THE TEAM THAT WORKS

Head Coach Augie Garrido, Ron Goodwin and Honda. Three winners for sure. On the diamond, on the highway, it's teamwork that makes the difference.

Ron Goodwin Honda in Fullerton is eager to help you into one of those amazing Honda cars. With extended gas mileage,

more interior room and snappy performance, the Honda is way out front of most cars on the highway today. And Ron Goodwin has the selection you're looking for.

Ron Goodwin knows his city—and supports it. Here's to the Cal-State Titans—wishing you all the very best this season.

Question: What is Carl's Jr.?

TM

Answer: A lot of things.

Carl's Jr. is a lot of things you wouldn't expect from a fast food restaurant.

Carl's Jr. is a lot of good food. A wider variety than you'll find at most other quick-service restaurants. In addition to Carl's famous charbroiled hamburgers, our menu includes the unique California Roast Beef Sandwich, our Charbroiler Steak Sandwich, hot dogs and all the extras—french fries, onion rings, desserts and beverages. Carl's Jr. also features a do-it-yourself salad bar, where you can make your own creation.

Carl's Jr. is a lot of friendly service. Cheerful hostesses not only take your order. They also deliver your food directly to your table. Our drive-thru and take-out customers enjoy the same person-to-person service, and it all happens before you can say Carl's Famous Star Hamburger.

Carl's Jr. is a lot of extra conveniences. You forgot to ask for napkins and salt and pepper? No problem. They're right there on every table in our attractive carpeted dining room. And after you've settled into one of our comfortable upholstered booths, you'll be serenaded by piped-in music as you enjoy your meal.

Carl's Jr. is a lot of extra money in your pocket. Even though the service and the surroundings may make you feel like you're in a higher-priced restaurant, your pocketbook will tell you otherwise. Even families on budgets and youngsters on allowances applaud us, because at Carl's Jr., you don't pay extra for the extras.

Carl's Jr. is a lot of places. Over 280 conveniently located restaurants from Sacramento to the Mexican border. They're all part of the largest independent restaurant chain in the West, Carl Karcher Enterprises, Inc. Carl's Jr. is different. Different from most fast food places. And the big difference is taste...

**You've Got Taste
at Carl's Jr.**

TM

LEAN BEGINNINGS FOR TITAN POWERHOUSE

Baseball at Cal State Fullerton has turned full circle since its beginnings in 1966. The Titans were far from the national power they are now before one Augie Garrido took charge of the troops for the 1973 season. Dismal is probably the best term to describe those early years. Prior to Garrido's appearance, the Titans were suffering from an eight year 145-267-2 mark, or a winning percentage of only 35 percent.

The 1974 Titans, under Garrido's leadership, became the first Cal State Fullerton team to win a conference championship, competing in the California Collegiate Athletic Association (Div. II). That was the first year Cal State Fullerton took part in post season playoffs, traveling to the NCAA Far West Division II regional. The Titans lost to present day rival UC Irvine, the eventual national champions.

Cal State Fullerton made the jump to NCAA Division I competition, joining the Pacific Coast Athletic Conference, in the summer of 1974. The switch didn't affect the Titans, and they won the PCAA title while chalk-

ing up a 36-16-1 record. This also marked Cal State Fullerton's first appearance at the College World Series in Omaha, representing District 8. The next trip would be far more memorable.

In 1976 the Titans improved their mark to 48-15, while winning their second straight Pacific Coast Athletic Association title. Again, Cal State Fullerton competed in the NCAA West Regional.

The Titans moved into the Southern California Baseball Association for the 1977 season. This put Cal State Fullerton into the big times; the SCBA was soon to become one of the most powerful conferences in the nation. The Titans collected 44 wins against 14 losses and picked up another conference title as well as the right to go to the Rocky Mountain Regional.

The 1978 season saw Cal State Fullerton sweep to another SCBA championship (their fifth consecutive) with a 44-13 overall record. In 1978, the Titans made their traditional appearance in the NCAA West Regional to close out the season.

The ultimate triumph came in 1979 when the Titans ground out a 60-14-1 record, picked up yet another SCBA championship, a second NCAA West Regional title, and the right to advance to the College World Series in Omaha. The season was closed and the NCAA championship tucked away when Dave Weatherman threw a four-hitter against Arkansas to win the game 2-1.

The difficulty of winning a national championship was apparent during the 1980 season, as Cal State Fullerton had to struggle to win its seventh consecutive SCBA title. UC Irvine battled them right down to the wire before the Titans beat UC Santa Barbara in extra innings in the last game of the regular season to clinch the honors and the trip to Tucson, Ariz. for the NCAA West Regional. However, it was not to be the Titans' year when they ran into a scrappy Gonzaga club to close out the season at 49-18-1.

Strong teams have become the rule rather than the exception at Cal State Fullerton and a great deal of the credit goes to . . . Head Coach Augie Garrido.

GARRIDO'S ARRIVAL CHANGES COURSE

(continued from page 6)

Augie Garrido came to Cal State Fullerton in September of 1972 with a history of turning baseball teams around. Around to winning. For Cal State Fullerton, association with a winner has been a rewarding experience.

Garrido, 42, was born Feb. 6, 1939 in Vacaville, Calif., and is a native of Vallejo, Calif. He received a bachelor's degree from Fresno State in 1961, and enjoyed a stellar career with the Bulldog baseball team. Following his Fresno State experience, he joined the Cleveland Indians organization in '61 and remained there until 1966 when he accepted a coaching position at Sierra High School in Tollhouse, Calif.

In 1969, his collegiate coaching career began at San Francisco State. His one-year coaching record with the Golden Gaters was 25-14. Cal Poly San Luis Obispo was Garrido's next stop, where he compiled a mediocre 15-33 record in his first season. However, the next three years were a turnabout, and he departed from Cal Poly with an 85-62-1 record.

Of course, Garrido then moved on to his present position at Cal State Fullerton. Again, his first season (1973) saw him with a nondescript 19-33-1 record, but his winning ways had already infected the Titan program. In Garrido's second season with the Titans, the first of the conference championships followed him home as Cal State Fullerton won the CCAA championship. His record reversed itself from the previous year to 37-17, and he was named CCAA Coach-of-the Year.

As Cal State Fullerton moved into Division I competition, Garrido piloted his Titans to a 36-16-1 overall record, the Pacific Coast Athletic Association championship, the District 8 championship, and the College World Series at Omaha. Quite a debut into the Division I circuit. By now, word was getting around and Garrido was named NCAA Coach-of-the-Year by the **Sporting News**, as well as repeating as PCAA Coach of the Year.

The 1976 season didn't win Garrido any post season laurels, but the Titans

finished 48-15 enroute to their second straight PCAA championship and the finals of the NCAA West Regional.

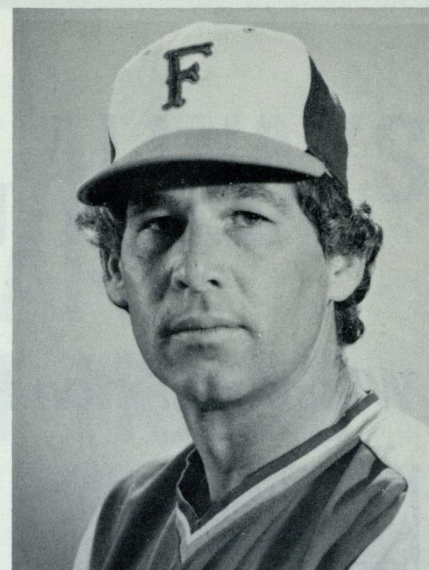

In '77 Cal State Fullerton became a member of the Southern California Baseball Association and Garrido guided them to another successful debut. His Titans won the SCBA conference championship (44-14 overall) and appeared in the NCAA Rocky Mountain Regional.

Garrido chalked up yet another SCBA crown in 1978 with a 44-13 record, and took his team for its fifth straight outing in the NCAA playoffs (West Regional).

And then there was Garrido's 1979 edition of the Titans. He directed the '79 Titans to a school record 60 wins (with 14 losses and one tie). He led them to a sixth consecutive conference championship, the NCAA West Regional title, and topped off the season with the NCAA national championship as he returned to the College World Series in Omaha. The **Sporting News** honored him for the second time as the NCAA's Coach-of-the-Year.

Andre David and Mickey Palmer.

Augie Garrido

Garrido's current overall collegiate coaching record is 447-217-5, a winning percentage of .673. At Cal State Fullerton, he owns an eight year mark of 337-141-4, or a percentage of .705. If one were to take away those two seasons before he turned his clubs around, his winning percentage jumps to .732. And the past seven Titan clubs have a 318-108 record for a percentage of .746.

Garrido formerly coached summer league baseball for the Anchorage, Alaska Glacier Pilots, and last summer took a team on a two-week tour through the Alaska league. He currently serves as a member of the executive committee of the American Baseball Coaches Association and the NCAA Baseball Committee.

Garrido's Record

MIKE MULLALLY, DIRECTOR OF ATHLETICS

Mike Mullally, who guided Eastern Illinois from the doldrums to the forefront of Intercollegiate athletics at the Division II level the past few years, is the new director of athletics at Cal State Fullerton. He replaced Neale Stoner, who is now director of athletics at Illinois.

Mullally became athletic director at Eastern Illinois in August 1974, when the Charleston Institutions programs were in disarray. In five of the following six years, Eastern Illinois had the nation's most outstanding Division II program, as determined by polls conducted by University of California, Davis, among others.

In 1978 the Panther men won the national championship in football, made their fifth straight trip to the NCAA basketball tournament, finished second in wrestling and third in soccer.

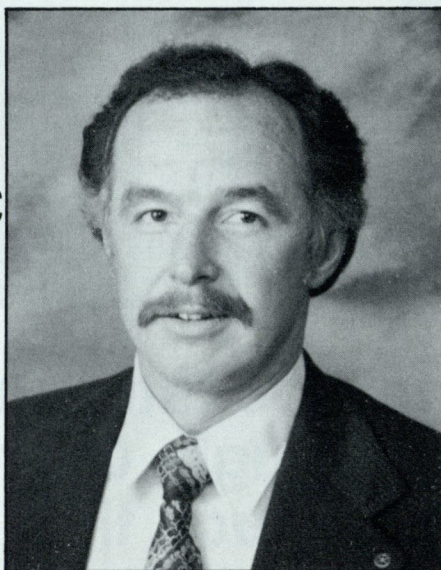

The Panthers won the national championship in cross country in 1977 and the track title in 1974. They also compete in baseball (fifth in 1978), swimming (third in 1975), tennis and golf.

Before joining Eastern Illinois, Mullally served eight years at University of Oklahoma.

He earned his bachelor's and master's degrees at University of South Dakota with the undergraduate work in political science and the graduate work in history. In addition he has taken doctoral studies in history at Oklahoma.

He is 42, married (Carole) and the father of three (Heidi, Edward and Matthew). They reside in Fullerton.

LARRY SLAGLE, PRESIDENT, TITAN ATHLETIC FOUNDATION

The Titan Athletic Foundation is a non-profit organization with the express purpose of aiding the athletic program at Cal State Fullerton. It is a group of individuals, not necessarily alumni, who have a genuine interest in athletics and the University.

It is community involvement for some, business involvement for others, or simply an interest in a fine sports program that has attained national recognition and respect the past few years.

The foundation supports the athletic program by providing funds for scholarships and grants-in-aid which insure an effective recruiting program that attracts the best student-athletes available.

The Titan Athletic Foundation was founded in January 1973, and is the University's official athletic booster organization. In the TAF's first year approximately \$30,000 was raised and 150 members enlisted. Just seven years later the TAF raised over three hundred thousand dollars and has a membership of about a thousand.

Fullerton businessman Pierre Nicolas was the TAF's first president and he has been succeeded by Don Karcher, president of Carl Karcher Enterprises; Buck Johns, president of California Climate Control, and the current president, Larry Slagle, vice president of Yellow Cab Co. of North Orange County.

KERNEN, ROBINSON PROVIDE GARRIDO YOUTHFUL EXPERIENCE

Bill Kernen begins his third season as a full-time assistant to Augie Garrido. Kernen's coaching career began at San Geronio High School in 1974 and he led his team to a 16-9 mark in the two years he piloted them. He then moved on to the role of assistant/pitching coach at Orange Coast College and in 1976 OCC had its first winning campaign and was ranked 10th in the state poll.

Kernen also owns a distinguished career as a player. He played three years of varsity baseball at the University of Redlands, and his team participated in the national playoffs (26-10) his senior year. He set school records in wins and ERA and was the National leader in wins and ERA (0.77). For these accomplishments, he was named Athlete of the Year and Player of the Year.

Kernen graduated with honors (major in psychology) and signed with the Baltimore Orioles, where he stayed for the next three years.

Kernen's responsibilities with the Titans include pitchers, organization of the recruiting program, and counseling student athletes.

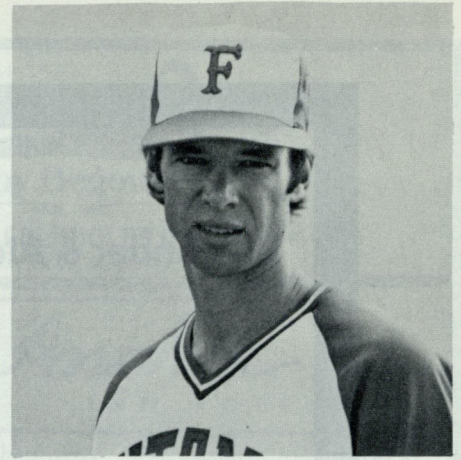

William Craig Kernan was born in Boise, Idaho Aug. 1, 1948 and is single.

Jody Robinson, a two-time All-PCAA outfielder for the Titans, enters his fifth season as an assistant at Cal State Fullerton.

Robinson is a 1972 graduate of Morse High School (San Diego) and attended Mesa JC before coming to Cal State Fullerton. While in his native San Diego, Robinson was named an All-CIF athlete in baseball and gymnastics at Morse and was All-league at Mesa.

Joseph Edward Robinson, 26, was born Sept. 2, 1954 in Great Lakes, Ill. He and his wife Sally have one son (Parker).

At CSF, Robinson holds the single season record for sacrifice hits with 15 in 1976.

Serving Great Steaks Isn't An Accident.

Even if you've been eating at a lot of fine steakhouses, you may be in for a pleasant surprise at the Cask 'n Cleaver. From our "blind taste test," to hand-picking our meats, to serving only Corn Belt beef, to careful aging, to cutting your steak to order, to searing and sealing in natural juices and flavor, to really warm service, no one does more to serve you a better steak and great things to go with it than the Cask 'n Cleaver.

Quality You Can Taste!

How Do In-N-Out Burgers Stack-Up? ...Deliciously!

The In-N-Out Burger is made to your order.

In-N-Out uses only whole chucks for their 100% pure beef patties (no artificial flavorings or fillers are used).

In-N-Out's hamburger patties are produced in In-N-Out's own commissary by three highly qualified butchers.

You'll know immediately that In-N-Out's hamburgers are like you would make at home. They're garnished with crisp lettuce, garden fresh tomato slices & In-N-Out's own special dressing. Crowned with a fresh slice of Bermuda onion and capped off with a bakery fresh bun!

**Suite 7 Professional Plaza
7020 Third Avenue
Scottsdale, Arizona 85251**

(602) 994-8123

TAKE THE GUESSWORK OUT OF YOUR EXERCISE PROGRAM

A growing number of coaches as well as non-athletic individuals are finding the answers to their training problems at Body Accounting. Whether you are exercising to improve your performance in a sport, your health, or your shape, you want results. The most effective and efficient way to get those results is to have an exercise program tailored to your current physical status. Doing too much or too little can bring both slow or no progress.

At Body Accounting, your body is measured and the results, together with information about your goals and your current exercise and diet pattern, are used to design your exercise and nutrition program. (Testing includes a stress test to measure exercise capacity, a body composition test to determine your fat percentage and your true optimum weight, and a resting metabolic rate test to identify your daily calorie needs.)

Body Accounting is currently working with many athletic teams, health clubs, businesses and individuals at the Irvine clinic and on a mobile basis.

If you would be interested for your team, club or yourself call 751-0522 for further information. Prices start as low as \$15.00 per test.

Professional physiological testing and counselling is now available to the public.

You Can Find Your Future in the Legal Profession

If you are seeking a career opportunity — WSU offers several ways in which you can enter the legal profession. **Full Time Students:** Can earn a J.D. Degree and be eligible to take the California State Bar Examination in 2½ or 3 years. **Part Time Students:** Can graduate in 3½ or 4 years of study with the same degree as a full time student by attending class an average of 3 times per week, 3 hours per class. There are schedules to fit many needs — classes are offered days, evenings and weekends. **Western State University College of Law** has a "Whole Person Admissions Policy": applicants are screened for academic background, personal aptitude, general experience, maturity and motivation. Applications are now being accepted for Spring Semester from men and women with two or more years of college credits. Pre-admission counseling is available.

To obtain catalog fill out and mail advertisement to either of our two campuses. **Western State University College of Law, Dept. SC21**

Supporting the Titans

What machines did for man's muscle

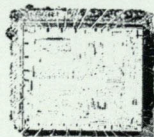

Thanks to the industrial revolution, our grandparents saw more progress in their lifetimes than occurred in all of recorded history before then.

And thanks to the computer revolution, we've already seen more changes in the last ten years than in the hundred years since the industrial revolution. What's more, the future is coming at us faster and faster, as computers play an increasingly more important role in every aspect of our lives.

No doubt about it — your future will be filled with computers. What better career than in the

computer field? And what better company in which to build a career for yourself than the computer industry's leader in microcomputer system technology?

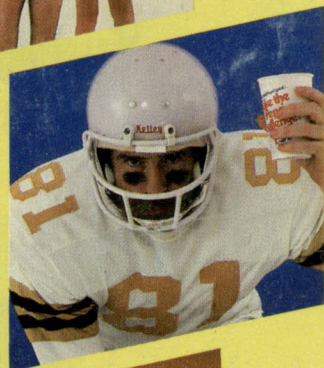

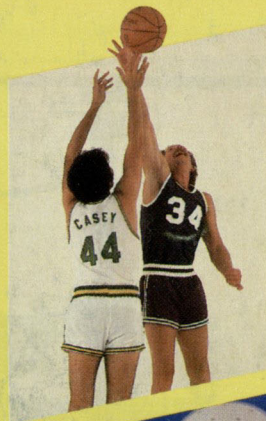

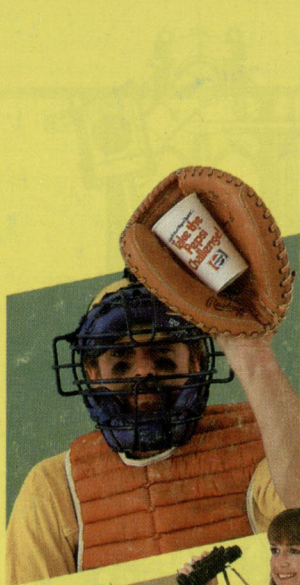

That company is Applied Data Communications, undoubtedly one of Orange County's most dynamic young organizations that's expecting to double in size every year for the next ten years. Applied Data is actively involved in the design, development and marketing of both scientific/industrial computers and EVENT Business Computer Systems for a variety of specific business/personal applications.

computers are doing for his mind.

If you're interested in computer engineering, programming or sales,
Applied Data Communications is interested in talking with you.

Catch that Pepsi Spirit... Take the Pepsi Challenge!

The big win—you've battled for it. Concentrated on every move. Pushed your body to the limit. And then some. You're filled with the Pepsi Spirit, and now the victory is all yours!

Pepsi knows what it means to challenge and win. Of the more than 500,000 people who have taken the Pepsi Challenge taste comparison in Southern California, 62% prefer Pepsi over Coca-Cola.

Drink it in!

But don't take our word for it. Step up and challenge us at a Pepsi Challenge booth. You'll catch that Pepsi Spirit!
