

COMMENCEMENT 79

these exercises also involve the great-
est, relatives and friends who have aided
students along the way.
Even as commencement marks the com-
pletion of one phase of development,
it heralds new challenges ahead. There-
fore, may the knowledge gained and
growth experienced at this institution
continue to be helpful in the years ahead.

J. Donald Shields
California State University, Fullerton

Author's Address: J. Donald Shields,
California State University, Fullerton,
Fullerton, California 92631.

... and from the Alumni
We recognize the importance and im-
portance of your graduation from Cal-
ifornia State University, Fullerton. It is
your academic career. The quality of
education you have received through
your personal effort in working with the
faculty staff and administration at this
university will enable you to enter
your own professional and intellectual
endeavors.

As we bid our former students to
live at your family and friends, we bid
you over to academic and intellectual
endeavors.

Paul A. Hogan
Author's Address: Paul A. Hogan,
Fullerton, California 92631.

Since time immemorial, special events
have been celebrated to honor singular
achievement. One such event is com-
mencement, which signifies the fulfill-
ment of an academic goal.

At seven separate ceremonies being
staged over June 2 and 3, California State
University, Fullerton honors undergrad-
uate and graduate students who have
completed degree requirements in an
area of study. It is a time of joy and
pride for the graduates and their fam-
ilies. Because most educational op-
portunities cannot be realized throughout
the school effort alone, it is fitting that
we recognize the efforts of the faculty
and staff who have aided you in your
endeavors.

... and from the Alumni

We recognize the importance and im-
portance of your graduation from Cal-
ifornia State University, Fullerton. It is
your academic career. The quality of
education you have received through
your personal effort in working with the
faculty staff and administration at this
university will enable you to enter
your own professional and intellectual
endeavors.

As we bid our former students to
live at your family and friends, we bid
you over to academic and intellectual
endeavors.

Twentieth Annual Commencement

California State University, Fullerton / June 2-3, 1979

From the President

Since time immemorial, special events have been scheduled to herald singular achievements. One such event is commencement, which signifies the fulfillment of an academic goal.

At seven separate ceremonies being staged over June 2 and 3, California State University, Fullerton honors undergraduate and graduate students who have completed degree requirements in January or who expect to do so in June or August. Because most educational objectives cannot be realized through individual efforts alone, it is fitting that

these exercises also involve the professors, relatives and friends who have aided students along the way.

Even as commencement signals the completion of one phase of development, it portends new challenges ahead. Therefore, may the knowledge gained and growth experienced at this institution continue to be helpful in the years ahead.

L. Donald Shields
President
California State University, Fullerton

. . . and From the Alumni

We recognize the importance and significance of your graduation from Cal State Fullerton. Today marks a milestone in your academic career. The quality of education you have received through your personal efforts, in concert with the faculty, staff and administration of this University, will enable you to pursue your quest for academic and professional excellence.

As we add our sincerest congratulations to those of your family and friends, we also

want to remind you that your relationship with this campus is not ending. You and your future endeavors are important to us. We ask you to continue your interest in our University.

Congratulations and our best wishes to the Class of 1979.

Paul A. Rogers
President
Alumni Association

Explanatory Notes

LISTS OF CANDIDATES: Students eligible to participate in the 1979 commencement exercises are January 1979 graduates and June 1979 and August 1979 candidates for degrees. This program contains the names of January 1979 graduates and those June 1979 and August 1979 candidates who filed for graduation prior to the announced deadlines. It does not constitute an official degree listing. The appropriate diplomas will be issued to candidates who have completed all requirements.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade-point averages follow: Honors, 3.5; High Honors, 3.85; Highest Honors, 4.0. Honors and High Honors notations appearing in lists of June 1979 and August 1979 candidates are based on the students' records at the end of the fall semester of 1978. Highest Honors notations are carried only after the students either have completed their degree requirements or performed at the 4.0 level in their final courses. Official designations are dependent upon the students' complete records.

CARILLON: Aided by a contribution from the Friends of the State University, Cal State Fullerton in 1975 installed a Schulerich carillon. Westminster chimes and

hour and half-hour strikes are produced by five tiny bell-tone generators of bronze, struck by miniature clappers. The tones then are electronically amplified and transmitted through speakers mounted on the Library roof. Through its amplification system, carillon music recorded on magnetic tape is played for commencement and other special events.

PHOTOGRAPHY: A commercial firm will photograph each graduate at the moment he or she crosses the platform. Graduates will be informed before the ceremony of how to receive a proof without obligation and how to order prints. While guests may take photographs during the ceremonies, in the interest of decorum, they are not allowed between the seating area and the platform.

SMOKING: Please, no smoking during the exercises.

EMERGENCIES: Personnel from the Student Health Center and the University Public Safety Department will be on duty to provide aid in the event of emergencies. The emergency phone number is 773-3333.

LOST AND FOUND: The University Public Safety Department will operate a lost and found service during the exercises. The phone number is 773-2515.

Regalia Honors Dinner

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of head-dress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees, but certain universities have authorized the use of colored gowns. Light blue gowns are worn by candidates for associate degrees in terminal technical curriculums. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertain-

ing to the subject of the degree.

THE CAP: The standard cap is the mortar-board, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters, and light coffee (drab), Business Administration.

THE MACE: The mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973 and Master of Arts in Art in 1976. He currently is a part-time faculty member in the Art Department. The design of the mace reflects the University's architecture, colors (blue and white) and location—the site of the first commercially grown valencia orange grove. The stem is of cocobolo, a wood orange in color, while the University's colors are represented through the use of ivory and niello. At the top of the mace is the University seal.

The first step in the process is to identify the problem. This is done by talking to the patient and looking at their medical history. The next step is to do a physical exam. This involves checking the patient's vital signs, heart, lungs, and other organs. The third step is to do some tests. These can include blood tests, urine tests, and imaging studies like X-rays or CT scans. The final step is to make a diagnosis and start treatment. This might involve giving the patient medicine, surgery, or other therapies.

There are many different types of diseases, and each one has its own set of symptoms and treatments. Some diseases are easy to diagnose, while others are more complicated. It's important to see a doctor if you have any symptoms that are bothering you. They can help you figure out what's going on and get you the care you need.

One of the most common reasons people see a doctor is because of a cold or the flu. These are viral infections that affect the respiratory system. They usually cause symptoms like a runny nose, sore throat, and cough. Most people get better on their own within a week or two. However, some people may have more serious complications, like pneumonia or sinusitis. If you have a cold or the flu that lasts more than a week or if you have any other symptoms, you should see a doctor.

Another common reason people see a doctor is because of a headache. Headaches can be caused by a variety of things, including stress, dehydration, and changes in blood sugar. They can range from mild to severe. Most headaches can be treated with over-the-counter pain relievers like ibuprofen or acetaminophen. However, if you have a headache that is severe, lasts more than a few days, or is accompanied by other symptoms like nausea or vomiting, you should see a doctor.

School of Mathematics, Science and Engineering

June 2, 1979

7:00 p.m.

Green Adjoining the Performing Arts Center

- PROCESSIONAL Commencement Brass Ensemble
Kenneth A. Foberg, Director
(Faculty Marshal: Raymond V. Adams, Professor of Physics)
- WELCOME AND INTRODUCTIONS Raymond V. Adams
- COMMENCEMENT ADDRESS A. James Diefenderfer
Dean, School of Mathematics, Science and Engineering
- RECOGNITION OF HONORS STUDENTS Mary Mark Zeyen
Vice President, Academic Affairs
- PRESENTATION OF ACADEMIC UNIT CITATIONS Mary Mark Zeyen
- PRESENTATION OF DEGREE CANDIDATES A. James Diefenderfer
DEPARTMENT/DIVISION/FACULTY/PROGRAM CHAIRS: Marvin J. Rosenberg, Biological Science; Patrick A. Wegner, Chemistry; Gene F. Rose, Computer Science; John A. Ryan, Earth Science; Richard R. Brock, Civil Engineering/Engineering Mechanics; Eugene B. Hunt, Electrical Engineering; James R. Rizza, Mechanical Engineering; Jack E. Kemmerly, Engineering; Robert A. Young, Environmental Studies; Michael H. Clapp, Mathematics; Louis N. Shen, Physics
- SYMBOLIC HOODING OF GRADUATE STUDENT Giles T. Brown
Dean of Graduate Studies
A. James Diefenderfer
- CONFERRING OF DEGREES L. Donald Shields
President
- RECESSIONAL Commencement Brass Ensemble

A reception south of the Commons will follow.
