A,B,C's of College Life

Dean DeVoss

The man who has been known to hundreds of students as "Uncle Jimmy", Dr. James C. DeVoss, will retire this year after more than a quarter of a century of service to this campus. Dr. DeVoss came to San Jose State College, then San Jose Normal School, in 1922 as a professor of psychology. In 1927 he became Dean of the Upper Division, combining this duty with his responsibilities as head of the Psychology department. Later he became Dean of Students, Dean of Professional Education, and, finally, in 1950, Executive Dean. During these busy years Dr. DeVoss distinguished himself by writing two books, "Educational Psychology" and "Educational Achievement of Gifted Children".

For many years Dr. DeVoss was adviser to the senior class, and it was in this capacity that students came to call him, with affectionate regard, "Uncle Jimmy". The faculty knows him as a friendly counselor always willing to give generously of his time. More than one office on campus has been brightened with bouquets of prize flowers from the DeVosses' beautiful garden.

After thirty years of devotion to the college and its students, Dr. DeVoss retires as of October first. La Torre joins the host of students, alumni, present and past faculty members, who will miss him keenly, in wishing him the many happy years of retirement he has earned.

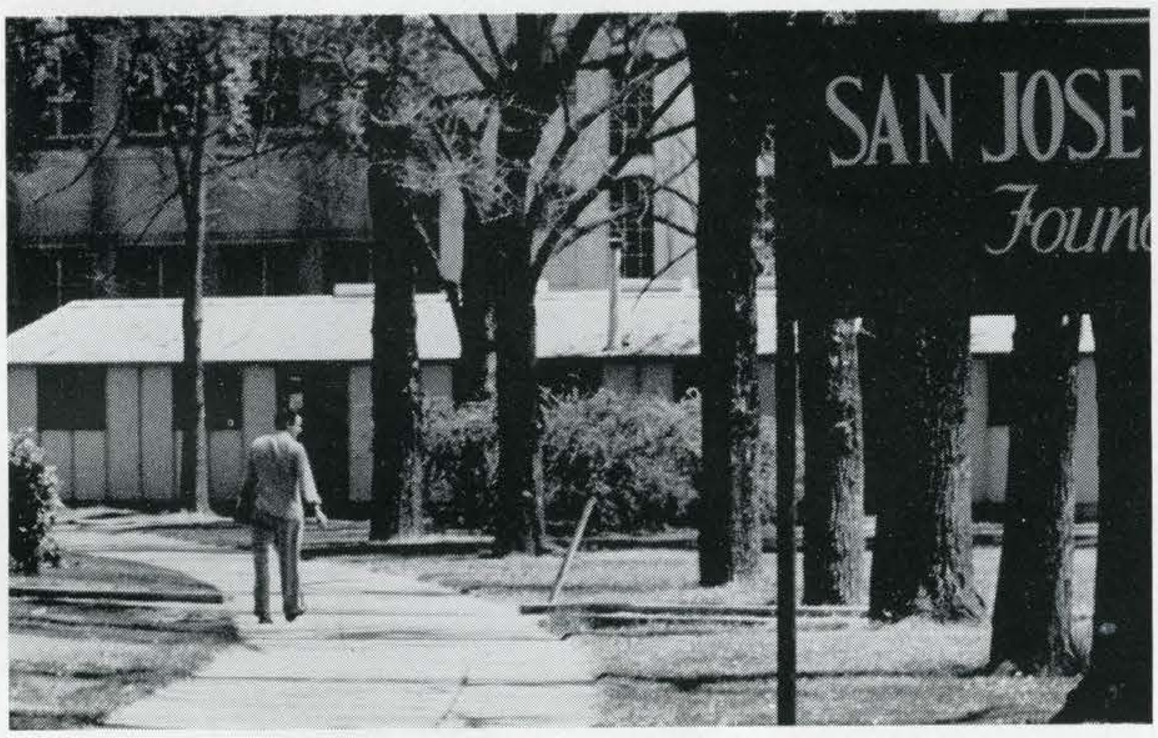

Dr. DeVoss and his secretary, Miss Matlock.

D **Direction and purpose for life --**

the reward of a college education.

President's message . . .

This volume deals with the A,B,C's of College Life. No doubt, the President's message should be consistent with the theme. It would not be difficult to find some worthy goal of the College to correspond to every letter of the alphabet. For the sake of brevity, permit me to select an **A**, a **B**, and a **C**.

AMBITION. I often read the inscription above the entrance to a majestic State building at Sacramento. A challenge to all Californians, it reads:

"Bring Me Men to Match My Mountains"

However, the words have universal appeal. Actually, they are taken from a poem by S. W. Foss, entitled "The Coming American":

"Bring me men to match my mountains,
"Bring me men to match my plains,
"Men with empires in their purpose
"And new eras in their brains."

I hope the College helps every student to see the things of importance in life that need to be done, to lift his horizons, and to find a role worthy of his efforts and for which he is adapted. I feel sorry for persons who pursue unworthy vocations, who entertain false values, and who set their sights too low. Even some college graduates sell themselves too cheaply and permit others to use them too freely. Fortunately, in the Springtime of life, one can utilize the wisdom of his elders, the knowledge of the cultured, and the techniques of the experts for guidance.

BROTHERHOOD. Certainly, the lessons of brotherhood have no better setting than the San Jose State College campus. Here persons of every color, race, and creed live together harmoniously.

Every graduate should know that no man chooses his own race or color, few choose their own domiciles and nationalities, still fewer determine their social-economic status in life, and very few select their own prejudices.

The college-trained mind should strive to eradicate its own prejudices while permitting others to enjoy their own preconceived opinions and feelings.

As we multiply facts about the different people in the various regions of the earth, we tend to forget that all men have the same basic needs — food, clothing, shelter, sanitation, education, and culture. The hope of mankind is to get the different people to see their common needs and problems, and to attack them cooperatively.

COUNTRY. Whether or not the San Jose State College student is an American, he is fortunate to be educated in America.

With all our faults and failings, here in America we are trying to live democratically. Also, our nation is gradually assuming its share in the leadership of the nations of the world.

In America we exalt the individual, provide for freedom of thought, cultivate the open mind, inculcate respect for differences of opinion, train students to detect and analyze propaganda in every form, provide for freedom of the opposition, recognize the rights of non-conformists, and, in short, put our trust in education.

Our heritage also includes freedom to read and listen and search for truth, the right to vote in secret and security for candidates of our own choosing, open courts and due process of law, the assumption that the individual is innocent until proved guilty, and the right to know the charges and the accuser.

Who among us, after familiarity with these ideals, would not desire these things for his people? These things are priceless.

Educator, scholar, and administrator--our president

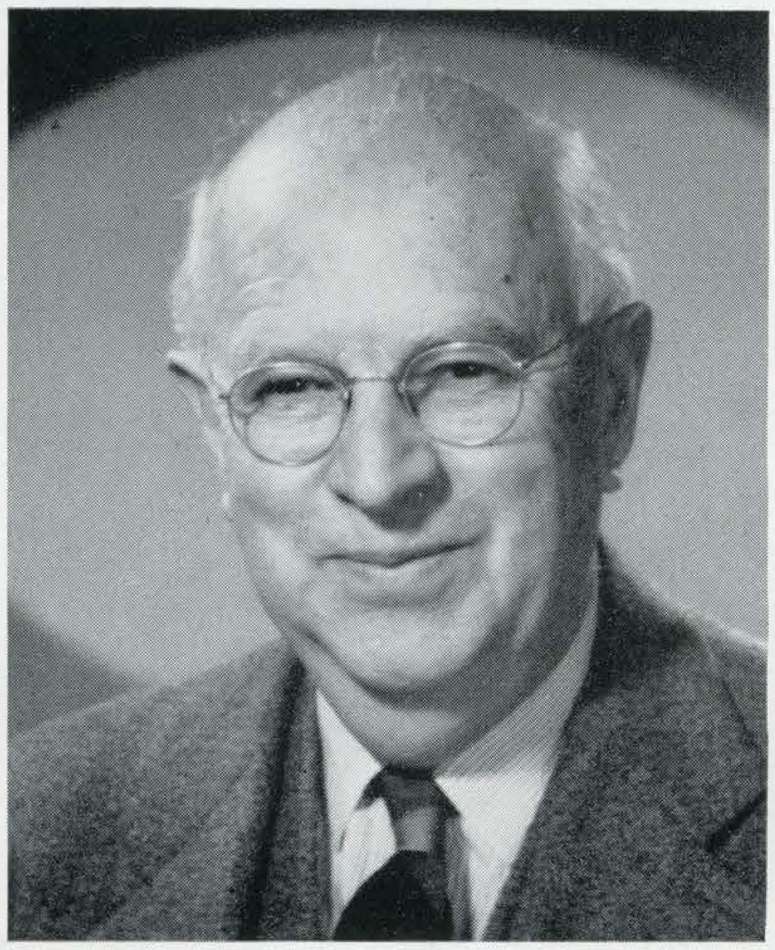

Dr. John T. Wahlquist, who is completing his second academic year as the seventeenth president of San Jose State College, has an extensive background as an educator and an administrator. Dr. Wahlquist came to San Jose State in 1952, ending the suspenseful period in which the campus awaited news as to who would succeed Dr. T. W. MacQuarrie. Dr. Wahlquist came to San Jose State from his post as dean of the College of Education and professor and head of the Department of Educational Administration at University of Utah. He is the author of numerous nationally recognized textbooks such as "The Philosophy of American Education" and "The Administration of Public Education".

Much of Dr. Wahlquist's time as president of San Jose State College has been devoted to meeting with legislators in Sacramento to advance the cause of building needs for the college, and to urge a more flexible policy toward enrollment ceilings for the future. Dr. Wahlquist became president of San Jose State College at a crucial time in its development, and has clearly shown that the administration of the college is in capable hands.

Assisting President John T. Wahlquist with the administrative affairs of the college are five men who form the President's Council.

These men are Dean DeVoss, Dean Harcleroad, Dean West, Dean Sweeney, and Mr. E. S. Thompson, who are pictured on these two pages. Dean DeVoss, who is retiring on October first, is the Executive Dean and assistant to the president. He is chairman of the Commencement Committee, and senior class advisor, ex-officio. Dean Fred Harcleroad is the Dean of Instruction, and he is in charge of the curriculum of the college, instruction, and the faculty. Mr. Joe West is Dean of Students and is in charge of all personnel services including the activities office. Dr. William Sweeney is the acting Dean of Educational Services including the library and audio-visual aids facilities. He is also in charge of the summer session. Mr. E. S. Thompson is the Business Manager for the college, and handles the financial aspect of the administrative work.

Handling the affairs of the women students is Dean of Women, Miss Helen Dimmick. Dean Dimmick is responsible for several phases of the campus life such as student activities, class organizations, service groups, and social affairs. Acting for the men students is Dean of Men, Dr. Stanley Benz. Dean Benz guides the activities and affairs of Interfraternity Council, Freshman Camp, and Spartan Revelries.

Alumni Association

Dr. Arthur C. Heinsen Jr., Class of '39, and George C. Milias Jr., '47, are serving as president and vice president, respectively, of the Alumni Association for the 1953-54 year.

The Association moved into new offices in the Administration Building on campus in time to direct such activities as the Fall Homecoming Reunion Dance, Spring Alumni Day, and the annual Coaches Banquet.

A 12-man Board of Directors has served the Association well this year and has guided its policies in establishing a more well-rounded program for Alumni, including the formation of five new Spartan Alumni Clubs. Main projects for the year included the Dee Portal Memorial Scholarship Fund and the San Jose State College Development Fund.

Student Court

This high tribunal of our college is endowed with the power to interpret the Constitution of the Associated Student Body and to rule on the constitutionality of any act of any body of officers operating under this Constitution and to prosecute any violators thereof. The Court also has jurisdiction over all associated students and ASB organizations. Student Body Elections are under the administration of the Student Court. The personnel of the court is comprised of a chief justice, six associate justices, two clerks, and two bailiffs. This year's gavel was wielded by Stan Croonquist.

Student Council

The Student Council is the governing body of the Associated Students of San Jose State College. The members of the council are elected by the Associated Students at the end of Spring quarter and hold office for one year. Campus issues and policies are set and the budgets of the committees and boards of the Student Body are approved. The members of the Student Council pass all the legislation that they deem necessary to provide for the general welfare and interest of the Associated Students. Council meetings are held weekly in the Student Union and are open to all students who may be interested.

Social Affairs Committee

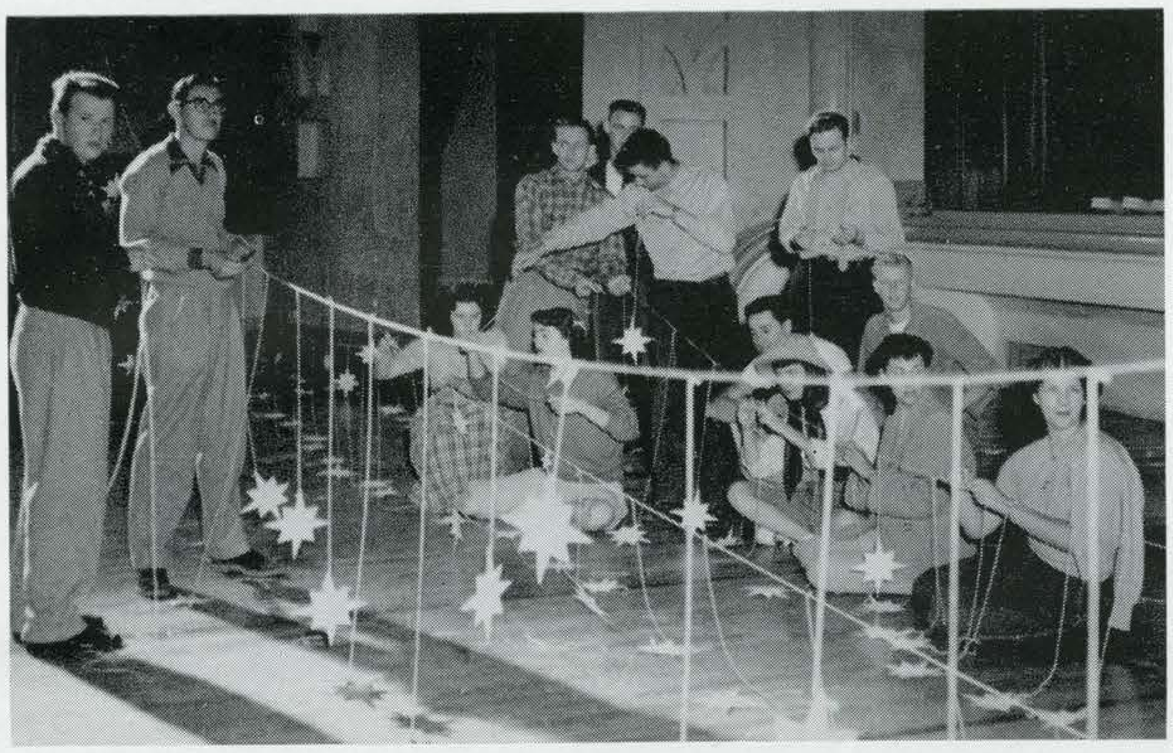

Social Affairs Committee is responsible for all social events which are sponsored by the A.S.B. This year their round of successful activities included Activities Night, which aids to orient new students with San Jose State; Fall and Winter Registration Dances; Coronation Ball; and Wintermist. Social Affairs Committee also sponsors any special teas or receptions given by the Associated Students. Chairman of this year's committee was Vern Perry.

Rally Committee

Football season this year was indeed the high point of an exceptionally active year for Rally Committee. With the outstanding card stunts, led by Joan Doyle and Bill Dubbin, the wonderful football team, the spirited rooting section, and a superb corp of swell leaders and song girls, the group helped to support a well-rounded athletic program of which every San Jose State student can indeed be proud.

Rally Committee poses for the camera.

Although football season is the most recognized of all Rally Committee activities, with its card stunts, parades, rallies, and other spirit-raising activities, it is by no means the only functional period for this group. A few of the group's other activities include sponsoring receptions for visiting boxers, welcoming all visiting athletic teams, and sponsoring the Ugly Man Contest and a convention for high schools and colleges to help integrate all athletic events. Other than supporting the athletic program, the group works hard all year to develop better public relations with the administration, community, and other colleges and universities.

A.W.S.

A.W.S. started the year off with a Big-Little Sister party which helped to welcome and acquaint the new Spartans. The Thanksgiving holidays inspired the girls to make favors for the Alum Rock Sanatorium; and in December the faculty was honored at a Christmas party. The group sold activities calendars, a commuters' luncheon club was formed, and baby sitters were provided for faculty patrons at college functions throughout the year. During Women's Week the girls took over the campus. The climaxing activity was a turnabout dance, Heart's Delight. March Melodies, the Spring barbecue, and the recognition Banquet honoring the 100 outstanding women students ended the whirl of activities. Adviser to the group is Mrs. Izetta Pritchard, who is known as "Mom" to all the girls. The wide variety of functions offered by A.W.S. encourages girls from all phases of college life to take part.

A. M. S.

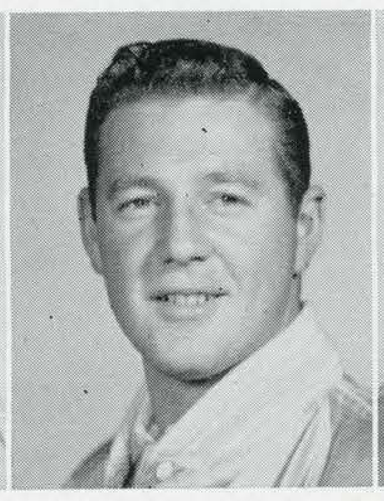

The Associated Men Students has spent two years as an organized group on this campus. They have decided to disband after this year due to lack of student interest and subsequent non-participation in the activities which the A.M.S. has tried to sponsor. The primary purpose was to incorporate the interests, which had been declared necessary by the men students, into some form of organized program. The most successful results of this proposition was the intramural sports program.

Freshman Class

This year the Freshman Class is very aptly named the Centennial Class. With its wonderful spirit, the class successfully planned and carried out three after-game dances, "Spring Fling", and a rummage sale. The outstanding event of the year for all of the freshmen was the winning of the plaque at both Fall and Winter Frosh-Soph mixers. A dance for aid to the March of Dimes was another activity that helped to start this great class on its way to a very successful and active college career.

Student Activities Board

The Student Activities Board is a representative body of students and faculty that was created to coordinate the activities of all recognized on-campus organizations. The board helps to avoid date conflicts between organizations through its overseeing of the date-book. It is also in charge of all selling and advertising on the campus. The policy of the SAB has been to limit the amount of advertising and to give each organization an equal opportunity to advertise their functions. Members consist of representatives from A.M.S., A.W.S., W.A.A., Men's P.E. department, Panhellenic, and I.F.C. There are two representatives at large, one male and one female. The ASB Vice-President automatically becomes chairman upon election and is assisted by the bulletin board custodian. Three faculty members act in an advisory capacity.

The Graduate Manager's office comes in contact with many student activities.

Seated: Jan Adams, Juanie Green, Harp Didier, Pat Morrison, and Dr. Lee Newby. Standing are: Duane Fiorini, Mr. Milton Lanyon, Dave Pantoskey, Mr. James Craig, and Dr. Edward Clements.

Student Award Board

The purpose of the Awards Committee is to facilitate the efficient handling and the formation of policy for Awards by the Associated Students. It is composed of members appointed by the Associated Student Body President with the consent of the Student Council. This year the Awards Committee is headed by Harp Didier. The committee is re-evaluating the bases for previous awards and establishing a sound policy for continued utilization.

San Jose Players

San Jose Players serves to unite those whose common interest is drama while acting as a service organization for the speech department. The Players present an annual major-minor mixer to honor new students and faculty. It also assists with departmental registration each quarter. Among its social functions for the past year were a Barn Party and a Progressive Dinner. The film series sponsored by Players finances a scholarship which is awarded to a student of speech and drama. Recently the Players have undertaken to handle the role of house manager, and to supervise ushering for all dramatic productions.

Forensics

The forensic program at San Jose State is designed to meet the interests and needs of all participating students. There are tournaments, round table discussions, student congresses, radio broadcasts, inter-school debates, and activities in the community. The group is affiliated with the Northern California Forensic Association, and has placed high in competitive events both locally and in regional tournaments. The Lecture Committee sponsors an annual debate with a British team, and an annual debate known as the Earl Warren Debate is held with the College of the Pacific.

The Radio and T.V. Guild has presented weekly half hour radio shows on station KEEN. The variety of shows presented included dramatic works, musical shows, and some discussion groups. The Guild also worked on two television shows, which were shown on KPIX. As a service project, the group aided the Santa Clara County Sheriff's Department by formulating a weekly radio program which was presented over station KEEN.

Don Douglas, Mary Campbell, Ruth Dougherty and Tom Winston present one of their productions.

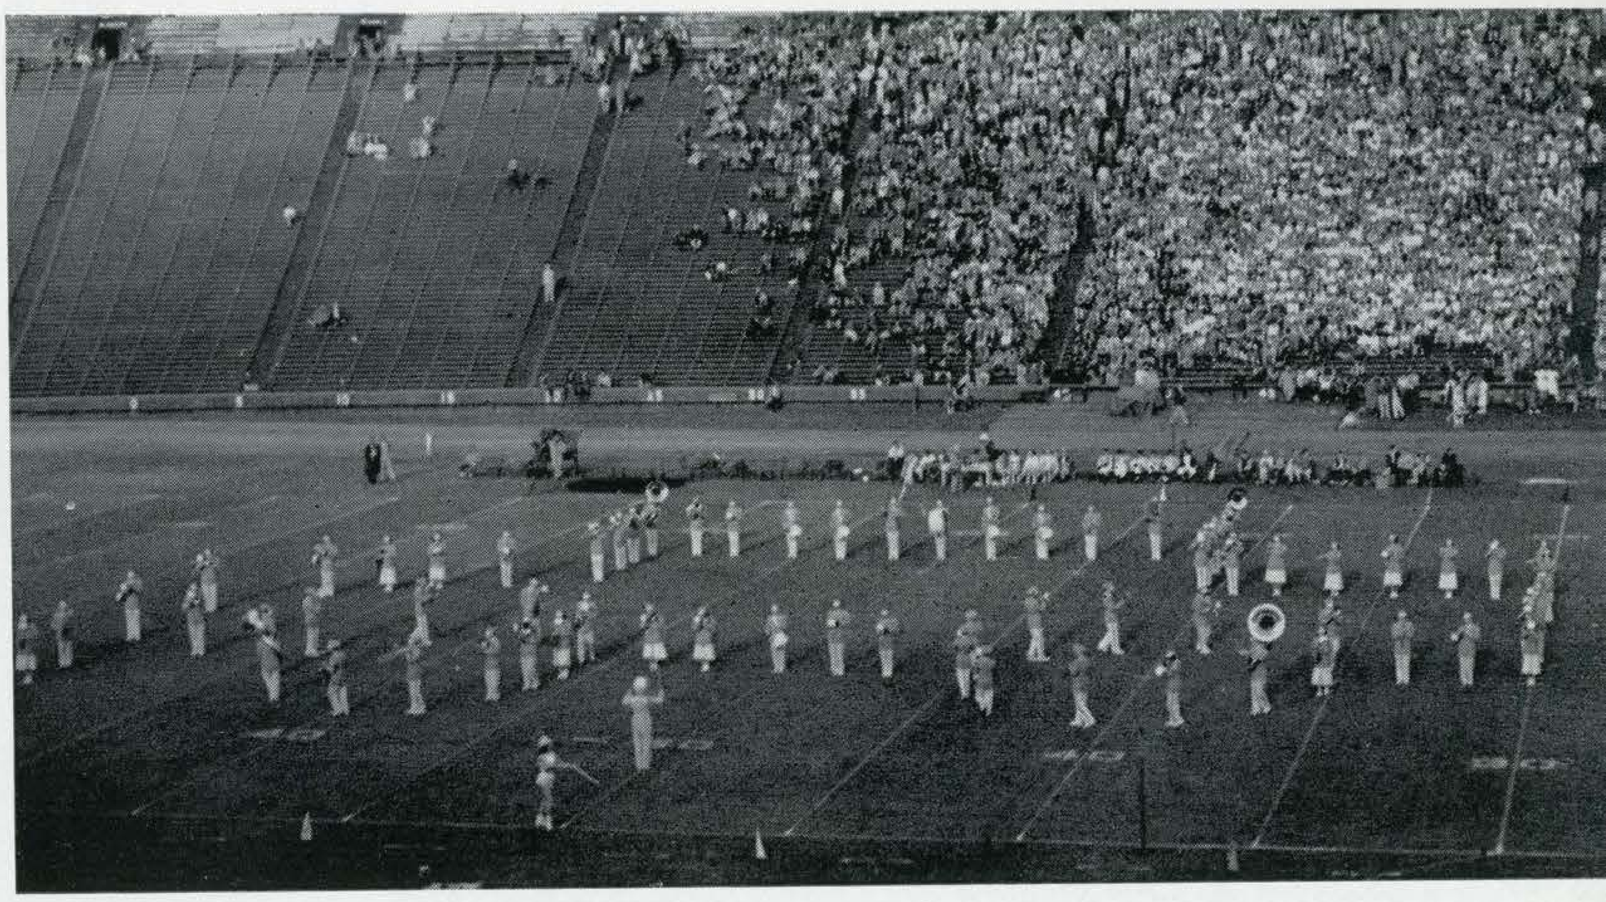

Flag Girls

We added something new to the half-time activities of the football games. The flag girls were Elinor Barton, Marilyn Prince, and Jacque Wood as pictured here from left to right.

Marching Band

The Marching Band directed by Dr. Robert W. Fiester performed at all the home football games of the past year, and they also travelled to Fresno, Stanford, and California at Berkeley to support the Spartan eleven. Dr. Fiester originates and directs all the formations which the band performs.

Majorettes

The majorettes for the past year are pictured here from left to right — Jeanne Watasuki, Norma Liefrink, and Wanita Wilent.

Symphony Orchestra

Dr. Lyle Downey is conductor of the symphony orchestra. It is composed of seventy-five performers this year. The orchestra gave three formal concerts during the past year. They also accompanied the choral ensemble for three formal programs. The final appearance of the symphony orchestra each year is at the Baccalaureate exercises during graduation activities.

Mr. Robert W. Fiester is the director of the Symphonic Band. This group consists of fifty-five members who are selected by auditions. The symphonic band presents a formal concert at the end of each quarter which is open to the public. Besides the formal evening concerts at the end of each quarter, the group presents concerts on Alumni Day, Graduation, and occasionally other festivities.

A Cappella Choir

Mr. William Erlendson is the conductor of the A Cappella choir. The A Cappella choir was organized by Mr. Erlendson in 1931, and has been under his direction since that time. The membership in this group is open to the entire student body. Thus, the musical programs are arranged for a choir of mixed voices. The A Cappella choir presents an annual concert at the college.

Mr. Erlendson leads the choir on the stage of the new music building.

Revelries

A college professor devoted to eggs falls for a beauty contestant and a whole cast of characters begin to Live A Little. An original story, singable songs, colorful costumes and sets, varied dance routines, and a host of comic and romantic figures made this year's Revelries an outstanding success. A great deal of credit goes to the following people for their contributions to making Revelries a hit: Jim Bernardi, director; Joe LoBue, assistant director; Jim Kason, Gene Sterling and Gene Broderick, music and lyrics; Joanne Lehtinen and Bob Moesle, settings; Walt Tanghe, lighting; Kyle Wagner, costumes; Ramona Puccinelli, choreography; and Joe LoBue, Sally Curtis, Jim Bernardi, and Sally Lotz, story.

The Revelries Board selects the story and music for production of Revelries.

The professor and his secretary leave Utica University for a beauty contest in the opening scene of the 1954 Revelries.

The winner of the beauty contest was named Miss Flagstaff Beer of the year.

The prim and proper secretary lives a little in the number, "Haven't We Met Before?"

Every one helps out to construct and paint the sets for the show.

The whole cast joins in the finale number which is the title song "Live a Little".

Spartan Daily

The Spartan Daily is the only state college daily newspaper in California, and one of the forty-one daily college papers in the United States. The staff traditionally works before registration so that the first issue of each quarter appears on registration day. The paper gives complete campus coverage, and worked for better conditions and understanding here. But first of all, it is a laboratory for prospective journalists and teachers of journalism. To this end, assignments are rotated each quarter so that students may receive the fullest experience from their stay on the staff.

The Spartan Daily staff gathers campus and world news to produce one of the finest collegiate dailies.

The copy staff gathers around the copy desk. They work to make the news as accurate as possible.

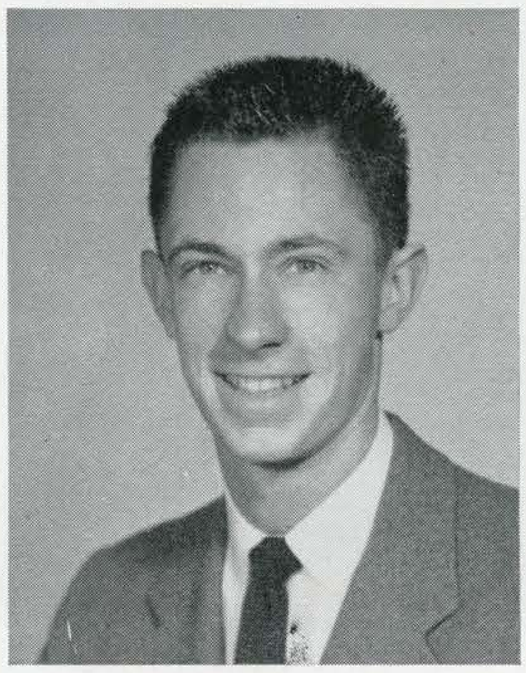

The ad staff, under direction of Beverly Becker, works to keep the local merchants before the campus eye.

The La Torre added a startling new feature this year —a recording of familiar voices and sounds around the campus. Many of the college activities were recorded for posterity, while familiar happenings and people were recorded in pictures and words. In this year's annual we tried to capture all the events and experiences that are part of the A,B,C's of college life.

La Torre's float in the Homecoming Parade featured the record which was a new addition to this year's book.

The La Torre staff works from September until June to produce the college annual. The production of the yearbook involves several phases. First the photo staff gathers pictures of familiar events, people, and scenes as a record of campus life for the year. The art staff works at arranging these pictures attractively, and the copy staff has the job of writing captions for the pictures and gathering information about all the organizations on campus. The sales managers have the responsibility of selling the yearbooks and of paying the bills of production. This year the La Torre staff added a new feature to its book in a recording of campus sounds, so that we will remember the year 1953-1954 in pictures, words, and sound.

Yearbook Staff

Much of the production of the La Torre involves paper work. After pictures have been taken, the staff works to identify the people in the pictures. Before these names are sent to be printed they are checked for correct spelling. Once all names have been collected, they are compiled by the staff for the student index. This is the last big job to be done before the book is sent to the printer.

Seen working on this year's La Torre are: back row: Teddy Gehr, Barbara Gough, Don Righetti; front row: Pat Cummins and Muriel Voight.

Part of the staff checks to see that names are spelled correctly. After the names are checked they are filed in the index. Jo Guttadauro, Sue Fuller, Jim Cottrell and Pat Stuart here were going through lists of names.

First the information is collected, and then we go to work to organize it for the printer. Index editor, Sue Fuller, assembles the index while copy editor, Pat Postal, types it for the printer.

The photo staff works with the section editors to get the best pictures of all campus activities. A La Torre photographer is on hand to record such events as the Homecoming Parade, Novice Boxing, the Dedications of the Music and Engineering Buildings, Revelries, March Melodies, and rallies. They also take action shots at all the athletic contests. Because of their work we are able to present a pictorial review of the year's happenings in La Torre.

Lyke

Lyke is San Jose State College's feature magazine. Due to the wide variation allowed each staff in its choice of copy, layout, art work, and photography, Lyke provides a fine opportunity for all those who are not Journalism majors and still desire to work on some form of publication. Because of the large amount of careful planning and hours of work given to each issue published, Lyke ranks with the best of the college feature magazines in the universities throughout the country.

Smiling faces meet to produce the campus feature-humor magazine which is published once each quarter.

Air R. O. T. C.

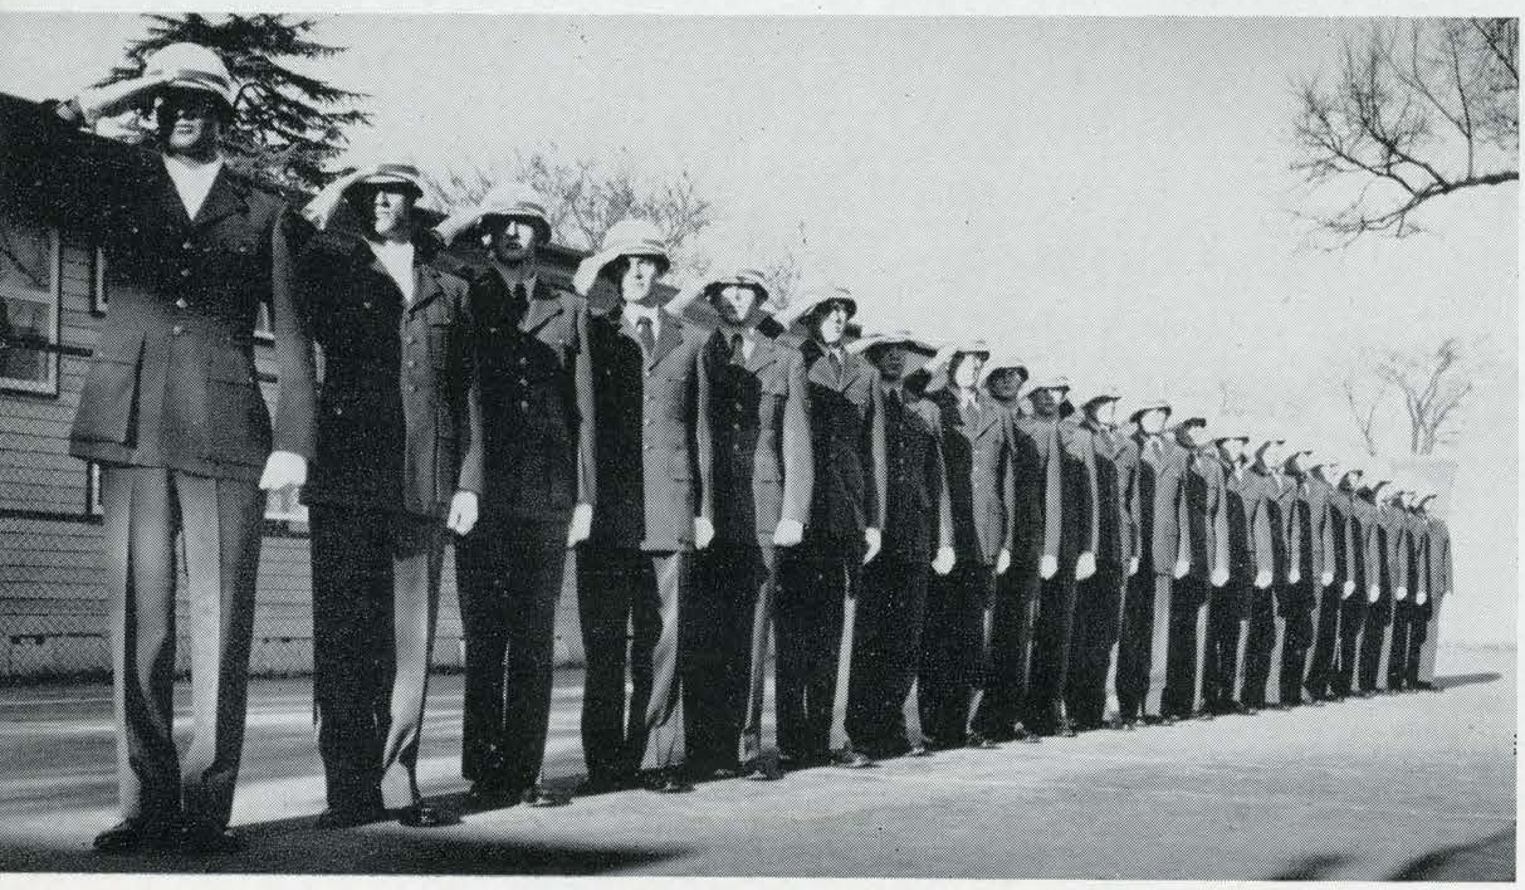

The purpose of the Air R.O.T.C. is to develop in prospective college graduates the qualities of leadership and other attributes essential to their progressive advancement to positions of increasing responsibility as commissioned officers of the Air Force, and to prepare them for immediate assignment to specific duties therein. The Summer Camp for AFROTC Cadets will consist of approximately four weeks training at Castle Air Force Base near Merced, California.

athletes made us proud in competition.

Leaves turned brown, and it was time for football.

It happens every year in the Autumn — the football fever overtakes the whole nation. And San Jose State is no exception. This past year we made great strides forward. We rolled over some tough competitors such as Idaho, Brigham Young, and Fresno State.

Our outstanding win was over our big rival, College of the Pacific. We will never forget that memorable play in which the COP attempt for the extra point was blocked, and the San Jose State fans went wild at the resulting victory.

In spite of the loss of some top performers, we gave the Golden Bears of California a real run for their money. Our under-rated team was highly acclaimed by the bay area sports writers after our performance against Cal. Yes, this year San Jose achieved recognition as a growing competitor for the west coast powerhouses.

Continuing its status as a major independent football power in the west, the Spartans underwent their most rigorous schedule in history while compiling a 4-4-1 record under the able tutelage of a young coaching staff. Completing his fourth year as head man, Coach Bob Bronzan was ably assisted by Line Coach Bill Perry and Backfield Coach Gene Menges, a pair of former Spartan grid stalwarts of the post-war era. Beset by injuries at key positions and a green squad over-balanced with sophomores, the gridiron forces gave a good account of themselves against all opposition. Defeat of Vandals Warns Major Foes 34 - 6

Our football "for fun" looked like serious business in the '53 opener. And the Spartan power, grace, and easy victory undoubtedly came as a stunning surprise to California and Stanford scouts whose teams we were scheduled to play later in the season.

Idaho scored the first touchdown, but from then on it was our Spartans who thrilled the 9,000 opening night patrons in Spartan Stadium.

The crowd cheered the debut of a new Spartan performer, Joe Ulm. And we were equally impressed with the veterans of previous seasons — namely, halfbacks Larry Matthews and Bill Walker, and quarterback Larry Rice.

It was Matthews who set up Ulm's third touchdown sprint with a right end dash of 23 yards. He also kept alive two other Spartan rallies with scintillating catches of Rice-thrown passes.

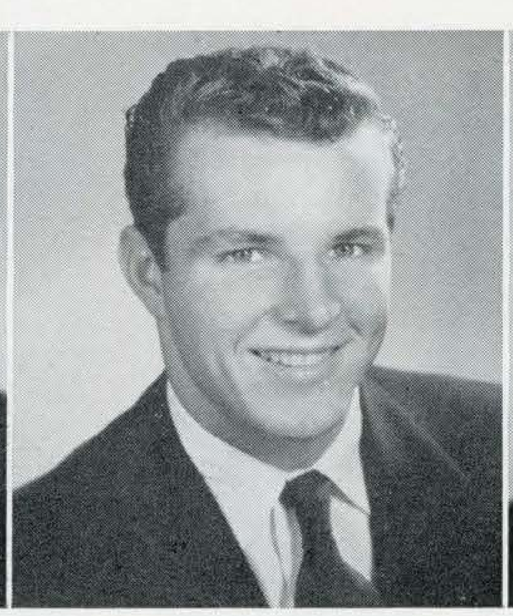

And so, in the opener of the 1953 football season, we saw our darting Spartans keep a vaunted Idaho defense completely bewildered throughout three quarters of the game.

Second Spartan Win Over Brigham Young 28 - 25

The San Jose Spartans traveled to the Provo, Utah, stadium to match skills with Brigham Young University for the second game of the season.

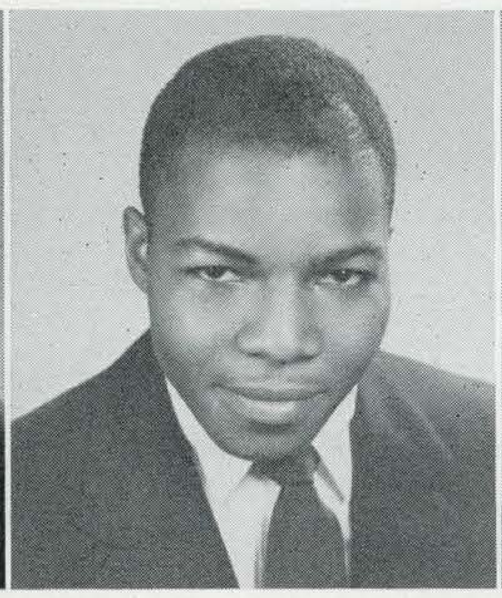

In early minutes of play we held the Cougars 21-7. They fought back hard, and, with a sudden winning streak, the score reversed 25-21 favoring the Brigham Young Cougars. Chances of a Spartan victory looked dim, but in the last eight minutes of play, the San Joseans were sparked with spirit. Much to the surprise of the Brigham Young eleven and their 6,000 fans, the Spartans emerged victorious!

JACK CRAWFORD T 76
Big, fast, improved constantly in '53 season . . . Should be a dependable regular in the '54 lineup.

San Jose Edges Out Fresno State 27 - 21

Fresno State was third on the Spartan schedule. The Fresnans trailed along until half-time when the score was 20-7 favoring the Spartans. However, San Jose was taken aback (remembering last year's push-over with the Bulldogs, 40-6) when the hard driving, swift running defenders pushed into the lead with a 14 point scoring splurge in the first three minutes of the fourth quarter.

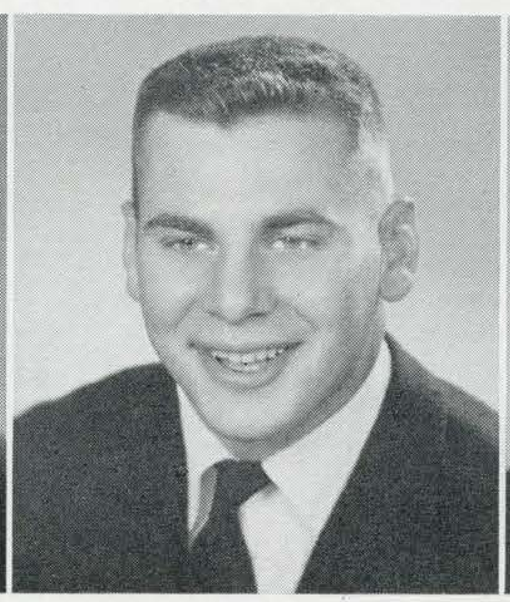

The Spartans pulled a switch from ground power to air and eked out a narrow win, 27-21, once more defeating the Bulldogs of Fresno State.

MERLE FLATTLEY E 62
Good pass receiver — speedy, dependable . . . Expected to turn out a sparked performance in '54 season.

DICK FLEEGER C 78
Big, fast, offensive blocker . . . Expected to be one of the most dependable in '54 season.

Halfback Dick O'Neill (36), breaks through Arizona State defenses on punt return.

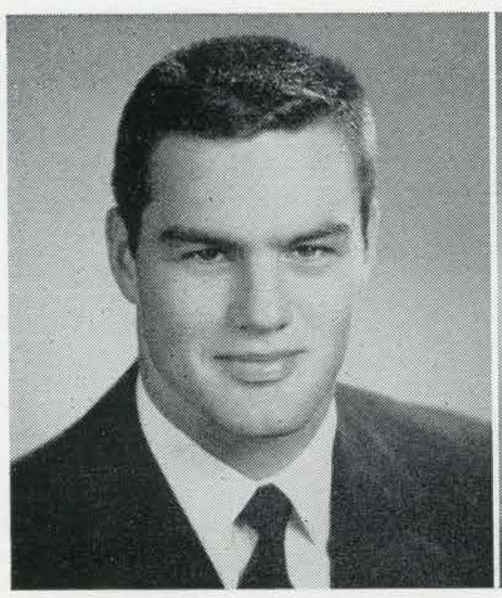

Quarterback Larry Rice hurdles one Tempe Sun Devil but is brought down by another.

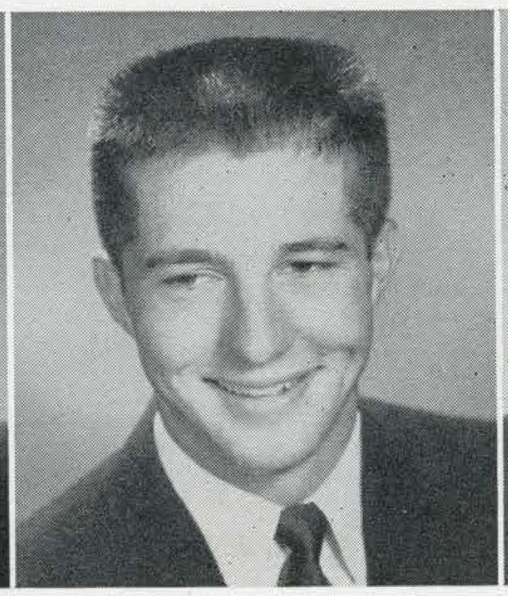

Strong Arizona State Eleven Upsets Spartans 20 - 35

The statistics show that we outclassed the Arizona State eleven in every aspect but passing, and the passing made the difference.

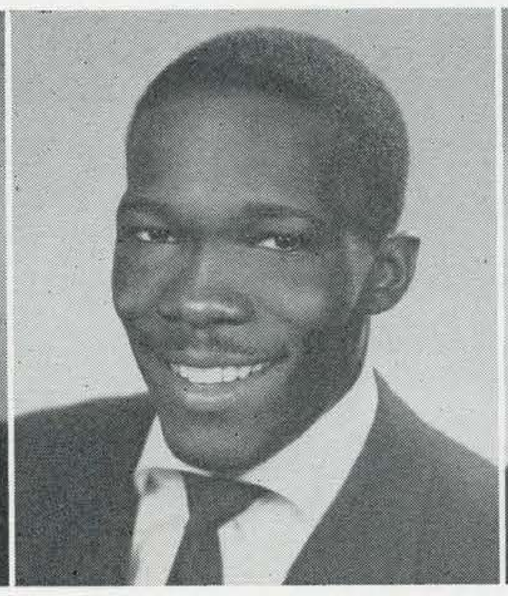

The Sun Devils of Arizona State at Tempe, a rugged, fast group of footballers, marred San Jose State's undefeated record. Within the first seven minutes of the opening quarter, the Sun Devils had a 14 to 0 advantage. San Jose battled back to within one point at 21 to 20 entering the final period. Then the Devils went to work and exploded for two touchdowns to register a 35 to 20 victory.

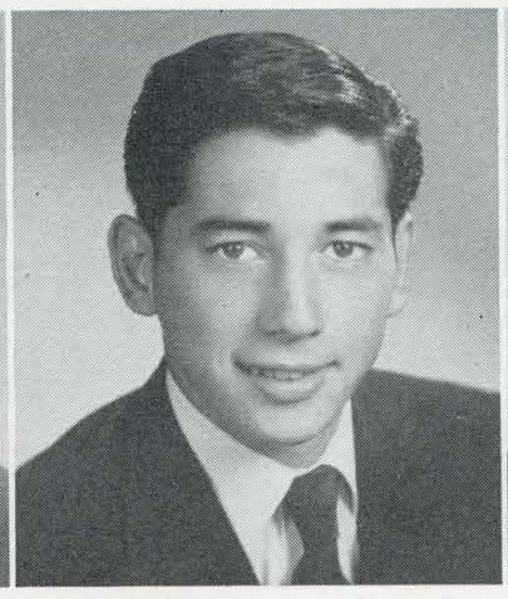

JIM HAGUE C 77
Held out of competition in '53 season . . . Expected to play in '54 season.

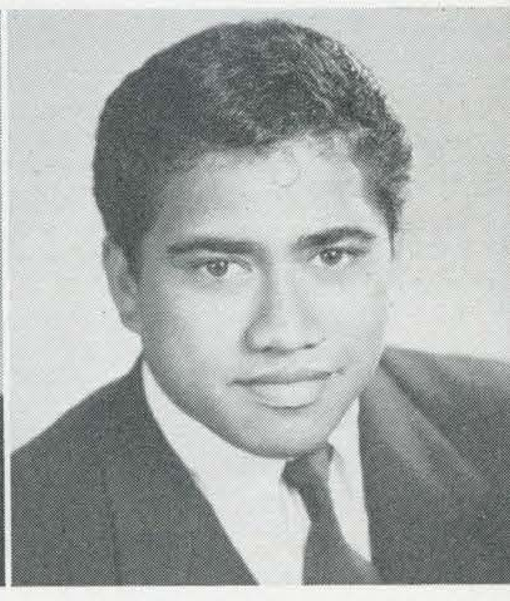

JOHN HAMBER T 70
One of the finest players on the coast . . . Big, fast, rough, and experienced . . . Will be missed . . . Consistent, great performer.

CHARLES HARDY E 37
Excellent pass receiver . . . At 172 pounds he stopped the off-tackle slants of the Cal Bears . . . Expected to start in '54.

PAT HIRAM HB 33
Accumulated most playing time of any sophomore . . . A reliable, all-around player...Expect a stellar performance in '54.

CHARLES KAAIHUE G 68
Co-winner of downfield blocking contest in spring drills . . . Consistently good performer . . Will be a starter in '54 season.

California Beats Battling Spartans 14 - 34

Despite the ineligibility of three top players, Joe Ulm, fullback, Clarence Wessman, end, and Tom Powers, guard, San Jose State gave mighty California a real run for their money throughout most of the first three quarters.

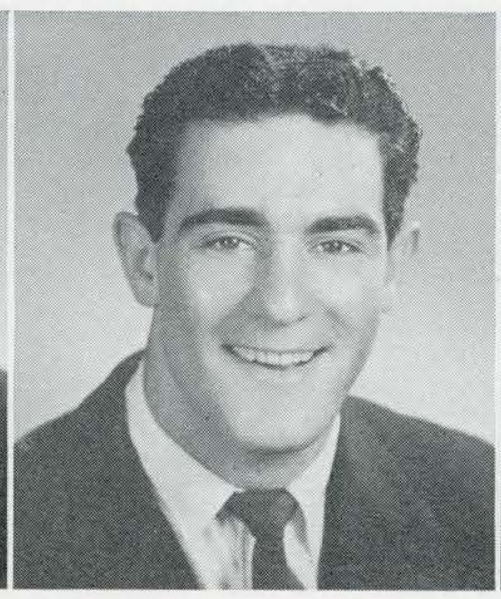

We led the Bears 7-0 at the end of the first quarter after converting a Cal fumble into a touchdown. Sparked by fullback Jerry Taylor, we battled California to a 14-14 standoff in the opening half.

But California found a weakness in San Jose's pass defense and capitalized on the use of the airlanes to set up a pair of third quarter touchdowns.

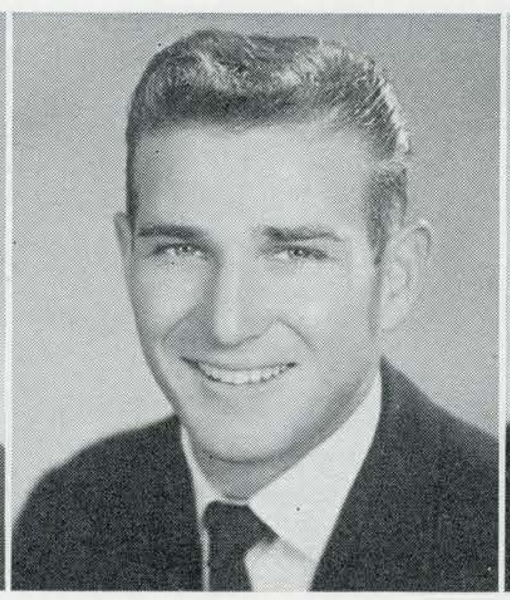

The Golden Bears added their final tally by recovering a San Jose fumble and running it to the 16-yard line. Four plays later they scored their final touchdown. The final score of 34 to 14 didn't tell the whole story, however, for the Spartans were acclaimed as an underestimated group, and tough competition for the mighty Golden Bears of California.

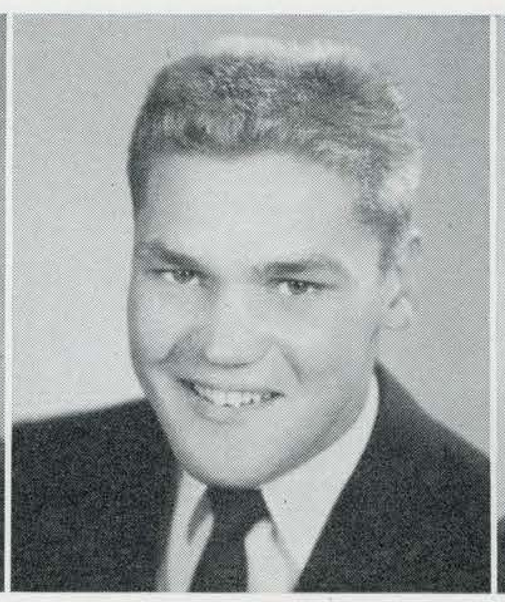

MERVIN LOPES E 49
Co-winner of the downfield blocking trophy . . . Caught the TD pass against C.O.P. even though playing with an injury.

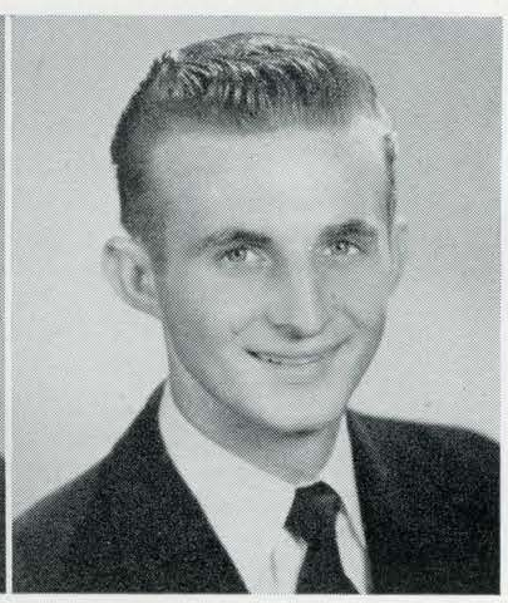

TOM LOUDERBACK G 60
One of the most aggressive . . . Will be long remembered for blocking the C.O.P. conversion attempt, resulting in a win.

LARRY MATTHEWS HB 30
Rated as a top back in the nation by statistics and experts... Runner, blocker, receiver, tackler, de luxe . . . Co-captain and voted most valuable player.

ED MAYER G 61
Good, consistent player . . . his strongest forte was ability to rack on defense . . . Against Oregon made key defensive plays and a pass interception.

KEN MITCHELL HB 24
Displayed unfailing spirit which made consistent contribution to team play. Will be missed in '54.

Spartans See Lead Vanish — Lose to Oregon 13 - 26

A point-hungry, win-starved University of Oregon football machine had its shining hour at Eugene, Oregon, as it rolled to a 26-13 decision over the Spartans of San Jose State.

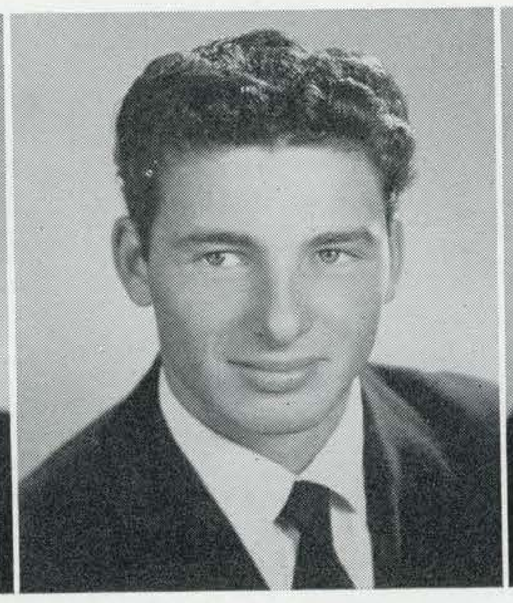

The Spartans established an early 7-0 lead in the first quarter after taking a short Oregon kick on the Duck 29. Matthews went over for the score and Rice converted to make it 7-0.

In the fourth quarter, sophomore quarterback Bob Rinehart led the Spartans on a 77-yard scoring march that resulted in the second and last touchdown for San Jose.

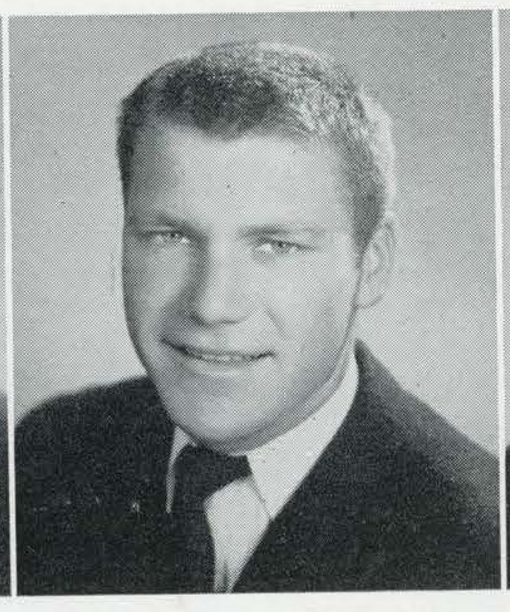

Late in the final quarter, Oregon added three tallies to snap a four-game losing streak. The 26-13 defeat handed San Jose its third straight setback.

JOE MULDOWNEY T 73
Played defensive tackle in two-platoon system in '52 . . . due to injuries couldn't perform up to his previous level.

DICK O'NEILL HB 36
Off to a terrific start . . . Perhaps the hardest runner . . . Injured in Cal game . . . Great things expected of him in '54.

LEON O'NEILL E 50
As a soph end, showed exceptional potential . . . Rugged . . . Had a fine pass receiving average for season.

JOHN PETERSON T 80
Best lineman in spring drills... Finest performance was in COP game when he stopped three consecutive plays.

BENNY PIERCE Q 44
Voted co-winner of most inspirational player award . . . strictly a team man . . . Should carry the 1954 banner as a split T quarterback.

Halfback Bill Walker bursts into secondary of North Texas State.

San Jose State Ties North Texas State 13 - 13

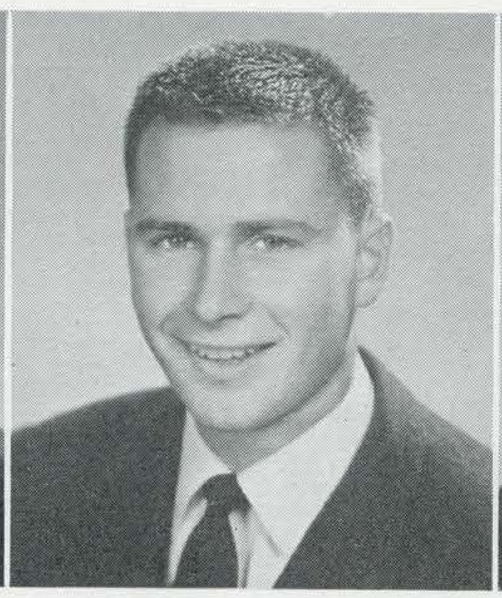

An aroused San Jose State eleven, fired by the injury of fullback Jerry Taylor, came to life in the fourth quarter to battle North Texas State to a 13 to 13 deadlock before 7,500 fans at the Spartan Stadium.

After struggling to a scoreless tie in the first half, during which both sides featured defensive play, the Spartans and Eagles took turns moving the ball in the final two periods. North Texas scored twice in the third period while San Jose tallied twice in the closing stanza.

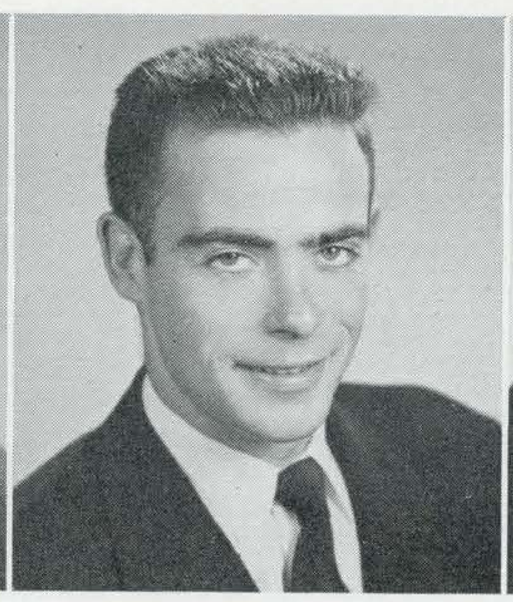

North Texas, after having its 13 point lead wiped out by the scrappy Spartans, made a final bid for victory with a 24-yard field goal attempt in the last minute and a half of the game. The kick went wide to the left and the score remained a 13 to 13 tie.

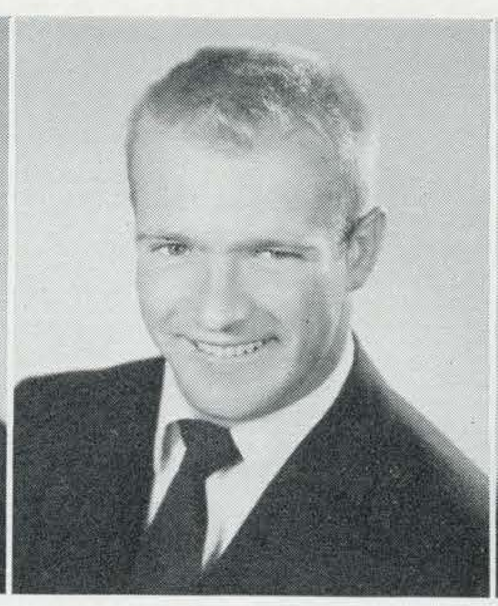

TOM POWERS G 65
One of the unlucky players who was declared ineligible for competition this year.

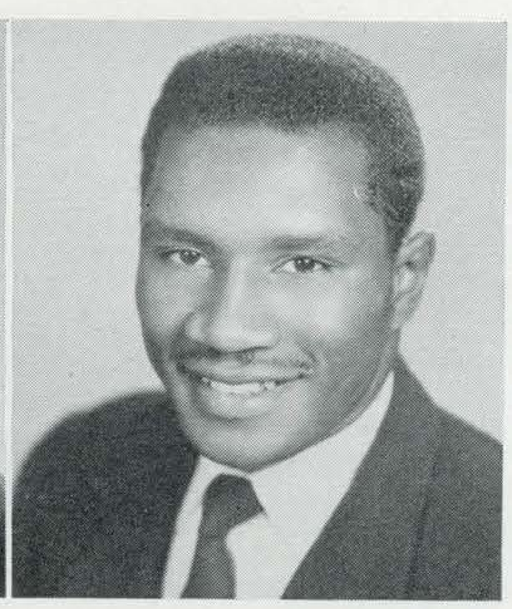

BOB RINEHART Q 28
Totally inexperienced... Showed up well in the Oregon game . . . Will be back next year.

LARRY RICE Q 56
Off to a sensational start . . . By fourth week of competition was twelfth among nation's top passers . . . A top performer.

JERRY RUSE C 56
From frosh quarterback to varsity center was a big adjustment . . . The ex-marine came through in good shape.

HERMAN STOKES HB 31
Injured early in season . . . Finished well in Stanford and C. O.P. battles.

Pacific ball carrier pinched by Halfback Bill Walker (47) and Guard Tom Louderback.

Spartans Win With Long Aerial Pass

7 - 6

Continuing the trend for upsets in the series, San Jose State nipped College of Pacific 7-6 for the Pacific Coast Independent championship in the "Little Big Game" before a capacity crowd.

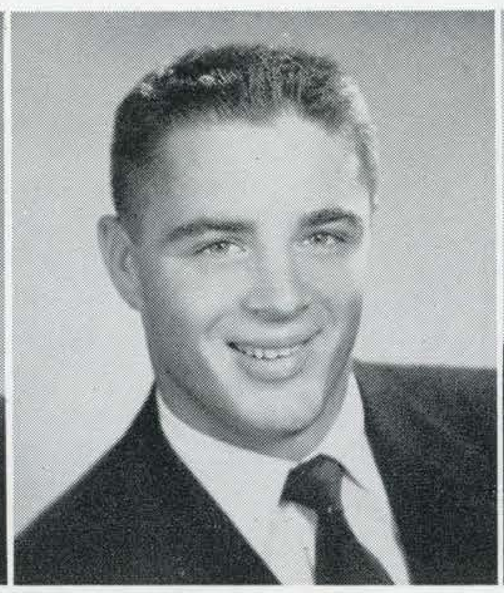

The Spartans made one touchdown do the trick, thanks to some of their best defensive play of the season.

Just 40 seconds before the half-time gun sounded, quarterback Benny Pierce passed to end Mervin Lopes for a touchdown on a play good for 66 yards. Larry Rice added the extra point and it proved to be the vital one.

Pacific threatened several times during the second half. They scored once and the extra point was blocked by the Spartan line. This proved costly for the Tigers.

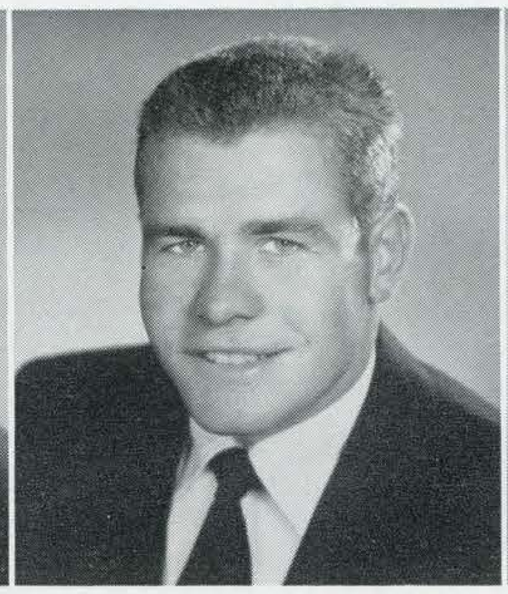

DALE SUMERS G 74
A starter and top performer as a Soph and Junior . . . Out for season after receiving head injury in B.Y.U. game . . . Great loss to the team.

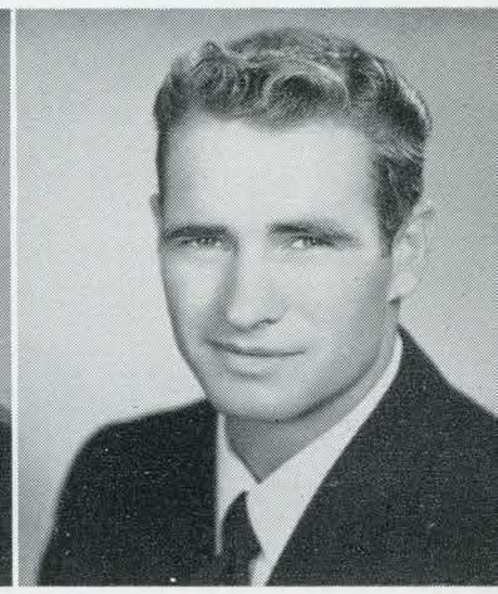

JERRY TAYLOR FB 54
His competitive spirit and tremendous drive account for his increasing success in '54 . . . His drive was responsible for two TD's in Cal game.

JOE ULM FB 55
Leading scorer in the nation until declared ineligible . . . Will be a stellar performer in '54 season.

DON WADSWORTH T 79
Gained a lot of experience in '53 season . . . Should be a valuable player in '54.

BILL WALKER HB 47
A fine all-around back who will be missed next year . . . Still holder of longest run from line of scrimmage.

Gene Goldberg (21) and Leon O'Neill (50) bring down Sam Morley (11)

That Morley again. Tackled by Al Brown (29) after taking pass in Spartan end zone.

Indians Outclass Spartans

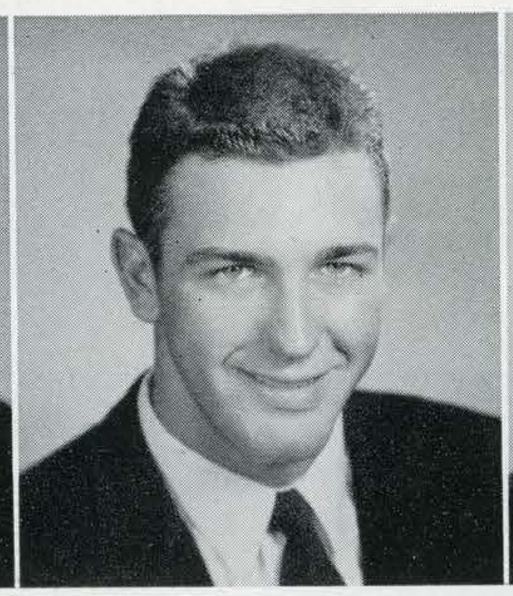

0 - 54

Stanford had the Indian sign on us again this year, resulting in the loss of the last game of the season. Stanford's flashy quarterback, Bob Garret, made all the efforts of the Spartan eleven look particularly inept.

We can only hope that next year we won't succumb to the grips of Stanforditis and will come through with a win to snap the long losing streak in the record of San Jose-Stanford contests.

BILL WALSH E 58
Turned in good, consistent performances although playing constantly with injuries . . . No chance to show his ability.

CLARENCE WESSMAN E 81
Declared ineligible mid-season . . . Slated to be one of the top ends . . . Big, fast, rugged, agile performer.

TOM YAGI C 59
In last four games of the season Tom received plaudits for his line backing . . . Will be a regular in '54 season.

Freshman Football

Tuck Halsey, SJS Frosh fullback, carries the ball in the game with East Contra Costa J.C.

The San Jose State freshman football team won only one out of five games, but that one victory was the sweetest—a 6-0 triumph over College of the Pacific.

In their opener, the Spartanbabes lost to East Contra Costa 20-6, then were walloped 45-7 by the powerful West Contra Costa eleven. After losing to Fresno State 13-7, the Spartanbabes turned in their victory over Pacific. In the closing game the young Spartans bowed to Fresno J. C. 26-13.

Despite the losing season suffered by the freshmen, several fine future prospects were developed—players who will take important roles on the varsity squad in the next three years. Coaches of the Spartanbabes were Bob Amaral, Russ Philips, Stu Fowler and Jerry Wyness.

Left to right, top row: Coach Bob Amaral, Coach Stu Fowler, Captain Gene Larson, Bob Burns, Kent Keagan, Billy Wells, Coach Russ Phillips, Coach Jerry Wyness. Fourth row: Al Severino, Jerry Henderson, Dick Gleed, Lou Feletto, Ken Steele, Orland Hill, Sam Statler. Fifth row: Carl Monsen, Harry Greenberg, Jim Johnson, Don Armstrong, Bill Hanna, Paul West.

Basketball

Due mostly to the efforts of Carroll (Mighty Mouse) Williams, San Jose State basketball team established 25 new school records and tied three others as the Spartans completed one of the most unique seasons in San Jose cage annals.

Despite the first losing season in 11 years under the coaching of Walt McPherson, the Spartans and McPherson were accorded meritorious recognition for their fine stretch drive which saw them win eight of their last ten games, including six consecutive California Basketball Association triumphs.

The Spartans lost six of their first eight men before the season opened or shortly after it started. Yet McPherson rebuilt a team which came strongly in the last half of the season and won at least one victory from every CBA opponent. It was work of this caliber that induced the Northern California Sportswriters Association to vote McPherson "Coach of the Year."

Williams, second highest scorer in Spartan history with 460 points, combined his scoring with a fine all-around floor game and earned selection to the All-CBA and All-Northern California teams plus All-American honorable mention.

Boxing

The Spartan ringmen, always strong in previous years, found themselves in a bad situation at the beginning of this past season. They had a team built around sophomores and juniors, with only one senior, Vic Harris, a holdover from last year's championship club. With this green team, Coach Julie Menendez worked seeming miracles. By the time the season had closed the Golden Raiders had tied for top honors in the Northern Calif. Intercollegiate Invitational, placed a very close second in the PCI, and finished tenth in the NCAA tournament held this year at Penn State. Julie also developed three PCI champions: Dick Bender, Vic Harris and Tom Stern.

Harris, the team's lone senior, sported a not too impressive three won, one draw and one loss record for the season, but won big ones when they counted. The classy welterweight carries a solid punch in each hand and is a fast man in the ring. Tom Stern, a sophomore, is the number one light-heavyweight on the squal. Stern lost his first fight and then came roaring back to win the next eight straight. His crown is the second such in the family. His brother, Jerry, won the 147 lb. championship in 1952.

Boxing

DeWitt A. Portal, the first head boxing coach at San Jose State, guided the development of the Spartan ring program through 15 seasons.

During his tenure the Spartans have come from the intramural stage to a place among the best half-dozen collegiate ring teams in the nation. Part of this success was due to Portal's knowledge; part to his boundless energy; part to his techniques; part to the cultivated support of the campus and town; but largely due to his unswerving faith that boxing is a great sport for the development of young men.

A past president of the National Collegiate Boxing Coaches Association and formerly a member of the NCAA Boxing rules committee, Portal was a native of San Jose. He was a star athlete at San Jose High School and later at Sparta. Graduated in 1930, Dee was associated with athletic staffs at Sacramento's Grant High, Menlo J. C. and Stanford.

After a brief stint as director of the Fort Bragg Community Club, Dee returned to his alma mater in the fall of 1934 as Physical Education instructor and Sparta's first boxing coach. With the exception of a three-year tour in the Navy's Physical Education program and one season as ring coach at the University of Wisconsin, Portal has been at San Jose ever since.

In 15 seasons, Portal's mitt squads have won 79, lost 16, and tied 9 dual meets; a winning average of better than 83 percent.

Physically and mentally, Dee Portal was a busy man. Under his stimulation boxing has become a vast program at San Jose State. He continually made new evaluations of the sport of boxing and just as persistently proposed new, progressive reforms. These developments will eventually make the name of DeWitt Portal immortal on the Boxing Scene.

Wrestling

The Spartan wrestling team, coached by Hugh Mumby, completed a 13 dual meet season with a final showing of six wins and seven losses. The team showed an overall strength by winning the Bay Area Novice and Junior Pacific Association A.A.U. Tournaments and placing second in the Senior P.A.-A.A.U. Tourney.

Among individual performers, one man, Dick Francis, stood out above the rest. In the P.C.I. Tournament, Dick captured second place in the 177 lb. division and followed this up by placing third in the National A.A.U. Tournament held this April in San Diego.

Back row: Lee Baxter, Jerry Ruse, Dick Francis, Gus Talbot, Russ Utley, Pete Herder, Ron Stingley
Front row: Coach Mumby, Ken Simpkins, Tony Russo, Bob Allen, Kay Toyota, George Lao.

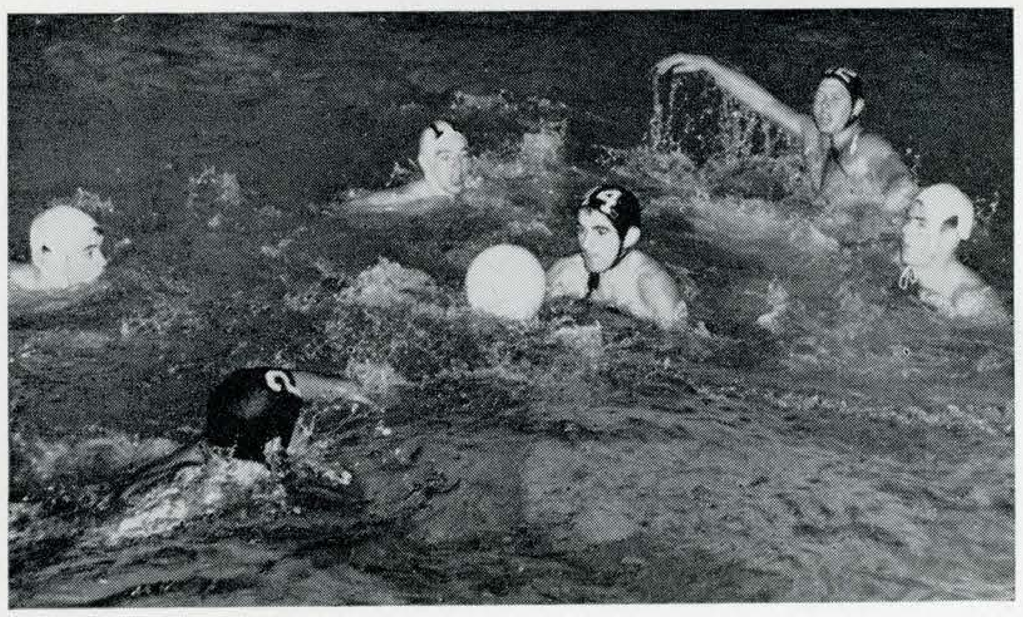

Water Polo

The Spartan water polo team headed by Coach Charley Walker and captained by Taylor Hathaway, climaxed another successful season by defeating Cal Poly in the finals of the State Championship Water Polo Tournament. This was the second year in a row that the Walkermen have won this title.

Outstanding men on this year's varsity squad were Bill Finch, the backbone of the defense, at guard and Hathaway, the high-scoring forward.

The Freshman team ended the year with a 6 won, 3 tied, and 2 lost record. The team captain was Art Lambert and Fred Postal assisted Charley Walker at the coaching line.

Coach Walker deserves a great deal of credit for consistently turning out championship teams. This year both the varsity and freshman teams achieved their one-hundredth win, a mark few coaches ever hope to reach.

The college team gains control of the ball.

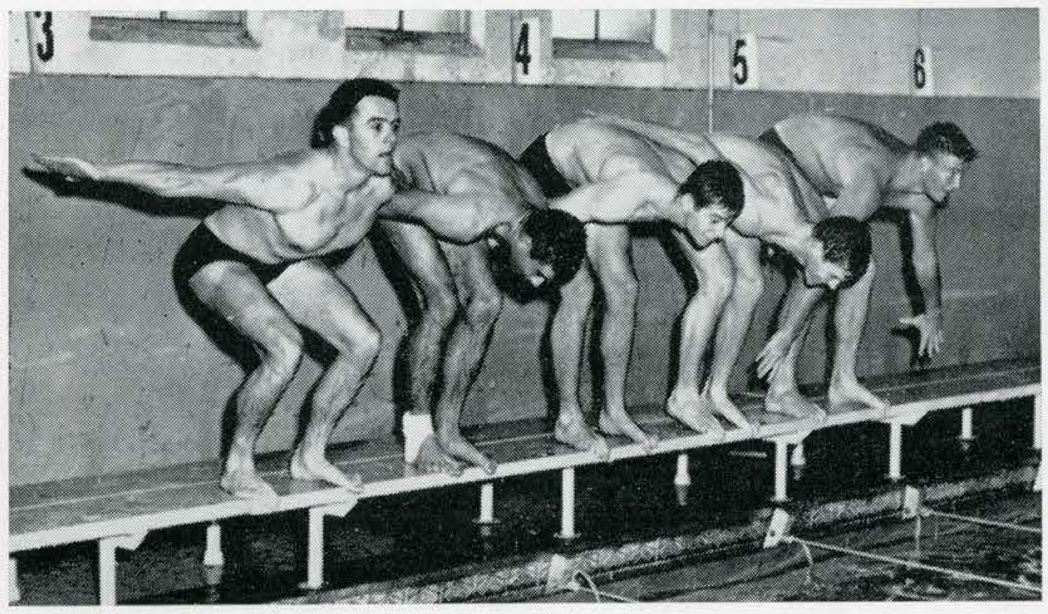

Front row: Paul Bataille, William Short, Bill Finch, Jay Flood (1954 co-capt.), Taylor Hathaway (1953 capt.), Richard Miller (1954 co-capt.), Don Sweeney, Richard Threlfall, Thomas Haine. Middle row: Norton Thornton, LeRoy Smith, Laurence Mitchell, Chester Keil, Ronald Mann, James Hughes, Arthur Lambert, William Gibson, Rollo Koivisto. Back row: Robert Sims, Lee Walton, Jack Ellington, Melvin Laub, Leonard Tomseth, Donald Trowbridge, Charles White, James Anderson, Albion Vickery, Coach Charles L. Walker.

Swimming

Coach Charley Walker has good reason to be proud of his boys this year. They produced the best overall season since Walker began his coaching career at State in 1932. The varsity and frosh teams turned out a combined total of 17 wins and 3 losses. The varsity decisively won its two biggest meets this year—the Cal Aggies Invitational Relays and the California State College Swimming Championships at Fresno. The Spartans beat some of the best teams on the coast in the process.

Several new school records were set this year. Among the most important of these were Dick Miller's time of 2:26.2 in the 200 yard backstroke, and the 4-man relay (White, Lambert, Koivisto, Threlfall) time of 3:42.8.

What a display of form.

Front row: Bill Bace, Adrian Jund, Jay Flood, Dick Threlfall, Dick Miller, Wayne Abbey, Taylor Hathaway, Capt. Chester Keil, Bill Short. Middle row: Don Creedon, Bernie Pola, Curtis Cowgill, Doug McDonald, Mark Hassell, Bob Bischer, Rollo Koivisto, Lee Walton, Art Lambert, Glen Carroll, Roy Cleghorn, George Brackett. Back row: Bill Finch, Asst. Diving Coach; Charles L. Walker, Coach; Jim Anderson.

Golf

Under the guidance of Walt McPherson, the Spartan Golf team shows a lot of promise for the coming season — but little experience. This is due to that old nemesis of all coaches, graduation. Remaining from last year's fine squad is just one man, Don Glass. This season Don entered the N.C.G.A.A. tournament and won his first two flights, the latter with a one over par 71. McPherson is also counting heavily on men like Ernie George and Loren Mattson to keep up the splendid standard set by former State golfers.

Mattson, Wool, Samuelson and Dooley watch Don Glass try to sink one.

Pictured above left to right: Coach Walt McPherson, Glen Dooley, Fred Soares, Fred Wool, Loren Mattson, Bucky Levin, Jack Samuelson and Don Glass.

Tennis

The varsity tennis squad coached by Hugh Mumby has had a successful season this year. The Mumby-men, led by their number one man Don Straub, have compiled a record of nine wins and six losses with two matches yet to be played as we go to press. The netters hold wins over C.O.P., St. Mary's, and Santa Clara among the schools in this area and also a win over the University of Willamette from Oregon state. The members of the team in order of their ranking are: Straub, Jack Capon, Kent Clunie, Corny Reese, Bob Bell, and Brick Fena.

The Freshman tennis team also under the guidance of Hugh Mumby developed a fine squad that will make next year's varsity a potent threat to all comers. As we go to press the Frosh hold a record of three wins and two losses with two matches yet to be played. Top ranked man on this year's squad is Roger Smith, followed by Tom Smallshire, Read Warriner, Dale Kirk, Keith Murray and Bob Engel. Among their wins the Frosh hold two wins over the strong Hartnell Junior College team.

Judo

Lyle Hunt with trophies he received for the Heavyweight division and for being the Champion of Champions at the First National A.A.U. Judo Tournament held at San Jose State on May 10, 1953.

Lyle Hunt, 1953 National A.A.U Judo Champion from San Jose State, was chosen to represent the United States in the International Judo Tournament held in Paris on the seventh of December, 1953. Hunt, John Osako, professor of the Chicago Judo Club, and the other American representative combined talents in the last two matches of the meet to prevent a shutout as the Pan American team lost to the French.

Hunt earned a tie with Bernard Pariset, French and European champion. He managed to get his smaller and more agile opponent into the air on several occasions during the five minute match, but was unable to pin the Frenchman, who is famous for his near perfect style.

Lyle is one of the few college athletes in the United States entitled to wear the third degree black belt. The 24-year-old six-foot, three-inch and 188 pound police major won the belt in three years. Seven to eight years is considered the average time needed for an athlete to gain this honor. San Jose is rightly proud of this fine athlete and gentleman.

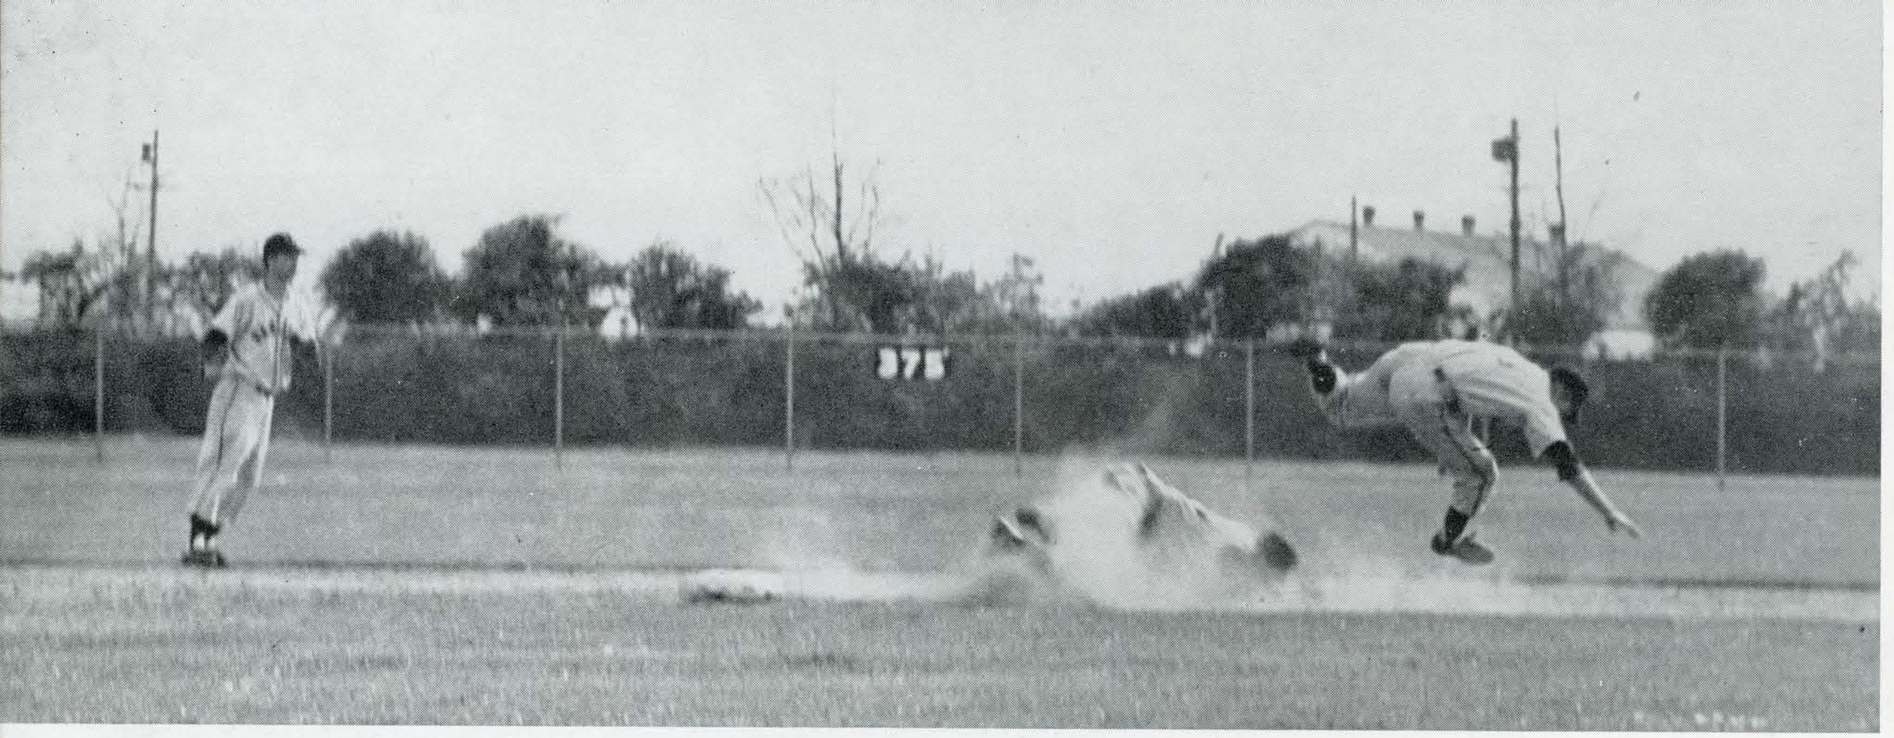

The Spartan Judo squad headed by Coach Yosh Uchida, turned in another fine season this year. Lead by Win Dahl, the team's only black belt, and Captain Ken Fare, the Judoists placed fourth in the Novice division of the P.A.A.A.U. Tournament, fourth in the Junior division and third in the Senior. In the Novice department Al Cadena and John Perata took individual third places. In dual meets this year State defeated Santa Rosa J. C. 7-0, and lost a close one to University of California by a 2-1 score.

Baseball

The Spartan baseball schedule had not been completed as we went to press, but the men of Walt Williams had already shown outstanding team and individual performances. Most of the members consider the finest team effort this season to be the 1-1 tie with California. What made this game so outstanding is that it went 14 innings and was called because of darkness. One of the strongest positions was center field, held down by Don Visconti. Don was out last year with a broken arm, but has made up for it this season by batting over .350.

Pictured above let to right: Back row—Coach Walt Williams, Jack Richards, Ron Palma, George King, Mel Decker, Ron Kaufman, Don Visconti, Mal Leal, Bill Wolfe, Doug Boehner, Jim Coalter, Ass't Coach Stu Fowler. Front row—Bob Mize, Dan Odishoo, Larry Mitchell, Bill Pitcher, Ron Walters, Bill Anderson, John Oldham, Darrel Chipman, Dick Brady, Lou Gambello, Reese Dick.

Visconti bats one far out.

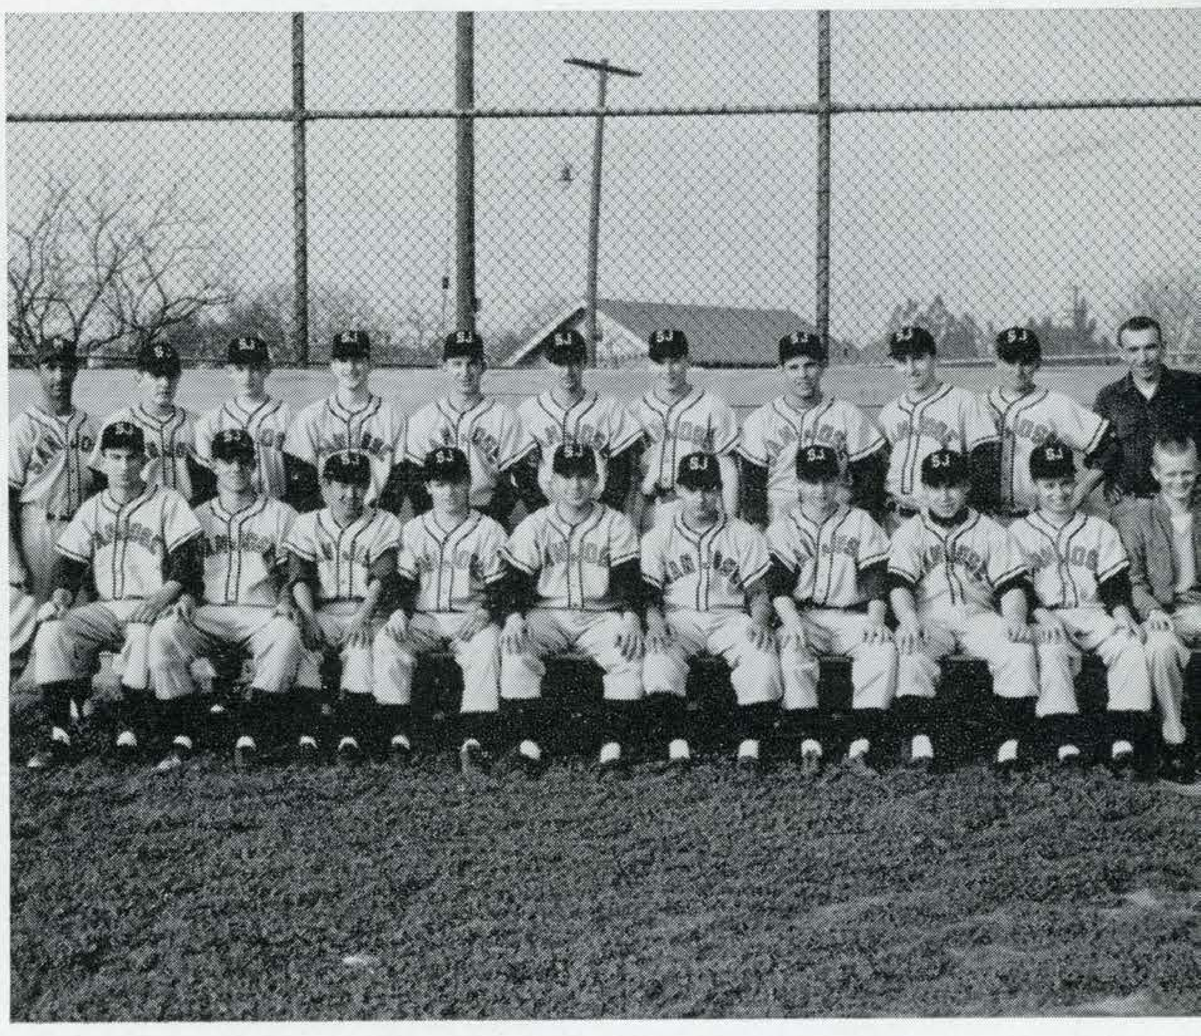

Johnny Oldham crosses first base.

Co-captains and both great performers for the Golden Raiders this year were Ron Kauffman and John Oldham. Oldham has been the clutch pitcher for Williams this year and as of this time has won seven with three losses. Kauffman has been Walt's utility man this season. In this capacity Ron has played just about every position on the field including pitching and winning a game against C.O.P. earlier this year. Next season's team looks very strong, as it will combine the varsity nucleus and the excellent freshman team. Much of the frosh success has been due to catcher Jerry Clifford, who has been hitting at a phenomenal .585 clip.

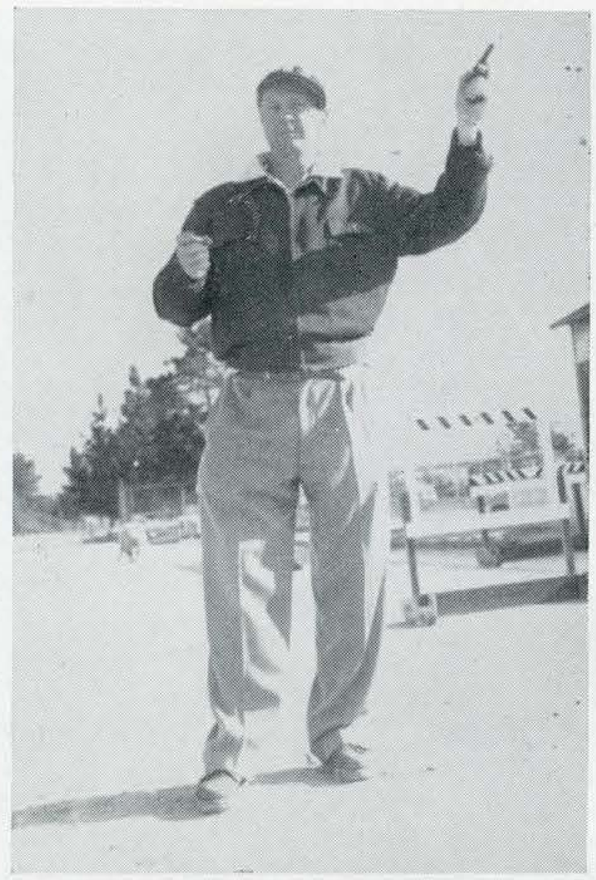

Jack Richards forces a player out at second base.

Track

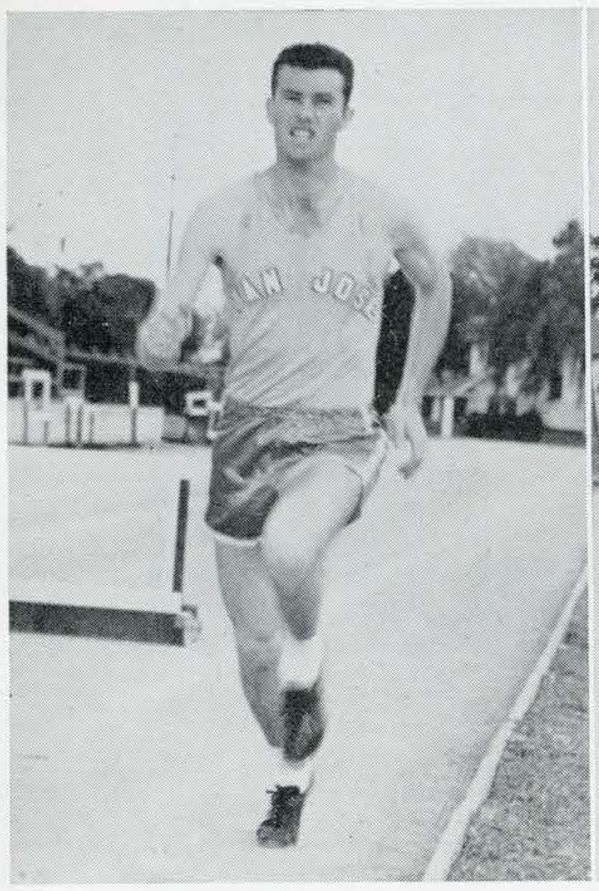

Coach Bud Winter

The Spartan track team, lead by their fine coach Bud Winter, have compiled a very successful record this season after seeming to be operating under the handicap of inexperience, due to graduation, at the beginning of the year. Bud only had eight men left from last year's fine squad and with this as a nucleus he has turned out one of the ablest teams in his history as track coach. Several of his men have been listed among the tops in the nation: Don Armstrong, Billy Jo Wright, Owen Rhodes, Mickey Maramonte, Don Hubbard, Don Cruickshank, and Ed Kreyenhagen. We go to press with only half the season completed but several records have already been set, and might easily be broken by the season's end. Some of the most spectacular are freshman Billy Jo Wright's school shot record of 51'-8"; another frosh, Don Armstrong, is ranked sixth in the nation with his time of .23.7 in the 220 low hurdles, while Ed Kreyenhagen is ranked 5th in the nation with his sparkling time of .14.7 in the high hurdles. Perhaps the brightest star on the track horizon is Wright. The stocky frosh besides setting a new record in the shotput, also runs in the 100 yard dash, road jumps, and high jumps six feet. Another Raider with great promise is Owen Rhodes, pole vaulter. Rhodes is ineligible this year but has been competing unattached and in doing so has shown great promise for next season. His best vault so far this year has been 14'-3".

Back row, left to right: John Slaughter, George Raine, Allan Hugo, Kent Ensensperger, Clarence Duncan, Ed Kreyenhagen, Taylor Burton, Don Hubbard, Allan Dunn, Gene Tognetti, Bob Trott, Owen Rhodes, Stan Dowell, Bill Stephens. Front row: Rod LeGate, Floyd Kimagai, Ray Hutzla, Bill Hushaw, Eldon Peter, Rod Frederickson, Mickey Maramonte, Kevin Duffy, Art Hiatt, Val Daniels, Jack Albiani, Don Cruickshank, Gene Antone, Dick Vogel.

Gymnastics

The Golden Raider's Gymnastic team under the leadership of Coach Hugh Mumby suffered one of their poorest seasons this past year due to the lack of experienced men. The only veteran returning from last year's team was Bob Peavy, who was especially strong on the trampoline. Several additions will insure us of a strong showing next year from the Gymnastic team. Of the new members on this year's squad, Ron Phillips, Jack Albert, and Bill Bace were mainstays. Phillips was the backbone of the team, competing in the all-around and the rope climb, with Alberts showing strongly on the side horse and tumbling acrobatics. The year's best performance was turned in by Phillips as he garnered a second place in the Pacific Association A.A.U. Gymnastic Meet.

Coach Mumby, Bill Bace, Jack Alberti, Ron Phillips, Bob Peavy.

Riflery

This has been one of the most successful years for the Varsity Rifle team, whose members broke many past records. All riflemen have qualified under the National Riflemen's Association regulations as expert. Bill Rabenstein has earned block and sweater for varsity rifle participation, and three other men were fighting for sweaters as of press time; this is the first year sweaters and blocks have been awarded in this sport. The team took third place in the Northern California Intercollegiate Rifle Conference, placed sixth in the national matches March 20 at University of California among three western states: Nevada, Arizona and California, and finished 15th among 45 in the U. S. Rabenstein placed fifth in the individual tournament, which had 70 participants trying for national honors. Next year the riflemen will enter the Santa Clara Valley Rifle Conference composed of college and major industry teams.

Two representatives from each of the national sororities at San Jose form the Panhellenic Council. This governing body weighs and evaluates all matters concerning sorority policies and representation. The democratic nature of the organization and the willing cooperation of all members insure the successful culmination of doctrines and practices intended for the enrichment of college life. This year the Panhellenic held its annual dance at the Mark Hopkins Hotel in San Francisco. The Panhellenic Workshop was held during the Spring quarter on the campus. This year Panhellenic instituted a new scholarship. Through the support of the ten sororities, one-hundred dollars will be awarded each year to a student in the fine arts department.

The Panhellenic Council officers include: Marilyn Perkov, President; Coleen Collins, Vice President; Frances Lippolis, Recording Secretary; Norma Lee Bradshaw, Corresponding Secretary; Gail Flanagan, Treasurer.

Winter quarter activities for Chi Omega included their local birthday party and their annual pledge dance at the California Golf and Country Club. The highlight of Spring quarter was the annual Knights picnic in which several male students of San Jose State were initiated into the Royal Order of Chi Omega Knights.

The Delta Zetas were surprised when they returned to school in September to find that their house had been redecorated over the summer. They also received the good news that two lots had been purchased on 11th street, and plans to build would be put into effect in the near future. Social activities for the year included a Christmas party, and a pledge dance which was held at Ben Lomond Country Club. Included in their philanthropic projects was a rummage sale with the proceeds benefitting an Indian group. Added to their collection of trophies was the Lambda Chi Pushcart Relay Trophy for original costumes and theme.

Kappa Alpha Theta took second place with Delta Upsilon in the Novice Boxing Tournament this year. The outstanding social events for the past year were the annual Christmas party with Sigma Alpha Epsilon at which they entertained underprivileged children, and a pledge dance held during Winter quarter. Also during Winter quarter the Thetas began a new tradition of holding an open house every afternoon for the students of the college. In Spring quarter the Thetas in conjunction with Phi Sigma Kappa initiated an annual banquet honoring the college boxers.

Applied Arts

Chairman, Dr. Heber A. Sotzin

The Industrial Arts Department is organized to prepare Industrial Arts teachers for elementary and secondary school teaching positions. Graduates who complete the four year program satisfactorily receive a B. A. degree and a special secondary credential to teach a variety of shop courses in our California public schools in the field of general education. The department also offers a general secondary credential with either a major or minor in Industrial Arts, and is authorized to grant the M. A. degree with a major in Industrial Arts education.

The Home Economics graduate is a well-adjusted person, able to take her place in life with a mature outlook. Problems of a personal or family nature are discussed and analyzed so that, if necessary, the student may face such problems in a confident manner. Practical training for vocational and avocational use is also offered to Home Economics students.

Business

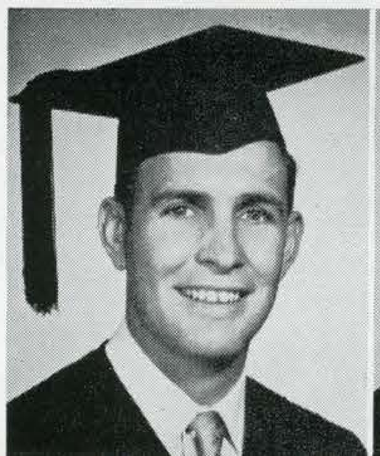

Chairman, Dr. Earl W. Atkinson

The Division of Business is proud of its rank and standing among the other divisions and departments of the college. It is proud of its students, with over 1300 of them known as four year Business Majors, ranging from more than 650 in Business Administration to 45 in Real Estate and Insurance.

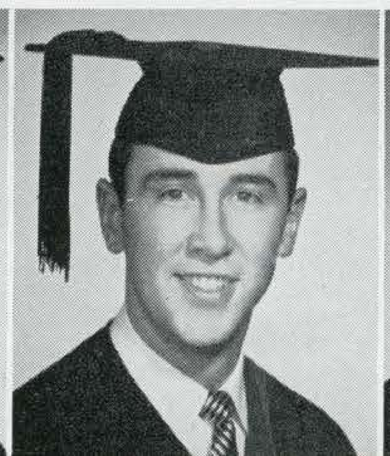

It is proud of its faculty. They came to the department with graduate degrees from Stanford to Pittsburgh; from Texas to Washington. They were selected for their academic background, training, ability, and business experience.

The Division of Business aims to give that training which leads toward careers in business far above the level of routine clerical work. This training requires various programs; a specific program for each area of business training. These programs call upon the facilities of the entire college.

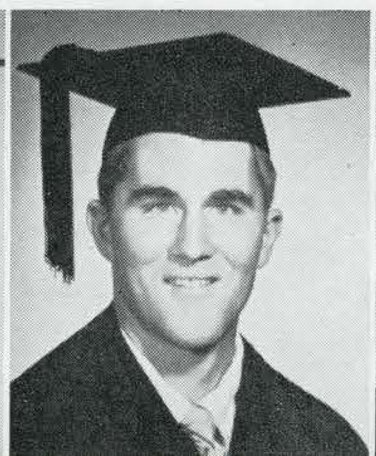

The Division of Business is constantly improving its services in selecting, training, and guiding, and in placing its graduates.

Education

Acting Chairman, Dr. William Rogers

San Jose State is the oldest and largest of the teacher training institutions in California. Through the years it has established and maintained a reputation of excellent training in the public schools' service areas. This year 10 percent of all teachers trained in California will graduate from our Division of Teacher Education. In numbers graduated, it is fourth in the state. Credentials were issued to almost 600 of our students last year.

Since 1946 the college has offered graduate work in education leading to the master's degree. The demand for graduate professional training is evident by the fact that more than 450 students have been approved by the college to pursue a graduate degree in educational fields.

The Librarianship department offers a four-year course leading to the A. B. degree and a special secondary credential, and a one-year course for those who already hold a bachelor's degree.

Engineering and Mathematics

Chairman, Dr. Ralph J. Smith

The Engineering Department has the specific responsibility of preparing men for immediate employment in the Pacific Coast industry.

The Bachelor of Science degree is awarded for specialization in Construction, Electronics, and Production Engineering.

The million dollar Engineering Building is operating on a minimum basis, but by September most of the equipment will be ready for use.

In September 1953 Aeronautics was established as a department in the Engineering Division of the college. The Aeronautics Department offers comprehensive four-year training in the areas of Aeronautical Maintenance and Aeronautical Operations.

Mathematics, pure or applied, is the pursuit of many of our students. Prospective mathematics teachers, science students, and engineers are given expert instructions necessary for progress and success in their fields.

Fine Arts

Acting Chairman, Dr. Fred F. Harcleroad

The Art Department has been able to enlarge its studio by using renovated quarters in the old Technical High School building. They now have a large sculpture laboratory, a spacious ceramics laboratory, and a painting studio. The Art Department is proud of the fine work being done by its graduates in Commercial Art, Interior Decoration, Fine Arts, and Teacher Training.

The music students of San Jose State are now receiving instructions and presenting their programs in the new Music Building. The Music Department is now able to meet the needs of both students and faculty with their much improved facilities.

The Speech and Drama Department, after some twenty-five years of rapid and continuous growth, will go into its new quarters for the year 1954-55.

The college and community may well be proud of what this department has accomplished and anticipates even greater achievements in the future.

Journalism and Police

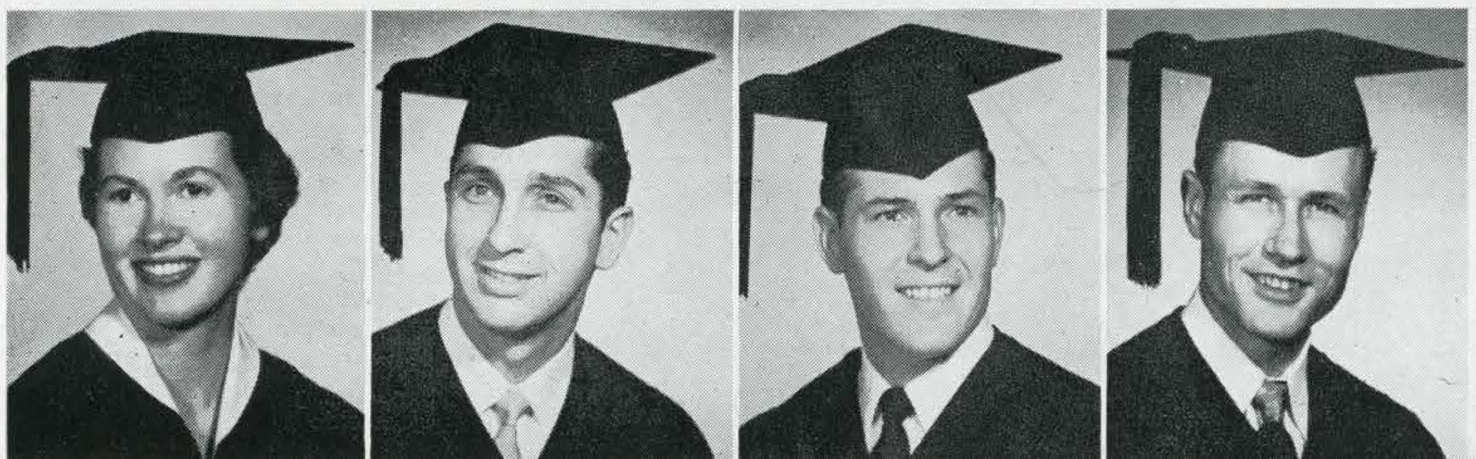

Chairman, Dr. Dwight Bentel

The Department of Journalism made momentous strides in this 20th year of its existence. First, it moved into the two-story bungalow behind the main building. Next it became recognized as the Department of Journalism and Advertising, thus giving official status to the seven-year-old Advertising Program. Accreditation of the department by the Western College Association provided a proud climax.

In addition to Reporting, Advertising, Newspaper Business Practices, and Press Photography, the department added "special emphasis" majors in Radio-TV Reporting, Public Relations, Article and Fiction Writing, and Language Arts.

The Police School offers professional training for students interested in service with a police department or agency as policemen-investigators, and a Penology major for persons interested in problems of crime delinquency, rehabilitation, parole, and probation. Restrictions were lifted to permit enrollment of qualified women in the Police training program.

Language and Literature

Chairman, Dr. Raymond W. Barry

Several changes have been made in the faculty of the English department due to the separation from the Junior College, sabbatical leaves, and the necessity for more teachers to meet the increase in enrollment in English courses.

The classification of English A students into x, y, z groups has been abandoned in favor of one grouping, English A. New Courses added are English 3A, B and C for English majors and minors, Introduction to Biblical Literature, Mythology and Folklore.

San Jose State offers French, German, and Spanish for majors and minors and those desiring to choose foreign languages as an elective.

The modern language department believes that the main goal of teaching foreign languages should be the development of accurate and fluent speaking ability.

The increasing enrollment in language courses indicates that students realize the importance of some foreign language for social living.

Natural Science

Chairman, Dr. Carl D. Duncan

The Natural Science Division moves forward with the times. Plans for the two million dollar addition to the Science Building are taking definite shape, and we hope ground will be broken within a year. Occupational Therapy and Nursing Education now have full departmental status. New courses have been added in several areas to meet special educational needs.

Local industries have called on the Chemistry department for special courses to increase employee competence. The state's graduation requirements in public safety, accident and fire prevention, and alcohol are met by Natural Science 110. The world's first degree program in Psychiatric Technology has been authorized by the State Board of Education.

The Master's degrees granted thus far are few in number (six), but superior in quality. Our general secondary credential holders continue to enjoy a high employment priority, mostly being placed before the end of June.

Physical Education and Recreation

Chairman, Mr. Glenn Hartranft

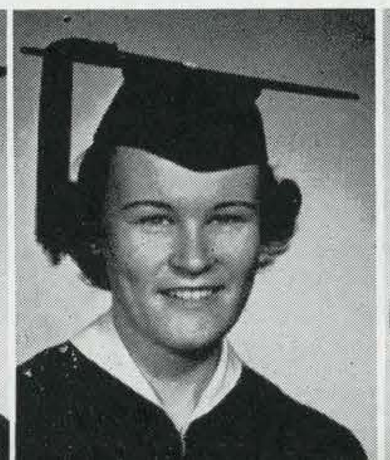

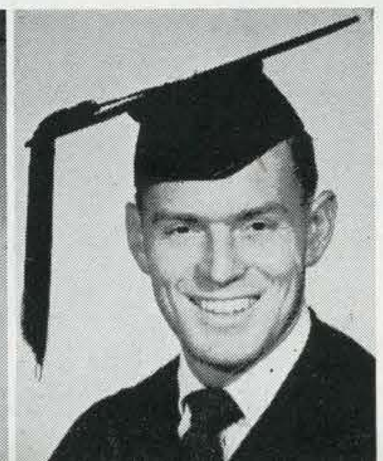

The Physical Education department felt a great loss at the death of Dee Portal, a nationally known figure in physical education, and one of the great boxing coaches of the nation. To replace him the department has been fortunate in getting the services of one of his former students, Julie Menendez. Already Julie has produced a great team and is doing a fine teaching job.

The facilities of the proposed gymnasium will open up possibilities for new activities and a more diversified program.

Women's physical education provides a wide variety of activities to meet the physical, social, and recreational needs of its students. Twelve staff members compose the women's department.

Approximately 120 physical education majors are enrolled in the department and the recreation curriculum is not far behind. About 60 women students are preparing for jobs in the area of recreation this year.

Psychology and Philosophy

Chairman, Dr. Charles W. Telford

The Division of Psychology and Philosophy has made some further improvements in its physical facilities during the past year. A shop is now being developed in connection with the psychology laboratory in T207. Additional psychological equipment has been purchased.

Interest in the area of clinical psychology is increasing. We have added both theory and practice courses in this field to take care of the needs of graduate students preparing to be school psychologists.

The staff has been further increased this year to take care of the constantly increasing enrollment. While three of the new members added to the staff are temporary appointees, Dr. Frank Ebersole has joined the philosophy faculty on a permanent basis. This gives us three full-time instructors in philosophy. In addition, one psychology instructor is teaching two courses in philosophy to help take care of the increased student enrollment in this area.

Social Science

Chairman, Dr. Leo P. Kibby

The Social Science Division of San Jose State College now offers under graduate training for majors in various fields such as: Economics, Geography, History, Political Science, Public Administration, Sociology, and others. For those students who wish to pursue advanced graduate work in the universities, adequate preparation may be achieved in the Social Science Division. In addition, the Social Science Division offers an elaborate training program for general secondary teachers in the social sciences. This last school year we were able to have approved a general secondary credential minor in History. Other training programs exist for teachers who wish to go into the elementary or the junior high fields.

At the moment, over 5,200 students are enrolled in various courses and sections in the Social Science Division. This shows a distinct increase over a year ago and represents a continual increase quarter by quarter since Spring, 1951.

V Voices and Sounds of San Jose State

Voices and Sounds of San Jose State — the color, the memories and the people — are here on record to be enjoyed not only today, but for many years to come. Co-editors Roger Flanagan and Frances Rabanus, early in the summer of 1953, wanted the yearbook to have a memorable, lasting quality that would not only be of interest to the students in 1954, but also bring back pleasant memories in future years. With this thought in mind they proceeded to contact Dr. Richard Lewis of the Audio-Visual Aids Department and Robert Guy of the Radio-Speech Department to see if a record of campus activities could be included with each yearbook. After a very positive decision in favor of a recording, Bob Somerville was placed in charge of the project. After many months of hard work the final recording took place on April 23rd in the studios of Radio Santa Cruz (KSCO) through the courtesy of the managing partner, C. V. Berlin.

Left to right: Roger Rose, Stu Fowler, Ralph Rowland and Bob Somerville editing the record.

Under the direction of Somerville, who produced and assembled the tapes, a competent staff worked to produce top quality material. Roger Rose wrote the script from rough material presented to him and then blended this together with the narration of Ralph Rowland. Stu Fowler handled the sports events, editing and narrating when needed. Changes had to be made in the re-recording of events until a smooth blend of taped material resulted.

Mr. Robert I. Guy and Dr. Richard Lewis listening to early tape recordings.

Gene Chavoya and Jerry Stevens re-recording some of the tapes of campus sounds.

From the opening of the record, with the college chimes, to the closing strains of Hail, Spartans, Hail, many decisions had to be made regarding what to include and delete. The Audio-Visual Aids Department collected the material to be used and Jerry Stephens took care of the technical problems in tape recording and editing. Gene Chavoya did on-the-spot recordings of many campus activities. Both the recording staff and those who worked on the book believe that they have brought a more intimate feeling to the year-book by including this recording of high-lights of the past college year.

We worked to produce an interesting yearbook.

We have finished another year at San Jose State College. There are those who will graduate and leave the campus and there are others who will return to continue their college experiences. The A,B,C's of college have greatly enriched our lives with important ideas and aims which will always remain a part of us. It was our desire to record in interesting form some of the events and experiences that took place while we met the challenge of higher education.

We feel indebted to many fine people who helped us with the yearbook. Genuine friendships and associations have resulted from our contact with the 1954 La Torre Staff.

Our sincere thanks go to: "Spud", for her late evening sandwiches and early morning coffee, her efficient advising and her wholehearted support; Norm Reger, for his pleasant and informal attitude in helping us beyond measure; Don Pryor and his small but competent photo staff, for following up those crazy photo assignments and spending long hours in the darkroom printing the scores of pictures which in the end comprise the yearbook; Herb Vargas, for his attention to details and willingness to stay awake all night (many nights) in order to meet deadlines; Bob Marshall, for his "lykeable" humor and for always doing a little extra work at any time; Leo Hagiwara, for his 26 photos shot in one night; Karla Jones, for her enthusiasm and ability to work hard; Bill Gilmore, for being a helping hand in time of need and a true friend; Pat Stuart, for her good judgment and friendly smile; Bob Somerville, for allowing us to meet at least one initial deadline and doing a good job of it; Sara Cozad, for lending her support during spring vacation; Sue Fuller, for her refreshing personality and her persistence on the index; Joe, Frank and the "Skipper", for stopping in our office and bolstering our morale; the staff, for having had the opportunity of working with them.

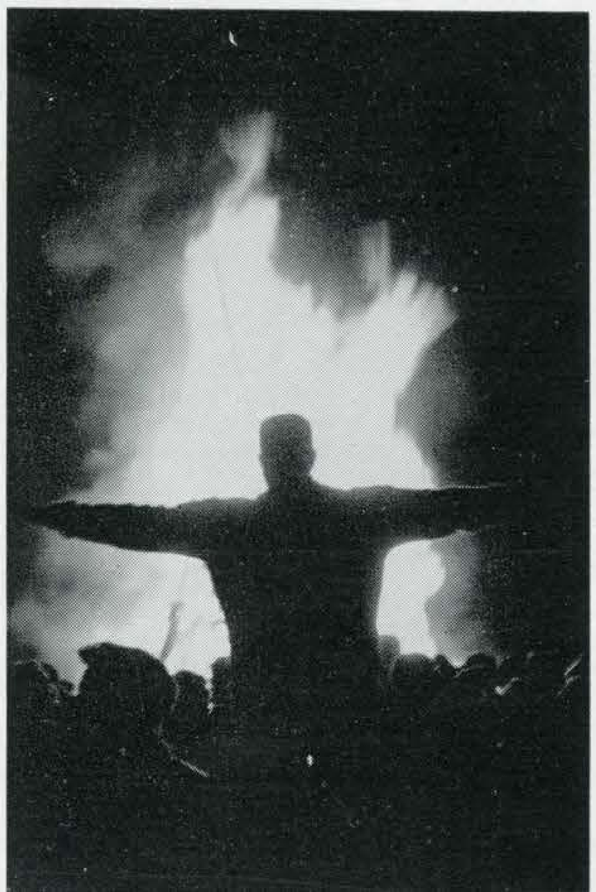

To next year's editors we wish the best of luck and success and sincerely hope that their dreams turn into reality as ours did.

And now with a full year of planning and working on the book for 1954 behind us, and upon finally seeing its completion, we can sit back and take life a little easier. Typewriters are silent, rubber cement bottles emptied, waste baskets filled with discarded copy and negatives stored away for some future use. Lights no longer burn at night in Journalism room 9, desks are cleared and the bulletin boards bare. We have enjoyed taking part in and recording the numerous activities and functions that occurred during the past year at State. It has not only been hard work and fun to see the 1954 La Torre take shape, but also rewarding.
