Hi Venita,

Can you please add this email and the attachments to the C&As for today's Exec. meeting?

Executive Committee members - I am cc'ing you all on this in the event you have any time to start looking at the revisions in case we would have time to start talking about it today after other business. My hope is that we can get this through the Senate before the end of the year, as I was the co-chair of the committee that worked on these revisions and so I hope to leverage that familiarity in presenting it to the Senate before my sabbatical in the fall.

The last major sticking point in Exec. when this was last discussed seemed to be the need for the Center for Faculty Excellence to develop a set of clear guidelines on what is expected for documents in Word, Excel, pdf, etc. and materials like videos, etc. to be considered accessible. Bryan Berrett in CFE has worked to revise the university's accessibility website to provide this information at <http://fresnostate.edu/academics/cfe/resources/accessibility/index.html>

Thank you,

Kevin
