SENIOR CONCERNS

By Joe Gaynes

Since we are in the midst of the Income Tax process, it is essential to remind ourselves that budget cuts on the Federal, State, and Local levels of governments are very actively affecting many critical programs of needs and services.

On our California State Income Tax form, we have an opportunity to decide for ourselves to preserve some of these programs. Item 89 is one such critical activity. California is one of those leading of 23 states that have provided for a select group of citizens to participate in the legislative process.

These 120 Senior Legislators have been elected by their 60+ year-old peers to serve for two years. They, actively, by membership in Senior organizations within their counties, explore problems and issues. They go through the legislative process at the capitol in Sacramento in the same manner as the regular assemblymen and senators. The Seniors have been so thorough that this Session of the regular Legislature has sponsored over 90% of the major proposals submitted by the California Senior Legislature.

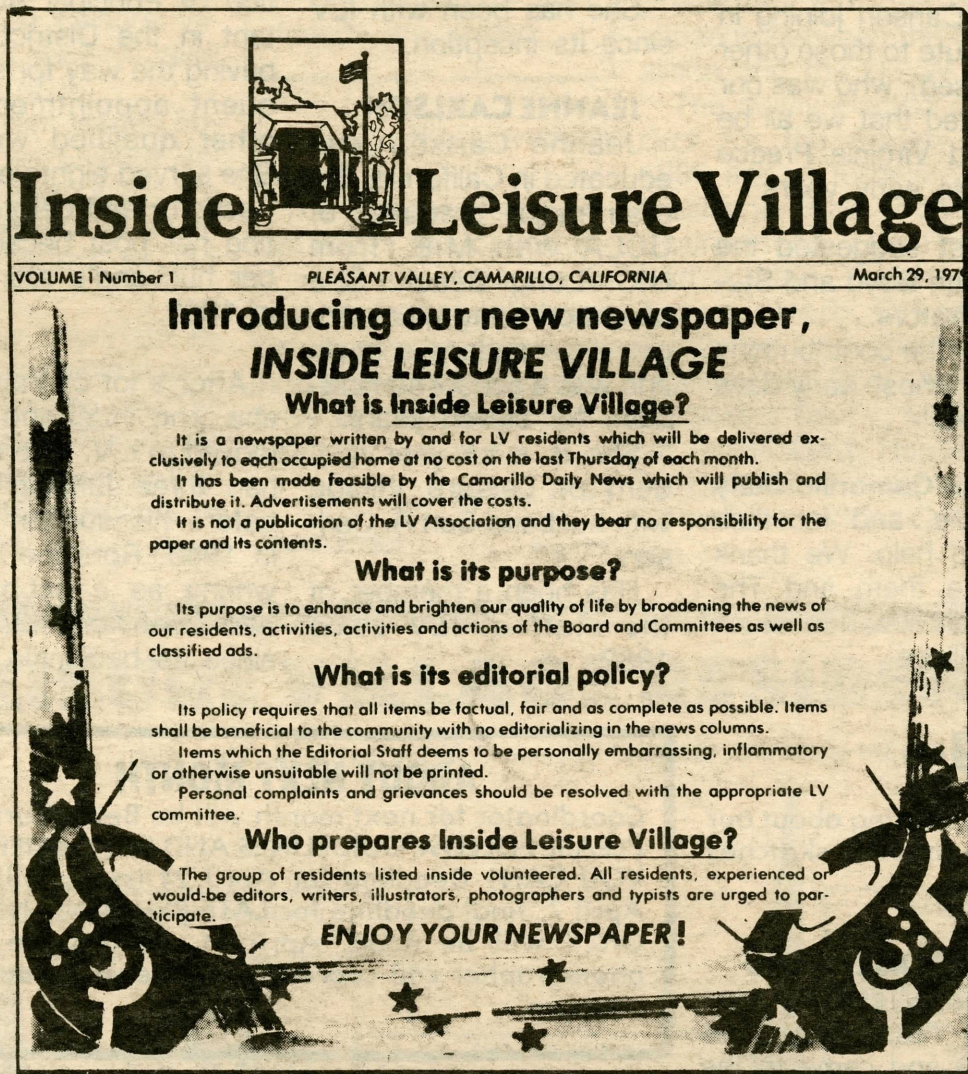

These bills cover critical needs not only of Seniors, but the total population. We have been a rapidly growing state and will continue to expand in all directions. It is very essential to provide our legislators with data that is recent and pertinent. Our

taxes are for essential public services. Frequent assessments must be made to determine needs, services, and costs. The problems of Housing, Health, Transportation, Crime, Education, and so many others, need attention and resolution.

The California Senior Legislature needs the financial support to actively function and provide programs for all of our people. Therefore, please make your contribution under Item 89 on your State Tax form.

IT'S OUR EIGHTH BIRTHDAY

Below is a reprint (which we have run on some of our previous birthdays), of page one of our first issue. Please see pages two and three and our full page advertisement on page 5.

Inside Leisure Village
VOLUME 1 Number 1 PLEASANT VALLEY, CAMARILLO, CALIFORNIA March 29, 1978

Introducing our new newspaper, INSIDE LEISURE VILLAGE

What is Inside Leisure Village?

It is a newspaper written by and for LV residents which will be delivered exclusively to each occupied home at no cost on the last Thursday of each month. It has been made feasible by the Camarillo Daily News which will publish and distribute it. Advertisements will cover the costs. It is not a publication of the LV Association and they bear no responsibility for the paper and its contents.

What is its purpose?

Its purpose is to enhance and brighten our quality of life by broadening the news of our residents, activities, and actions of the Board and Committees as well as classified ads.

What is its editorial policy?

Its policy requires that all items be factual, fair and as complete as possible. Items shall be beneficial to the community with no editorializing in the news columns. Items which the Editorial Staff deems to be personally embarrassing, inflammatory or otherwise unsuitable will not be printed. Personal complaints and grievances should be resolved with the appropriate LV committee.

Who prepares Inside Leisure Village?

The group of residents listed inside volunteered. All residents, experienced or would-be editors, writers, illustrators, photographers and typists are urged to participate.

ENJOY YOUR NEWSPAPER!

LET'S BE CAREFUL OUT THERE

Tom O'Brien, chairman of Security and Safety Comm., is concerned over the number of auto accidents in the Village. Fifty autos were involved in 1985 compared to 41 in 1984. His analysis shows that autos collided with 11 mailboxes, a house, twelve other autos, and hit the gate arm thirteen times, and the east gate, once.

Traffic violations were up from the previous year, too - 519 in 1985; an increase of 73% for speed-

ing and stop-sign violations.

We **MUST** slow down and be more alert.

Dear Contributors, Club presidents and all concerned, please note that we used no logos this month. We love logos, we think they dress up our paper. We are limited, however, in space, depending upon the number of ads that are sold. Twenty pages cramps our style. By eliminating all logos this month we were able to save at least fifteen inches, which means we were able to include all clubs. The staff

PIANO CONCERT A SUCCESS

By Sandy Okum

The Benefit Piano Concert, sponsored by YNCG and FOODSHARE and held in the AR on Friday, March 7, was a resounding success.

An audience of about 350 L.V. residents heard Dr. Maura Mitrushina perform a group of 16 compositions. They ranged from Beethoven to Tchaikowski.

Maura, born in Russia, emigrated to the United States in 1979. She was a gifted child who was brought to Leningrad to further her musical talent. After receiving her B.S. degree in Lvov University in 1967, she earned her Master's in 1973 at the Leningrad Conservator of Musicology for piano and organ. Maura taught music in Russia and in the United States, performed as soloist with the Leningrad "Lenconcert" and ballet.

Dr. Mitrushina has a husband and an eleven-year-old daughter in Russia who long to be with her here. Her latest achievement is the acquiring of a Ph.D. in Neuropsychology. She has gotten a fellowship at U.C.L.A., and the ongoing research project, **The Aging of the Brain** is what initially brought her to Leisure Village and to us.

Guests attending the concert brought donations to Foodshare, a collection that totalled 750 cans of food and \$35 in

• O P I N I O N •

WE'RE CELEBRATING!

It's our Eighth Birthday! Reproduced on page one is the first page of that original issue on March 29, 1979, which stated our policies and objectives. These have not changed. It was a heady experience for all involved (and you out there know who you were), in that issue and those following. It took a lot of input and a lot of output with many obstacles to overcome.

Three of the original editors are still participating: Gold, Lambert and Murray, with Carlson joining in 1982. But we would like to pay tribute to those other "first" editors: Lew Simon, (deceased), who was our first editor-in-chief, and who insisted that we all be co-editors; and Sandy Okum and Virginia Preece who contributed so much in those early years.

It was Patrice Jackler who first suggested the name, "Inside Leisure Village." Ruth Boyd and Stephanie Kamola have been our illustrators.

We further wish to acknowledge the contributions that many others, unsung, made in those early days and those who continue to do so.

We are more than grateful to The Camarillo Daily News which makes ILV possible, and for their staff's continued cooperation and help. We thank our advertisers. Please patronize them and The Camarillo Daily News and let them know how much their generosity means to our Village.

Introducing...

In case you might like to know something about our present staff we offer some thumb-nail sketches here and show pictures on page 5.

BILL STABLER

Bill Stabler enjoyed a 35-year career with Southern Pacific R.R. in various positions in the Passenger - Traffic - Public Relations Department. He has fond memories of the contacts made over the years in coordinating the movement of group and special train operations and especially the V.I.P. contacts.

Dorothy and Bill are 8-year Village residents, having come from the San Francisco Bay area.

Bill has been an ILV photographer since the beginning of the paper.

DAVID MIEREANU

David Miereanu was born in Yassy, Roumania in 1909 and came to the U.S. with his family in 1922, settling in New York City. He married in 1934 and was blessed with three children and five grandchildren. He came to Los Angeles in 1946 and became a manufacturer of office furniture. After his wife's death he retired and moved to L.V.

David's hobbies include Stained Glass, Lapidary, Photography and Golf. He is a member of Camarillo Masonic Lodge, Shriners and B'Nai B'rith. He has worked for ILV as photographer for three years.

FRANCES GOLD

Frances Gold came to Village 11 in August of 1975 when she retired from 26 years of teaching in El Monte, California.

She has been active in Creative Writing Groups in the Village and enjoys playing bridge, scrabble, knitting, and designing and working needlepoint.

She has a daughter, Dr. Diana Myles, who teaches at U. Conn. Medical School, and a son, Earl, who is a construction contractor in the Sacramento area.

She has been with ILV since its inception.

JEANNE CARLSON

Jeanne Carlson was educated in California, English major graduate of UCLA with M.E. from U.C. Long Beach. She taught primarily in Los Angeles secondary schools and was a school administrator for eleven years.

She is a ten-year resident of Leisure Village with husband Carl R. Carlson.

Has been a member of the staff of ILV since 1982.

ROMAINE LAMBERT

Romaine Lambert received her schooling in Toronto, Erie, Pa., Portland, Ore., Pomona and L.A., but feels like a native Californian, having lived here since 1929. She was a bookkeeper and buyer at two pharmacies before going to work for the Los Angeles City School Districts. Her only claim to a major accomplishment is to have been the first woman to qualify by written and oral exam and to be appointed to the position of Principal Accountant in the District, thus paving the way for subsequent appointments of other qualified women. She served eight years as Section Head before quitting her post because of her husband's retirement in 1969.

After a lot of travelling, she and husband Tom moved to L.V. where Tom had three fulfilling years before his sudden death in 1980. Romaine enjoys writing as a hobby and has been on ILV staff since its beginning.

BETTY MURRAY

During high school, Betty Murray wrote a weekly column for the Antelope Valley Ledger Gazette and received five cents an inch. She also served as 4-H Club reporter, won some essay contests, and during senior year was the editor of the school paper, The Sandpaper, at Antelope Valley Joint Union High.

She taught Corrective Physical Education (L.A. City Schools), 10 years at elementary school level.

She has worn out two typewriters somehow in family swim school and ski shop business, and seven years on the staff of ILV.

LYNN FUEG

Lynn Fuego was director of Service Clubs for the American Red Cross in England, France and Belgium in 1943-1946, under the supervision of the U.S. Air Force. "An exciting but heart-breaking experience," she says.

From 1958 to 1976 she served as an executive Secretary at Ramo-Woolbridge, Space Technology and the Aerospace Corporation, who were technical advisors to the Air Force in research and development of missiles, satellites and the space shuttle. She describes that stint as a rewarding and mind-boggling time of her life.

Lynn has been typist extraordinaire for ILV for five years.

JACK WHALEN

Jack Whalen, originally from Long Island, N.Y., was a career Air Force veteran, then had a documentary film career, and today writes, works on Village closed-circuit TV station; is in demand as a lecturer before high school students, and also plays an excellent game of golf. He does a lot of the special stories for ILV.

STAFF..... From Page 2

LOIS ATZ

Lois Atz decided to be a writer at the age of 12. She was a "stringer" on a neighborhood newspaper while taking college classes in English and journalism. She worked full time (paid) on newspapers about three years. After marriage and motherhood she returned to college in a new field, earning an MA in educational psychology and her MFCC license. She was a counselor in private practice for ten years, working mainly with children and their parents. She and husband Bob lived in the San Fernando Valley for 30 years, where he was a Rockwell engineer, moving to LV one-and-one-half years ago. In retirement she returned to journalism by joining the ILV staff.

EVA DIVIN

Eva Divin was the youngest child of Slovakian immigrants and was reared on a farm in the Ozark Hills of Southwest Missouri. There were few distractions to discourage her early hunger for reading and writing.

She taught one year in a one-room country schoolhouse, failing forever to learn the miracle of teaching eight elementary classes at once.

She married Jerry Divin in the Depression years, then moved to Hawthorne, California where Jerry became permanently involved in the aircraft industry while she tried, midst homemaking and child-rearing, to return to study and writing.

Clubs and organizations found her useful for reporting and publicity. For the last five years she has been researching her parents' Slavic background, and writing the family saga, using the limited data she has managed to turn up.

LETTERS

I salute Harry Becker's editorial in the February issue of Inside Leisure village in which he urges public-spirited citizens to watch Channel 20 - C-SPAN - on TV if we want to keep abreast of the vital issues that unfold daily around us.

How often have we wished that we could participate in Channel 20's daily call-in program and talk directly to elected officials and policy makers? We have that opportunity right here in Leisure Village if you wish to take advantage of it.

CURRENT ISSUES FORUM

By Lou Sirotnik

The Current Issues Forum last month had Adam Ortega, a public relations representative for the Grape Workers and Farmers coalition, as a speaker to rebut Mrs. Huerta with the United Farm Workers. Mr. Ortega was accompanied by two women farm workers: Mrs. Carmen Garza and Mrs. Rosie Jourigui.

It is the writer's judgment that the two sides presented a tug-of-war situation between the Coalition and the U.F.W.

The newly elected officers for the Forum for 1986 are as follows: Co-Presidents and Program Chairpersons, Sol Robin and Lillian Goldman; Treas., Herb Orkand; Publicity, Lou Sirotnik; Membership, Dolly Riskin; Recording Sect'y, Margaret Rothenberg; Hospitality, Harold Lee; Telephone Committee, Vida Castaline.

THE CERAMIC PLUS CLUB

By Don Holmes

The Ceramic Plus Club had a "going away" luncheon for Charlie Possel at the February meeting. Charlie is moving from the Village, and is going 'way up North to Ventura. When we seem him next, we will expect him to have his snow-shovel and long-johns in use. We will all miss Charlie, and wish him and Anne the very best in their new home.

The March meeting is on the 27th — today, at 10:30 a.m. in the C.R. Grace Newmen is talking on Sculpturing.

The April meeting would be on Thursday, the 24th, but instead of a meeting, all members are urged to take the Travel Committee's Hollyhock House - Norton Simon Museum bus trip, which is on the same day. See the Travel Committee's bulletins for more detail.

LOOKING AT CHANNEL 12

By Jack Whalen

Chairperson Elva Ward, at this month's Board of Director's meeting stated: "Should any emergency arise in Leisure Village, as long as electricity remains on, we urge you to turn to Channel 12. We will keep you posted, and every few "pages" of our bulletin board will repeat information that will keep you up-to-date."

Thanks to director Henry Koster of Village 3, we will be showing, in the months ahead, several of his great films: "A Man Called Peter," with Richard Todd and Jean Peters, which was nominated for an Academy Award; "Good Morning, Miss Dove," with Jennifer Jones and Robert Stack and "Harvey" with Jimmy Stewart.

April's Board of Director's meeting will be televised live on Monday, April 7 at 10:00 a.m. and will be repeated on Saturday, April 12 at 10:00 a.m.

BUILDING AND GROUNDS COMMITTEE

By

Margrate Gowder

The shrub replacement bill in Leisure Village is tremendous each year in terms of cost of shrubs and labor. Many of the original plants were a poor selection for the exposure or soil condition. Often, the same type of plant was replaced, only to die again within a short while. Members of the Landscape committee are now recommending a more appropriate selection of plants.

Several months ago, we drew your attention to bouganvillea growing so as to damage roofs, vines creeping through fences, and other problems. We would like you to check your plants frequently to see if they are getting out of hand, especially since we are entering the fast-growing season.

FOR GRANDPARENTS WHO WANT TO HEAR EVERY PRECIOUS WORD...

There's nothing more memorable about childhood than a baby's first words, especially if it's your grandchild speaking.

And because so many things in childhood happen only once, make sure you don't miss a single word — or question. If you don't always hear all of the lovely things the children you love want to share with you, it may be time to have your hearing tested professionally.

With today's many medical and technical advances, there's probably no reason for you to miss a word — or giggle.

VILLAGE ROADRUNNERS EXPLORE BACK ROADS

By Lois Atz

Exploring the back country in Ventura County or nearby L.A. County is the pleasant task members of the Village Roadrunners set for themselves each week. The group meets each Wednesday at 9:30 a.m. in the GR, then takes off on a highway jaunt for about three hours.

Recently they have taken their motor bikes to Ojai, where they had lunch and visited a local museum and points of interest. Another week, their goal was Malibu, where they toured the Getty Museum. Their route to Thousand Oaks is via Potrero Rd. to Newbury Park. Or they ride to Lake Casitas. The group usually travels about 35mph, so they can enjoy the fresh air and scenery.

The Roadrunners was formed in the Village about seven years ago.

New officers for 1986 are Jack Stern, V.40, Pres.; Sol Miller, V.24, vice-pres.; Charlie Klein, V.25, sect'y.; and Abe Levin, V.41, treas.

Originally the group had both male and female members, but right now the club is all male, with a membership roster of 26. Membership is open and dues are \$5 a year. "We welcome new riders and guests, including women, to join us any Wednesday," announces the president.

The bikers ride machines with engines ranging from 70 cc to 450 cc. The Roadrunners strongly encourage the wearing of safety equipment — helmets, jackets, boots — as well as keeping the bikes well maintained.

On a lunch stop on a recent trip, the group was approached by a woman who wanted to take a picture, calling them a group

PROFILE:

NORMAN AND JESSIE OTSBY

By Jack Whalen

Deep in the heart of Village 17 is a couple whose home overlooks the putting green of the 3rd hole — a hand-picked location to view acres of grass and trees.

Let's meet Norm and Jessie Ostby, LV residents since 1979. We can truly call them childhood sweethearts, for they became neighbors in Woodhaven, Long Island, New York at the tender age of 13.

Norm attended New York City's Columbia University School of Mines with full intentions of becoming a mining engineer. He pursued that career for awhile, but the lure of communications, especially radio, drew him to radio work in Canada. Later, he became a skilled "ham" operator and moved to New York City.

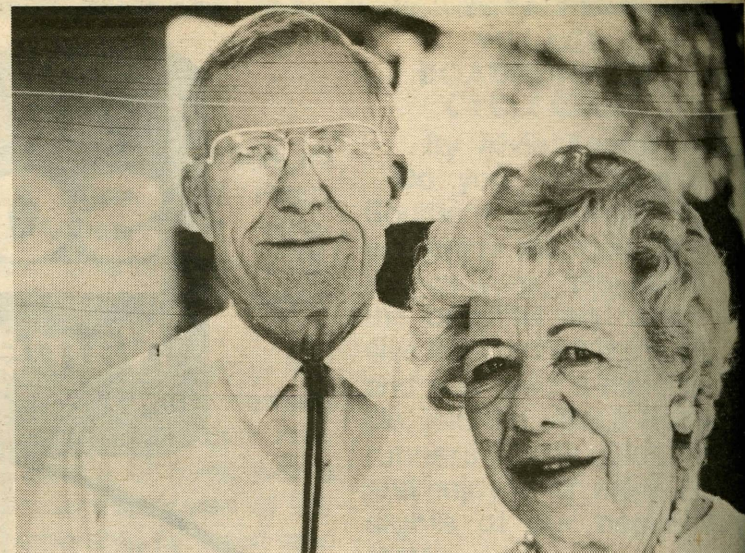

After graduating from Richmond Hill high school, Jessie went to Syracuse University in up-state New York, with a major in English. She came back to her home in Garden City later and completed her education at nearby Adelphi college.

Norm and Jessie were married in May 1933 in the beautiful Garden City Cathedral.

"Being married in the Cathedral was a dream come true," says Jessie. "There was a magical beauty, a serenity about this most magnificent church of worship."

By 1937, with rapidly developing skills in radio station fundamentals, Norm was hired by NBC, then headed by the legendary David Sarnoff. He was instrumental in setting up the sales service and traffic departments for the Blue (ABC) when that network was separated from NBC.

By 1942 he was deeply involved in coast-to-coast station relations and was

Norman and Jessie Ostby

responsible for the sale of the first network co-operative programs across the U.S. and into Canada.

During World War II Jessie played an important role as a volunteer for the New York City Red Cross. With her sound knowledge of French, she was able to translate letters, messages and phone calls between French people here in the States with those in the recently liberated country of France.

When RCA sold the Red network to ABC in 1946, Norm and Jessie came west. In addition to his radio work, Norm played a major role in the initial TV planning and development for ABC - Channel 7.

In 1949 he joined the Don Lee Broadcasting System, was elected VP in 1951 and helped the company become the world's largest regional network of radio stations.

Over the years, especially while on the West coast, Norm had the pleasure of meeting and talking with many United States Presidents as well as members of royalty from around the world.

He recalls one day in February 1946 when Jean Hersholt, President of the Academy of Arts & Sciences, asked him to come by for a lunch meeting.

When Norm entered the Academy head's office, Jean said to him: "I'm just about ready to go, but let me call in my assistant who will hold down the office till I return. Ronald

Reagan, I want you to meet Mr. Norman Ostby."

Following the Don Lee assignment, he was involved with the start-up of the highly successful piped-music company, Muzak. Later he became manager of an electronics company, specializing in the manufacture of automatic tape equipment.

As retirement time came near, the Ostbys' started looking for a location that would give them a good "green belt" view.

"We lived high up in the Hollywood Hills, overlooking the San Fernando Valley," says Jessie. "Alas, Universal started putting up giant high rises and soon we were seeing more cement and steel than grass and trees. It was time to move."

Here in LV they became active in many activities, Jessie with the Women's Club, Norm with the travel group, and together they helped start E-Z Squares square dance club.

Norm and Jessie have two children, a son living in Agoura Hills and a daughter in Encino. With eight grandchildren one just knows there are lots of visits back and forth.

There's an expectant air of excitement at the Ostbys' home these days. About this time last year a rabbit gave birth to two little ones on their patio. The same one, or so it seems, is back again, expecting again and spending most of the day relaxing under one of the patio chairs.

LOST AND FOUND

Recently when Elmer Eymann was getting into his car in the parking lot he looked down to see lying at his feet a shiny gold medallion on a chain. There was an inscription of the back, but neither he nor Elise recognized the name, and they couldn't find it in the directory. Sleuths that they are, they noted that the medal was an award for English Composition in 1931, and that the first name was Romaine. Putting the two together they thought of ILV and called Romaine Lambert.

When Elmer delivered the prize to Romaine, she said, "You know, that's real gold, and I didn't even know I had lost it."

Elmer said, "If that's real gold it has to be worth at least \$300."

Right, but worth more than that in sentiment, Eymanns. Thanks.

GEM AND MINERAL CLUB

By Don Holmes

The potluck dinner, at the last Gem and Mineral Club meeting, was a great success. Members were there who had not been seen for several months. In addition to the dinner, Garnette planned a brief entertainment, which consisted of a vocal number by the "Hard Rock Quartette", made up of "Dood" and Jack Bennette, and Garnette and Don Holmes. They sang the "Rock-Cod-Fish Song", especially arranged by Don Holmes, who also directed the quartette. One member said afterwards, it was the only "rock" music she had ever enjoyed. Garnette is already planning a "Picnic in the Park" for sometime this summer.

On the 26th, the Club enjoyed hearing Ed Kristovich, who owns the AKA Gem Store in Northridge. Ed talked on "Rockhounding in Arizona", including the Indian Reservations there, and showed slides. Some members brought Arizona maps, which he marked for them, showing where to go for specimen rocks.

The April meeting will be on Wednesday, the 23rd, at 7:30 p.m. in the C.R. with Garnette Holmes, our garnet specialist, as the program. Garnette has a collection of garnets, which she is constantly expanding, and has some interesting yarns to tell about her acquisitions. If you thought garnets came only in red, come hear - and see - otherwise.

TRADING POST

The hard-working ladies of Trading Post wish to remind you that they are just a phone call away if you have items to contribute. (They can sell anything, even your old cream separator). Just call: Gertie, 484-5509; Betty, 484-5606; or Helen, 987-1215, and your problems are over!

VILLAGE PLAYERS

BY Irwin Steinhart

The Village Players will kick off their tenth year of activity with their regular meeting on Thursday, April 17 at 7:30 p.m. in the AR.

A feature of the evening will be a special Spring production for our members and friends. It will be Sholom Aleichem's one-act play, "The Tale of a Goat", directed and produced by John Zoller and Irving Weiss. The cast will include Phil (Rainmaker) Aaronson, Ruth Zupa, Jim Zupa, Irving (Ah, Wilderness) Leeds, Blance Follen as none other than the Angel Rocheleh, Irving Weiss, Herbert Schwartz, and Sylvia Altes. The play will be preceded by mood-setting dances performed by Harry Castaline and Sylvia Beber.

No expense has been spared! The show will include a real live goat (just as visible as the rabbit Harvey last year), and a real live dancing girl (completely visible, bring your opera glasses). A production of this magnificence entails various production chores, all enthusiastically undertaken by Jules Nayfack, Joe Selden, Helen Gold, Ginny Cordell, Selma Lich, Art Kaufman, and Irwin Steinhart.

All Villagers are invited. The only admission is your interest in our activities.

WOODWORKER'S CLUB

By Art Kaufman

The Woodworker's Club was treated to an innovation at their last meeting. Joe Selden gave a live demonstration of table-saw techniques combined with a TV showing of his expertise.

The program cut from Joe's hands-on working with the table-saw to the pre-recorded tape of his working in the woodshop.

Our next meeting will be Thursday, April 3 at 2:00 p.m. in the MPR.

VARIETY GUILD

By Kay Avery

Auditions for our Variety Guild production in June were completed at the March 13 meeting. We had an excellent turnout and hopefully there will be parts for everyone who tried out.

The meeting included discussions of improvements for the stage, such as drapes, sound & lights. We are working with a committee from the Village Players and Leisure Village Stage Committee. Refreshments were donated by Roie Beck and Piff DeSimone to celebrate the paying off of the organ fund, and Alva Lane for Will's birthday and their anniversary; also Heidi Pommer for her birthday.

Our April 10 meeting in the AR at 7:30 p.m. will have announcements of part selections for "The Best Of Broadway II."

The program will be by Jules and Margaret Nayfack, accompanied by Pauline Shenkman and Helen Gold and Sophie Lebetkin with some dance numbers.

VILLAGE SWINGERS

By Mae Wagner

The Village Swingers welcome new members, Charlie and Lillian Roberts, Arnold and Mildred Jackson and George and Geri Nolte.

Dave Rensberger will call the squares, and John Downing will cue the rounds. A hot and cold buffet plus many prizes are included in the \$5.00 entrance fee.

Our guest caller on April 22 will be the talented Don Schadt and on April 29, the inimitable Wyane Simpson.

E.Z. SQUARES

By Bill Roffman

A warm welcome was given to Pat and Flo Murphy as new members of the E-Z Squares. We shall enjoy having them.

At our March 2nd dance, over thirty of our club members (after the dance), went out to dinner and enjoyed reminiscing together.

We plan to repeat this as a monthly event for all members wishing to participate. Our dancing time (first Sunday of each month), is from 4:00 to 6:30 p.m., which makes such an outing possible.

We have been getting good reports on the calling of our new caller, Gary Dane. All square dancers are invited to hear him. See Channel 12 and Village bulletin for Sunday dance time and place.

Bess Davis will run for a second term as treasurer. The panel of officers to be voted on will be presented at the April 8 business meeting. Election day is May 13.

VILLAGE FOLK DANCERS

By Sonya Prager

On February 10, Village Folk Dancers enjoyed a potluck dinner complete with wedding cake! It was our celebration of the marriage of Helen and John Quackenbush.

The dancing that followed was light, merry and fit for the occasion and performed by well-fed dancers.

We meet only on one Monday of the month in the MPR, 7:00 to 9:00 p.m. to come to watch or join in the dancing. Teacher Harry Castaline makes it easy for newcomers to enjoy their first experience in folk dancing.

THE LEISURE
VILLAGE
WOMENS CLUB

By

Ruth Mary Crowell

"Spring Fashions Through the Rainbow" was the special treat for Women's Club at the March meeting. Helen Nash, program chairman, was coordinator for the show. The lovely spring fashions were presented by J.C. Penney of Ventura. The stage was beautifully decorated with spring flowers and a rainbow arch fashioned by Evelyn Bjorkquist. Kay Avery, accompanied by Miriam Dubowsky, introduced the fashion show by singing, "Over The Rainbow." Dorothy Barrus described the outfits on the charming models who were: Kay Avery, Dorothy Barrus, Collice Barber, Marie Bremberg, Bernice Brock, Evelyn Bjorkquist, Esther English, Helen Nash and Gladys Eriksen. Also,

Elise Eymann, Sharon Green, Imogene Gregory, Kay La Prell, Ginny Lefingwell, Betty Mueller, Betty Murray, Bea O'Brien and Ruth Wideman. Music during the show was provided by Harold Wickham at the organ. The special program covers were painted by the students at the Los Altos School. They were a special added touch to a wonderful program.

A special guest was Sandi Bush, Mayor of Camarillo. Jeanne Carlson, president, presented violets to Minnie Gorelnik and Maxine Himstreet as workers of the month. Women's Club again took 100 spring treats to the children at Camarillo State Hospital. The baskets held candy and cookies donated by members and Villagers.

Emily Cleary won the needlepoint pillow made by Helen Thomsen in the Mini-Raffle. Kay La Prell announced that there will be a Mini-Raffle at each

meeting. Ruth O'Neal is still selling chances for \$1.00 each on the quilt to be raffled at the next meeting. Be sure to buy your chances for this queen size quilt, lovingly stitched by Dorothy Barrus and donated to the club.

Those remarkable ladies at the Trading Post added a healthy \$233.10 to the treasury. They will be working hard again at the next meeting on April 3. That meeting will be a salad luncheon with the program presented by a representative from the phone company. Bring your salad, silverware, and plate and join us for another entertaining afternoon. Luncheon will start at 12:30 p.m.

We wish to thank staff The Camarillo, Daily News and the Advertisers who help make Inside Leisure Village possible. We urge you to subscribe to The Camarillo Daily News and to patronize the advertisers.

CAMERA CLUB

By Imogene Gregory

Ramon Herrera from Chuck Mears' Camera Shop gave a most instructive demonstration on flash photography at the March 5 meeting of the Camera Club. Many questions were asked and answered.

At this meeting, it was voted to have a round table discussion or critique of our own slides once a month and an outside program the other meeting of the month. Watch Channel 12 for the program April 12.

By Ethel Goldfarb

There's **Music In The Air**. The L.V. Chorale has been rehearsing each week under the direction of Lois Bello, in preparation for its Gala Spring Festival in Song.

We have melodies to suit everyone's taste. Plan to attend this Special Musical Event Saturday, May 31 at 7:30 p.m. in the A.R.

R.V. CLUB

By Eva Sugg

The February 18 meeting of the Recreation Vehicle Club was highlighted by a discussion on membership R.V. parks. The consensus seemed to be that the parks are only for those incurably afflicted with the travel bug. A follow-up on augmenting an R.V. park membership by an affiliation with Camp Coast to Coast was discussed at the March meeting. Again, it is a decision each must make according to his own life style.

A letter has been sent to all those who occupy a space in the R.V. lot in hopes that each will join us, at least by paying the \$3.00 yearly dues, so that we will have the financial ability to continue maintenance and upgrading of the lot and facilities. Bring an R.V. friend to our next meeting and help us make our group a fellowship to cherish.

All Hart

By Ruth Hart

As you read this, Woody and I will be on our way to San Francisco to celebrate Easter with our children. Happy Easter to everyone! Hope you all get to spend the holiday with those you love.

Anne and Julian Weiss of V.44, announce the marriage of their son Herbert, a criminal attorney practicing in the Van Nuys courts.

Marion Tamkin, V.24, escorted a Hadassah group to Death Valley recently. A highlight of the tour happened as they approached the Ubehebe Crater. A huge bird swooped down over them close enough for all to see clearly. The group then learned that National Geographics was filming for the Smithsonian Institution, and the bird was a prehistoric Pterodactyl, a remote controlled

mechanical model, with a wingspan of 40 feet.

Happy marriage to Bess Most, V.6 and Leon Goldberg, V.40, on January 21. They had known each other 20 years, then found each other again here in the Village. We don't need a Dolly Levi or Dear Abby or a Dr. Ruth.

Ethel and Frank Goldfarb, V.17, celebrated their 46th Anniversary on February 12. Woody and I, also on February 12, 43 years. Trudy and Andy Orson, V.16, 49 years on March 21. Happy, Happy!

Charlie and Ann Belante, V.24, proudly display a newspaper writeup on their daughter. Edy is married to Dr. Sal Santangelo and they have two boys in high school. She heads the Science Department at Villanova Prep School in Ojai. She has been deeply involved in a project called RISE (Renewed Incentives in Science Education).

John and La Verne Satori, V.13, enjoyed a

South American Cruise recently, visiting a total of six ports. In Rio de Janeiro, they rode a train in Ti-Juca National Park, up a steep mountain, where they saw the huge statue of Christ. In Ipenema they watched the girls walk by in their tiny bikinis (the tour guide referred to them as dental floss). Now you know why John is always smiling these days.

Bebe Rothenberg, V.4, had an exciting family reunion recently. She and 18 family members went on a five-day cruise to Mexico. There were her four children and their spouses, and nine grandchildren. They came from Rhode Island, Michigan, Sacramento, Beverly Hills and Thousand Oaks.

Ted and Clare Endelman, V.15, gave a party recently for friends and relatives to welcome their son, his wife and babies from Australia. They will

We're NewAmerica Savings ...the only locally-based savings & loan in the area!

We want you to make us your personal financial center, and we're hoping to win you over with...

High interest. We always pay the highest possible interest on Money Market Savings, Certificates of Deposit, Checking Accounts and Jumbo Accounts (\$100,000 or more). We can do this, because as a relatively young institution, we're not burdened with old loans, non-profitable branches, and inflexible corporate hierarchy.

Safety. We're already more than \$50,000,000 strong....and your savings are protected to \$100,000 by the F.S.L.I.C.

Flexibility. Since we're local, you can have "top management" decisions immediately. If you need a home loan, home equity loan, construction loan, etc., we can usually qualify you within 24 hours (subject to credit verification and property appraisal).

And extras. We're always looking for extra services to offer you. Check out our new free "Best-Sellers" lending library, for example. Also, we offer free safe deposit boxes (with minimum deposit), a convenient night depositor, and plenty of door-front parking at our office...

Friendliness. We're your home-town friends and neighbors. If extra-personal care and attention is the "tie-breaker" between us and a competitor, we know we'll be the winner!

**Come get acquainted.
We're open weekdays
from 9 am until 4 pm,
Fridays until 6.**
