Business:

1. Request from ExComm to select Chair and work on Business items –

- L. Holmstrom-Keyes attending to help start SAC meeting today .
- Per Holstrom Keyes Chair job sharing arrangement can be worked out. This person would not need to attend ExComm or Senate if no committee business.
- R. Lopez may be available to serve as Chair.
- Work for this year from ExComm:
 - Attendance policy discrepancy with Shared Responsibility and Mid-Semester Evaluation
 - Also attendance policy is not on university website, just in catalog.
 - Also need clarification as to how this policy relates to class participation. Committee discussed need for broader conversation before we determine this. Will request visit from Dwayne Dove and consult with other faculty.

2. Issue between current attendance policy and Shared Responsibility and Mid-Semester Evaluation

(<http://www.sonoma.edu/UAffairs/policies/shared.htm>) attached – Committee agrees to invite Dwayne to a future meeting to explain history of policy and impact on student athletes. Also Holmstrom-Keyes will send some background on last SAC discussion of policy. Should one replace the other?

3. Issues with current attendance policy – Class Attendance last review by SAC in 2011, some language changes before final approval in Senate.

4. Discussion of impacted student housing – Some dorms tripled (Cabernet) and new off-campus housing is often outside of student price range. Would the campus look in to creating International House. Report written by International Student office in 2011, Hope could provide. Must be aware of related issues like other groups who will request specialize housing.

5. Elect Chair – N. Lawson nominated R. Lopez, S. Ayala seconds. R. Lopez elected unanimously by committee.

Information items: Per H. Emery-Ortiz Study Abroad Fair will be held 9/24.
