the annual Senior sneak day festivities. The class is reputed as having given the greatest competition in this event in the history of State.

The class has used as its motif, "Spartan Spirit Spells Success."

DURING the past year the Sophomore Class has had weekly meetings, consisting of programs and regular business. These programs featured speakers, musical numbers, recitations and the reading of plays.

In addition to this, the Class of 1934 has sponsored several school activities. On Saturday evening, December twelfth, a barbecue-and-dance was held at the Lion's Den, at which Neil Thomas was master of ceremonies, and led in some old-fashioned dances. The Sophomore Cotillion, a formal Valentine dance, was held in the Gold Room of the Sainte Claire Hotel the evening of February thirteenth.

A Student Loan Fund program was presented in the Morris Dailey auditorium with Mr. Newby as master of ceremonies and various students and organizations of the college as participants. The activities of the year were closed with a picnic at Seacliff on June fifth.

Faculty Adviser ..... Dr. T. W. MacQuarrie

UNDER THE leadership of Granville Schofield and Charles Pinkham the Freshman Class enjoyed a successful and busy year. The Freshmen formed the largest single group of students in school reaching a total of close to one thousand students. The members of the class both individually and as a group took a large part in college affairs and acquitted themselves favorably in many different activities.

To start the year right the Freshmen emerged victorious from the annual Freshman-Sophomore Bone Break for the third consecutive year. This gave them permanent possession of the Spartan Shield, the prize which both lower classes treasure greatly. Several Freshman boys took part in a skit which was presented by the class for the College of the Pacific Football Rally. The big event of the Fall quarter was the Freshman Ball which was held at the Scottish Rite Temple on December 18, 1931, with music furnished by Craig's Cardinals.

The aim of the Freshman Class during the year has been to give its enthusiastic support to all student body activities.

ALUMNI

DARRELL SEDGWICK

Alumni Association

ANOTHER page of history in the annals of San Jose State goes down in the record for 1931-1932. Another illustrious class of over three hundred graduates will go out to fill the places held by former San Jose Normal students, and more recently by San Jose State graduates.

To these new members of the Alumni Association we extend our hearty congratulations upon their attainments, and best wishes for continued success in their chosen field.

Like other associations, our Alumni Association has been formed to promote the interests of our Alma Mater, to further the cause of education in the State of California, and to promote the social and general welfare of all members.

With these aims and ideals in mind, the present Executive Council has tried to further the interests of our Alumni wherever located. To carry on the work many local clubs have been formed in the larger sections of the state, and this past year has seen the need of a local club in Santa Clara county grow into the successful establishment of one under the leadership of Mr. Robert D. Rhodes.

The Alumni Council is vitally interested in the Appointment Office Placement Bureau and in the standing and welfare of each graduate. In addition to securing positions for our graduates, it is also necessary that we obtain executive positions for those members qualified—that we may establish a connecting link between our college and those actually engaged in the field of education.

The Executive Council stands squarely behind President MacQuarrie, his efficient corps of instructors, and the program of the school.

ROLAND EBERHART

Alumni Bulletin

THE MAY issue of the "Alumni Bulletin" brought out many new features. Chief among these was the group of articles under the heading of "Cross Sections of Spartan Days", describing the main events of the campus throughout the year.

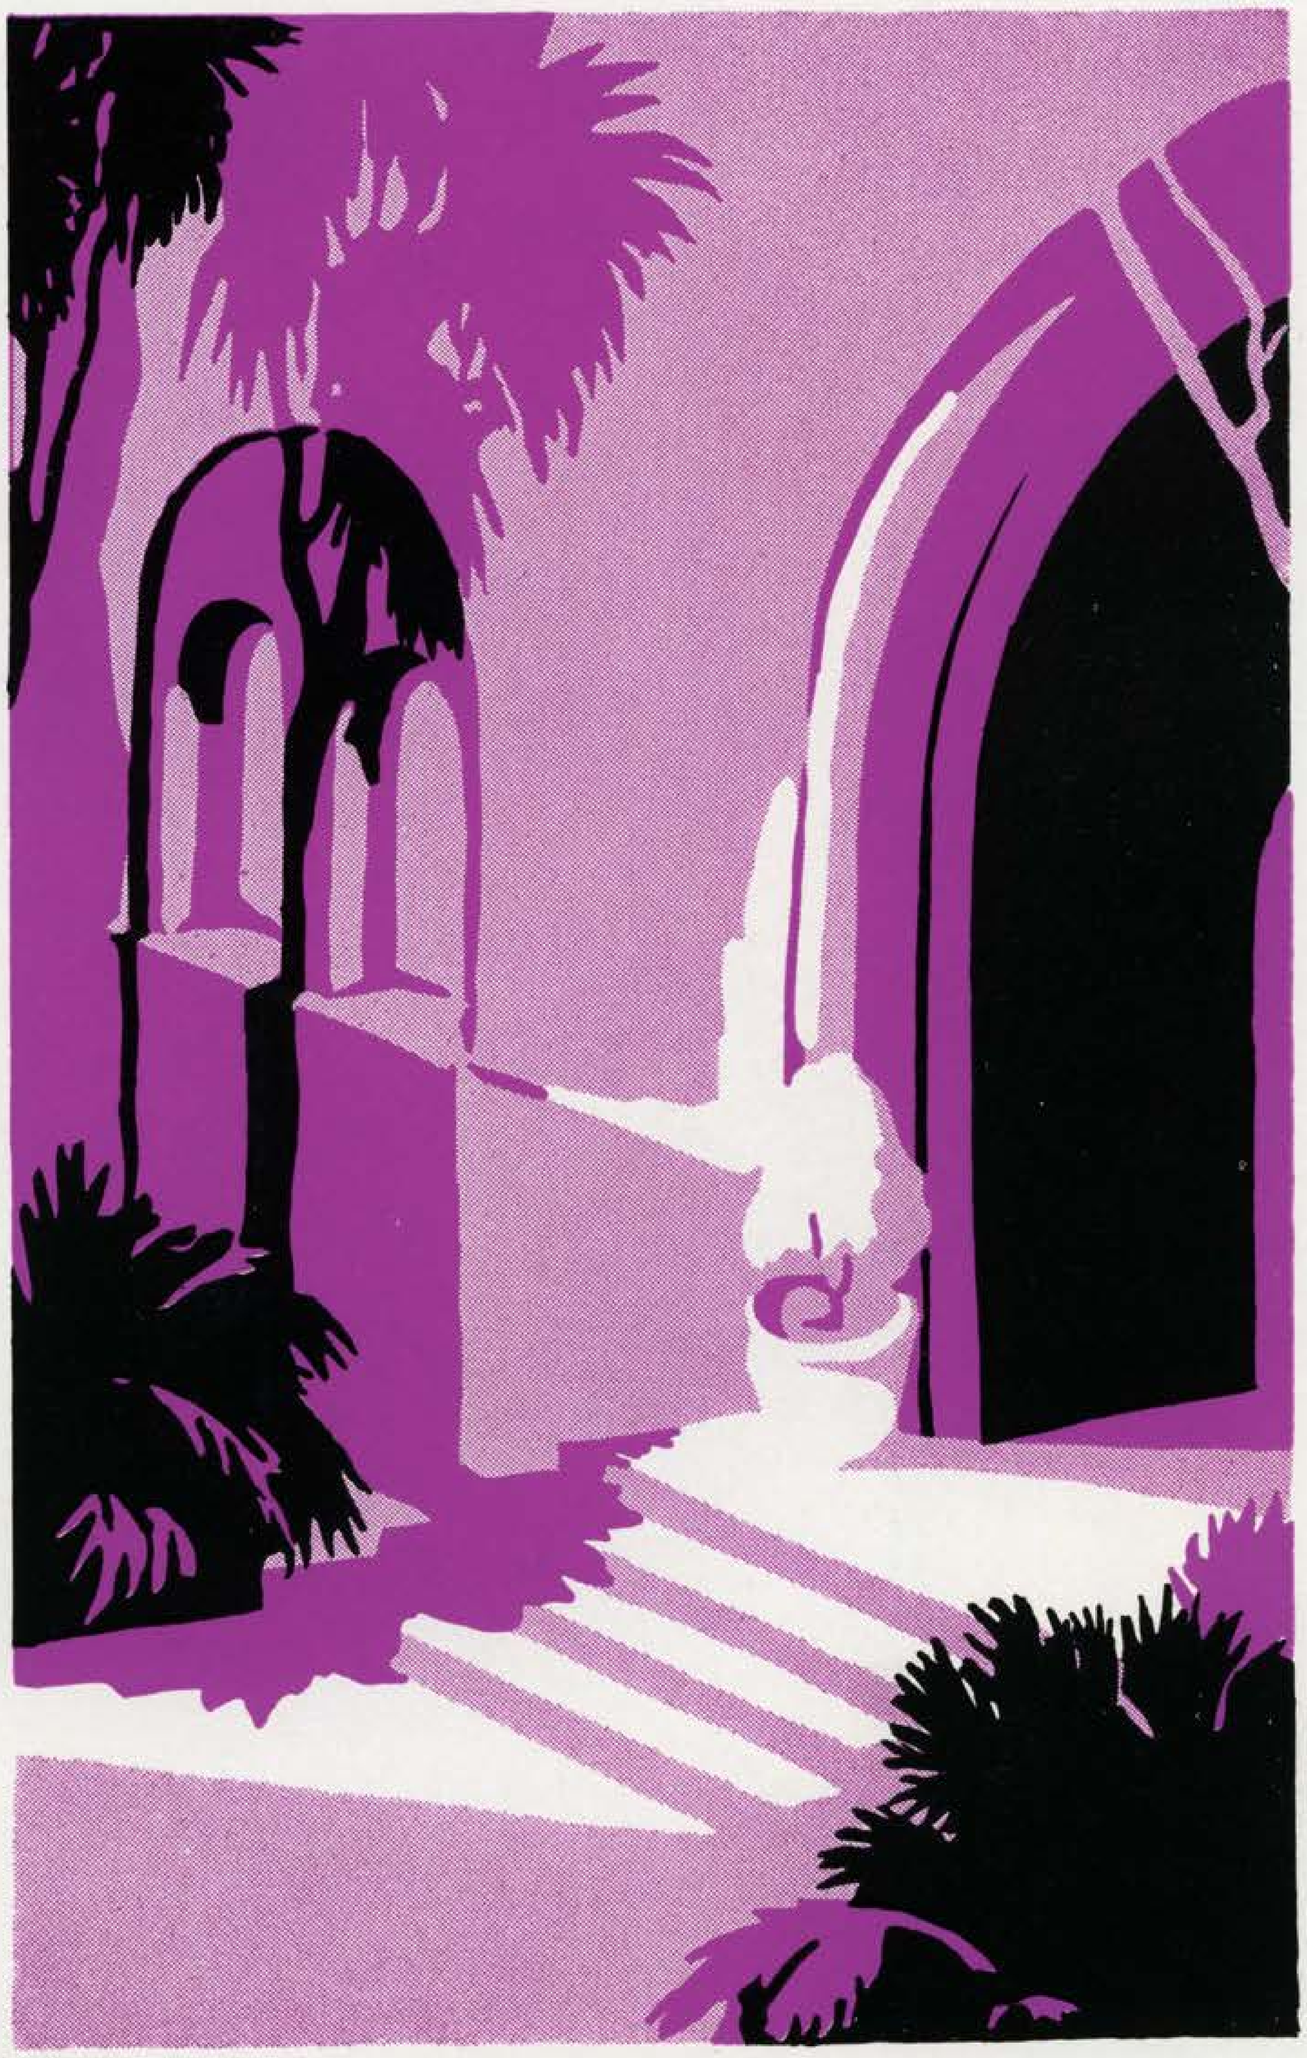

The Alumni Association uses this magazine as a means of keeping the former graduates in touch with one another, with the life on the campus, and the hopes and ideals for the future of the Association. It is through this medium that the Association hopes to build a strong lasting organization which will stand back of the college and assist in making it one of the leading educational centers of California.

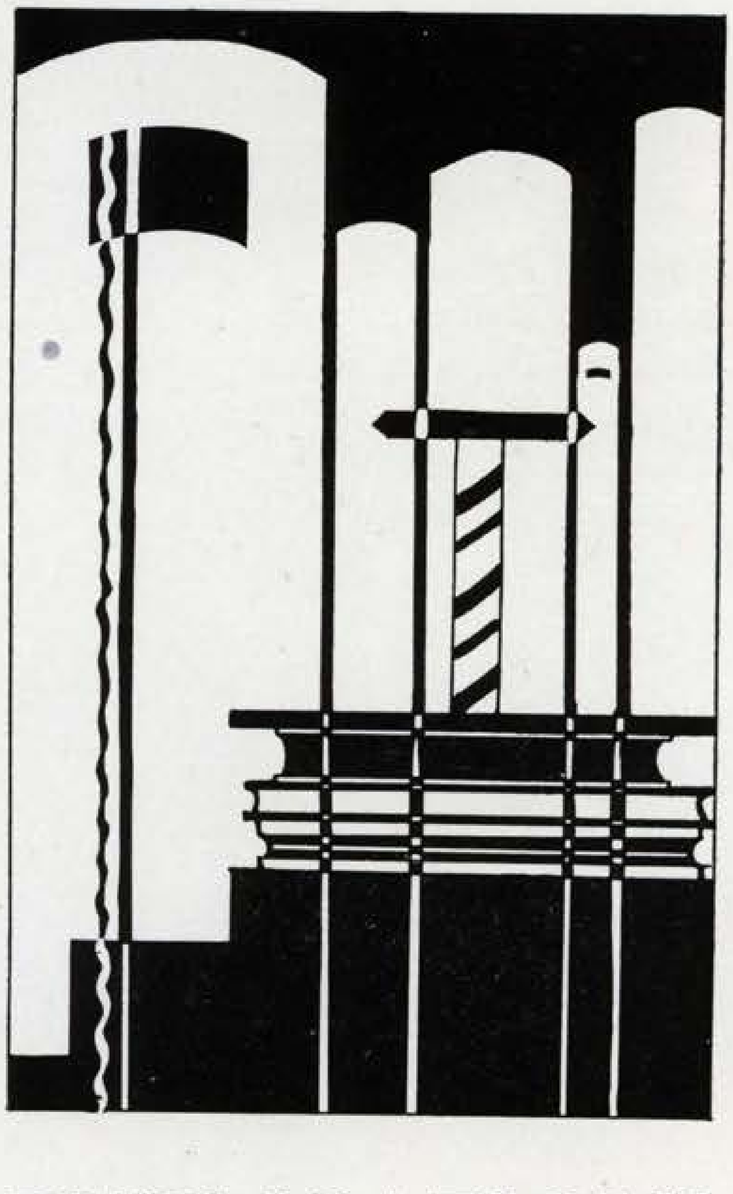

The last issue of the Bulletin outlines the program for the Alumni Home Coming Day on June 18th as follows: Various Departments and societies are holding breakfasts for their own Alumni in the morning. At nine-thirty registration will be held at the booths at the entrance of the Quad, and the campus will hold open house. A good old-fashioned barbecue with all the trimmings will be served on the South Lawn at eleven-thirty. Immediately following the barbecue, a pagaent will be presented on the West Lawn. The Minuet, Bi-centennial, and the Olympiad will be depicted in keeping with the national events. Commencement will be held in the Quad at four-thirty.

At eight, in the evening, various faculty members are opening their homes for reunions of graduates of different classes. Then, at nine o'clock, in the men's new gymnasium, the busy day will draw to a close to the melodious strains of a dance orchestra which will not only play those tunes of the present age, but also tunes which the gay lords and ladies of the eighties will remember.

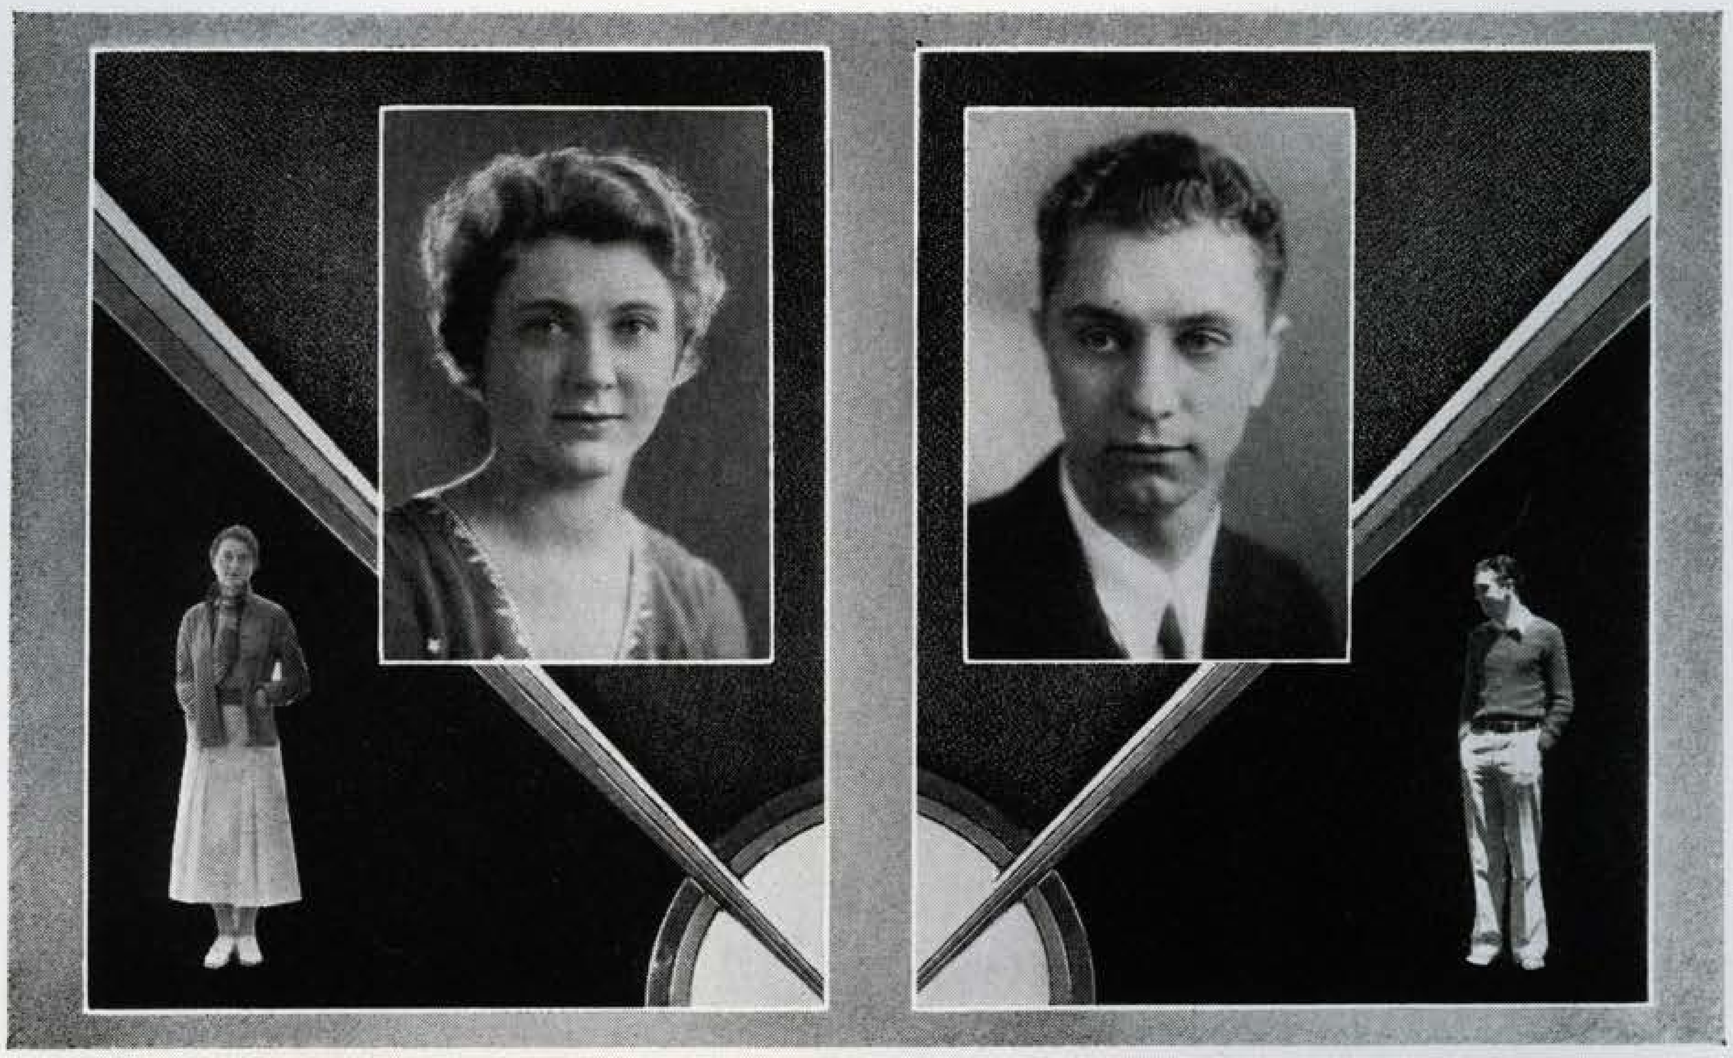

N O O N

The rose of early morning has
paled into the blue of noon,
the focal point of the campus
day, when student govern-
ment, publications, and other
groups are free for an hour
of lunching and chatting be-
fore the round of classes

USING Voltaire's adage, "I may not agree with the thing you say but I will fight to the death for your right to say it," the "Times" has increased its rate of publication from two to four issues each week and brought the popularity of the paper to such a peak that the circulation reached twenty-five hundred for the first time in the history of the publication.

STUDENT GOV'T

JOHN L. HORNING
President Associated Students

THE SUN rising over Mt. Hamilton turns the page of a new day in the book of activities of San Jose State College students. The Campus gathers them to lectures, laboratories, research, study, play. Noon in the Quad affords an hour's respite from intellectual pursuits. With the lengthening of the shadows, athletic endeavors break the routine of the day.

Crowning these vigorous pursuits with social activities, musicals, plays or dances, college days are cumulated into pleasurable memories. Morn to midnight is relegated into one composite page in the book of college days.

THE BOARD OF PUBLICATIONS, one of the most important administrative groups of the student government, has weathered another season of activity both in its official capacity as a Board of Control and also as an advisory board. The editors of the "Times", LA TORRE, and "Student Handbook", as well as the business managers of those publications are appointed by this board and, to a large degree, the success of these publications is dependent upon the integrity and carefulness with which it appoints these editors.

In its capacity as advisory board, the Board of Publications has settled in a highly satisfactory manner many problems, some serious and some not, which have arisen in connection with the College publications. Without such a group to act as intermediary and conciliator, many of the differences which normally arise would not be so easily disposed of.

Many new policies have been adopted during the past year which may well be considered in the nature of real advances such as the publications of four "Times" a week instead of the former two.

Associate Member	Charles L. Walker
Associate Member	T. Erwin Blesh
Secretary	Waunema Jones

THE PRIMARY function of the Athletic Board is to act as a liaison group between the college administration, the Associated Students, and the Men's Athletic Department. Intercollegiate competition is under the supervision of the Board.

The Board also regulates and is directly responsible for the expending of the athletic fund. Athletic awards are first proposed in this group before being submitted to the Executive Board of the Associated Students for their approval, also the various athletic managers are appointed by the Athletic Board on the recommendation of the Coach of the sport.

CARL PALMER

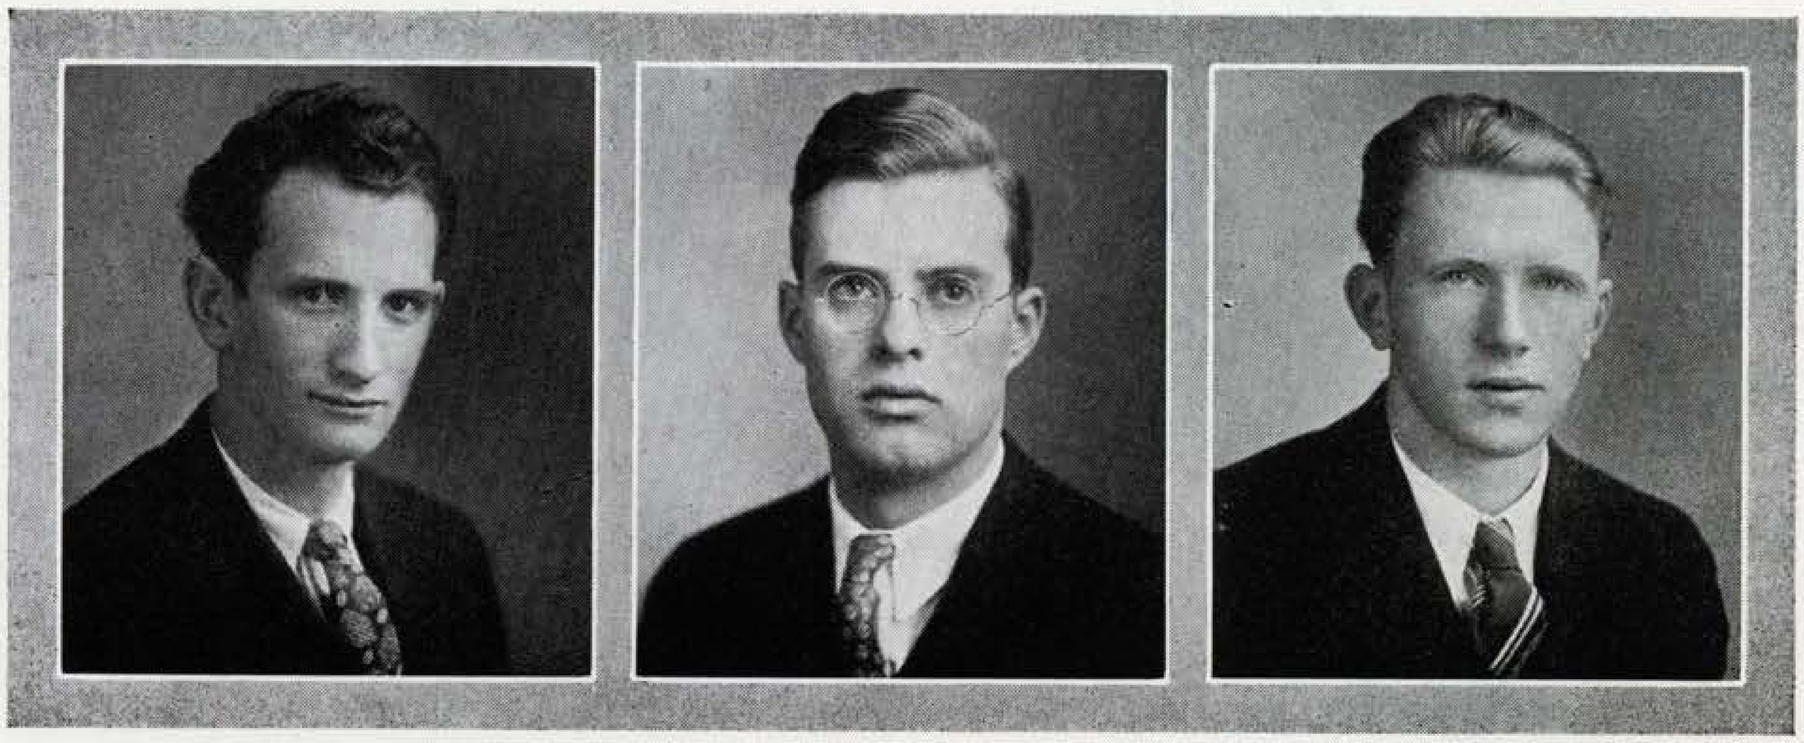

HARRY KRYTZER

Student Affairs Committee

THE STUDENT AFFAIRS COMMITTEES of this year have conducted an extremely successful season under the chairmanships of Harry Krytzer and Carl Palmer. The chairman of the fall quarter, Harry Krytzer, was noted for his outstanding Christmas Ball, featuring an out-of-doors Christmas festival. Originality and ingenuity were the prevalent features of the dance.

During the fall and winter quarters, Carl Palmer was chairman of Student Affairs. Throughout his term of office he has had many successful dances, including two unique LA TORRE dances.

THE CO-OPERATIVE STORE, purveyor of textbooks and students' supplies, probably enjoys the distinction of being visited more often by more students than any other one place on the campus. Established primarily to serve the students and faculty, the store has tried, in spite of its limited facilities, to keep in step with the needs of the college. It is a student enterprise, operated for students on a self-supporting basis, the profits being reinvested in merchandise or used for maintenance or improvement.

Those students who have learned to make the fullest use of the store recognize it as being much more than just a place to buy a textbook and writing materials.

Screen Book, the official name for the State College Motion Picture releases, is to be one of the greatest coming sensations of the college. Just what will people think of our present campus, our dress, etcetera, in years to come! The desire to have a permanent record of campus doings has made this project possible.

The project was orginated by Junior Wilson, State Junior, who after weeks of investigation, presented his plans to the college authorities. After a brief review the plans were accepted, and definite steps were taken. One of the best portable motion picture cameras has been purchased and, although other essential equipment has yet to be obtained, the results from the undertaking have been unusual.

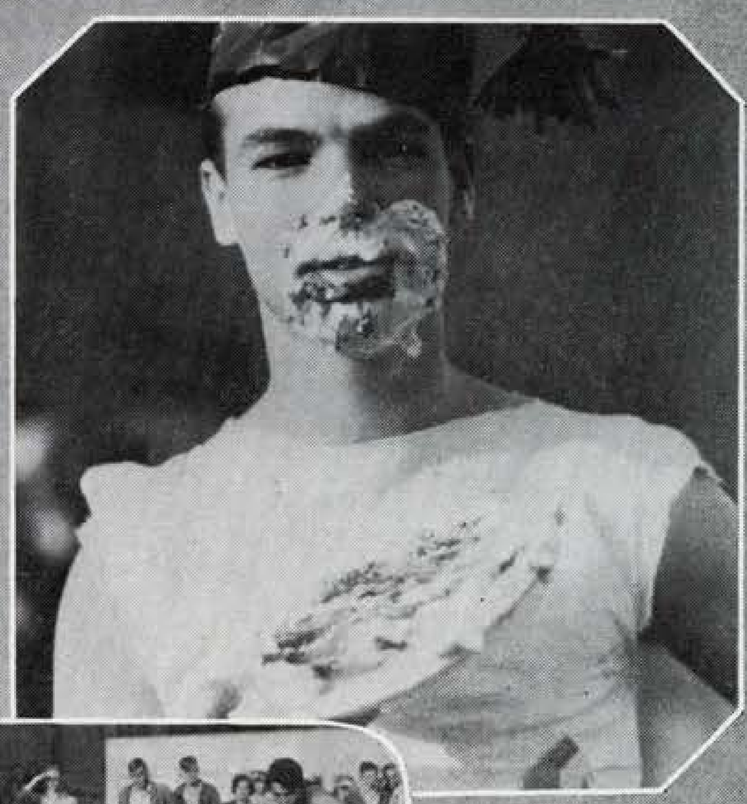

The entire project is to be self-supporting, the finances coming from the showings at the end of each school year. The films are of regular (35 m.m.) size, so that they may be shown on any standard projector. Plans for the coming year have been outlined, including the purchasing of additional equipment.

The committee in charge of the project includes H. F. Minssen, Vice-President of the College; Neil O. Thomas, controller; and Junior Wilson, appointed student director.

FOOTBALL

WALTER CRAWFORD
Coach

Football

SAN JOSE STATE varsity football team played the hardest schedule of the cycle this past season, traveling for four of the six conference games. Two pre-season games and two post-season games were played at Spartan field to complete the home engagements. The season closed at Modesto on Thanksgiving Day.

Coach Crawford had as his assistants Ray Knowles, line coach, and Erwin Blesh, frosh coach. These men united their efforts determinedly to drill football fundamentals for the heavy competition encountered in the Far Western Conference. About thirty-five men turned out for the varsity squad, and about twenty-five turned out for Freshman football.

The squad was light in weight in comparison with other conference teams, and was not too experienced. Backfield prospects were good, but with little line material it was necessary to shift several backfield men to the line to plug the holes left by graduation last June. Sophomores and Juniors made up most of the squad. In fact, of the twenty-five men left at the close of the season, but one is a Senior. Several of this year's veterans plan to transfer at the close of the school year this June—which will not help the 1932 prospects any.

The season opened with a hard game against the San Diego Marines. San Jose put up a valiant fight, but the inexperience of some of the new men cost the Spartans the game, 7 to 0. In the next game, against the San Mateo Junior College, San Jose demonstrated some real offensive form by overpowering the Bulldogs 20 to 0. Two touchdowns came as a result of pass interceptions

WEBSTER BENTON
General Athletic Manager

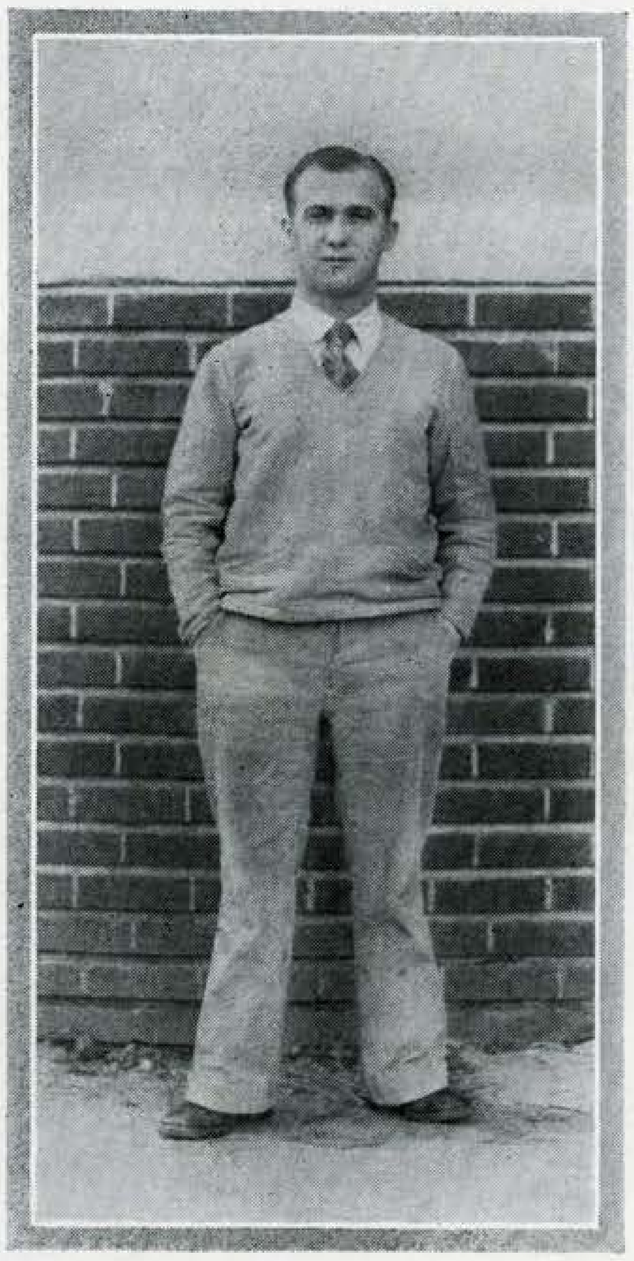

by the fleet-footed Spartan backfield men. Throughout the season there was plenty of speed evidenced on the squad, but there seemed to be an absence of good interference.

The first conference game was played against traditional rivals, the Fresno Bulldogs. San Jose lacked the final power to maintain their early advantage, and lost the ball game 32 to 0.

The second game away from home was played at Sacramento against the strong Junior College team. State lost 12 to 0, but only after making several long marches down the field. Inability to penetrate the Jay-See line when near the goal cost the game. This same march and subsequent failure to score featured four of the major games of the Spartan schedule. In the Chico game, as in the Sacramento game, the Spartans threatened early in the second quarter but missed the goal line by inches. Some excitement was caused when Wren, State halfback, nearly intercepted a pass while standing on Chico's goal line. State lost 7 to 0.

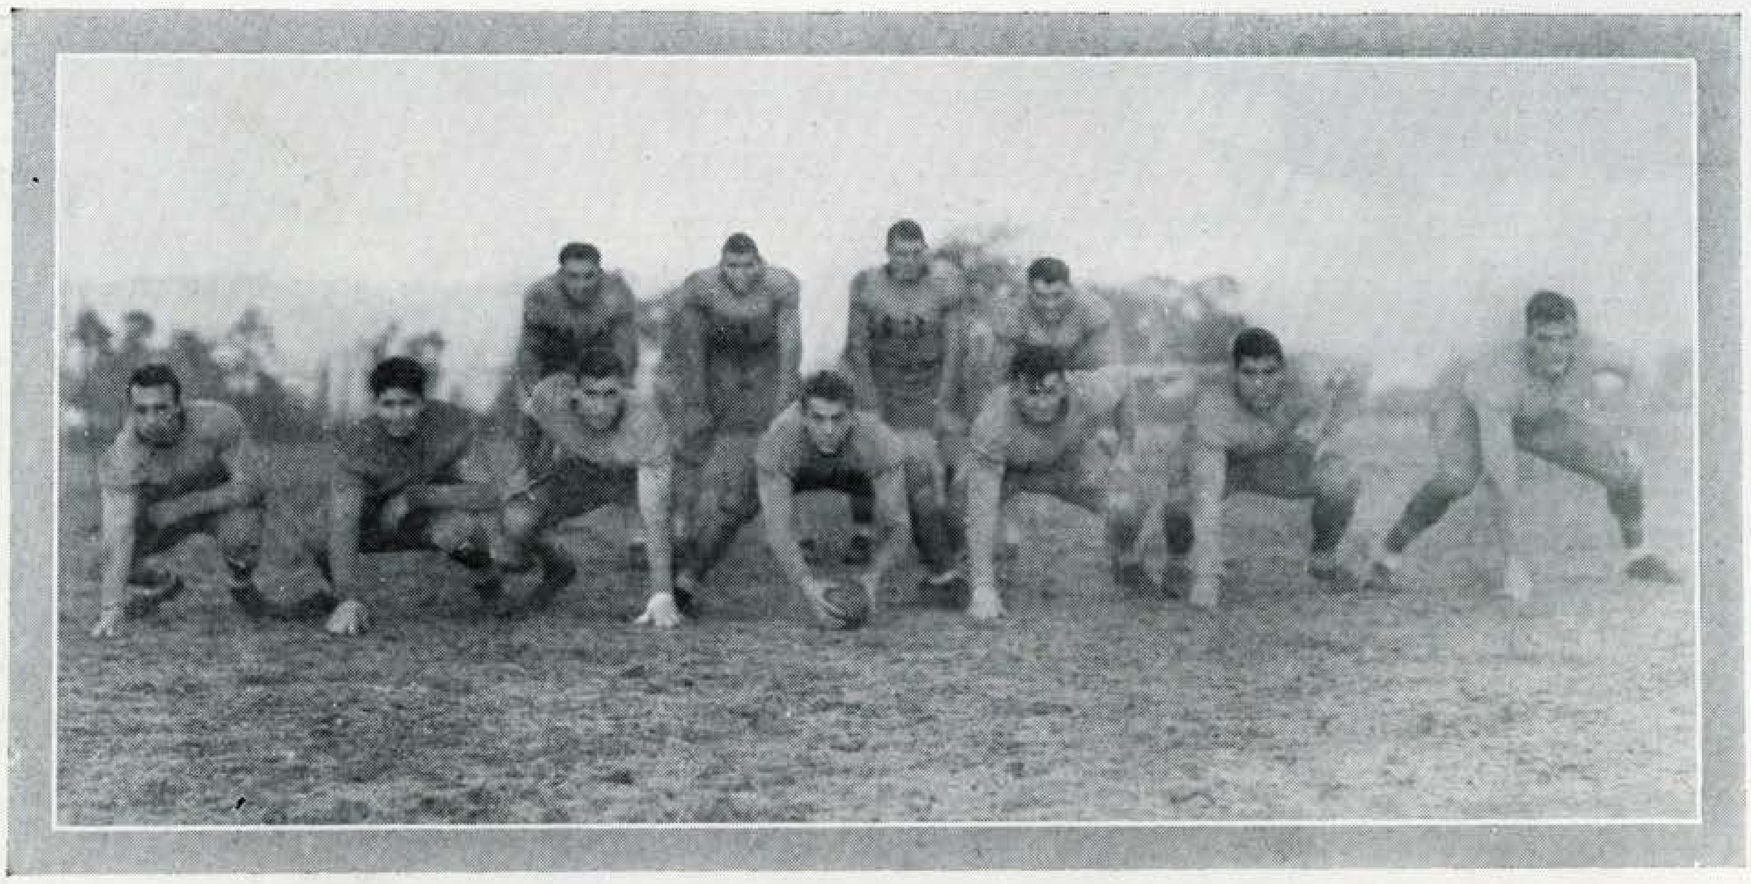

JACK WOOL
Captain

REX CONNOR
Manager

Injuries began to play havoc with the Spartan first-string men and the reserve list, and began to break down the fighting spirit of the Spartans. Captain Wool was out of four of the big games, and several first-string linemen were laid up most of the competitive season. The wolf pack from Nevada swept through the Spartans, 19 to 0, at Reno the following week-end. After four straight conference games away from the home field the Spartans returned to San Jose to play the California Aggies. Bad weather set in and provided a regular sea of mud for this game. A rejuvenated Spartan line put up a great fight to stop the powerful thrusts

THE TEAM

of the big Aggie line, but Sweet swept away for two gallops that netted the Aggies two touchdowns and the game, 12 to 0. In a mud battle with Pacific, State lost 27 to 0.

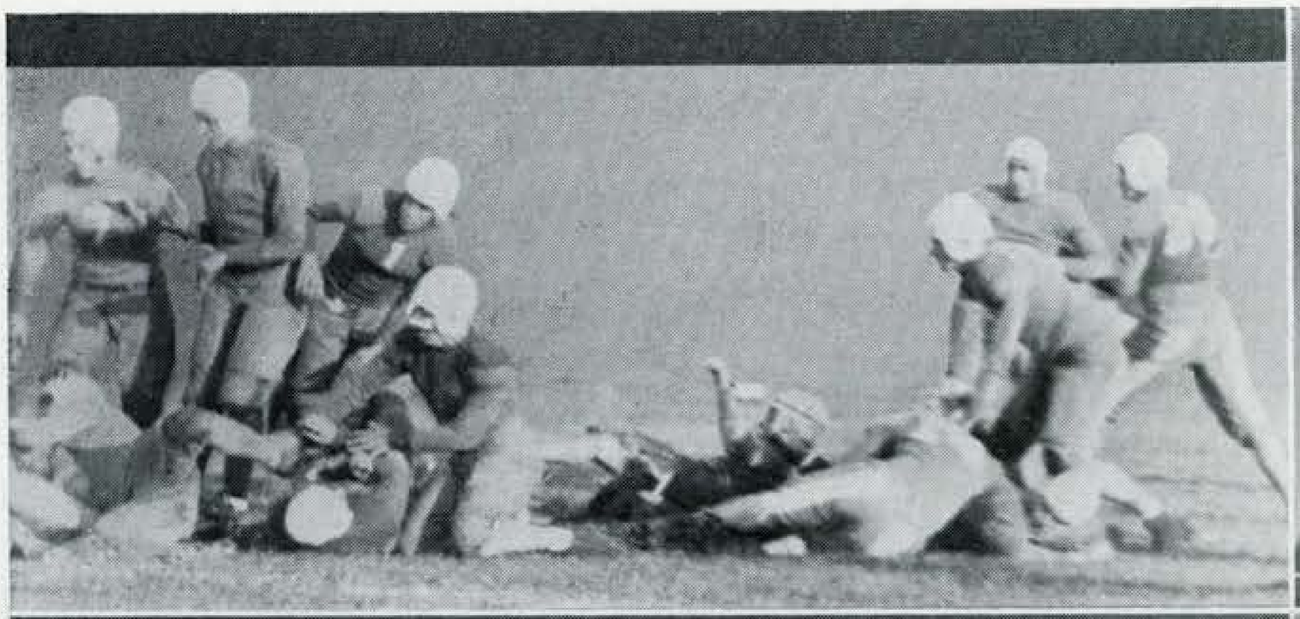

Captain Jack Wool, ace halfback and triple threat man, was crippled for most of the season. His long punting, accurate passing, and plunging ball-carrying has scarred all of State's opponents.

Twenty-four of the twenty-five men on the squad at the end of the season are eligible for further competition on future San Jose varsity football squads. Credit is due Coach Crawford for the effort he has made to establish and maintain the football spirit during the last four years.

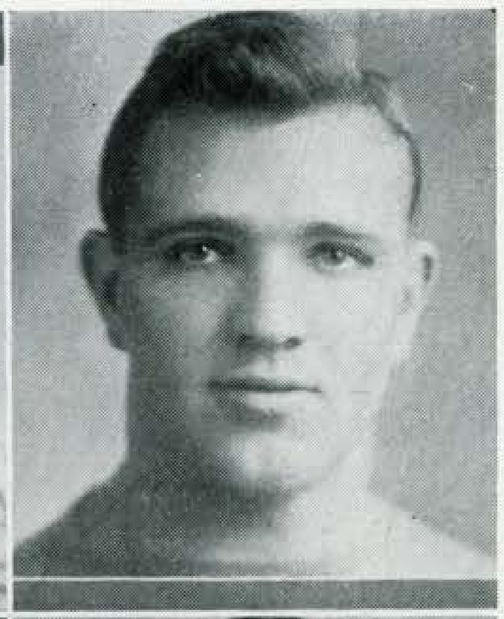

Simoni, tackle, and Bud Hubbard, end and captain-elect, were prominent in their work during the past season. Both were placed on the most frequently recognized second All-Conference team. Wool, Clay, and Wren received honorable mention. Wool received honorable mention on the Jones-Warner-Rockne All-American team a year ago, but was out too many games this year to display his ability to full advantage.

The first-string eleven for the season usually consisted of J. Wool and Wren, halfbacks; R. L. Moore, quarterback; Clay, fullback; Hubbard and Felice, ends; Buss and Simoni, tackles; Collins, and Kazarian or Henderson, guards; and R. K. Moore, center. Riley, Peterson, Wool and Taylor alternated in the backfield with the first-named combination, and Pond, Goodell and Hardiman substituted at end. Saunders, DeFraga, Burte, Klemm and Lydia were first-string substitutes.

The following men finished the season: J. Wool, R. Wool, Wren, Taylor, Elia, R. L. Moore, Riley, Clay, Peterson, Hubbard, Pond, Goodell, Felice, Buss, Saunders, Simoni, Kazarian, Henderson, Collins, Carmichael, R. K. Moore, Burte and DeFraga.

Freshman Football

With the enlargement of the men's physical education and coaching staff last September came the addition of the first San Jose Frosh squad. Erwin Blesh, one of the two members of the staff this year, was appointed Frosh coach and assistant to Crawford.

During the season the Frosh were kept busy scrimmaging the varsity, and frequently provided some good competition. A game against Santa Clara High School was lost, 19-0, due principally to injuries sustained in varsity scrimmage. A game played at Spartan Field was lost to San Jose High School, 14-13, although several return games played at Reed Field were all won by the Frosh.

This season served to introduce Freshman competition to football fans, and next year will find it further promoted by all of the Far Western Conference teams observing the new ruling that bars Frosh from varsity competition.

CARL PALMER — FRANK COVELLO — MILDRED SIMPSON

BASKETBALL

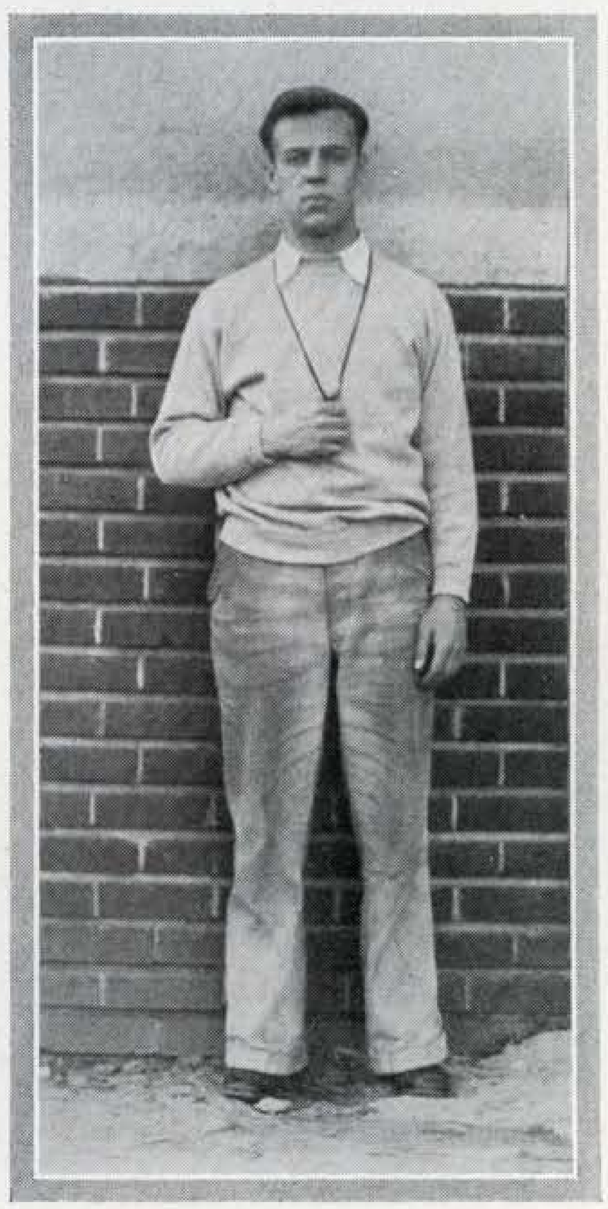

Basketball

H. C. McDONALD
Coach

DEDICATION and play in the men's new gymnasium and basketball pavilion featured this year's basketball campaign. San Jose successfully turned back the traditional rivals from the College of Pacific in the first game on the new floor, but otherwise the season was not too much of a success. A total of eighteen games were played, with San Jose winning eight and losing ten of the games played. In the Far Western Conference competition this year, San Jose won three and lost seven games. Last year the Spartans won the championship.

Playing under Coach McDonald, the Spartans opened the season against the Stanford Indians, losing 25 to 21. The next two games with Menlo Junior College and Sacramento Junior College were won 34 to 29, and 34 to 24. The Stockton Amblers gave the team a real scare in the next game, but State managed to win, 38 to 34. San Jose split the last two practice games before opening conference competition, defeating the San Jose Golds 41 to 33, and losing to the fast Athens Athletic Club of Oakland, 40 to 33. This was the last game in the Women's Gymnasium.

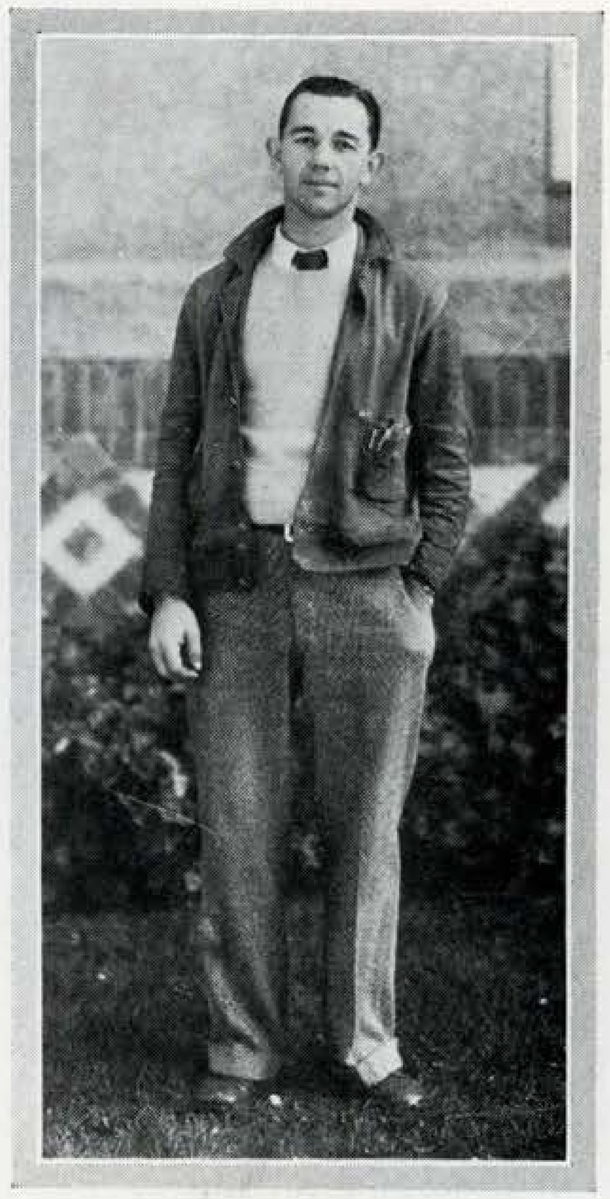

ED ROBERTS
Manager

The Pacific battle in the new pavilion was a thriller from start to finish. San Jose had a hard time hitting the basket, but managed to come from behind and win 25 to 21. Later on in the week, San Jose dropped two fast games to Nevada, 37 to 26 and 28 to 24. Returning to local territory, the Spartans lost to the Aggies at Davis, 41 to 30, but defeated them on the San Jose court, 51 to 28.

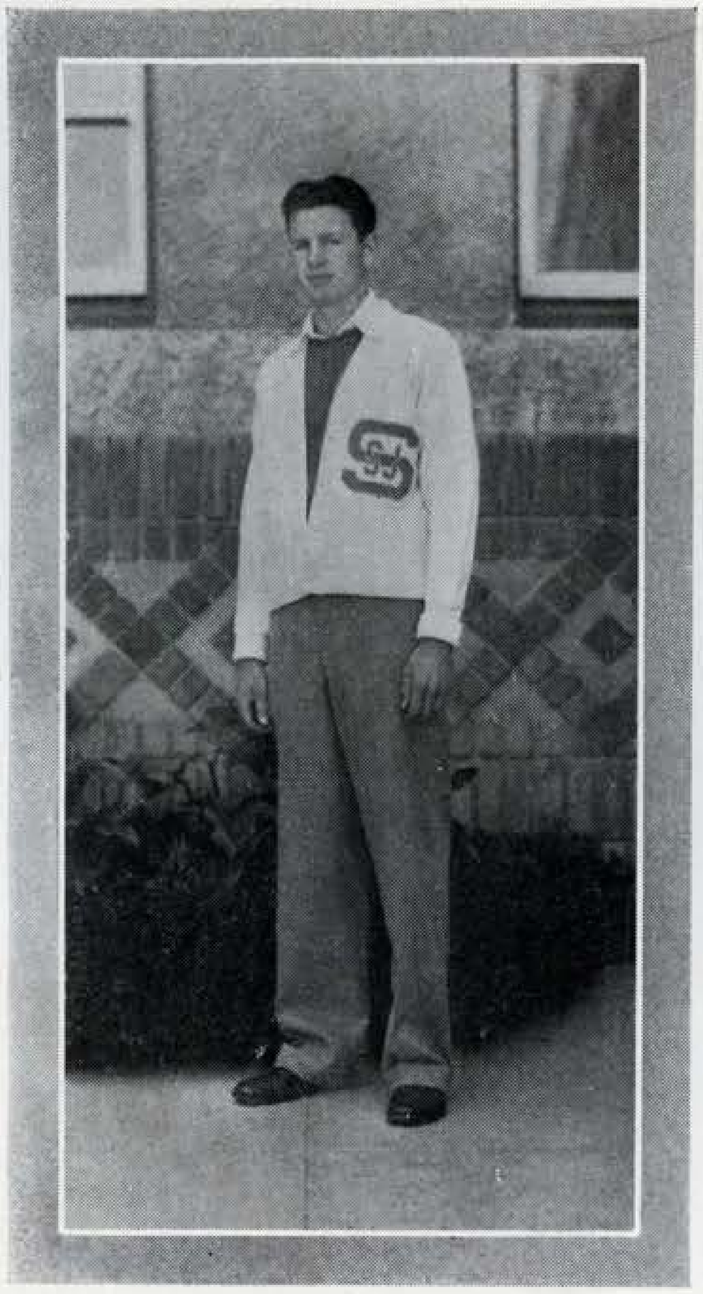

San Jose split a home-and-home series with the San Francisco State College the following week-end, winning the first 41 to 35, and losing the second, 39 to 24. San Jose won the

last game at home by defeating Fresno, 44 to 30, but lost the second game, the following evening. The last two conference games were played at Chico against the Wildcats. Chico took both.

Coach McDonald carried twelve men on the squad throughout the season, four of which were Seniors, three were Freshmen, three were Juniors, and two were Sophomores. The four Seniors who are graduating or who are ineligible for further competition are Earl Goodell, Milford Olson, John Laznibat, and Captain Kalas. The last two named made a formidable defense combination that was hard to penetrate. Goodell finishes three years of competition and is the outstanding player of the group. He has made quite a name for himself while wearing the State colors, and last year was named on the All-Conference five. Olson, whose specialty is set-up shots, is a fast player and makes a good mate for Earl.

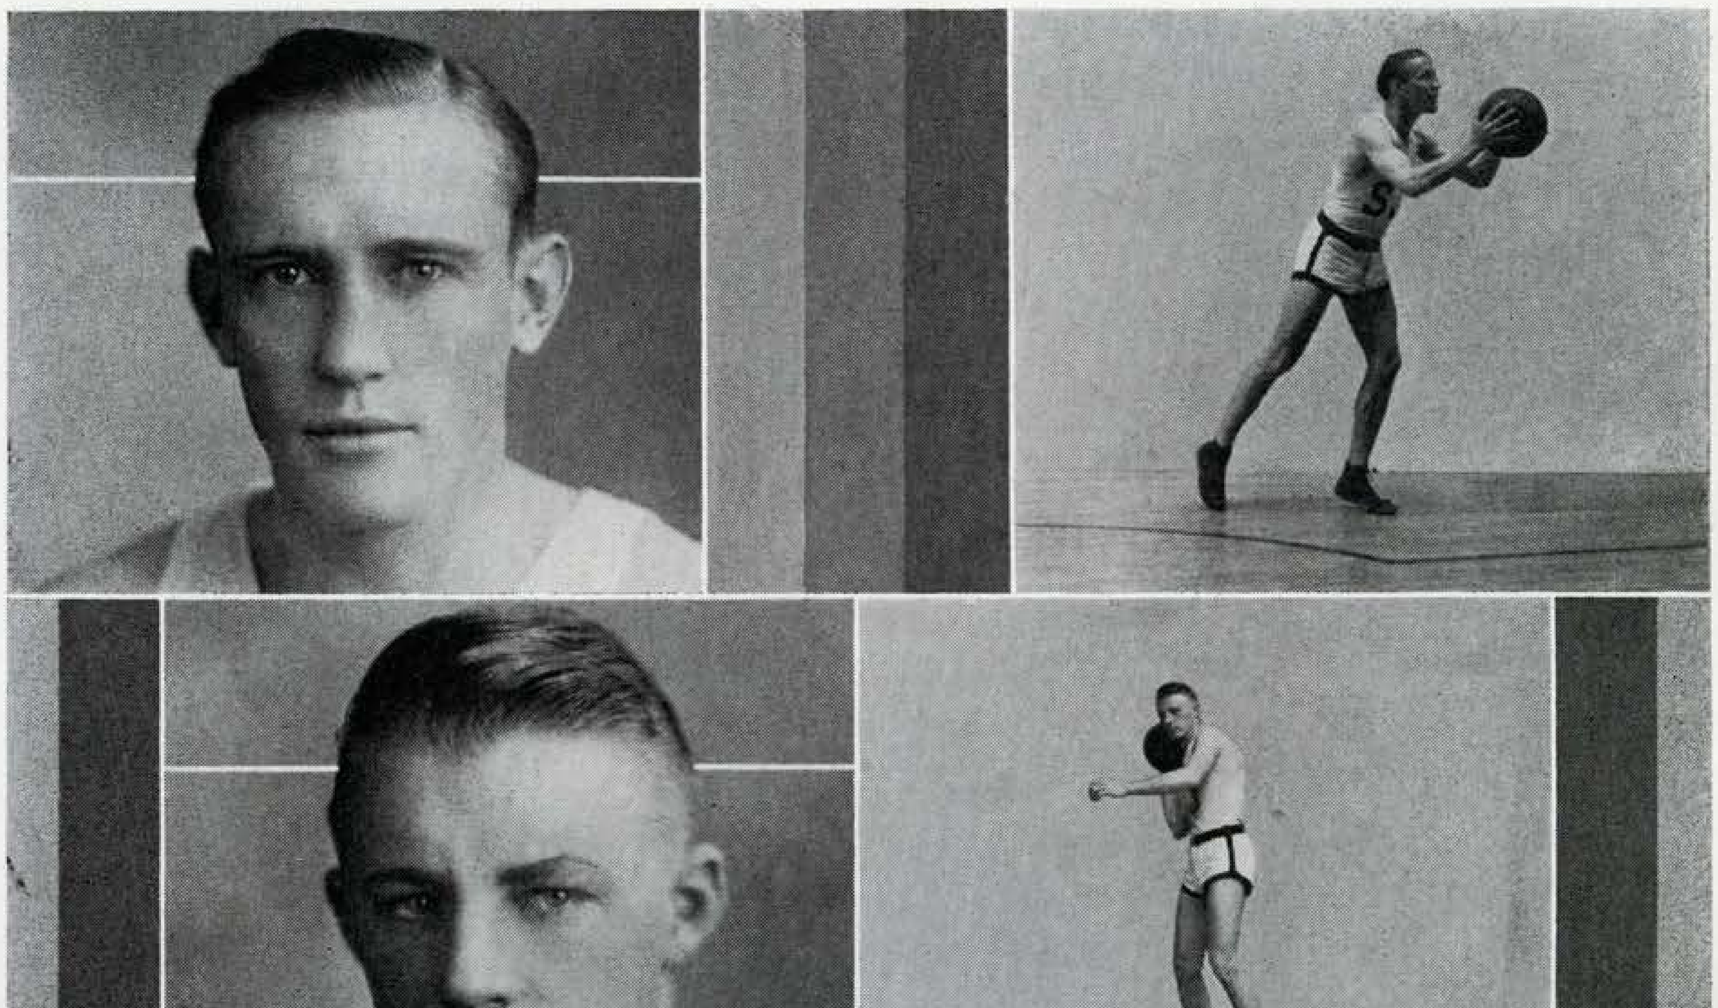

O. KALAS
Captain

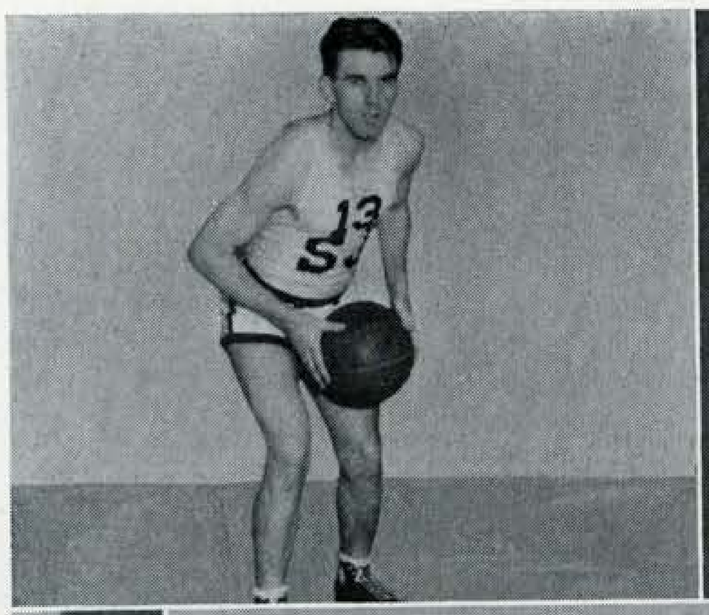

N. COUNTRYMAN
Captain-Elect

The three Freshmen who made the squad all stand around the six-foot mark, and should develop into excellent basketball players during the coming season. Leibrandt made his letter at guard while Rea and Smith fought for the center position, with Rea holding the advantage throughout the season. Smith is a good reserve man for the varsity. Other men returning next season are Doug. Taylor, Cecil George, Martin Mathiesen and Milton Gates. Next year's captain, Norman Countryman, is a fine player and should make an enviable record for himself.

Prospects for next year are uncertain at present. The Freshmen ruling for conference competition will be in effect, which will mean that entering Freshmen will be ineligible for varsity competition in any sport.

TRACK

ERWIN BLESH
Coach

Track

ENTERING eight meets during the competitive season and decisively winning four, along with a good second place in the Far Western Conference track and field meet at Sacramento, is the record of the Spartan track and field team this year.

Coach Erwin Blesh started practice with but a few of the conference championship squad members of last year to work with. These few returning veterans labored hard all year to maintain San Jose's reputation in track and field events.

San Jose began the season with a triangular meet with Menlo and San Mateo Junior Colleges. The meet was a walkaway for San Jose, totaling 70½ points to Menlo's 42 and San Mateo's 8. Next came the surprise battle with Alameda high school, later winners of the Northern section of the C. I. F. San Jose had to work hard to beat the high school boys, 58 to 55. The first defeat of the season came in a close meet at Sacramento against the Junior College. Sacramento took the meet, 63½ to 58½ points. Then came the one-sided Santa Barbara State College clash here at Spartan field. San Jose walked away with most events to pile up 95 points, while Santa Barbara scored 35.

Fresno, winners of the conference meet, defeated San Jose in the next dual event, 74 to 57. It was a real track meet from the first event, the pole vault, to the last event, the broad jump. San Jose easily defeated Pacific in the next meet. The strong Olympic Club squad had an easy time with State the following week-end, winning 84 to 47. Then came the big Far Western Conference meet, with San Jose placing second. Fresno, the winner, and San Jose were the only serious contenders.

FRED DAVIDSON
Manager

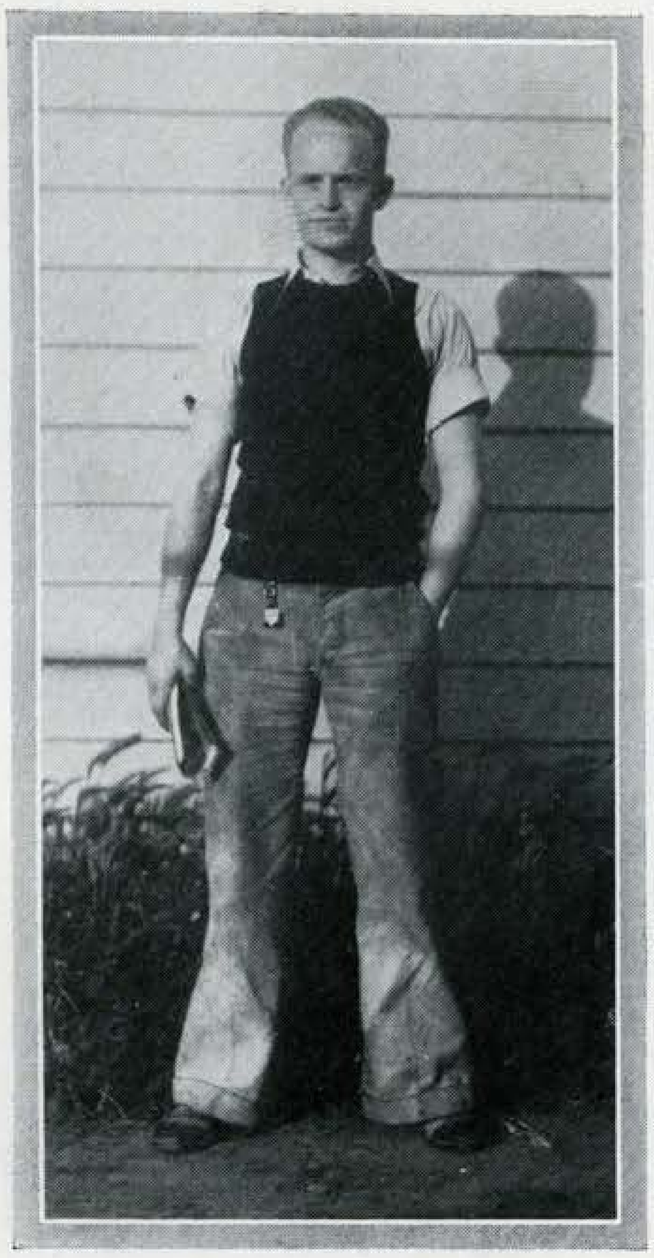

In the conference meet Fresno totaled 64 points, with San Jose a close second. The sum of the Pacific, Aggie, Chico, and Nevada scores does not equal half of State's 51½ points. San Jose's showing in the sprints, 440, 880, mile, discus, pole vault, and broad jump caused the Fresno coaches plenty of worry before the meet was over.

Captain Don Harder brought to a close four years of successful competition for San Jose. Early season performances marked him as the man to watch in the conference meet. However, an injury, incurred during the Pacific meet, hindered Don somewhat. He ran two nice heats in the conference meet, but had to be content with a close third in the 100-yard dash. Both Harder and Salvato, who took second in the 100, had difficulties in the 220.

DON HARDER
Captain

Joe Dieu won first place in the discus for State, and tied for second place in the broad jump. Doug. Taylor proved his gameness by stepping around a box of opposition to win the 440 in 49.8 seconds. Taylor tied with Dieu for second place in the broad jump. The team, Hubbard, Murdock, Taylor and Jones, won second place in the relay. Silva, Robert Wool, and Stevens all tied for second place in the conference pole vault.

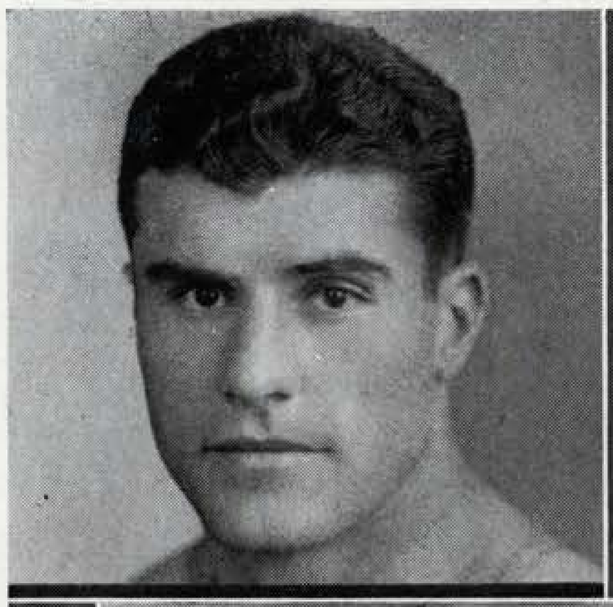

JOHN STRATTON
Assistant Manager

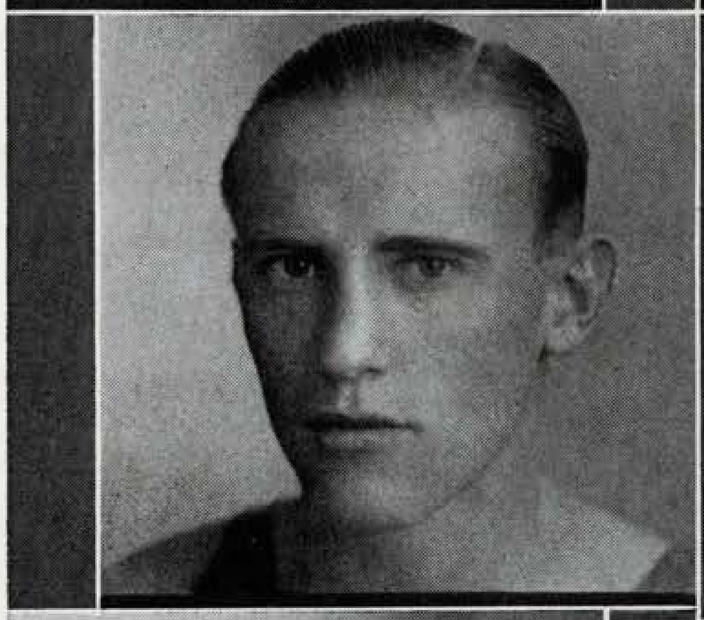

The performance of Harry Stoddard in running the two-mile race in 9:59.8 made it the most outstanding and spectacular event of the meet. Stoddard has run four years for San Jose, and successfully closed his career with a new conference record that is apt to stand for some time.

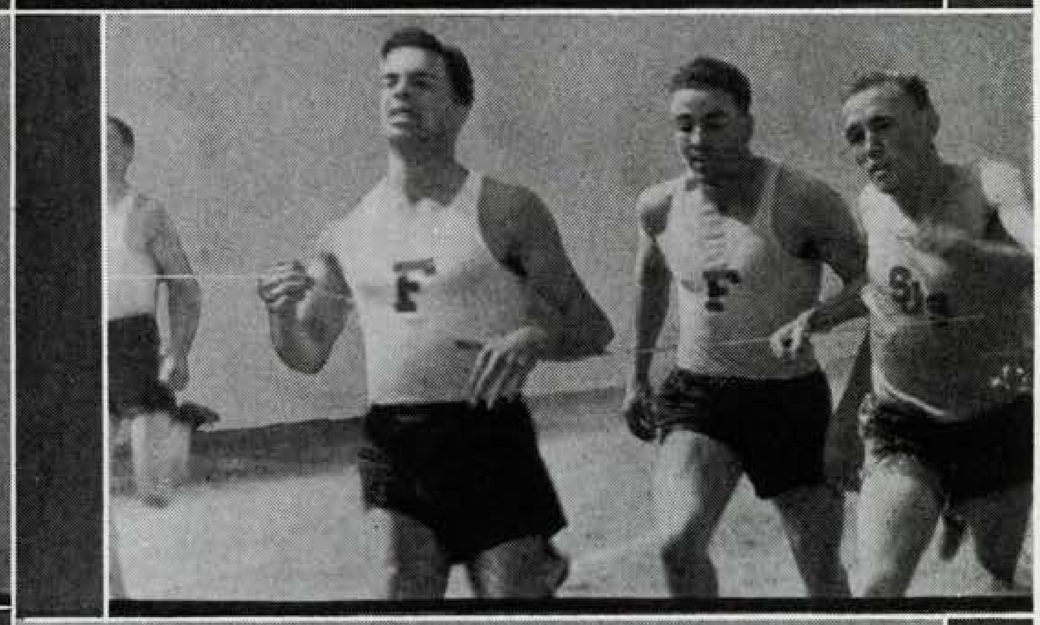

Ray Brack, veteran mile and two-mile man, deserves much credit for his competitive spirit and consistent running.

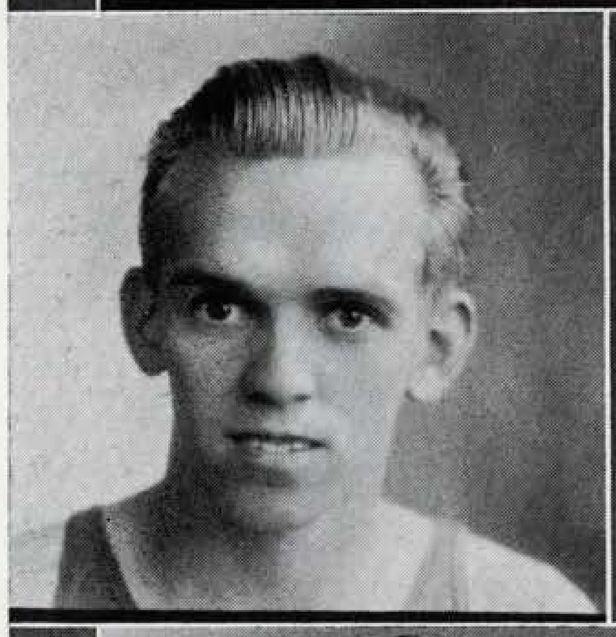

Wallace Leslie made 6′ 1½″ in the high jump to take second place at Sacramento. Harper, frosh, took first in the mile.

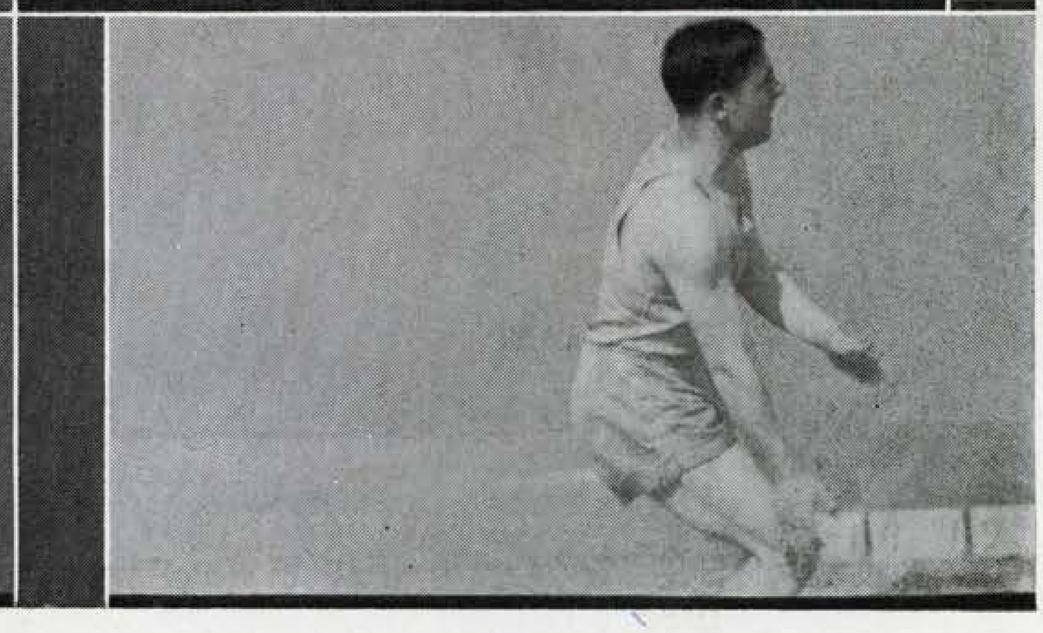

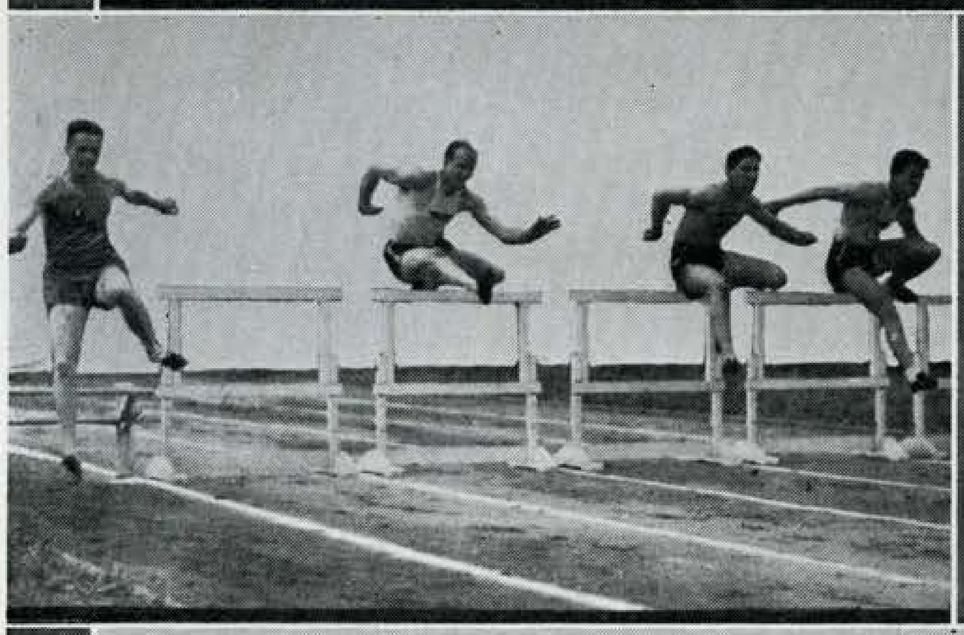

JOE DIEU — Dieu, *discus*
DOUG TAYLOR — Taylor, *440*

LAWRENCE SILVA

Track Squad

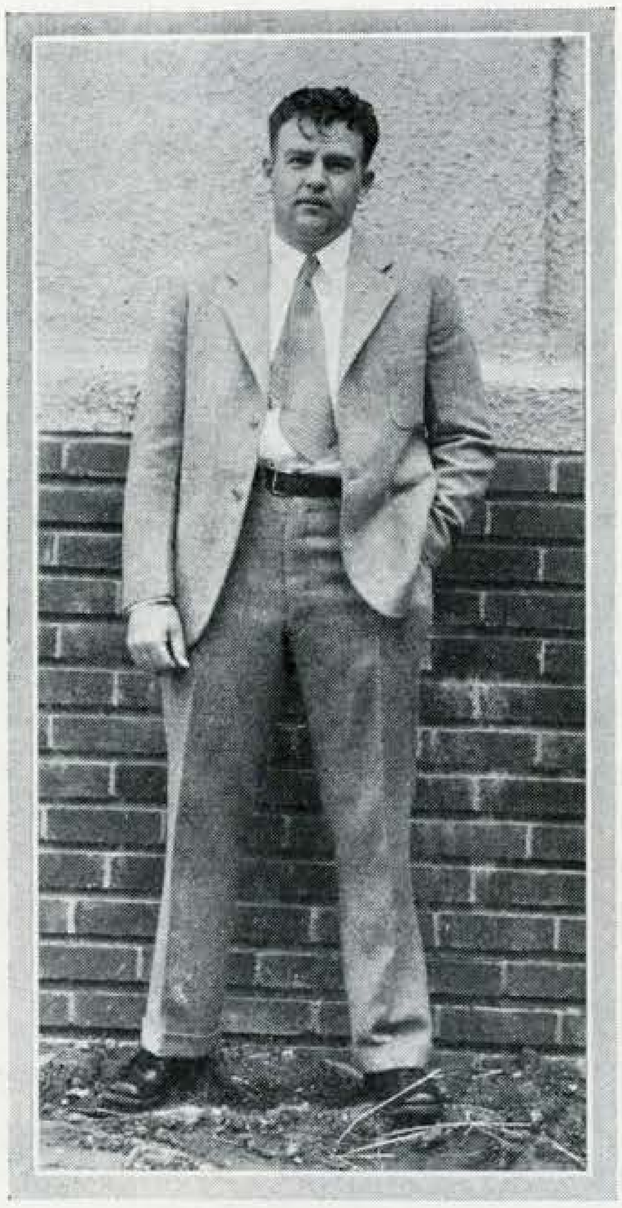

CONDITIONS are not too favorable for a successful track season next year, though the Spartans may be even stronger than at present. The Athletic department is looking forward to a good season next year. However, considering all sports, most of the great athletes of the 1931 and 1932 teams have graduated or will graduate, leaving but a small number of first string men to carry on.

Coach Blesh will have a starter for next season in Captain-elect Doug Taylor, a first place man in the 440, and a good broad jumper. Doug jumped an even twenty-four feet at the West Coast Relays. Glenn Harper will be back to run the 880 and the mile races. He has consistently won all season. Louis Salvato and Cart Robinson will be the mainstays in the sprints. Salvato runs the 100 in 9.7, while Robinson is a new athlete who should be right up with Salvato in another year. Arnold, Acquistapace, Hubbard, Marshall, Dragon, and Marcus will be back again in the weights. Leslie and Wittenberg, high jumpers; Silva, Wittenberg, Leslie, Arnold, hurdlers; and Silva, Hicks, Stevens, Wool in the pole vault, all loom as potential winners.

Following is the list of the varsity squad: Harder, Salvato, Douns, Robinson, Conner, Veretta, sprinters; Taylor, Murdock, Jones, Arjo, Hubbard, Wooster, 440; Harper, Ghode, Lydia, 880; Harper and Brack, mile; Stoddard and Brack, two-mile; Leslie, Wittenberg, Arnold, Silva, Mengel, hurdles; Bennett, Taylor, Dieu, Wooster, broad-jump; Dieu, Leslie, Wittenberg, high-jump; Wool, Stevens, Hicks, Silva, pole-vault; Dieu, Arnold, Hubbard, discus; Marshall, Hubbard, Acquistapace, shot-put; and Dragon, Sundquist, and Hubbard, javelin.

BASEBALL

Baseball

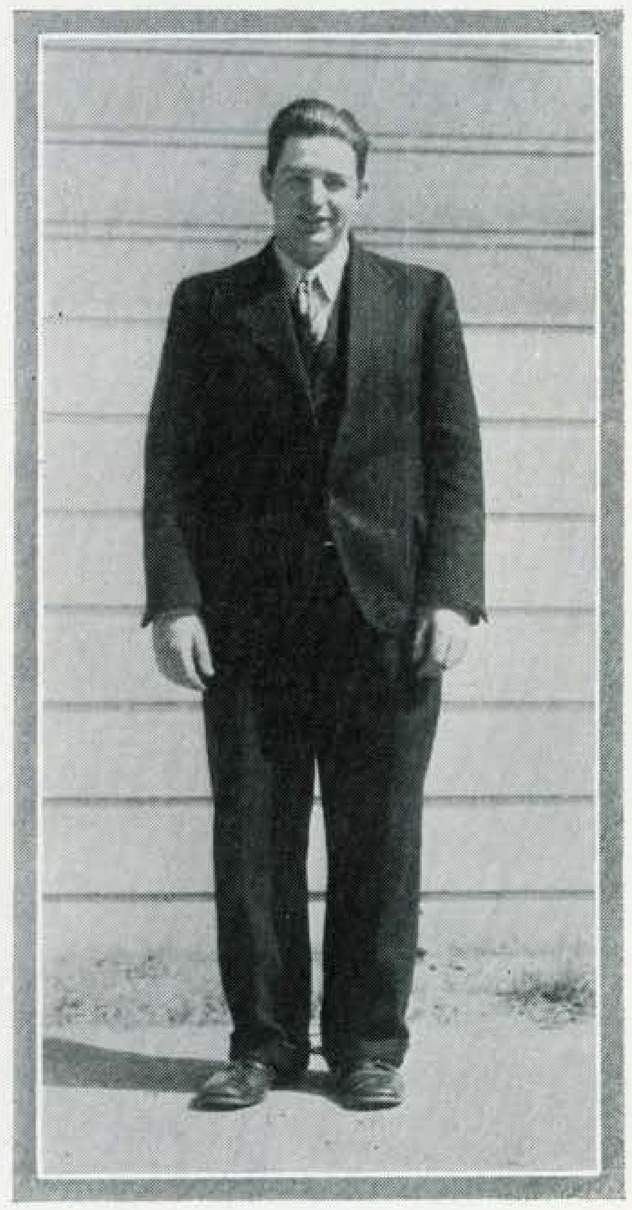

WALTER CRAWFORD
Coach

BASEBALL was the most successful sport this year at San Jose, the team winning fourteen games and losing five. There has been a constant improvement in baseball teams ever since the arrival of Coach Crawford four years ago, culminating in this year's fine record—a great tribute to Mr. Crawford's coaching ability.

Due to the fact that baseball competition in San Jose's class is quite scarce, the team has had to complete the schedule with various high schools and Junior Colleges in the vicinity. This fact does not detract from the success of the season, as an effort was made to play the leading teams in the various districts.

Coach Crawford had a squad of veterans to work with this season, with the exception of pitchers. Simoni, despite his inexperience, developed into the Spartan's best pitcher, winning seven games and losing none. Russell and Carrol DeSelle aided him. Breck Reed and Irwin DeSelle held down the catcher's job, while Hardiman and Gates alternated at first base, Gates having the advantage. Later in the season Hardiman acted as utility fielder. Thruber and DeFraga fought for the second base job. Pura played at shortstop during the first part of the season, later being shifted to the outfield, where he proved to be a find. Captain Sam Felice, third baseman, is the makings of a first-class baseball player. His work around the hot corner is far above the usual class found in college circles.

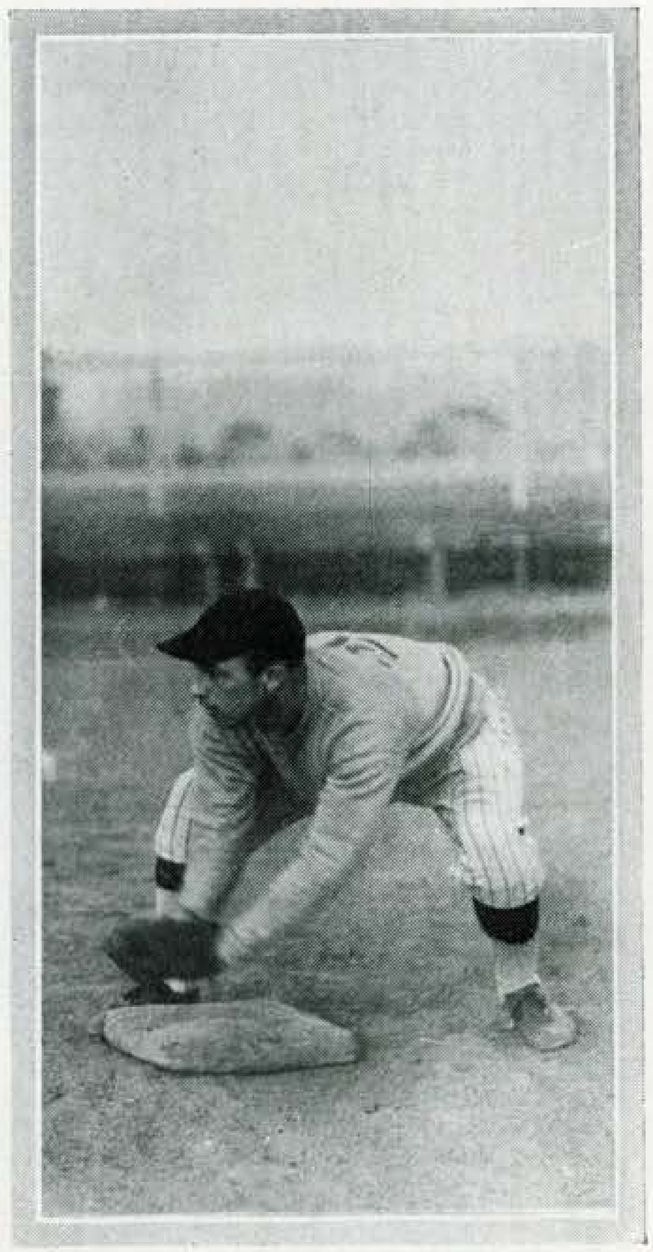

Steve Cassaleggio finished his fourth year on the Spartan varsity, where he has alternated at first base and center field.

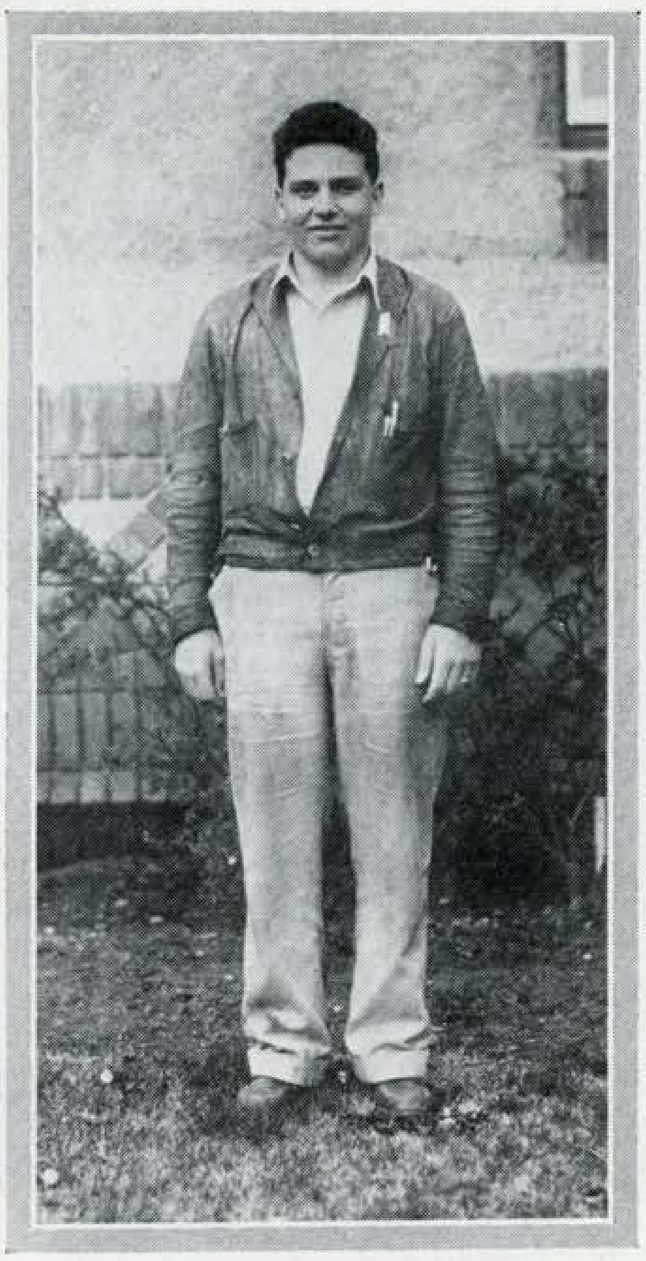

HAL DeFRAGA
Manager

There are two men on the Spartan squad that would make good in faster ball, according to Coach Crawford. He speaks quite highly of Felice and of Pura. Big Ben Hurst topped the sluggers this year with a heavy average of over .400. Felice and Pura were running a close race for second honors, both boys batting above .375 for the season.

San Jose lost the first game to Mission High of San Francisco, and split the next series with San Mateo Junior College. San Leandro was the next victim to fall before State. The next series with Menlo proved to be a circus, with State winning, 24 to 0. San Jose also won the return game against Menlo. Following these games, San Francisco State took a game and so did Polytechnic High. San Jose took San Francisco down on the return game. San Mateo fell before the fire of the sluggers and the fast deliveries of the the pitching staff. Sequoia High lost to State in the next game, and then Agnew won from State. This was the last defeat of the season for the Spartans. Lowell High, San Mateo, Centerville and Mission High all were defeated before the close of the season.

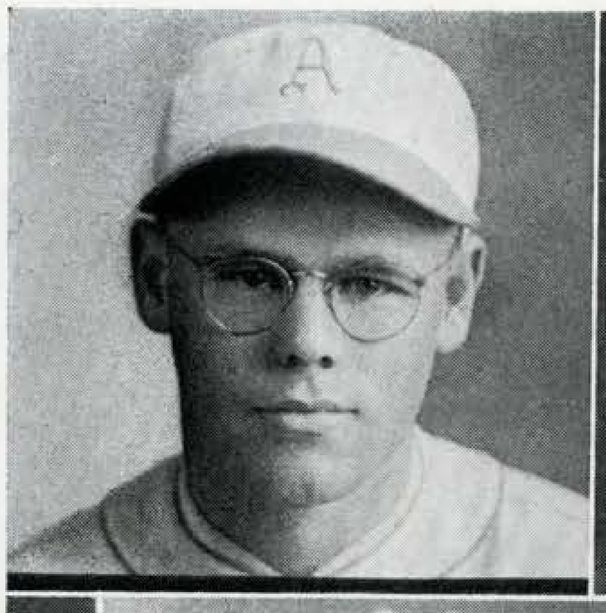

SAM FELICE
Captain

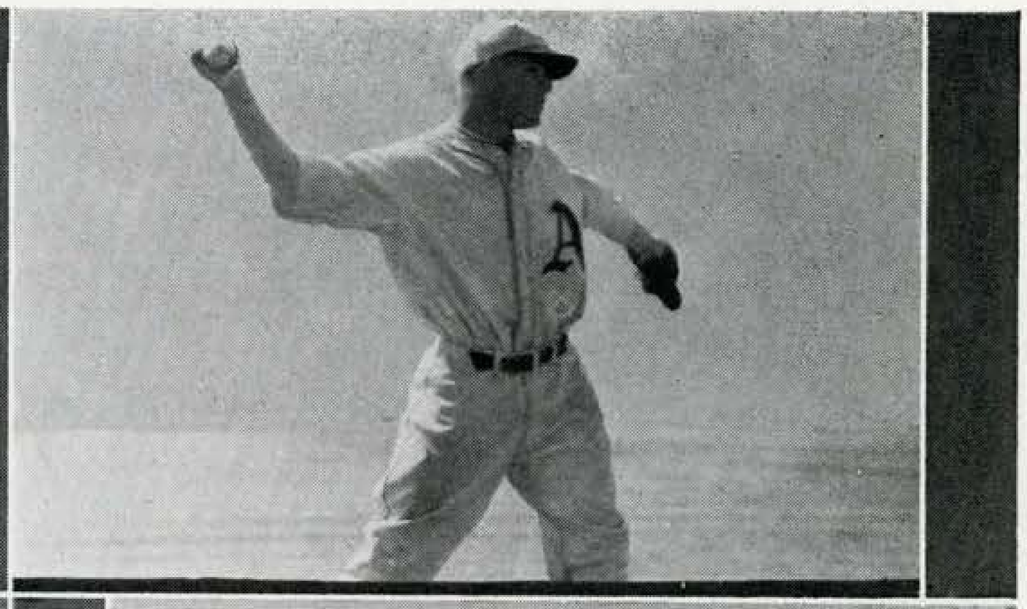

EDWARD DeFRAGA
Assistant Manager

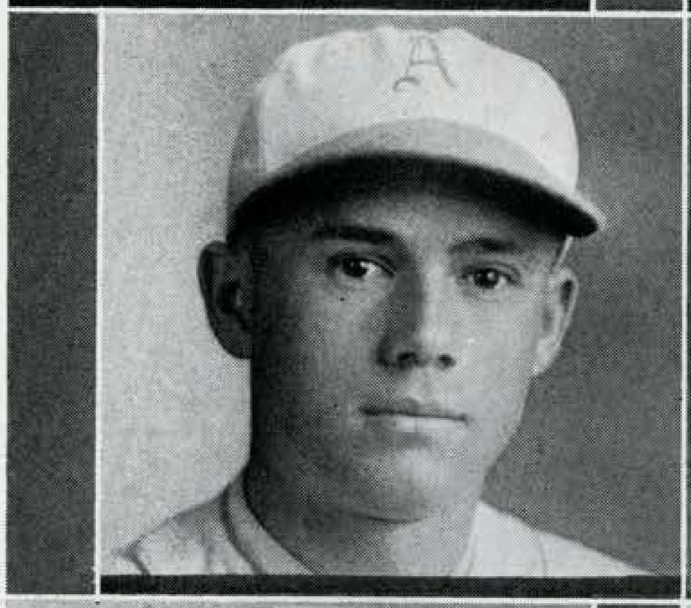

The future of baseball as a competitive sport as part of the inter-collegiate program is probably at stake. Plans for next year's baseball squad have not been announced either way to indicate the condition that will exist. Lack of competition within the near vicinity will be the only factor to cause the authorities to drop baseball as an inter-collegiate sport.

Walter Crawford, football and baseball coach, leaves the institution this spring with the sincere wishes of his many friends for success in his new work wherever he goes.

MINOR SPORTS

CHARLES WALKER
Coach

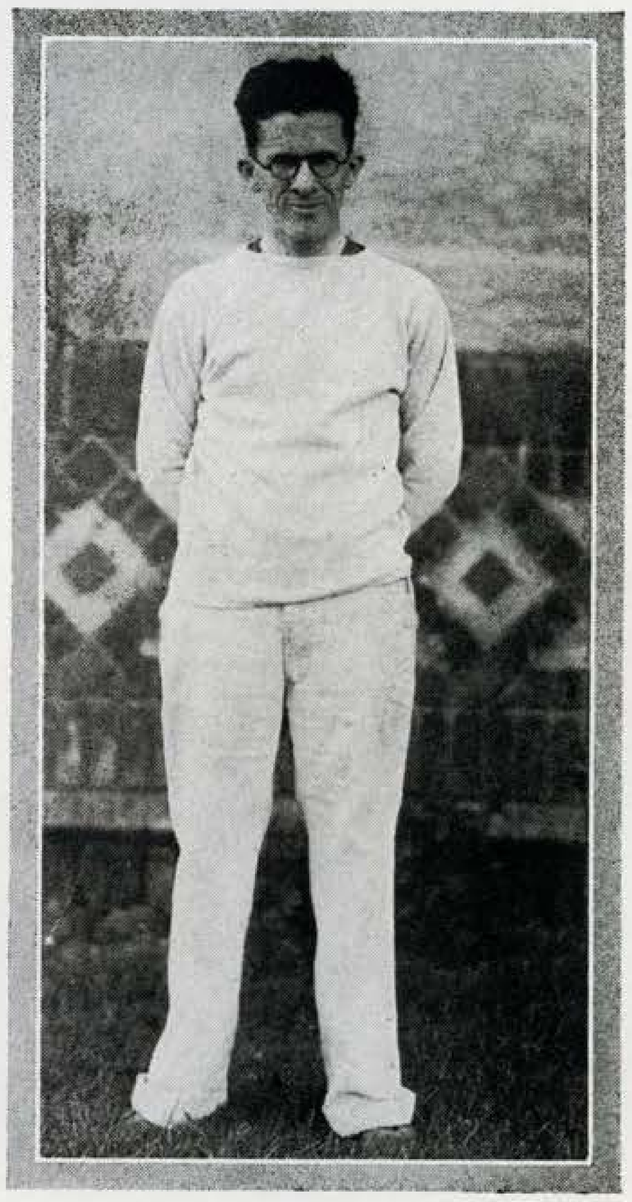

Soccer

ALTHOUGH this season's performance was not good enough to compete against the competition of some of the schools in the California Inter-collegiate Soccer Conference, San Jose made a start that should place the school a little higher in the standings next season. Soccer is being played in the men's gymnasium classes to introduce the game to a larger number of students.

Due to the fact that very little soccer is played in the valley or peninsula high schools near the college, the San Jose teams must be developed directly from the fundamentals to the class of high-powered competition that is found in the California Inter-collegiate Soccer Conference. This league consists of San Jose, Stanford, San Francisco University, San Mateo Junior College, and the University of California.

This season Coach Charles Walker faced the task of building the team from the remains of last year's fairly successful squad. Credit is due him for handling the situation so well, as even the fundamentals had to be mastered before competition could be attempted.

San Jose lost all eight conference games this season, but the experience gained was worth the defeats. The season opened with a one-sided game against the University of California, the Bears winning, 12 to 0. San Mateo Junior College handed San Jose the next defeat in a much better played game, the Bulldogs winning, 6 to 0. The third game of the schedule found the Spartans at Stanford in a fast game which the latter won, 3 to 1. Marked improvement was shown in the next meeting of the team,

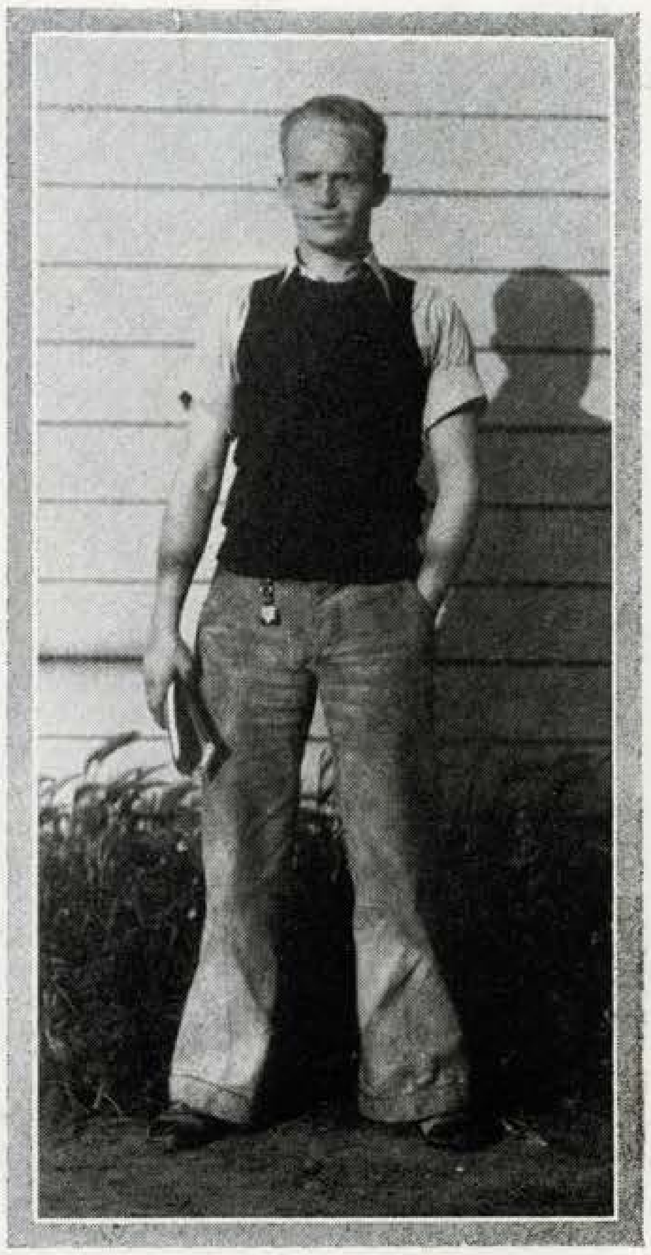

LARRY EAGELSON
Manager

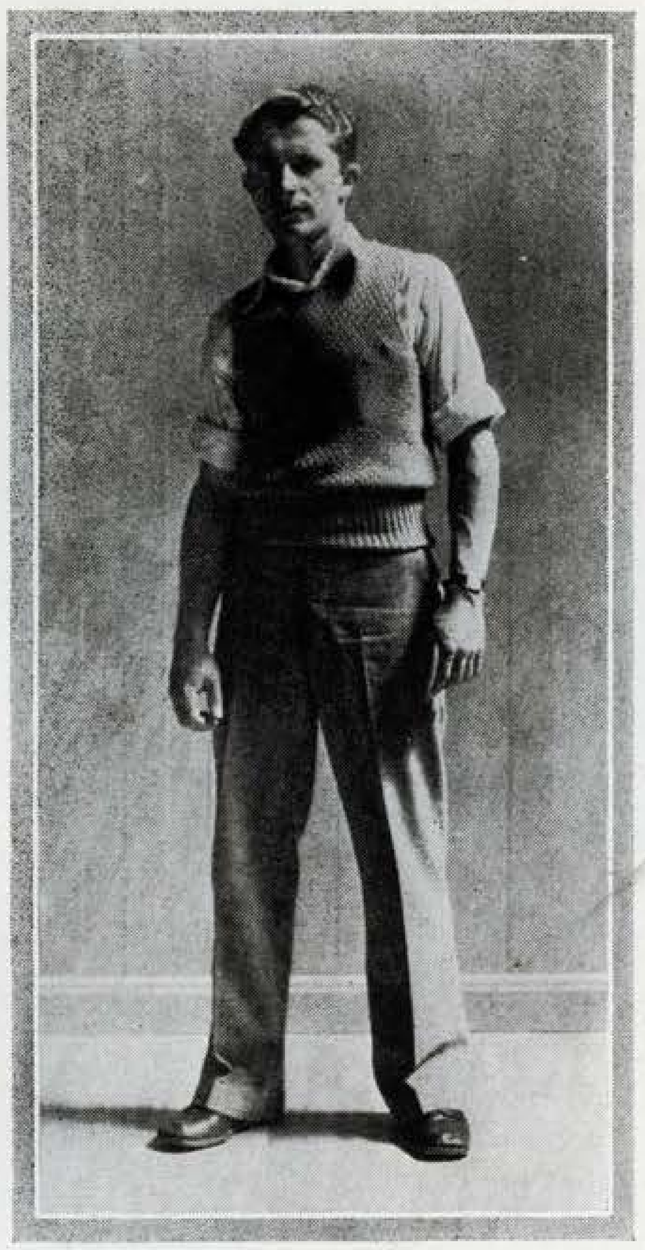

which Stanford won, 2 to 1. Mengel scored the Spartans' lone tally.

The San Francisco boys also won the second game of the series, 5 to 1. The second game against the Bears from California resulted in a much better game than was played when the two teams met at the first of the season. California won, 7 to 0. The last game of the season was played against the San Mateo Junior College, with the Jay-See men winning, 8 to 1. The Spartans scored but five goals throughout the entire eight-game season.

The first four games were played with Leslie and Cameron alternating as goalies. Bovee, Pleck, and Stratton held down the fullback line, with Fred Chappell, Baughn, and Ichasaka as halfbacks. The front line presented the strong line-up of Stratton, Clemo, Kenny, Graf, and Leslie. Throughout these games Coach Walker kept trying to find a line-up that would present a fast offense and a better defense.

JOHN STRATTON
Captain

ROBERT ELLIOT
General Athletic Trainer

During the last half of the schedule, the team was strengthened by the appearance of several veterans of the previous year. This afforded an opportunity to re-arrange the line-up. In these games Stratton and Leslie played goalies; Cy Wood, Clemo, and Stratton were on the fullback line; with Baughn, Mengel, Graf, Kenny, and Chappell on the front line. Captain John Stratton, John Mengel, Cy Wood, and Earl Kenny were outstanding for their work during the season. Other valuable men included Pleck, Baughn, Clemo, Chappell, and Ichasaka.

The position of general athletic trainer for the competitive athletics was held this year by Robert Elliott, a physical education major.

Wood	Jenecke	Hughes	Claypool

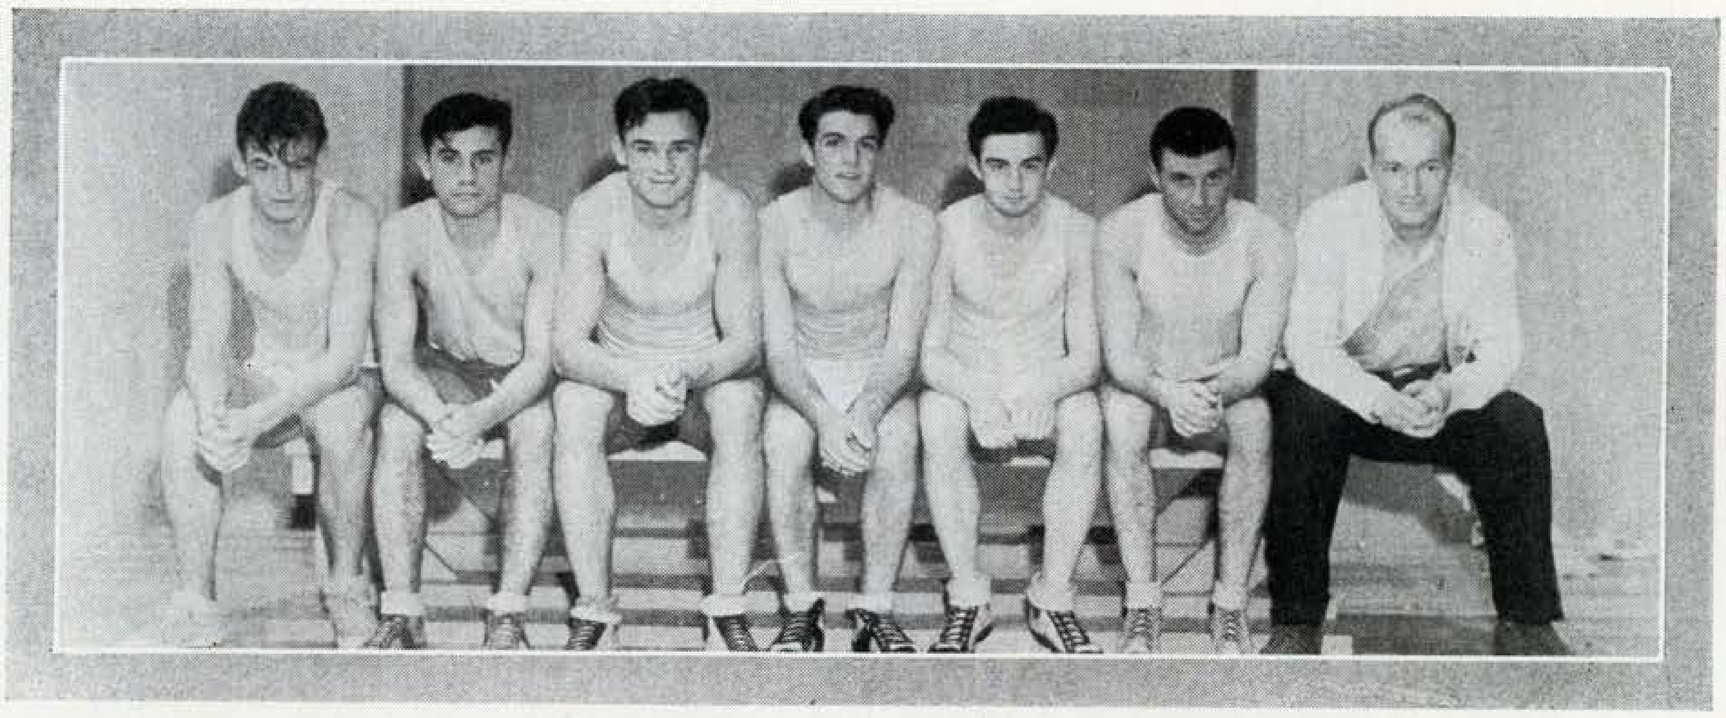

Tennis

VARSITY tennis men under the tutilage of Coach McDonald had a very successful year. The team played matches against the bay region colleges, the University of California, Stanford, and the College of Pacific. The Spartans won the Far Western Conference doubles championship and had a good chance to win the singles. Earl Goodell and Herman Simon ranked top position as singles and played the doubles at the conference meet.

OWLS

Intra-Mural Basketball

SEVENTEEN men competed in the 1932 intra-mural basketball tournament played in the men's new gymnasium during the Winter quarter. Two leagues were formed with the best team of each league to compete in a three-game series for the championship. Much spirited competition was shown in all competition. Coach Walker directed the league and was assisted by physical education majors.

The Owls and the Physical Education Majors won their respective leagues. The Owls won the first game of the play-off, but lost the last two games, giving the majors the championship cup for the second year.

PHYSICAL EDUCATION MAJORS

WOMAN'S ATHLETICS

Hockey

WINNING all of their five games, the Junior Major Hockey Team received the honors for what was one of the best hockey seasons that San Jose State has enjoyed for the past several years. Because of the great amount of interest shown and the large turn-out of girls for hockey, six teams were formed instead of the usual four. The Freshmen and Sophomore Teams were each divided into Major and Non-Major Teams, making a more interesting schedule and allowing more girls to participate in that sport.

Though the Junior Team was unbeaten, the other teams put up some fine competition and held them throughout the season to very low, close scores, three of the games being won in the last few minutes of play but by a single goal.

Tennis

As THIS is the first year that San Jose State has had tennis courts since the building of the Women's Gymnasium three years ago, tennis, as a sport, has not yet come into the place that it will probably hold in the next few years. In the Fall quarter, classes in beginning tennis were offered and were immediately filled. In the Spring quarter, advanced classes were added.

In the early Spring, San Jose entertained San Mateo Junior College and San Francisco State College at a playday. Of the sports that were participated in, tennis was one of the favorites even though a great deal of work had to be expended in first sweeping off the courts because of an unexpected shower.

Each year W. A. A., in its effort to include all girls in its athletic program, has sponsored a tennis tournament on city courts. This spring such a tournament was again scheduled, but this time on the college courts. As was expected, a great deal of interest was shown and many good matches were held.

Mrs. Templeton, who is coaching this sport, has had a great deal of experience in handling beginning students. Before coming to San Jose State, Mrs. Templeton was tennis coach at San Jose High School, and many prominent San Jose women players owe their knowledge of the fundamentals of the game to her.

SENIOR TEAM

Basketball

THE CLOSE of the interclass basketball series found the Senior team leading by a comfortable margin. Coaches Templeton and Tucker had instilled the players with a great deal of fight and teamwork, and the various quintettes displayed a finesse that comes only with constant practice and hard work.

The completion in December of the men's new gymnasium gave the girls the freedom of their own courts which they had not enjoyed since the tearing down of the men's old gymnasium three years ago.

The upper-class physical education majors assisted the coaches in officiating at the interclass games. Their efficiency in this capacity showed fine training in basketball rules and good court technique and proved them to be true sportswomen of a high caliber.

Speedball

SPEEDBALL, with its thrills and fast play always has a large following. This year was no exception, and due to the large number of girls who went out for the sport, Miss Tucker, who coached speedball, was able to form exceptionally strong combinations.

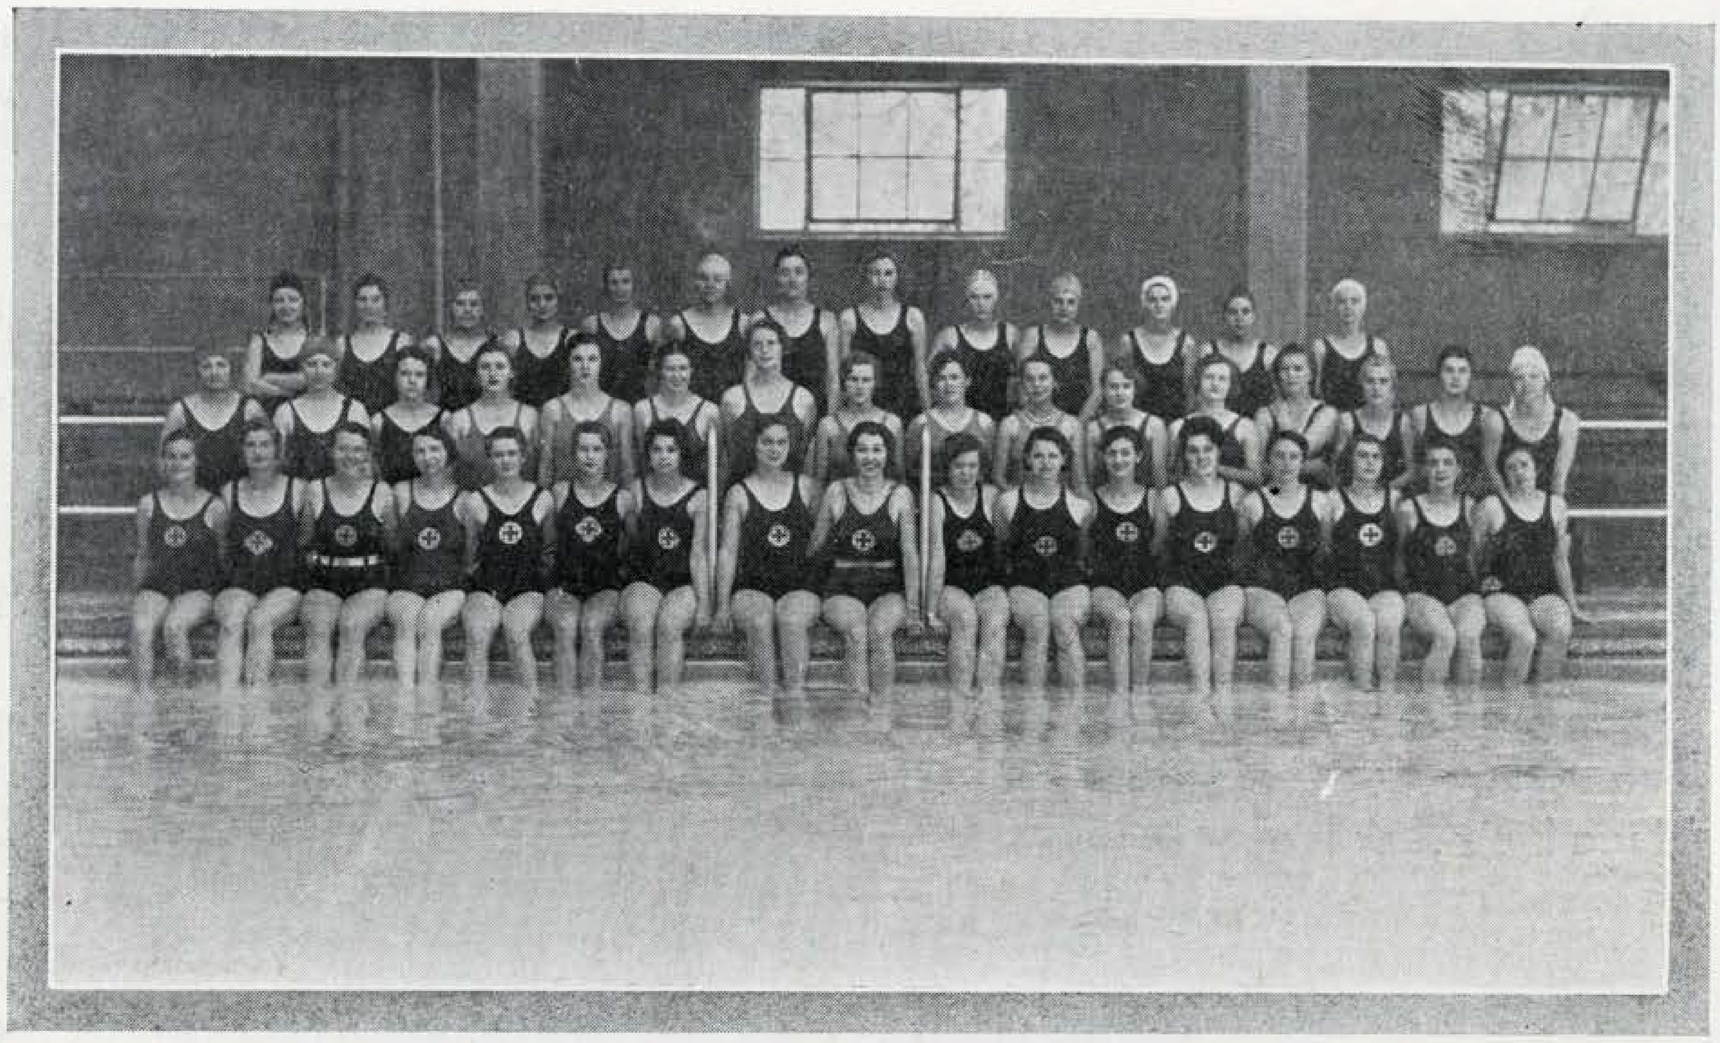

SENIOR TEAM

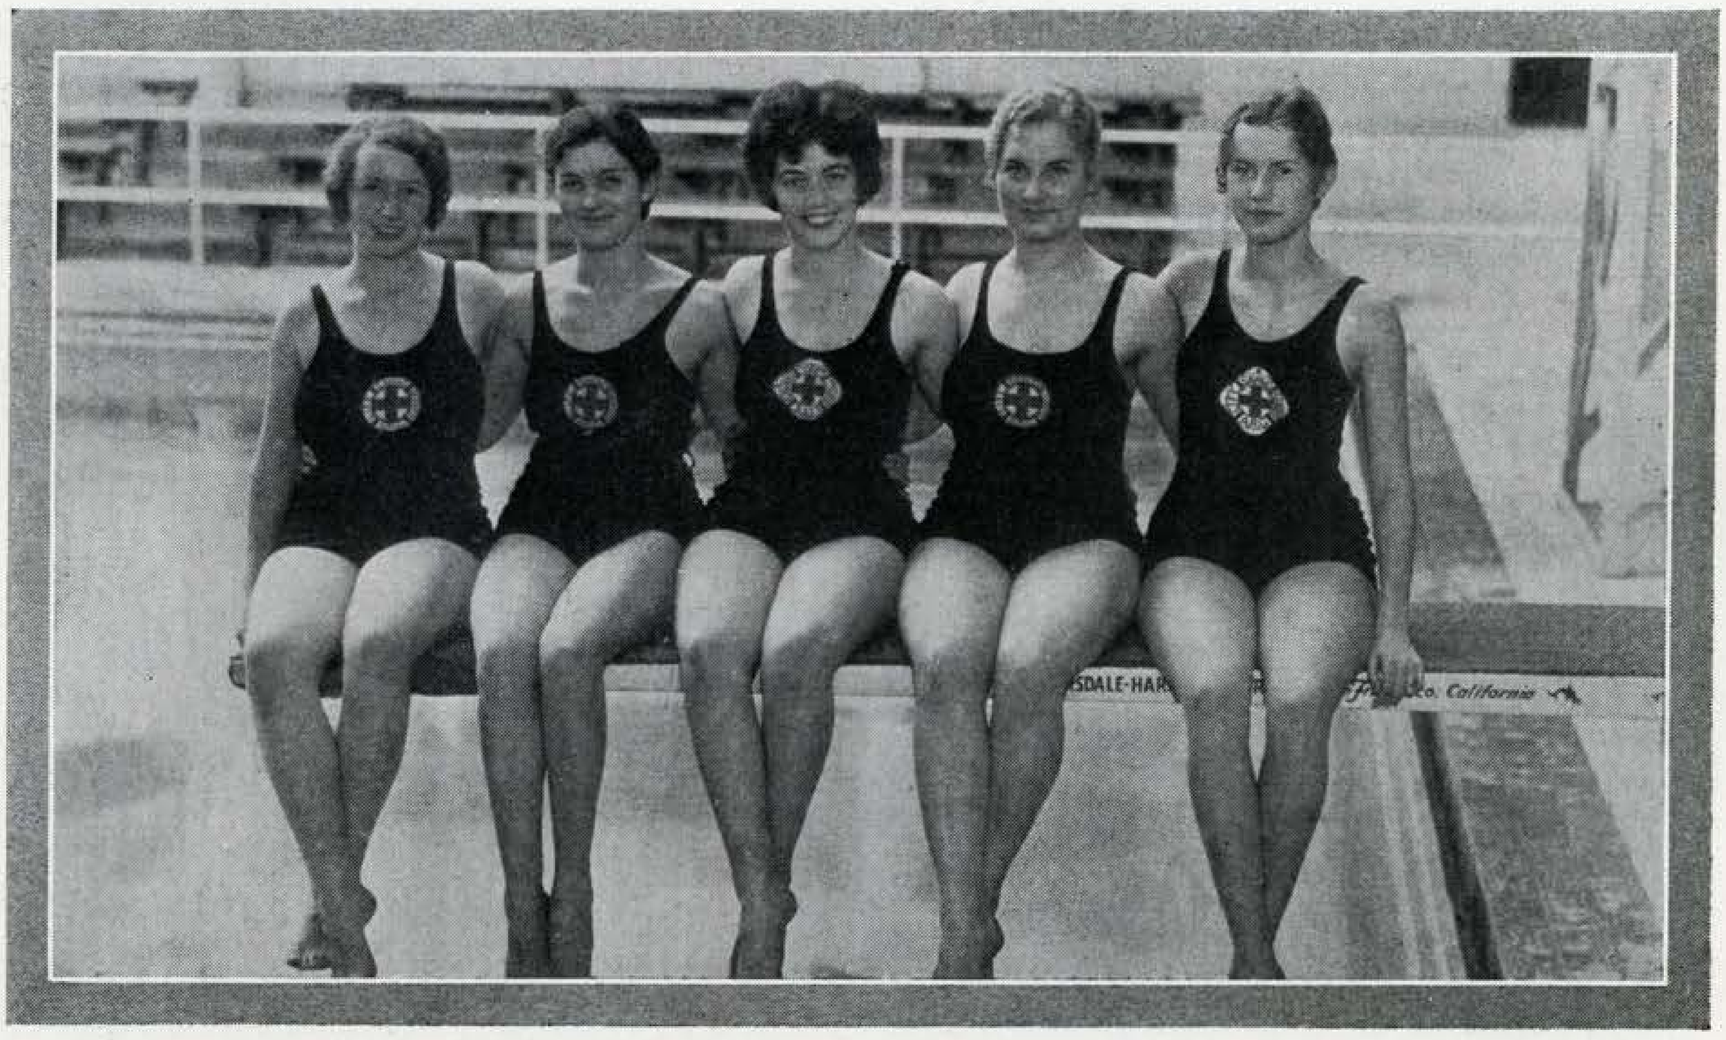

The addition of turf fields on the San Carlos Street practice fields has made the game a great deal more interesting from the standpoint of both the player and the spectator by eliminating dust and the fear of injuries.

Speedball originated in the United States training camps during the World War. It was found to be one of the most healthful of outdoor sports and was soon instituted in most of the colleges as a girls' sport throughout the country.

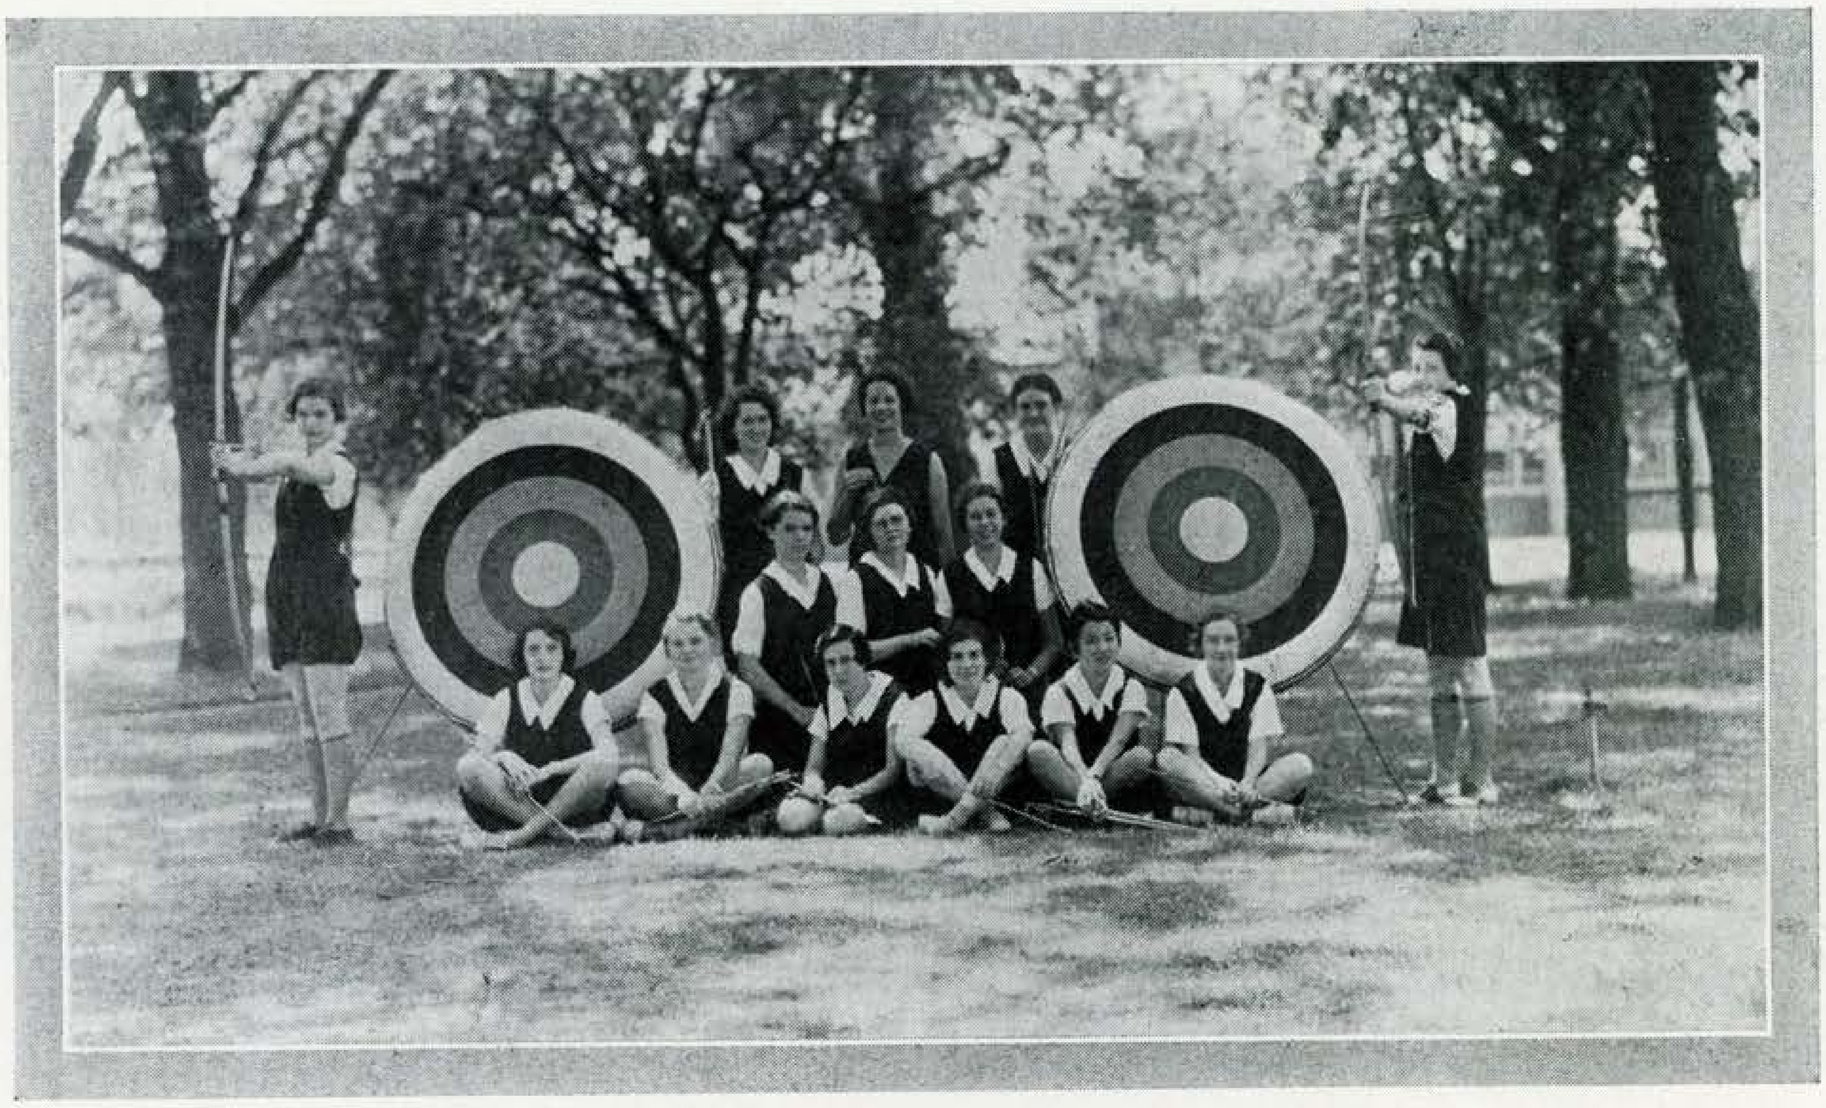

SWIMMING TEAM

LIFE-GUARDS

ARCHERY CLASS

ARCHERY PRACTICE

Baseball

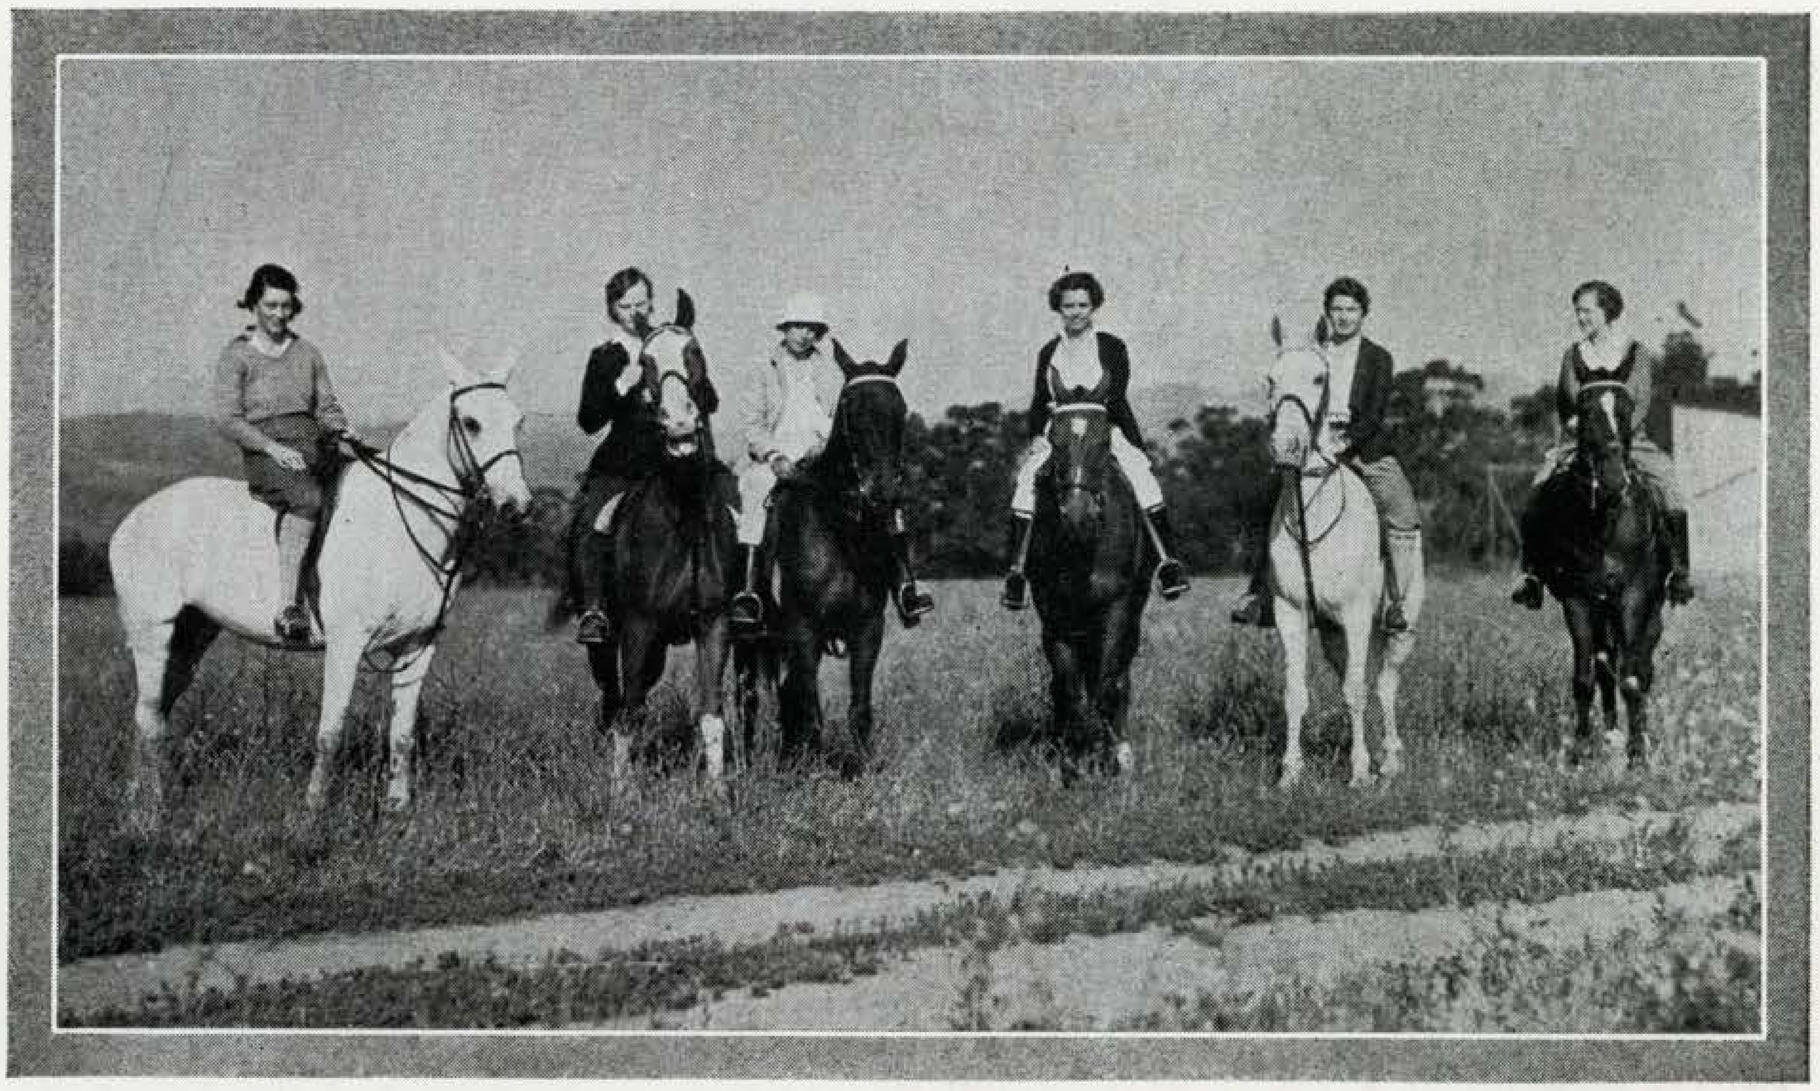

BASEBALL, coming late in the year as it does, makes impossible publication of the final results of the season. Under the able and efficient coaching of Mrs. Templeton, the players are looking forward to an exceptionally interesting season.

Practice is being held every afternoon on the turf diamond, and plans for an inter-class schedule are being drawn up. Baseball enjoys a large following among the students and the games are usually close and hard-fought contests.

College baseball is developing into a faster and more technical sport each year. Many hours are devoted to the technique of the game and to the interpretation of rules. Since teamwork is necessary, daily practice is being held.

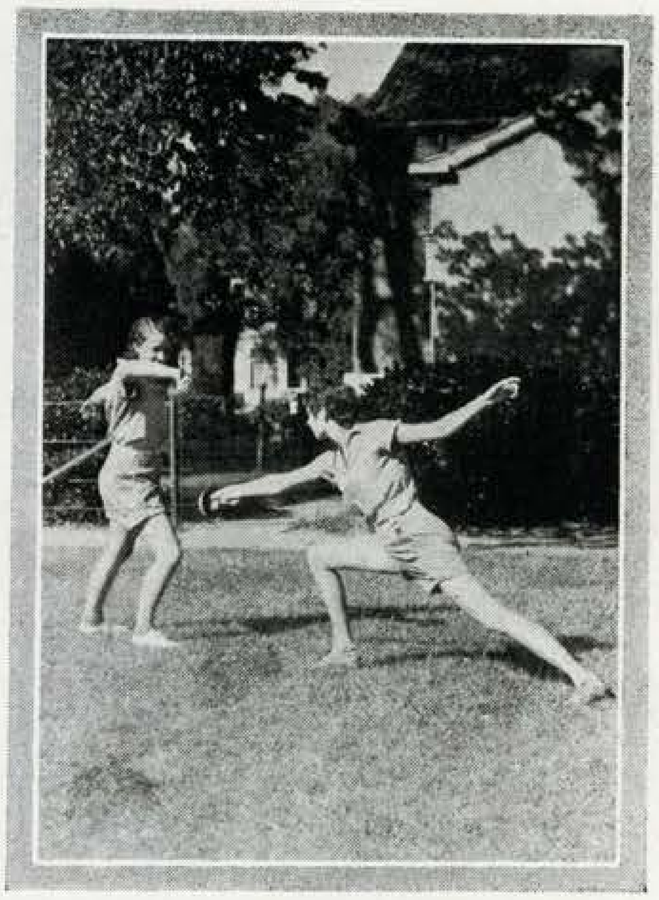

Riding, Fencing and Golf

HORSEBACK RIDING, fencing, and golf all have played their parts in the physical education schedule for girls this year. Horseback riding, since its introduction at San Jose State last year, has enjoyed a great deal of popularity.

Fencing with Italian fleurettes has been a popular course for a number of years. Under the direction of Mrs. Bassler and Mrs. Wilson, regular elimination duels are held.

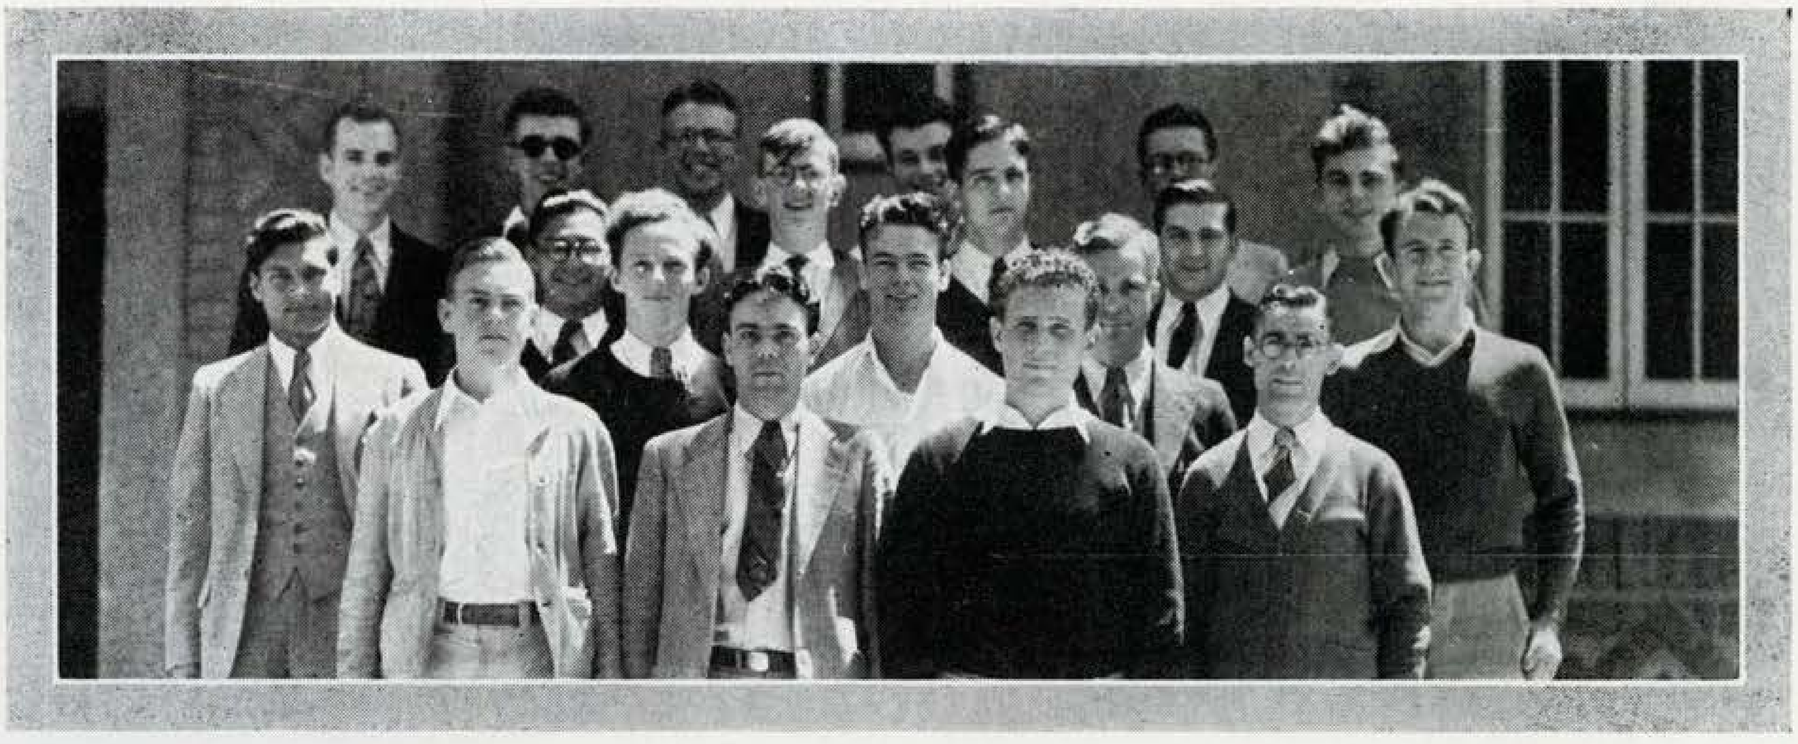

Golf, though only in its second year at San Jose, is an established sport. Classes are held at the Hillview Country Club under the able tutorship of Frank Noble, the club professional. Interest in college golf is becoming nation-wide.

JUSTIFYING its brief existence by a period of active service to San Jose State College, the campus Y. M. C. A. has gained recognition as a now vital part of the college life.

Since its inception on January 12, 1932, unique services to both community and school have been the prevalent incentives for this group. Weekly Chapel Service, a Thursday noon meeting designed for mutual fellowship of students; Boys' Work, in which there are now six groups under a program of character training and building; Forum Groups headed by Dr. James DeVoss and Mr. Fred Morrison, who lead discussion on mutual problems of living; a Deputation Team constitute some of the active programs.

Jinx

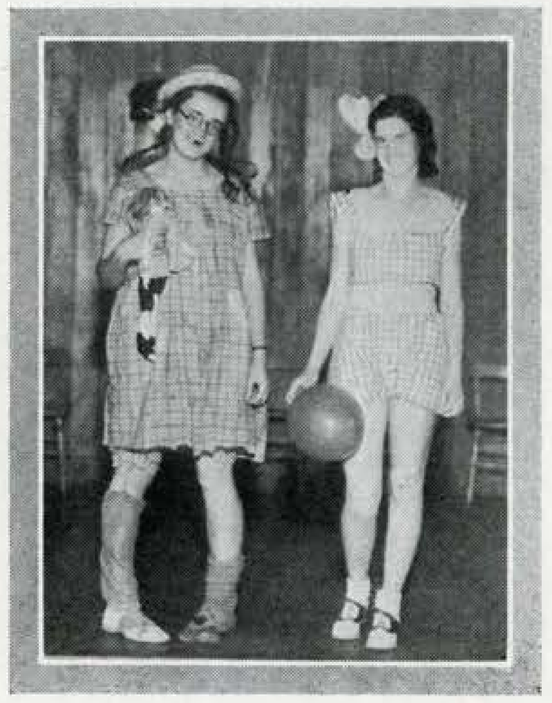

THE Annual Women's Jinx held in the Women's Gymnasium during the month of April brought to a close a year of activities which has proved to have been the most successful in the history of the Associated Women Students. The theme of the evening was a "Kid Party," under the capable chairmanship of Miss Mary Jones.

Decorations, refreshments, and entertainment took on the form of an actual child's party in every sense of the word, including ice cream, cookies, and lolly-pops. Entertainment consisted of Evelyn Hartman's orchestra playing for dancing, and the usual kids' games being played.

Prizes for the evening were won by Ruth Tamblyn, cutest girl; Pat Pace, cutest boy; Alice Schmidt, funniest girl; Mildred Simpson, funniest boy, and Inez Philbrick, prettiest child.

The Jinx is given to stimulate interest in college activities.

Co-Ed Capers

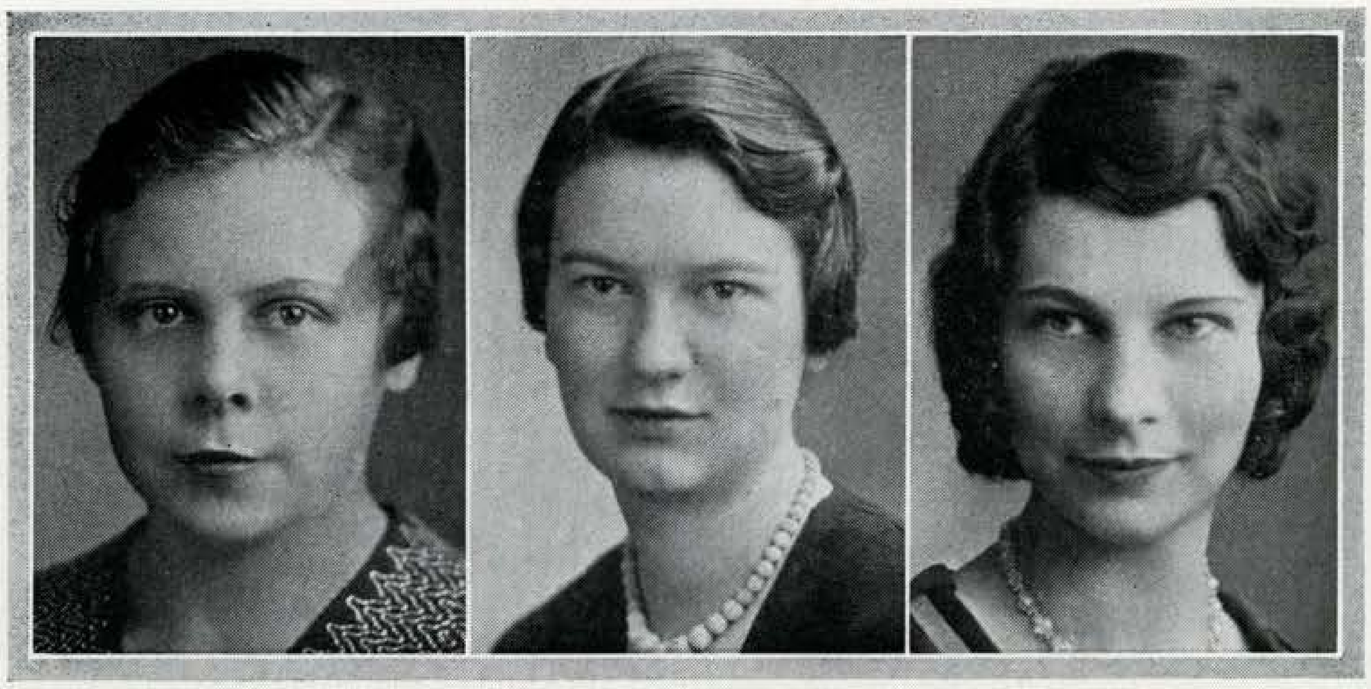

A SUCCESS, both socially and financially, was the annual "Co-Ed Capers," sponsored by the Associated Women Students. This year it was presented in the form of a "Revue," in which all women's organizations on the campus co-operated to make the show a success. Nine acts of amusing and worthwhile entertainment, featuring a revue of Spain, France, Holland, Scotland, Russia, Japan and the United States in colorful costume, singing and music, provided a complete evening's entertainment.

The purpose of the production was to raise money for the Student Loan Fund, and the proceeds of the affair, one hundred and seventy-five dollars, were turned over to this worthy fund.

Miss Adah Mae Rhoads, as acting vice-president of A. W. S., took full charge of this year's presentation. Her efforts deserve great credit.

W. A. A. Executive Board

ONCE AGAIN the Women's Athletic Association brings to a close a very successful year of activities.

The first progressive step of the year was the abolishment of the point system for awards; in doing so, the W. A. A. has carried out the aim of the Athletic Conference of American College Women which is: awards based on participation rather than points. The next step was the changing of awards to carry out this plan. These awards are: W. A. A. pin for three-quarters participation; Block Sweater awarded to Junior and Senior women who have been outstanding in participation and technical skill; blanket awarded to outstanding Senior wearer of the sweater.

Summing up the work of the year, we find: The Tea-dansant, a lovely afternoon affair given for all women students; the Christmas Banquet, the traditional formal banquet given during the holidays for the women; a Matinee Dance, which was given for both men and women students, this being the first affair of its type to be given on the campus and which proved to be a decided success. The Sport Banquet brought to a close the successful season of volleyball and basketball. Playday was held with Stanford—a Basketball Playday—in which eight teams represented San Jose and Stanford, with four playing at Stanford and four here on the campus. The games culminated in a banquet and entertainment. A Swimming Party was given for both men and women, which was followed by games and entertainment. Play Day, the annual Spring Play Day, brought together San Francisco, San Mateo and San Jose. At a Spring Sport Banquet officers for the next year were elected. Aside from these activities, W. A. A. has started a Student Medical Fund.

THE second year in the history of the International Relations Club has proved both enlightening and entertaining to its members. The club concerns itself especially with the discussion and interpretation of current events, but also deals with recent historical events which have had a bearing upon the present political, economic, or social status of the world in general.

However, the club does not always concern itself with such serious matters entirely. Several social evenings have been held during the year, possibly the most entertaining being that of the "trial" of certain delinquent members of the organization.

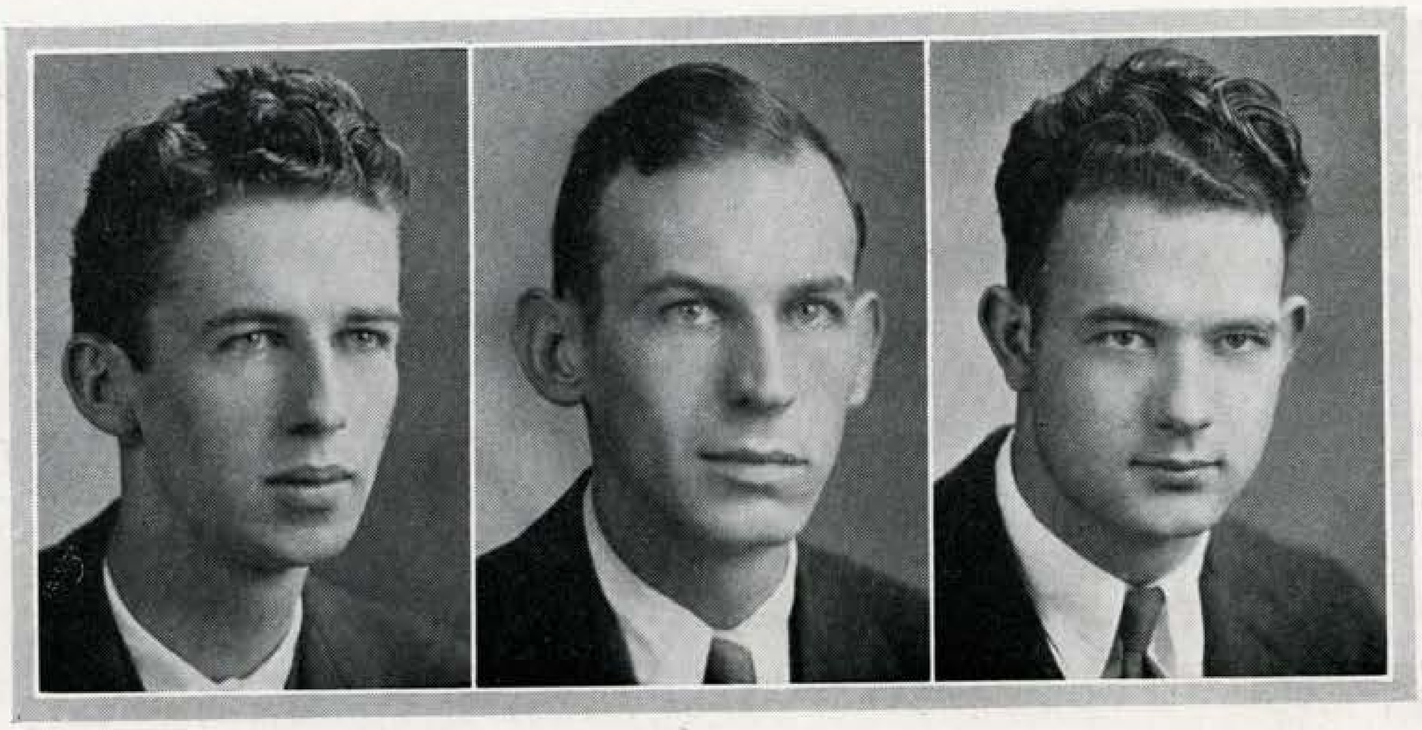

EVENING

The glitter of stars against an onyx sky, and amber lamplight lying along a gravelled drive to lose itself in the pale translucence of rose-blossoms at night. A strain of soft music fading into the whisper of tall trees stirred by the first breeze of evening . .

THE Delta Theta Omega Fraternity was organized in 1926 by a small, selected group of San Jose State College men. These men were all motivated by the mutual desire to establish a fraternity founded upon the ideals of a true brotherhood between college men.

Since this time the Fraternity has become prominent for its work, activity, and quality of membership. Men are taken into the Fraternity for their personal qualities and accomplishments and must live up to certain high standards. D. T. O. men have attained prominence in diverse fields, ranging from athletics to student government.

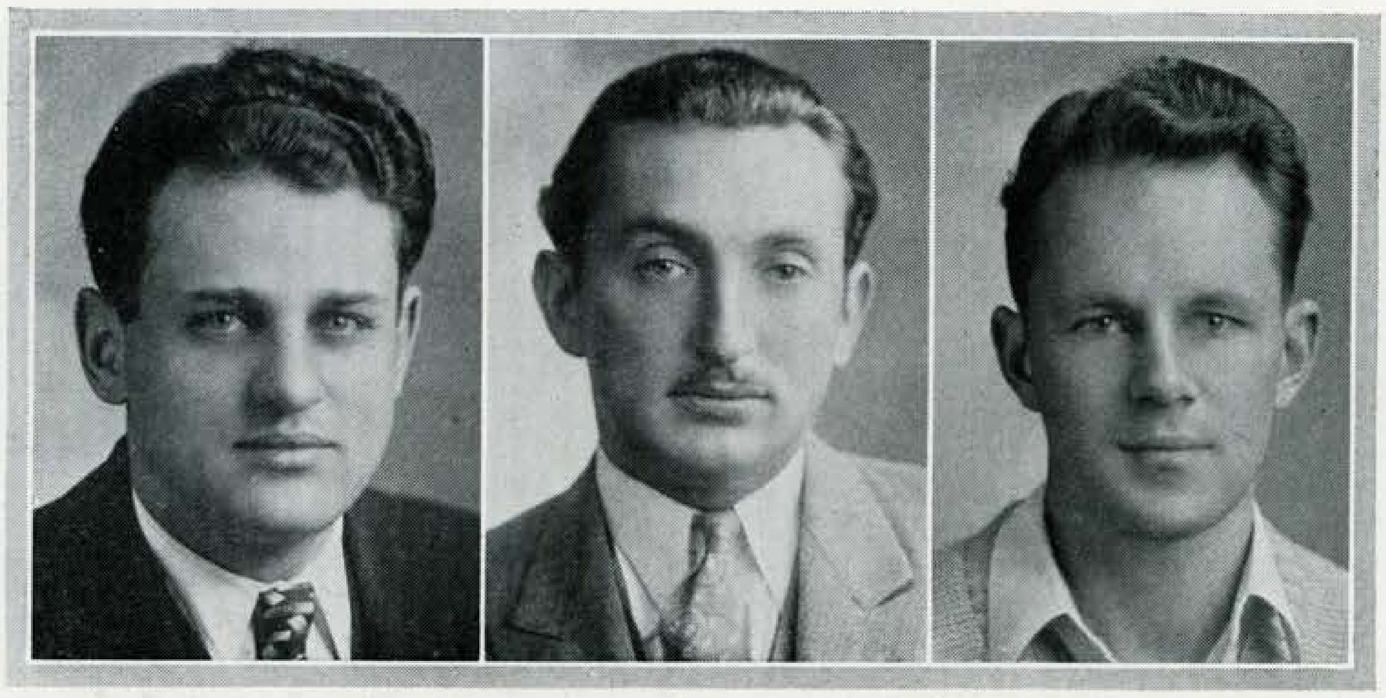

Delta Theta Omega took an important step forward late in 1931, when it came on the campus and was given official recognition as a fraternity of San Jose State College.

The active membership includes the following: Merton Bassett, Harlon Buettner, James Clancy, Norman Countryman, Cecil George, Hugh Gillis, Henry Hamilton, James Hamilton, William Laughlin, Horace Laughlin, Howard Lewis, Kay Lindsay, Howard Nelson, Charles Pinkham, Russell Rankin, Raymond Rhodes, Charles Spalding, Martin Sword, and Leon Warmke.

THE SIGMA GAMMA OMEGA fraternity was the first official social organization to be recognized by the San Jose State College. The fraternity was organized in 1928 by seven prominent students who became a nucleus for a large unit of men representing every branch of the college.

In the four ensuing years Sigma Gamma Omega gathered together a select body of students chosen, firstly for their ideals of fellowship and secondly for their personal contributions to the school.

Today the active members of Sigma Gamma Omega contsitute the largest group of its kind on the campus, and S. G. O. men are to be found in every walk of college activity.

ORGANIZED to promote social welfare and create a higher standard among girls, Lambda chapter of Kappa Kappa Sigma became affiliated with the national sorority in 1929. Engaged since that time in social and charitable work in San Jose, Lambda chapter completed arrangements with national and collegiate authorities and formally entered the campus in the Spring of 1932.

Its program also includes a policy of active co-operation with the activities of the campus and the affiliated organizations of the Associated Students.

BELIEVING that scholastic ability and school activity are worthy of recognition by an honor fraternity, the Tau Delta Phi group, which has been in existence since 1915, has again passed through a successful year in pursuing its objective. During the past year, twenty-three new members have been added to the roll call of Tau Delta Phi as a result of their outstanding achievements both in studies and in service to the school.

The Tower, which has always been the stronghold of Tau Delta Phi, has witnessed an interesting change within its walls during the present year. A radio has been added to the equipment and various articles of furniture have been moved in. Even an electric clock on the wall spells out the hours while the Tau Delta Phi members let the minutes slip by in study or in amusement.

At the close of the present year, active plans are under way in the organization of a student loan fund for members which will be of invaluable assistance to those who are temporarily "pinched". Extensive plans are also being formulated for the expansion of Tau Delta Phi into the other State Colleges of California.

BLACK MASQUE, the honor organization for Senior women students on the campus, was started in the spring of the year 1930 by members of the Associated Women Students' Council. Under the leadership of Gladys Aitken, the society was formed for the purpose of recognizing women on the campus who have done outstanding work in college activities and at the same time have maintained a high scholastic average. Membership in the organization is limited to thirteen members.

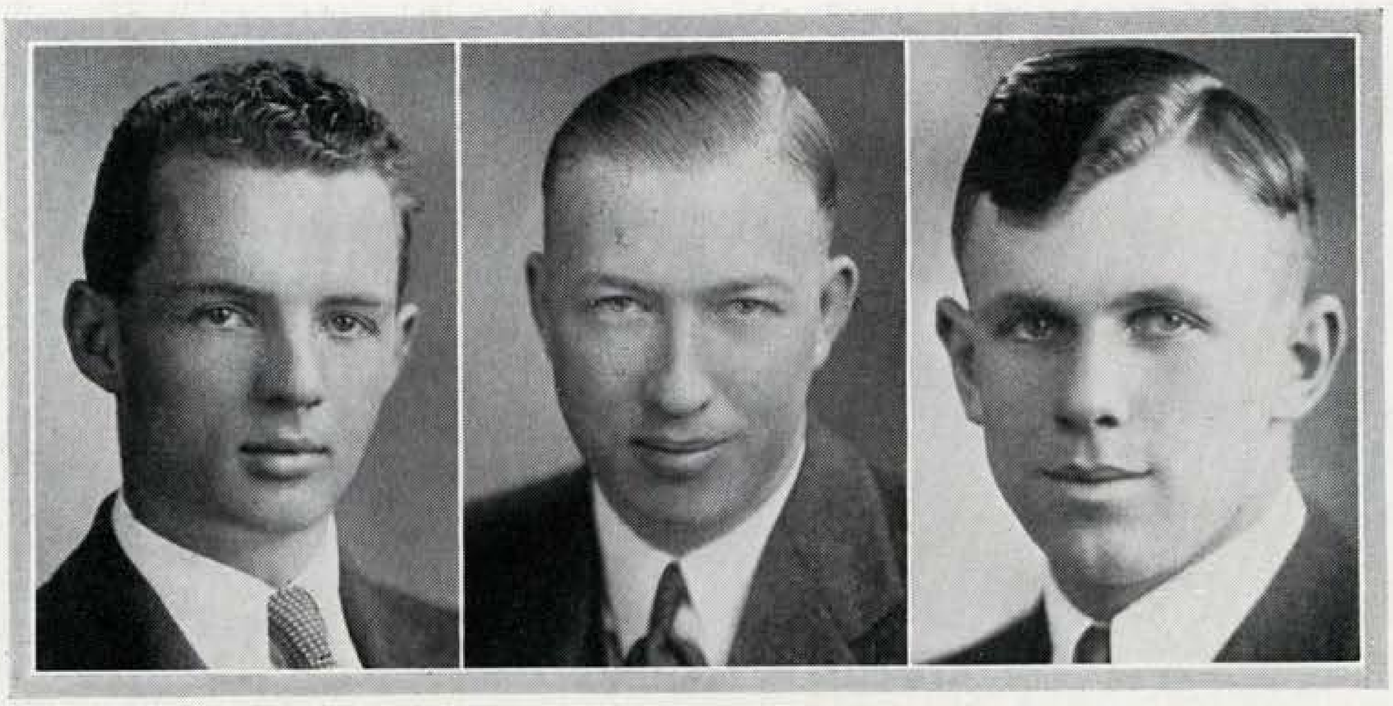

New members are selected from the Junior class at the end of the Spring quarter. At the Recognition Day Services the outgoing members, dressed in the traditional black mask and gown, call the selected members to the front of the assembly. A meeting of the old and new members is held that night in order that the two groups may become acquainted and organize their plans for the following year.

SPARTAN KNIGHTS was started several years ago with a membership of seven of the outstanding men of the college. They have grown steadily and are now the recognized service honor organization of the school. Membership in this organization is obtained through extensive extra-curricular activities.

Men in this organization are pledged to spare neither time nor effort in helping the school, when service is needed. During the Fall quarter the Knights did a splendid job in serving dinner for the men's banquet, and in ushering at basketball and football games. Whether it be serving dinner, ushering or helping the Student Affairs Committee, the Knights have met the situation with a smile. The Knights also participated in the intermural basketball league of the college.

The Spartan Knights are now working out plans for new activities to take place next year. They are determined to carry on the ideals for which the organization was founded.

DELTA PHI UPSILON, national honorary fraternity in kindergarten-primary education, made its first appearance on the campus in 1928 when Zeta chapter was founded. In this college the organization has taken a definite place. It provides a varied type of activity which includes both social and professional functions.

One of the special interests of the local chapter is the work being done for the children at the Santa Clara County Preventatorium for Tuberculosis. The chapter is building a collection of children's books for the Preventatorium, and the chapter members show their interest by telling stories and giving occasional parties for the children there.

TAU GAMMA, women's honor society for majors and minors in the Physical Education Department, has enjoyed an eventful and pleasant year of activities. One of the highlights during the term was a Hallowe'en party given at the Lion's Den in the Eastern Foothills to which all physical education majors and minors were invited. A group of seventy, including faculty members of the department, enjoyed an Italian dinner. Stunts and games formed the evening's entertainment, Miss Gail Tucker giving the group an extra thrill with a real ghost story told in her inimitable way.

An interesting meeting was one held on May twelfth in Room I of the Art Building, with Miss Gladys Gorman guest speaker. Miss Gorman gave a very illuminating talk on summer recreation camps. She had traveled extensively in Russia, Latvia, and Esthonia. Her talk was illustrated with motion pictures of camp life taken at her camp near Lake Tahoe.

Tau Gamma's annual breakfast, held during the month of June, is a traditional event and attended by members and Alumni. It is a scene of renewed friendships and sad farewells. To become a member, a girl must be outstanding in athletics as well as possessing a fine character.

BETA ETA CHAPTER of Phi Mu Alpha, Sinfonia Fraternity of America has taken an active part in the building of a bigger and better San Jose State. This organization is made up of men of the college who are interested in the sponsorship of the manly musician and the musicianly man in America. The chapter has presented two programs in the Little Theater of the college during the past year. One of these was made up completely of compositions written and performed by members of the chapter in honor of Mr. Charles F. Rogers of the University of Arizona, who is Governor of the Western Province.

In December of last year, thirty members of Beta Eta Chapter assisted Mr. Charles E. Lutton of Chicago in the installation of Beta Pi Chapter at the College of Pacific in Stockton. At that time, ten pledges of Beta Eta Chapter were admitted to full membership into Phi Mu Alpha. All for the betterment of music.

Tau Mu Delta

TAU MU DELTA, a professional music sorority, was organized in November, 1931, to bring together the music majors of the college who are outstanding in musicianship and performance, and who have obtained a high scholastic standing.

The purpose of the sorority is to sponsor good music on the campus and to participate in worthwhile musical projects of the college.

Though as yet a comparatively new organization in the musical life of the college, Tau Mu Delta has been recognized as an integral part. The members have already been feted at a series of teas given by people of the community to show their interest in the group and their wholehearted support of its endeavors. Soloists and ensemble groups of the sorority presented musical numbers at many of the teas.

Other social functions in which the group participated were the parties in honor of their pledges, and a subsequent formal initiation.

All the members have been prominent individually during the last few years in campus musical activities, as soloists in the Musical Half Hours, other recitals, and as members of the State College Symphony Orchestra.

IOTA SIGMA PHI, an honorary organization for Industrial Arts Majors, ranks with most of the other campus fraternities in point of age, and it enjoys the distinction of being one of three such societies in California.

Its purpose is to create a closer bond between the men in the Industrial Arts Department, and it serves to stimulate what might be termed "Shop Morale". The society has been active in the Inter-Fraternity Council and in Inter-Mural sports.

SINCE its inception into the college, Delta chapter of Sigma Kappa Alpha has made its own unique contribution to the number of successful college activities by bringing in worthwhile speakers. Two of the most outstanding men brought to the college during the year were Herr Fischer, a representative of the Hungarian National Railways, and Dr. N. Wing Mah, scholar and authority in Far Eastern affairs.

Another interesting activity of the society was the collaboration with the International Relations Club in sending representatives to the Model Disarmament Conference at Stockton. Several of the State's colleges and universities sent representatives to this conference.

Several delightful teas and socials were also held during the course of the year; these providing a splendid means for a more unrestrained association between faculty and student members.

THE NEWMAN CLUB, an educational and social organization for all Catholic women on the campus, opened the fall term with a reception for all Freshman girls, which proved to be one of the most delightful affairs of the season.

Among other successful events of the fall season were: The Open House, a formal dance, and a bridge tea, both of which added to the enjoyment of the guests.

Spring activities of the Newman women were begun with a most delightful sport dance held in their club house on South Fifth Street. An annual spring breakfast brought to a close their spring season. Meetings during this year were held on alternate Tuesdays at the Newman Club, where business and social activities took place.

The Newman Club is one of the most outstanding organizations on the campus and one of the oldest. All Catholic women are invited to become identified with this interesting organization.

Vice-President	Susan Tallmon	*Vice-President*	Elda Beth Hamilton
Secretary	Marion Ries	*Secretary*	Leona Lassen
Treasurer	Halley Cox	*Treasurer*	Vivian Worthington
Reporter	Charlotte Howard	*Reporter*	Marjorie Collis

THE SKYLIGHT CLUB was formed in January of this year by the Junior and Senior art majors to foster a deeper appreciation of art, to develop a professional attitude, to further mutual friendships among its members, to guide lower division art majors, and to be of service to the college in its various activities. The members of this organization, through the lectures given each Monday noon at the regular club meetings, are in contact each week with professional people who are already established in their line of work, and this is an incentive for the members to strive for higher accomplishments.

During the winter quarter, the organization held a Valentine luncheon in Room 1 of the Art Building. Much credit for the success of this was due to Halley Cox, Antoinette Zillmer, and Fanny Archer. Then, in March, a Semi-formal Dinner was held at the Hotel De Anza, with Ruth Green, general chairman, ably assisted by Betty Bruning, Charlotte Howard, Miriam Twyman, Alice Triganza, and Marjorie Collis. In the Spring quarter, a Bohemian party was held in honor of the new members.

The Skylight Club hopes to establish the tradition of the serving of tea and cool drinks during the final examinations of each quarter.

SMOCK 'N TAM SOCIETY was organized several years ago among students of the Art Department of San Jose State College for the purpose of furthering social relations among the art students. The club is, however, intended for more than purely social relationships. It aims to interest the students in art and beauty as they find it outside of the classroom, and to further the artistic ideals of the students. The activities of Smock 'n Tam are extended as much as possible with these ideas in mind. Smock 'n Tam also is intended as a service club in the school. This includes making posters for various campus events, decorating for social functions, and serving in any capacity where artistic ability is needed.

During the past year Smock 'n Tam has been very active in various ways. Notable among these was the decorating for the Christmas dance given by the student body. Numerous teas in the Art Department were given by Smock 'n Tam and it was at one of these that an interesting talk was given by Mr. Hugh Gillis. During the Winter quarter, the club gave a dinner at the Hotel Italia. At the present time the society is planning a series of sketching trips for the members.

SPRING QUARTER

President ..... Hugh Barry
Vice-President ..... Howard Gawthrop
Secretary-Treasurer ..... George Russell

THE CURRENT year has been outstanding in the history of the Pre-Legal Club. With popular and competent officers at the helm, it has more than upheld the purpose and ideals of the organization.

Frank Covello was president of the club during the Fall quarter and, under his leadership, a highly successful dinner meeting was held. Judge Syers was the speaker and the club received many valuable ideas. Dr. Poytress and Mr. Harrington of the faculty were present and gave short talks. In the Winter quarter Eugene Rendler was elected president and during his term of office a number of interesting group discussions proved to be of equal value to the members.

A new constitution was adopted in the Fall quarter that will enlarge the scope of the club's activities in the future. The Spring quarter, with Hugh Barry as president, was climaxed by a fine dinner meeting. Hugh Center, a prominent young San Jose lawyer, was the guest of honor. He proved to be an excellent after-dinner speaker, having a large store of interesting cases which he told in an amusing and unique manner. The evening formed a fitting climax for the year.

THE MEN's physical education major organization was formed a year ago by a group of men students interested in physical education work. The purpose of the organization is to foster a better spirit of cooperation between the men in the department; to enable them to work more efficiently by being able to express a unified opinion; to foster a better spirit of fellowship; and to secure the active membership of every physical education major enrolled in the college. Membership is open to any physical education major who is in good standing scholastically.

THE MAJOR activities of the French Club this year have been the attending of a French movie in San Francisco, "Sous Les Toits de Paris", the bringing of the cinema "Le Million" to the California in San Jose, and the producing of two French plays on the campus, "Le Retour du Marquis", and "La Faim est une Grande Inventeur."

Der Deutsche Verein

OFFICERS

President.....Burr Burbank
Vice-President.....Walter Recksiek
Secretary-Treasurer.....Arthur Schilder

Der Deutsche Verein, welcher während der letzten drei Viertel die Unterstützung jedes einzelnen Mitgliedes erworben hat, führte zu manchen fröhlichen Stunden.

Die ersten Versammelungen fanden in der schönen Wohnung des Lehrer's Herr Newby, stadt und andere in der Schofield Halle, welche durch die Gute des Frauleins Eberts geliefert wurde. Die Abende wurden in genütlicher Weise durch Reden, Tanzen, und Musik verlebt. Einige deutsche Studenten hatten ein gutes Orchestra gebildet. Andere deutsche Studenten gaben einige Lustspiele. Herr Newby zeigte uns viele schöne kinematographische Aufnahmen, die er in Deutschland photographiert hatte. Alles ging sehr lustig.

Die letzte Versammelung war ein Ausflug in den schönen Bergen in der Nähe von San Jose. Auch wurden in alle Versammelungen geschmachsvelle Erfrischungen serviert, und alle haben sich sehr gut unterhalten.

Der Verein ist auch nach San Francisco gefahren um den Film, "Zwei Menschen" anzusehen.

Faculty Adviser	Miss Clara Hinze		

THE JAPANESE CLUB of San Jose State College was organized in October, 1931, and was officially recognized as a college organization in February, 1932. The club aims toward fostering a better friendship between the American and Japanese students in college, toward stimulating interest of its members in student body activities, and toward unifying and molding together the Japanese students of the College.

The club was very fortunate in securing Miss Clara Hinze as adviser. Her sincere interest and her sympathetic understanding of the Japanese and their ancestral background have contributed much toward her smooth-running advisership of the club.

Highlights of the activities were the Pre-Holiday Party in December, and the presentation of a Japanese exhibit in March.

The Spanish Club

OFFICERS

President ..... Pauline Guida
Vice-President ..... Richard Silva
Secretary-Treasurer ..... Frances Mannina
Reporter ..... Eleanor Enrione
Faculty Adviser ..... Meta Goldsmith

THE SPANISH CLUB is composed of students interested, chiefly, in furthering their Spanish contacts and fluency of speech. The purpose of the club is to create an interest in the Spanish culture which creates a feeling of international tolerance, a thing to be desired. The membership has tripled itself this year, there being over seventy-five members enrolled, which goes to show that the club is proving a tremendous success.

Among the interesting events of the year was a trip to Sunnyvale to see the Spanish talking picture, "Oriente y Occidente". Another delightful affair was a party given during the winter quarter at the home of Mr. and Mrs. L. C. Newby, where a Mexican display was arranged and described by Mr. Frank Chalfant, professor in the Modern Language Department. At this time, a very clever skit was presented by the fourth year class. The Language Department is now sponsoring the showing of foreign pictures at the Hester Theatre.

AN ORGANIZATION devoting its time to the furtherance of good brotherhood between nations, and to make foreign students in this institution feel entirely at home, is a true description of the Cosmopolitan Club. This club is one of recent founding, but, in spite of its "youth", it has done much to carry out its ideals. Members of the organization are drawn from practically every nation of the globe, meeting regularly to discuss with a true brotherly spirit the problems of the world pertaining to their purpose.

An organization with altruistic ideals and sentiments, the Cosmopolitan Club is growing stronger both in membership and execution of purpose.

Masquerade

Our life is just a masquerade,
Our face is just a mask;
Our inner self does not parade,
Though it calls us oft to task.

The funny things that life prepares
Are often just a test.
What other thing on earth compares
When we are at our best?

We all wear masks of different hues,
And some have trappings gay.
What's underneath may be "good news,"
But we dont want to say.

So masks of splendor and trappings bright
Count not upon this earth;
They'll all be left behind in flight—
The masks we had at birth.

"Dave, whom do you love?"

"Nothing can come between mother and sons."

Looking Back

THERE is nothing less original than heaping praises upon the organization with which you happen to be connected. Neither is there anything much less inspiring to yourself or to others. Of much more value is the tabulation of things accomplished and things not accomplished, thereby setting a standard for further development rather than resting on one already reached.

With this in mind, the following achievements for the year 1931-1932 are listed:

1. An enlarged season of seven instead of six major productions.
2. Well produced plays of a higher standard than heretofore attempted.
3. A larger membership and all kept active in the club's work.
4. An efficient, idealistic, financially successful administration of student officers.

Now balance against this the short-comings of the organization for the past year—short-comings which will be remedied as soon as possible.

1. Lack of student body contact through one-act plays and skits.
2. Lack of community service by not taking plays out into the community to those unable to come here to see them.
3. Every person desiring to act not being able to do so because of lack of available roles.
4. Lack of development of a Children's Theatre division.

It can readily be seen that the shortcomings have been because of concentration on keeping a heavy season afloat in a time of general curtailment of such activities as dramatics. For this lack of broadness and far-reaching vision, the Administrators of the club hold themselves to blame. However, the mistake is one which will not be made again.

It is hardly possible to look back over a year of such concentrated activity without becoming instantly conscious of individuals. To the layman, dramatics is the job of "putting on a show." Little does he realize the terrific amount of hard work and co-operation necessary to do just this thing. In this field—by far the greatest of the club—it is the individual which counts. All members have given their services, but some deserve to be remembered at the passing of this year for sincere and unqualified support of the ideals and activities of the group. The list cannot be complete, but from the top we should certainly mention:

Among our graduating members, Howard Nelson, President of the club and for two years a member of Ex-Board; Edith Slade, member of Ex-Board; Isabel Wallace, member of Ex-Board.

George Greenleaf, one of Players most efficient and hearty workers.

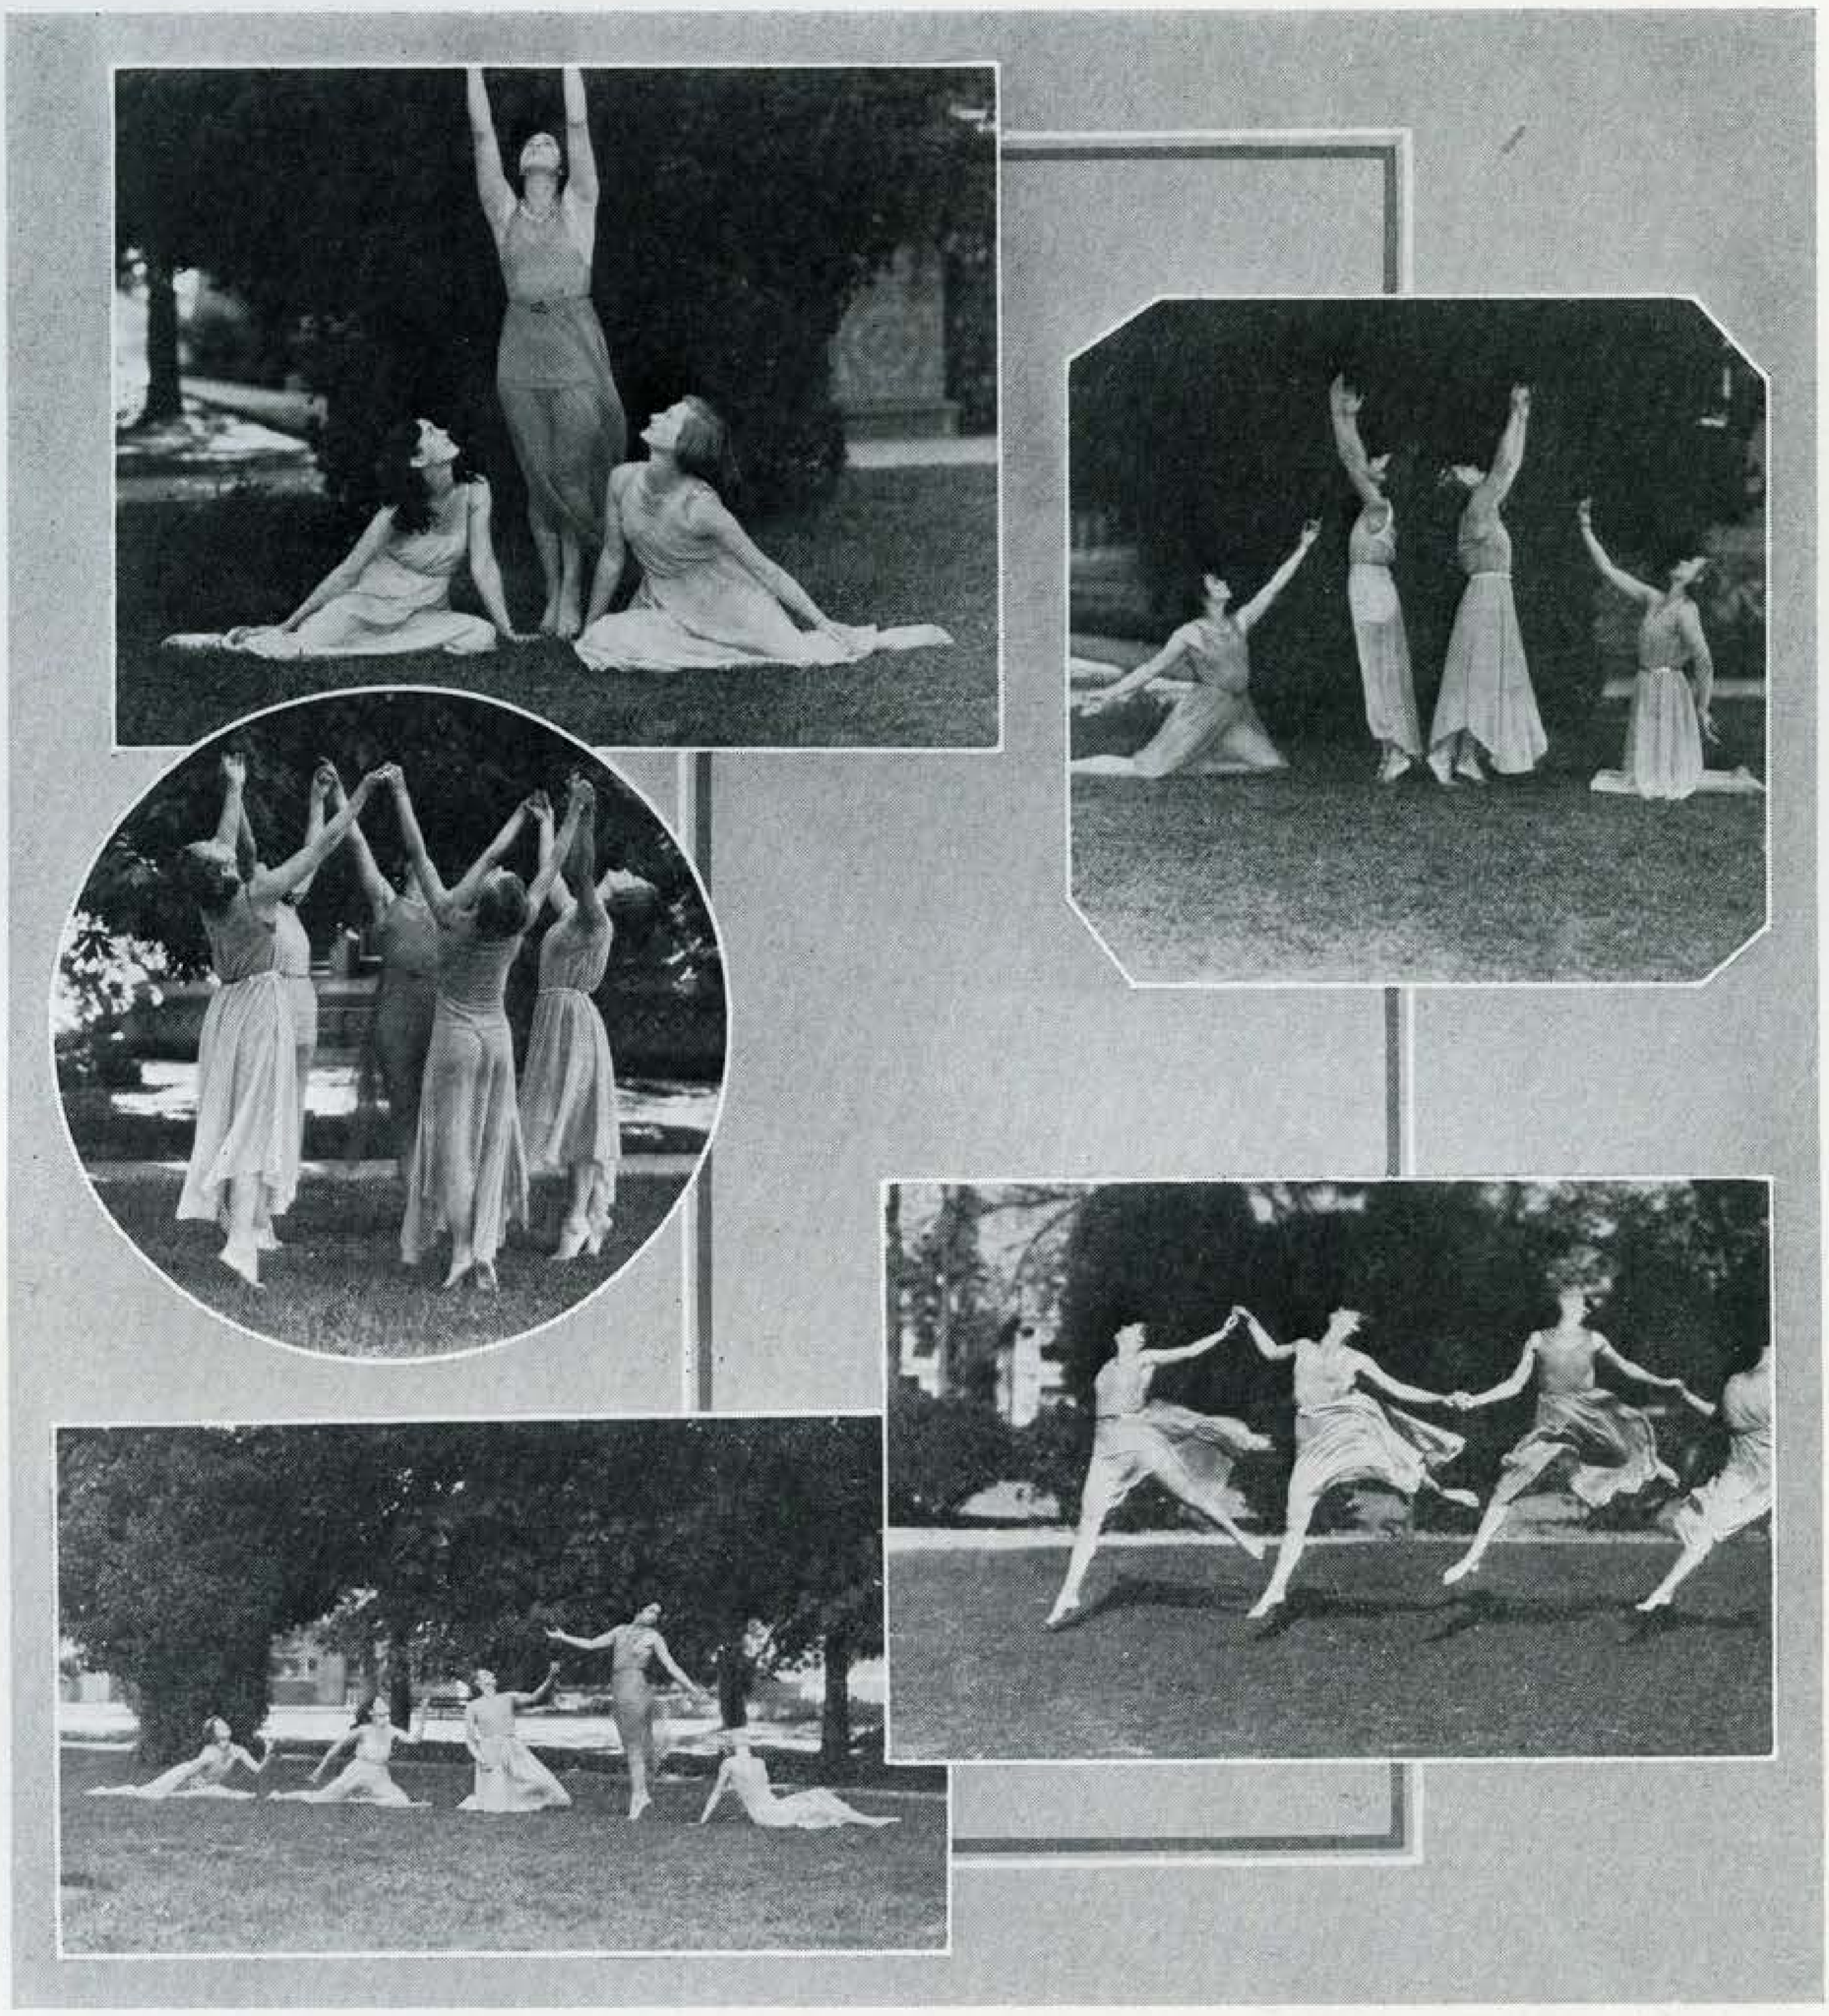

The year just finished marked the first attempt at bringing back old members of the school and club to participate in one of the season's plays. Those who responded, thereby showing that their memories and attachments for State were worthy and binding ones, surely left with "Outward Bound" an ideal of production to work toward.

Surely 1931-1932 has marked a big step toward a bigger future. It is with pride that one can say "*We* did it, *we* made our mistakes, *we* will profit by them." It is with pride that I have the opportunity of signing myself Coach of San Jose Players.

HUGH GILLIS.

May we who have worked on the productions in the past extend our hands to those who will work on them in the future and wish them these things: courage, clear sight, a large heart, and a glory in the work they are doing.

TO HARMONIZE speaking voices into a symphony of tone color is the aim of the Verse Speaking Choir. It has accomplished some beautiful effects in its efforts of the past year by blending voices and varying rhythms. Their repertoire is extensive and the poems they have chosen lend themselves easily to individual interpretation within the group. The choir has answered demands for appearances and reappearances in most of the cities of the Bay district. By a week's tour of Southern California, where they were sponsored by college and cultural groups, the choir has established itself as the most competent Verse Choir in the United States. San Jose State is proud indeed to recognize these harmonizers of rhythmic speech.

Spartan Glee Club

THE SPARTAN GLEE CLUB, under the capable direction of Mr. George Matthews, has again successfully passed through another year of musical activity. During this year, the Spartan Glee Club's eleventh season of ensemble singing, the group has given a number of excellent programs, both for the college and for the general public. Since 1921, when the Spartan Glee Club was organized, it has attempted to fill a long felt need in the college and the community for a high type of group singing.

Early in the winter the Spartan Glee Club presented its first informal concert before a student assembly, which was their initial appearance of the season. Since that time they appeared at the Musical Half-hour. One of the outstanding features of the program at the Electrical Exposition, sponsored by the Pacific Gas and Electric Company during April, was a formal concert which the Spartan Glee Club gave. The Club has also sung both at the Fremont High School, and over radio station KQW on the inaugural broadcast of the Civic Concert Series which, during the Spring quarter, has featured the San Jose State College.

The climax of the season was the formal concert given June first to the general public, and with that concert, the Spartan Glee Club closed another season of entertaining male choral singing.

Bel Canto Club

THE BEL CANTO CLUB has completed its seventh season. The personnel was almost entirely new this year, a fact which necessitated unusually hard work to prepare for the numerous programs given. Outstanding among these was the costume group of Russian songs, first given at Co-Ed Capers and later repeated at International Week and at the First Presbyterian Church in San Jose; at the Palo Alto Community House, under the auspices of the Harker School; and for the Mountain View Chapter of Eastern Star.

The final concert of the year took place in the college auditorium on May twenty-fourth. It included several choral groups, one of which was a costumed presentation of the *Toy Symphony* of Franz Haydn, and a song and minuet in honor of George Washington. The soloists on this program were Miss Doris Kinne, violinist, and Mr. Stephen Merrill, tenor, a national winner in the Atwater Kent Auditions. The program was repeated in part for the San Jose Chapter of Eastern Star and was later broadcast over station KQW in a series of musical events sponsored by the Merchant's Association.

The club has given a formal social function in honor of its new members each quarter and has contributed music generously for affairs of college and city society. The year closed with a luncheon on Home Coming Day, when Bel Canto alumnae were entertained by the club.

The organization is making many unique and interesting plans for the ensuing year.

Symphony Orchestra

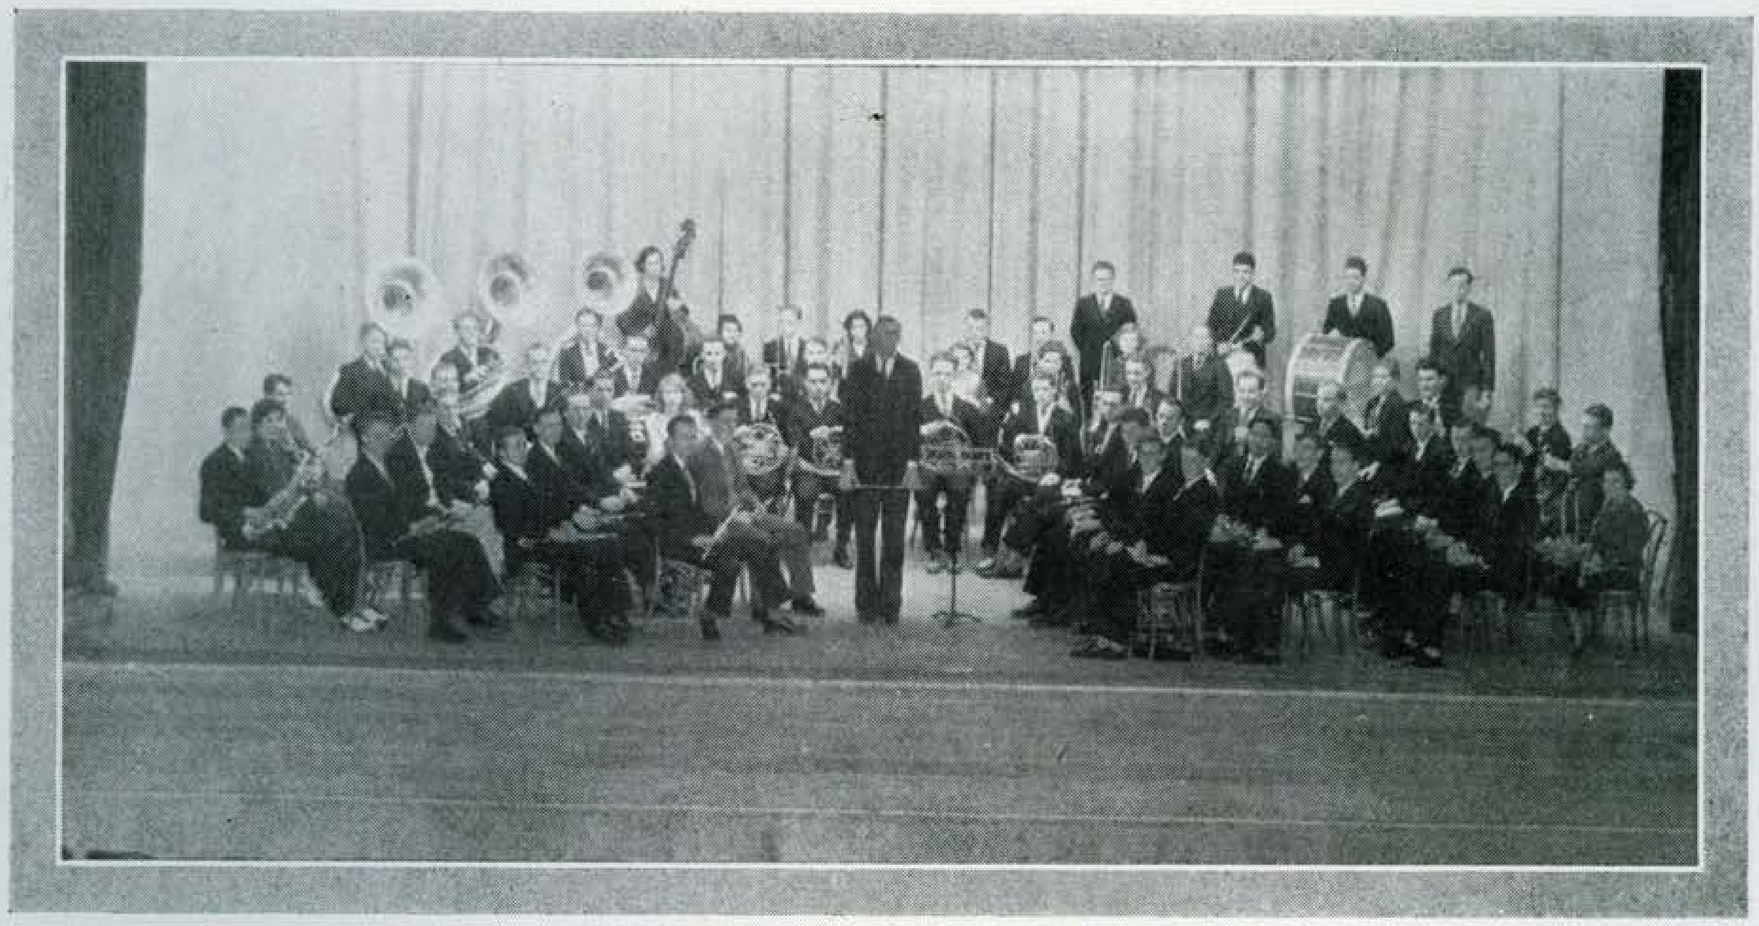

ADOLPH W. OTTERSTEIN, *Conductor*

FRANK TRIENA, *Concert Master*

DURING the past year the State College Symphony Orchestra, of more than one hundred regular members, has carried on another of its very successful seasons of symphony music. Two years ago, under the very capable direction of Mr. Norvo Church of Columbia University, the symphony orchestra was rapidly built up to nearly its present size. Later, when Mr. Church returned to his home University, Mr. Adolph Otterstein took up the baton and carried on the good work. The orchestra increased not only in size and in quality of production, but it has also built up a steady and enthusiastic patronage of music lovers.

Three times during each school year, at the end of each current quarter, the symphony orchestra gives its free formal concert at which it gives to the public the world's favorite symphonic selections in a truly professional manner. The orchestra's audiences have continually grown until now an anticipating audience not only fills all the available seats but over-flows into the aisles and patiently and willingly sits there throughout the concerts.

Katherine Green, student pianist, was guest soloist for the Fall concert, and Harriette Harrington, soprano, was the soloist for the Winter concert; both artists were given enthusiastic ovations.

THE SPARTAN BAND is one of the most active of all the organizations on the Campus, for throughout the entire year, it represents the school in various activities. During the football season, the Band faithfully and enthusiastically goes out with the team and supplies the players with backing and encouragement as only a band can do. During the annual Fiesta de las Rosas, the Band represented the school in the grand floral parade and, in doing so, marched close to seven miles and played during the greater part of the time.

At the campus also, the Band has been far from inactive. It has appeared at many of the rallies for the athletic teams, as well as having appeared in one assembly in its own concert.

Early in May the Band appeared at an evening concert, which was open to the public, and which was a marked success. The members had worked conscientiously toward the success of that evening and they were well repaid for their efforts. At the concert, Elwyn Schwartz, cornetist, was the soloist of the evening. The Spartan Band has an even greater program of activities outlined for the coming year, and it will without doubt benefit the students and their activities.

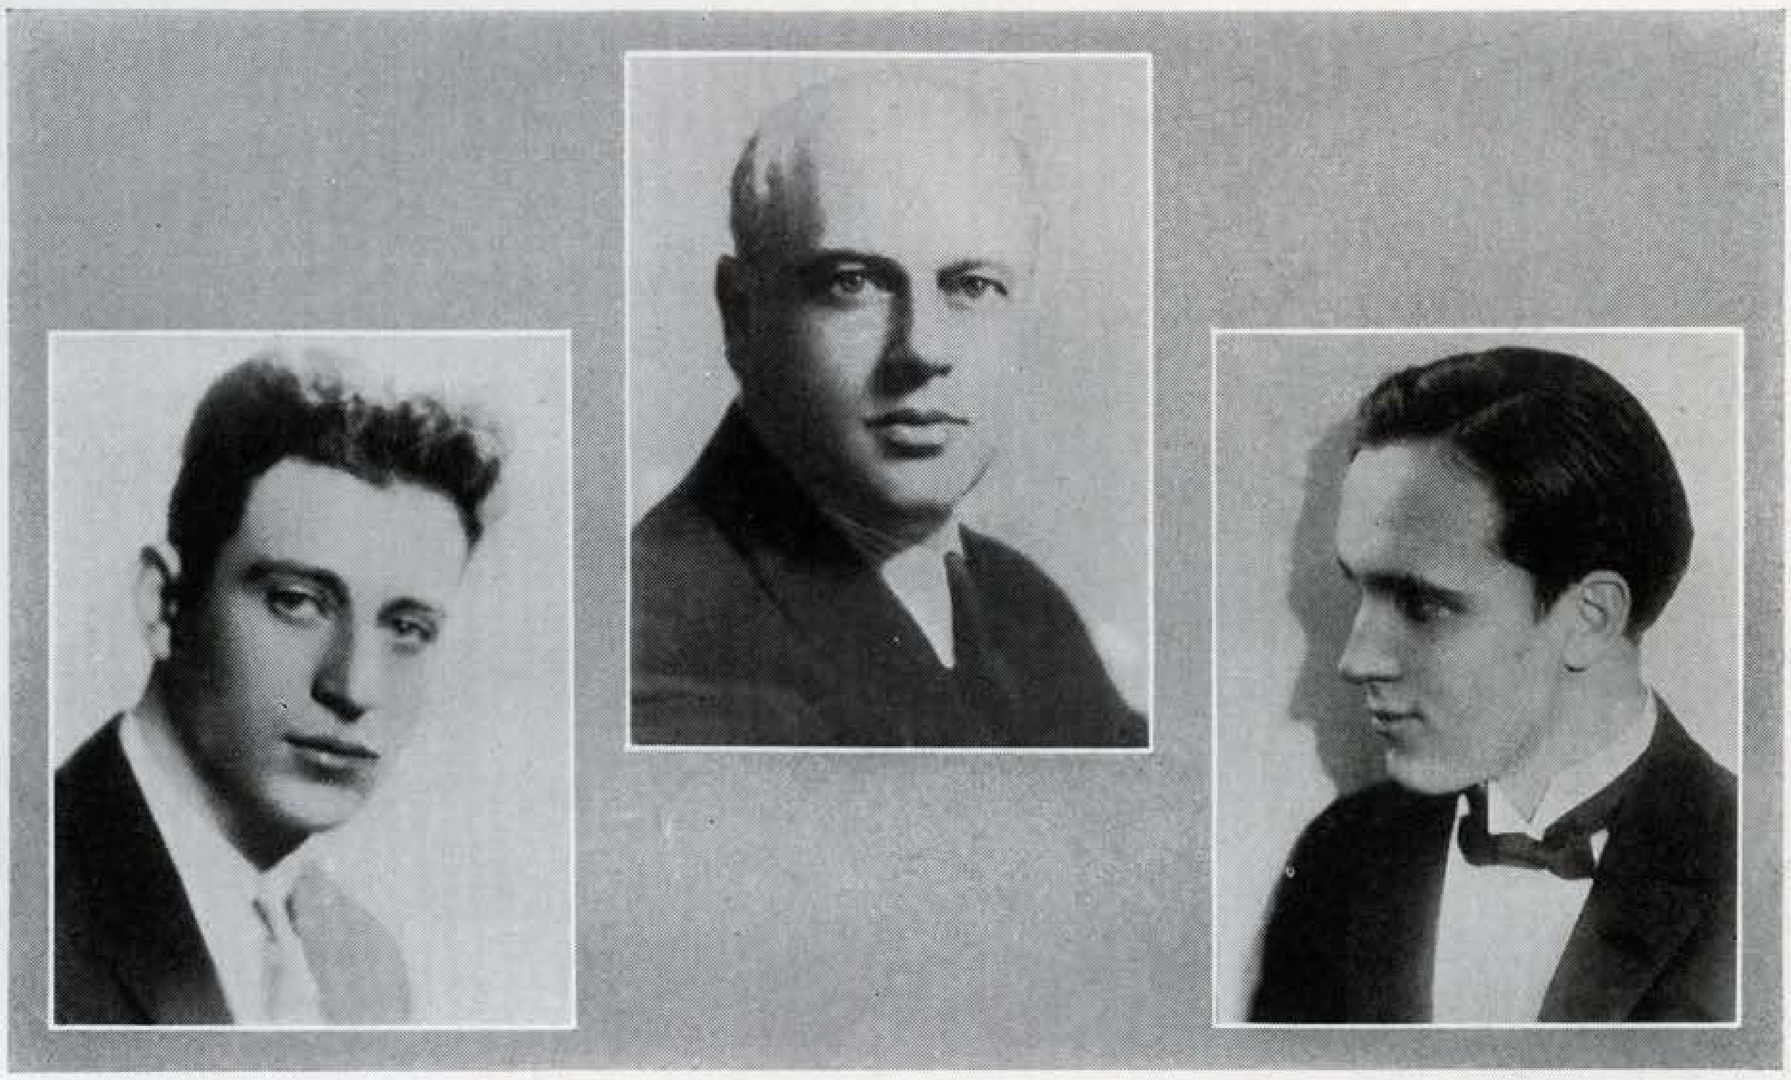

A Capella Choir

WILLIAM ERLENDSON, *Director*

A new activity in the Music Department this year has been the A Capella Choir which has already taken a high position in the musical circles of the community, and bids fair to go further during this next season.

MEMBERS

Sopranos	*Altos*	*Tenors and Basses*
Ruth Mathews	Claribel Helvie	Charles Hansen
Mary Langford	Margaret Hughes	Gerald Erwin
Alice Dixon	Margaret Davenport	Emil Miland
Eva Peterson	Dorothy Sword	Thomas Eagen
Grace Pew	Marian Combs	Loren Wann

Doris Standish	Josephine Breen	Edward Howard
Evelyn Cavala	Helene Heber	Robert Rath
Anette Merrill	Lillian Jasper	Edward Kelly
Donna Freenor	Wilma Williamson	Ronald Spink
Mary Gruenig	Minnie Fischer	Robert Buss
Frances Boogaert	Margaret Nelson	True Tourtillot
Gladys Rood	Antoinette Botelho	Herbert Miller
Dalana Stidham	Dorothy Lindquist	Charles Pait
Katherine Cronkite	Vesta Reynolds	Donald Madsen
Alma Ingram	Margaret Otterstein	LeRoy Deeg
		Carl Palmer
		Donald Bressler

BERNARD OCKO LAWRENCE STRAUSS GUNNAR JOHANSEN

State College Concert Series

ANOTHER innovation of the Music Department of the College is the Concert Series which was sponsored for the first time this year. The series was made up of three concerts, a violinist, a vocalist, and a pianist. Early in November, Bernard Ocko, internationally known violinist, opened the season with a violin concert, which was played to a full house. Following this marked success of Bernard Ocko, Lawrence Strauss, who has appeared with many of the leading European orchestras, sang in the second of the three concerts and was received enthusiastically by his local audience. Strauss showed a deep sympathy with the spirit of his songs, and his versatility was astounding. In April, Gunnar Johansen, pianist, who for the past season has appeared as guest artist with the San Francisco Symphony Orchestra, appeared in the closing concert of the college series.

Under the capable management of Mr. A. Otterstein, head of the Music Department, and Carl Welz, student manager, the season closed a marked financial success. At the present time plans are well under way to conduct another series next year even more pretentious than that of the past season.

Those in charge of the past season may well be congratulated on the success of their undertaking, for such a series, composed of internationally known artists, is but another step forward in the cultural advancement of the community—an advance in which the State College is one of the leaders.

Finis

Now that a year's work of planning and compiling material has come to a close, the realization that another La Torre is about to go to press brings the editor to a recognition of the fact that all is not the work of one person, or of a few persons, but is rather the result of genuine co-operation of every member of the student body, headed by one small group, called the La Torre Staff. To all these people a sincere gesture of appreciation is due. There are, however, a certain few people to whom we wish to express our sincere appreciation for the work they have done, and to thank them gratefully for their accomplishments:

To Adele Melone, for her co-operation and suggestions as assistant editor and business manager.

To Kay Lindsay, for his untiring work and his unfailing effort to make the La Torre what it is.

To Bob Elliot, sports editor, for his independent work in editing his own section.

To Sue Russell, for her efficient work as files attendant.

To Yancy Williams, for his excellent and novel publicity campaign.

To Jack Applegarth, for his untiring work and excellent photography.

To Harlow Hanlon, who, though not technically a member of the staff, has offered his services and stayed with the work until the last.

To the art department, particularly Dan Mendelowitz and John French, for the designs found in the book.

Others on the staff deserving of special mention are Dorothy Poulson, Ruth Montgomery, Dorothy Dechman, Marion Bailey, and George Greenleaf.

To the faculty advisers, Carl Holliday, P. Victor Peterson, and particularly to Neil O. Thomas.

To Miss Kunz and Mrs. Powell of Bushnell's, for co-operation with the staff.

To Ray Brennan and the California Art and Engraving Company for the advice and co-operation given, and especially to Mr. E. Warburton of the above company for his patience and unending kindness in getting the book ready for press.

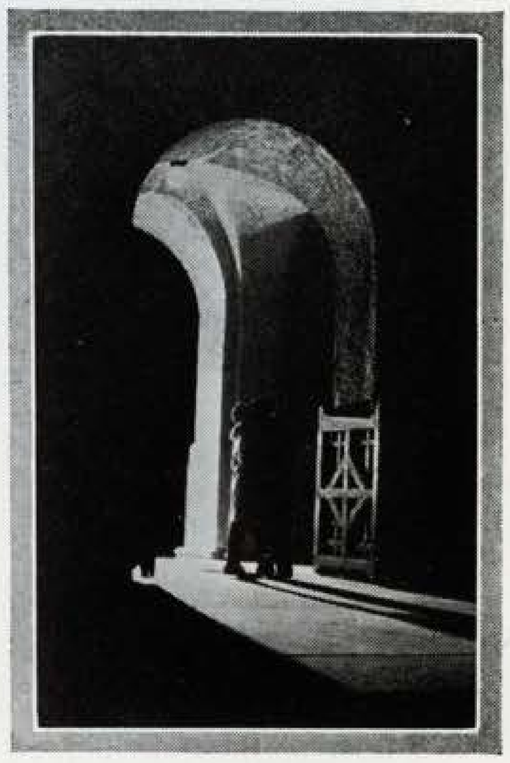

To Sam Babcock and Weber-McCrea Co. for their co-operation in making the covers.

To Mr. Walter Kolasa and Art Henry of Lederer, Street and Zeus, the printers, and to Miss Spitler and her assistants for their undeviating efficiency in proof reading.

To any others we may have overlooked—Thank you.

Howard Nelson,
Editor-in-Chief.

Moon tonight
Beloved . . . .
When twilight
Has gathered together
The ends
Of her soft robe,
And the last bird-call
Has faded . . . .
Then love weaves
Its magic spell.

And so ends another day . . . .

Autographs
