Windstorm Destroys Tree And Damages Several Homes

By Jack Whalen

The fierce winds that struck Leisure Village the evening of Jan 21 destroyed close to 300 trees and caused damage to several homes. No personal injuries were reported as winds of over 50 mph struck with fury, increasing in strength as the evening wore on.

LV's security personnel were quick to respond to what seemed certain to be a major wind storm. Patrol officer Ken Finlay alerted Sgt. Mike Younce at home and upon reaching the Village, Mike quickly alerted Chief Max Moses and general manager Skip Roberts.

By 2 a.m. Chief Moses had set up a command post at his office, keeping in close communication with patrol cars that were going in and out of every Village.

By 2 a.m. landscape foreman Tom Medina with workers Carl Lopez, Francisco Segura and Gilbert Zaragosa, armed with power saws, traveled the length of both Leisure Village Drive and Mountain View, clearing both major roads of tree trunks and branches.

Claude Garey, on duty at the main gate, was deluged with calls from anxious residents reporting fallen trees. More than 100 phone calls were logged between midnight and dawn.

"I alerted State Farm agent Dennis Predmore at

7 a.m.," says Skip Roberts. "He, the senior claims rep and the district manager were here by 9. We were pleased with their quick response and professional handling of loss and claim forms."

Were these the strongest winds to ever hit Leisure Village? Tom O'Brien, President of the Board of Directors, states: "Yes, they were stronger than those of about 5 years ago and I'm quite certain that in terms of intensity, they were the strongest ever in LV's 15-year history."

Roberts reports that from a dollar standpoint, the storm did not cost very much. Overtime payments for cleanup were very low and all maintenance people worked very hard to return the landscape to near normal.

Tribute To A Special Villager

Long-time villager, Rev. Wales E. Smith, V.20, recently was the recipient of special recognition at St. John's Seminary during one of the area observances of Christian Unity Week.

The service, arranged by the seminarians, included an address by Fr. Cyril of St. Demetrious Greek Orthodox church, Camarillo Airport, who traced the history of the Greek Orthodox religion. At the close of the service, Fr. Michael Robert of the Seminary, introduced Rev. Smith and praised him for his dedication to the cause of unity.

Among Dr. Smith's activities is his position as editor of ECUME NEWS, an organ of the Ventura County Council of

LV Eyes Congress

By Harry Becker

With the return of C-SPAN I and the addition of C-SPAN II on our satellite cable system, LV residents have the privilege of seeing both Houses of Congress on live and/or tape-delayed TV.

Last month the dish antenna was installed on the roof of the Rec Center just in time to relay the crucial debate and vote in the U.S. House of Representatives on aid to the Contras in Nicaragua. Those of us who watched the vote on this measure saw a photo-finish conclusion not less exciting (but certainly more meaningful) than the Super Bowl contest.

As the 1988 election campaign unfolds, our attention will focus even more sharply on television coverage of the political events, especially on the debate on ratification of the important INF treaty with the Soviet Union, the first such agreement to reduce the nuclear arsenal endangering world peace.

It must be recalled that the Village temporarily was deprived of C-SPAN I when the broadcasts were beamed from a new satellite. Because of budgetary problems, the Board of Directors was unable to pay for a new dish antenna until the need was met by volunteer donations from 99 concerned residents and two clubs.

Emergency Services Organization

By Paul Kelwin

Emergency Services Organization has medical supplies intended for use during emergency conditions here in the Village. They are now being stored, temporarily, in a small room adjoining the Assembly Room at the Rec Center. Most of these supplies (and more to be obtained) were purchased with funds generated by Your Neighbors Care Group. Permanent storage of medical supplies will be made in a facility to be built in the Shuffleboard area. We of the ESO really appreciate the support of the Village in this project.

The strong winds on Jan 22 caused a condition which required placing several key people of the ESO on alert status. No emergencies developed that required ESO participation, but the event demonstrated that ESO personnel were ready to respond when called.

During the state-wide disaster preparedness exercise on Jan 27, members of the ESO conferred with their counterparts in the City of Camarillo. The success of this communications-interfacing activity further demonstrated that your ESO is continuing to improve its ability to serve the need of the Village.

Guest Editorial

By Mike Sherman, Board Member

The Board Meeting of Feb 1 was interesting and instructive. One burning issue (no pun intended) dominated the proceedings, but a full Assembly Room rapidly emptied when it became obvious that no action would be taken on the smoking issue. In a short time, despite the appearance of many speakers at the microphone, the audience dwindled to the few residents who, to their credit, regularly attend Board Meetings and take an interest in the government of the community in which they live.

The word "smoking" produced an instant full house, but where are all of those residents when the Board of Directors is looking for guidance on other matters of equal importance to the Village? Our committees meet regularly in otherwise empty rooms, and the Board of Directors meets every month in an equally empty room. The committees make important recommendations to the Board, and the Board regularly makes decisions that affect every resident. Neither the committees nor the Board obtain significant input or information from those concerned until after action is taken.

None of us enjoys working in a vacuum, and we all welcome input from the residents. The complaints and criticism received after the fact, and after the issue has been discussed for weeks before it reached the Board, are something else again. How many times do we have to adopt or reject a committee recommendation, only to have our 'phones ring off the hook with calls from those who had silently been opposed to what had been under consideration for weeks?

Harold Kinsch recently printed an excellent column in the Daily News, criticizing the "one issue" approach to government in general; and reminding us, and East Camarillo in particular, that while the word "airport" was producing an overflow council chamber and volumes of letters to the editor, the city's finances were being seriously mishandled without any questions being asked. It may be significant that several of the speakers on the smoking issue are also among the first to rush to the barricades when "airport" appears on a public agenda.

Every committee recommendation and every Board action has an effect on the entire Village. Where are you when your opinion is needed?

ABOUT NEXT MONTH

Coordinator for next month will Romaine Lambert. PLEASE FOLLOW GUIDELINES AND BE AS BRIEF AS YOU CAN! Deadline for Mar 25 issue will be Mar 7. To arrange for a photographer call coordinator at least 3 days in advance.

Recent Wind Emergency Demonstrated Good Coordination For Volunteer And Employees Service

The recent windstorm was just one of the possible emergencies which could occur in our Village at any time. Fortunately our well-prepared emergency personnel were immediately on the job.

Security Chief Max Moses notified our Board Pres Tom O'Brien at 1:00 a.m. The Emergency Services Organization was alerted, maintenance crews were called in and by 2:00 a.m. the sound of chain saws echoed through the Village.

The first priority was clearing fallen trees and debris which were blocking thoroughfares, possibly preventing access of emergency vehicles.

Chief Moses deployed patrol cars to survey each Village for damage and report back (to the Chief).

State Farm Insurance adjusters were in the Village for two days.

This all goes to show how lucky we are to be in LV.

Had this been a more disastrous event than it was, we would have been fortunate in having:

1. A dependable Security Dept.
2. A dedicated Volunteer Emergency group.
3. Loyal employees who cooperate and care.
4. A conscientious Board of Directors.

As it is, we owe a vote of thanks to all those involved in solving this emergency.

LETTERS

All of us in V.16 have now lost some of the richness of our environment. For the past nine years, as we turned the corner into our street, a circle of smiling faces greeted us with a cheery "hello." And as of today, we are met with tears and despair. The tiny, carefully tended garden around the small tree was always bright with blossoms. It gave joy and pleasure to many people. It is inconceivable to think that a thing of joy and beauty should be destroyed. How heartless and void of feeling are those who ordered its destruction! Certainly all of our homeowners and Board members should work to oppose this devastating, narrow-minded policy. Leisure Village should be beautiful — not drab and dreary. Nothing will happen if we don't

Smoke Or Don't Smoke

By Jack C. Rogers

The continued heated discussion by smokers and non-smokers has apparently not cleared the atmosphere for a resolution to the issue. Both sides apparently try to justify their opinions on a legal or medical basis. To date there is no real solution forthcoming to provide your Board with an equitable answer to the issue.

There is no question that from a medical standpoint smoking, active or passive, is injurious to one's health. Some individuals are more susceptible to the hazards of tobacco smoke than others.

Not all individuals have the same tolerance to a hazardous environment.

On the other hand, tobacco, which contains nicotine, a poisonous substance, makes an individual addictive to its continued use. Addicted individuals even with a strong desire to quit find that they have been "hooked" into a habit difficult to stop.

How can this issue, therefore, be resolved? The only factor is a greater understanding of the situation we are all faced with. Sixty-seven percent of all Americans, smokers

and non-smokers alike, now prefer separate areas. (Survey by American Lung Assoc.). This survey also showed that 77% of Americans agree smokers should refrain from smoking in the presence of non-smokers.

In our close-knit community it therefore behooves us all to have a little more empathy toward our neighbor's problem — be they smokers or non-smokers. Courtesy never hurts anyone. Clubs already have the authority to restrict the smoking habits at their meetings. Have you noticed that no one smokes in the AR during the Board meetings? The Library has a "No Smoking" sign. The open forum meetings never have anyone smoking.

We are learning to live with respect for each other's needs. Can't we continue to show restraint — smokers and non-smokers alike? Give it a try. Respectful courtesy may be the answer to this issue.

LV Library Committee

The LV Library Committee is proud of the Village library and wants only to make it a pleasant place where plenty of books are always available and the room is used. A library without readers is really not a library at all.

The committee was formed in the early days by a group of eager workers. Helen Esty, in particular, has been involved in the library since its inception. She, with the aid of volunteers, has kept up the books, shelving, selecting, accepting donations, and keeping up staffing. The room has already been remodeled and enlarged once but the staff constantly must make room by culling out older materials and keeping the collection as up to date as possible.

From the early morning hours when many men drop in to read the daily Wall Street Journal until evening when walkers

come by for something to read before going to sleep, the library has plenty of visitors.

It takes a good-sized group of people to maintain the service. The current committee consists of 34 ladies (men would be very welcome, too). The members are: Helen Esty, Cecile Sonnenberg, Lu Wilson, Helen Sierichs, Rae Cohenour, Lee Peterson, Rowene Satterfield, Bea Lowenthal, Sally Brod, Betty Tytler, Eva Pfister, Carol Heyerick, Ann Okun, Jeanne Carlson, Mildred Alexander, Marian Winans, Mayz Gregory, Blanche Follen, Loaine Yrigoyen, Nita Parentice, Sylvia Altes, Marcella Westerhut, Maxine Himstreet, Bert Kunz, Pearl Greenfield, Lillian Greenfield, Pauline Plager, Eleanor Evans, Salley Jacobs, Elsie Friedman, Roz August, Sara Kass, Dorothy Tobolsky and Estelle Corwin.

Helen started out this year as President but health problems caused her to take a leave and Ann Okun served out the term. Maxine Himstreet will be the new Library Lady with Rae Cohenour as assistant.

The budget cuts have hit the library in the case of magazine and newspaper subscriptions but the committee feels that the slack can be taken up by funds from the Pay Book section. Villagers who have Geographics and Smithsonians to donate would be welcomed but no used weekly news magazines can be accepted because of space problems.

Each month four or five new books are added to Pay Books from the best-seller lists but the committee would be happy to receive suggestions from readers (particularly men), if your favorites are sci-fi, whodunnits, biographies, politicals, romances, etc. Please tell the workers.

Villager Honored

By Ruth Mary Crowell
Sally Needham, V.7, was awarded the Gayle C. Wilson Award at the National Association of College Admissions Counselors conference in Seattle recently. The award, established in 1973, recognizes an outstanding leader who devotes his or her life to counseling and assisting students in attaining their educational goals. As the highest member tribute, the award celebrates con-

sistent dedication in service to N A C A C, the profession, and the community.

During the presentation at the General Membership meeting, Miss Needham was cited as a "role model for professionals, someone to be relied upon at all times for her trust, integrity and discretion."

Roslyn Farhi

Local Author

By Jeanne Carlson

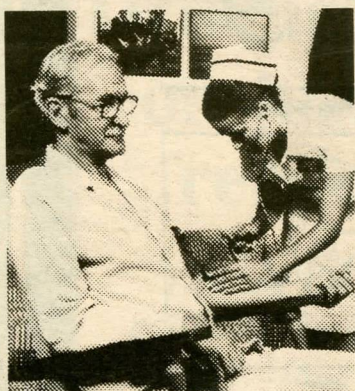

Readers of the February issue of "Westways" may recognize the name of the author of an article, "Blessings Great and Small," Roslyn Farhi of V.26.

The item is a charming vignette of a bus tour to an English village, Thirsk, North Yorkshire, known primarily as the home of author James Herriot, writer of "all Things Bright and Beautiful" and several other well-loved Yorkshire books dealing with the trials of a country veterinarian in the tiny town.

Roslyn and the others were so lucky as to be led to a local realtor who gave them maps and directions to the best "bed-and-breakfasts" in town. By pure serendipity they landed at a delightful home run by an engaging couple, the Trenholmes, and spent the next few days being spoiled by hot scones, fireplaces, flowers, hospitality, and comfort. Their clothing was even washed and ironed by their hostess before they were allowed to leave.

Roslyn is a writer and works as a literary agent. She also teaches at Ventura College, and works on Ch 12.

ALF Museum - A Billion Years Of Life

By Don Holmes

As noted under another heading, the Gem and Mineral Club suggested that the Travel Committee arrange a trip to the ALF Museum in Claremont, to include other places of interest. The Travel Committee has organized this, and it is open to all villagers. The bus will leave the Rec Center at 8:00 a.m., Thurs, Mar 31. On the way to the Alf Museum, we'll be going down Baseline Road and should be able to see the spring flowers, the poppies and the lupines, on the hill-sides. When we leave Alf's, we may, time permitting take a short detour up the hills for a closer look.

This trip is made possible by the generous cooperation of Dave Kenyon, V.6, who is a personal friend of Doctor Alf, the originator and still mainstay of the museum, which is operated in connection with the Webb Prep School, many of whose graduates are now noted in the world of science. Dave has arranged for the Museum to be opened on a non-scheduled day, and for our group to be personally guided by Dr. Alf himself. If you were on our previous tour several years ago, you remember two things in particular: Dr. Alf is terrific, and the Museum is not the usual stuffy collection of things with no meaning. If you are lucky, the Doctor will let you hold an actual moon rock in your hand — yes, one of the rocks that the astronauts picked up on the moon. It is not very large, but how many museums have one? Garnette, who will be the escort on this trip, held it last time, and still remembers the thrill.

Dr. Alf has made discoveries at the bottom of the Grand Canyon which extended the knowledge of early multi-cell life back several million years. In

Africa he found 30-million-year-old remains of humanoids, and in Australia he found similarly ancient tools. He also located microscopic single-cells and cell chains which were the very beginning of life as we know it.

Dr. Alf is no ordinary person, and this is no ordinary museum. Even the building, faced with native stone is a work of art by Millard Sheetz. The exhibits are by no means limited to fossils and geological specimens, but include artifacts, jewelry, sculptures and ceramics from many ages, shown in such a way, and described by Dr. Alf, that the ancient civilizations come alive to you.

We will leave the museum for lunch on your own at Griswold's. They have a smorgasbord as well as their famous bakery. There are a number of small shops in the vicinity that will be interesting browsing. From Griswold's we will go to the Norton Simon Museum for those who want to see the art collections there, then will go to Greigers' for those who prefer to go there to get jewelry, gemstones, and findings. From Greigers' the bus will return to the Norton Simon, pickup the rest of the group, and return home. We hope to be home between 5:00 and 6:00 p.m., depending on traffic. This was a popular trip the last time, so watch for the announcement of the ticket sales.

SMALL MIRACLE

In spite of heavy rain toward the end of January, followed by the Big Wind, the lovely white pear trees blossomed in early February. Of course, they will not last, but for ten days or so, they lined the Village streets, dressed in white, like so many brides.

They are the promise of spring. We are glad to see them.

SPIRITUAL GROWTH GROUP

By Nancy Whitaker

The Spiritual Growth Group is meeting at the home of Bess Carlisle, 1125 V.1 during February each Tuesday at 9:30 a.m. and will meet at the home of Mayz Gregory, 31320 V.31 in March.

We are studying "Genesis" under the direction of qualified teachers and welcome members and friends to this friendly and caring group.

Sweet Adelines To Entertain March 11

By Lois Atz

The Championship Channelaire chorus of Sweet Adelines will bring their barbershop harmony to the Village on Fri, March 11 at 7:30 p.m. in the AR. This concert is sponsored by the LV Organ Club.

At a competition of 26 choruses last March this group excelled, coming in number one in Southern California and Nevada. They have sung at Disneyland, opened a Dodger baseball game and appeared on national TV Feb. 17 on the Good Morning America program. They will compete internationally in October.

Seven villagers are members of this blue rib-

bon chorus: Kay Avery, Roie Beck, Ann Cappello, Ginny Cordell, Piff DeSimone, Terry Hernandez and Joan Johnson.

Tickets for the March 11 concert are available at the Rec Center ticket window Monday and Friday mornings and Wednesday afternoons, or from select Organ Club members, at \$2.50.

Cabaret Night, sponsored by the Organ Club in early February, sold out a week ahead of the event, so get your ducats right away! Brisk ticket sales for the events arranged by the club strongly endorse the caliber of programs presented by the Organ Club.

Exercise Group

We all know how important exercise is, so join in our exercise class held every day, Monday thru Friday at poolside, 8:30 to 9:00 a.m.

The program consists of many low key stretching exercises that have been approved by Pleasant Valley Hospital. Lou Tamkin, conducts the class.

Profile — Eliot And Sonya Leonard

By Jack Whalen

One might say he was born into retailing, living in a Boston apartment, just above his parents' clothing store. That put him about 25-feet from the cash register and throughout his adult career he remained very close to the ring of the register.

Let's open the book on Eliot and Sonya Leonard of V. 5, a couple who has been very, very close to books throughout their lives.

Eliot graduated from Boston University Business School in 1936 and went to the Harvard Coop, a large college department store, for one week's employment during the textbook rush period. He enjoyed it so much that he stayed on, advancing from clerk to assistant manager.

With the advent of World War II he enlisted in

the Air Force and as an aerial gunner, radio operator, served aboard B-17's and B-29's.

Sonya, calling Chicago her home, took employment as a hospital administrator at the air base in Pyote, Texas. They met there as Eliot was ending his military service.

After their marriage in Chicago in 1946, they moved to Boston where Eliot resumed employment with the Harvard Coop. He stayed with them an additional 29 years, the last 8 as general merchandise manager.

These were rewarding years but they often looked westward since Sonya's parents and the rest of her family lived in Southern California.

In 1965, Louis Epstein of Pickwick Bookshops offered Eliot the position of operations manager of his giant Hollywood store. He quickly accepted.

Eliot and Sonya with Bette Davis at American Booksellers Convention.

"The years that followed were mighty exciting," recalls Eliot. "Pickwick was one of the largest book stores in the country and with the rapid growth of shopping centers in Southern California, there were unlimited

possibilities for expansion."

By 1968 there were 8 Pickwick bookshops and the company merged with B. Dalton, a division of the Dayton Hudson Corporation. By now Eliot was president of Pickwick and

when final absorption of the two companies was completed in 1973, he was named senior vice president and director of the Western Sector. During 1973-75 he was twice elected president of the American Booksellers Association whose membership totals some 5,000 stores.

Upon retirement in 1980, Eliot could look back, with great satisfaction, on 44 years of book-selling. Throughout the years many of his writings on management and merchandising have appeared in Publishers' Weekly and The American Bookseller. He has also been a keynote and invited speaker at dozens of association and convention meetings.

"We had several incentives to move to Leisure Village," says a smiling Sonya. "I have two sisters living here: Bess Cohen in V. 3 and Eve Freeman in V.4. One might say that makes us a V.3,4,5 family."

They point with pride to their three sons: Mark, a city planner in Union City, Ca., David, a professor of law at Indiana University, and Howard, a clinical psychologist in Seattle, Wash. Three grandsons complete the family circle.

Eliot is currently working on a book on bookselling while enjoying daily tennis and paddle tennis matches. Sonya is involved in club activities within the Village and does volunteer work at Pleasant Valley Hospital.

When questioned on the problem of adult illiteracy in the U.S., Eliot is quick to point out the B. Dalton recently pledged \$3-million dollars to help combat that problem.

"I also believe," he states, "more attention must be paid to the teaching of reading in schools. Educators must help by urging both the federal

Do You Have Questions, Concerns, A Gripe?

By Romaine Lambert

Is there something pertaining to our Village that is bothering you; something that you would like to have answered, or a problem which you can't seem to get solved? If you are frustrated, you are not alone.

There are, however, many sources of information and help available. There's Ch 12, for instance, which is invaluable in time of emergency and in addition offers current information. There's the Village Voice, the official publication of the Association, and there's Inside Leisure Village, our volunteer newspaper, which contains much pertinent Village information.

Sometimes overlooked is the monthly LV Board of Directors Meeting held every first Monday. This is an open Board Meeting, mandated by California Law in which the Directors conduct business. It is open to homeowners but not for homeowners vote. The Board furnishes copies of the agenda previous to the meeting, allows villagers to comment on new business on the numbered items and then the Board votes on the first reading of each item. This procedure allows homeowners to know how each member votes and if the recommendation is passed, and allows a month for villagers to consider the recommendations.

At the end of the meeting homeowners have the opportunity to address the Board on any subject and these comments become a matter of record.

There are also other ways for an individual to get answers. Perhaps the first step is to visit a Committee meeting — in particular one which is involved in the area of

Sylvia Williams
V. 29

Dottie and I wish to thank our many LV friends for their many cards, phone calls, visits, donations, gifts, flowers, and prayers on my behalf while I had a brief episode in the hospital. We thank you and we love you all.

Walt Zukerman, V.28.

When Larry had a severe pain in his chest, I called the gate; in minutes our fantastic Security had him in emergency at Pleasant Valley Hospital.

He is recuperating well.

We cherish the memory of the kindness, generosity and thoughtful support of our neighbors; they are sincere friends.

Larry and Ruth Miller,
V.20

My heartfelt thanks and appreciation to all our friends and neighbors for tributes, letters, cards and expressions of sympathy for the passing of my beloved husband, Virg.

Betty Nesbitt, V.6

Your kind consideration, in the form of letters and cards, the phone calls and your visitations, plus the many delicious dinners prepared for us during Iris' convalescence, has touched us deeply.

All these fine manifestations of love most certainly contributed to the fine progress that Iris is presently experiencing, as we look forward to her full recovery.

Iris and Lou Simmonds,
V.19

I would like to express my heartfelt thanks to all my friends and neighbors for their calls, messages, and tributes of sympathy at the sudden and unexpected death of my beloved husband, Louis Newmark.

I feel fortunate to live in such a caring community. It helps me to carry on at this difficult time.

Sylvia Newmark, V. 42

I would like to express my heartfelt thanks to all my friends in Leisure Village for their calls and messages of sympathy at the loss of my sweet, and gentle younger brother, Dr. Benjamin Beber.

I am lucky to live in a place where I am surrounded by so many wonderful and caring friends. Thank you all.

Sandy Linka, V.13

I wish to thank you all, my many friends and neighbors, for the flowers, cards, telephone calls and get-well wishes sent me during my month-long stay in the hospital. Special thanks to The Village Swingers and EZ Squares. I'm home now and expect to be back in action soon.

From one who really appreciates.

Bernadine (Bernie) Nelson, V.16

When Al and I moved to Leisure Village 1½ years ago, we were quite sure we had chosen the right place to live in our retirement years. After a recent 2-week stay in the hospital, we now know, without a doubt, this is the very best place anyone can be. The cards, phone calls, love, caring and concern shown of all the wonderful friends we have made here have been overwhelming. Thank you all of Leisure Village for the help you have given me to get better so much more quickly. We are so very grateful.

Al and Gussie Filerman,
V.9

Geri and I wish to thank our many friends in LV for their concern during my recent surgery. Your thoughtfulness is deeply appreciated and will long be remembered. God Bless.

CURRENT ISSUES FORUM CALENDAR

The next Current Issues Forum will be held on Fri, Feb 26 in the AR at 7:30 p.m. The subject will be "30 Days and 2000 Miles by Auto in the Soviet Union," narrated by Bernie Firestone, and "My Impressions After Visiting Six Soviet Republics," narrated by Martha Crowe. Both speakers are residents of Leisure Village.

CURRENT ISSUES FORUM

By Sol Robin

The January Current Issues Forum was attended by over 150 residents. Co-sponsored by Beyond War, a non-profit international peace organization whose goal is to bring about an end to war through education, the program featured Richard Hicks, a Los Angeles attorney with a degree in political science.

Hicks, a co-founder of Beyond War in So. Calif. discussed possible solutions to the nuclear arms race. He branded as impractical unilateral disarmament, arms supremacy, bombastic rhetoric and the idea of a technical solution, such as the Star Wars program which would cost at last one trillion dollars.

He showed the audience charts listing the actions taken by each side in the nuclear arms race. In recent years the U.S. has spent roughly 300 billion dollars annually on its military programs. The Soviets have been spending approximately a similar amount.

The inevitable result of this arms race pushes the world dangerously close to the brink of a nuclear holocaust. Neither side has shown restraint; currently there is a total of 30,000 nuclear weapons in the U.S. arsenal and

23,000 in the Soviet Union. Between the two superpowers there are about 18,000 megatons of nuclear weapons. Each megaton bomb is 80 times more powerful than the bomb dropped on Hiroshima, Hicks said.

He concluded that options for achieving security for both sides include negotiated treaties, like the agreement reached at the recent Washington Summit between Reagan and Gorbachev, and a restoration of cultural and scientific exchanges between the two nations. Most significant of all would be an agreement exposing Soviet experts and private citizens of all ages to our American way of life.

At the conclusion, Annette Mills of the Camarillo Beyond War organization urged the audience to participate in the peace movement by writing letters to our elected officials to let them know of our desire for peace.

Channel 12 members have just learned that Elva Ward, our Chairperson for the past 3 years and a member of the first group to form Ch 12, will soon leave us.

Under Elva's leadership, Ch 12 truly came of age and we will miss her greatly. Good luck, good health, good fortune, wherever you go, Elva.

The quickly-assembled TV interview with Skip Roberts relating to the wind damage resulted in many favorable comments after showings on Ch 12. Much credit should go to Gerry Sills for his set-up work. Thanks also to Gerry and cameraman Dan Bernard for the fine wind-damage footage they shot early the morning after the windstorm.

THE LEISURE
VILLAGE
WOMENS CLUB

By Jeanne Carlson

Women's Club had its first real meeting of the year, Thurs, Feb 5, with the new officers in action.

Trading Post was its usual successful self as sharp-eyed shoppers looked for button-hooks, feathered frisbees, and other necessities.

This year a new fundraiser will appear at each meeting. It is what you might call an "itsy-bitsy" Bazaar. A single card table will offer a few choice items made by Workshop as a sample of what will be coming. Beautiful hand-crocheted collars (and have you seen what they cost in the shop?) made by Thelma Henley and Jenny Hall plus a number of the cute new decorator sweat-shirts with designer yokes made by Gerri Kikendall were featured.

Kay LaPrell presided over a short business meeting and then introduced, Program Chm and 1st V.P. Dorothy Fencil who urged everyone to come by Workshop (every Tues, 9:30-11:00 a.m., MPR) with a view to joining or at least having a cup of coffee. She also asked for donations of cotton and cotton/polyester cloth, yarn, trim, wooden hangers, 1 gal. plastic water bottles or any craft items.

Elva Ward, Program Chm and 2nd V.P., then talked about the March program which will be a fabulous fashion show, Showcase '88, with clothing furnished by Florence's Intimate Apparel and Carlotta's Chic and Casual. Ann Garber Dubin will be commentator and members will model.

Betty Walker, Membership Chrm reported that membership is growing rapidly but reminded the club that last year we had over 600 members and she just has to set a new record again. Memberships are \$5.00. Betty gets very morose and dejected when memberships are slow so let's cheer her up. Membership entitles you to two luncheons at half-price during the year. Membership is also a way to support the club's good works. Our motto is fun and service and with everyone's help we'll live up to it.

The President then gave us some bad news and some good news.

The bad news was that both Elva Ward, Program Chm and Minnie Gorelnik, head of the Refreshment Committee are moving away from the Village this spring. Both are key-people. Elva, always organized, has the full slate of the year's programs ready, but there's no way Minnie can do the refreshments ahead of time. Neither lady had asked the club for permission to

VILLAGE SWINGERS SQUARE DANCE CLUB

By Romaine Lambert

The Village Swingers are a lucky group, some members luckier than others. Fran Gunningham won the Jack Pot the second month in a row, and Anne Wolfson won champagne again after winning at the Champagne Dance. Jack Pot is always the first Tuesday of the month. Try your luck.

What is not such good news is learning that the Club is losing two of its most faithful members. Jack and Helen Dain were feted with a beautiful cake in their honor at the general meeting. They are leaving the area for Mendocino County where their property there has been beckoning for some time. The Dains have been with the Swingers since the club was formed and their place will be hard to fill. Murray Hertzberg led the gang in singing a robust "For They Are Jolly Good Fellows." Good luck, friends.

Time is getting short if you plan to go on the Bakersfield 3-day trip on March 18. Contact Suzanne Stern.

February has been busy with Valentine and Presidents dances and that trip on the 13th which is still a mystery to ILV at press time. What is no mystery is that all who took advantage of the outing would not have been disappointed.

The Swingers will be one of the sponsors for the Associated Square Dance 40th Anniversary Dance in Oxnard on Sun, May 1. Your badge will give you free admission and there will be at least one dozen well-known callers.

It will be "The Wearin' of the Green" for Swingers on the 15th. Bill Dean will guest call on Mar 22.

By Lois Atz

Tickets are now available for the next big event to be presented by the LV Organ Club. The Channelaire chapter of the Sweet Adelines will sing barbershop harmony in the AR at 7:30 p.m. on Fri, March 11. Ducats are priced at \$2.50 each and are sold at the Rec Center ticket window each Monday and Friday mornings and Wednesday afternoons.

Cabaret Night, also sponsored by the Organ Club, sold out a week ahead of the event!

Regular meeting of the Organ Club is today, Feb 26, at 1:30 p.m. in the AR. After a brief business session, Village organists and pianists play for each other's enjoyment. Musical theme for this day is theme songs from movies and TV. Village musicians and interested listeners are invited to attend.

BOWLING LEAGUE

By Vee Flowers

The LV Bowling League's elimination tournament, in progress the past several weeks, has come to a close, producing a winner in both the men's and women's divisions. In each division, two opponents rolled for high series with handicap, to determine who would go on to face the new challenger.

Interest ran high for both the winners, as well as those that faced defeat.

The final ladies match was a roll off between Katie Anderson and Helen Mamula, with Helen being victorious, rolling a score of 620 to Katie's 577. In the men's division, Morrie Gold came out on top by defeating A. D. Flowers in a close match, 585 to 568.

The next tournament will be divided into three classes, according to av-

erages, with the men and women competing against each other, using handicaps. Should prove very interesting!

Last month the Scratch High scores of the season were listed, therefore in this issue, the Handicap High scores are highlighted.

Men's Season High Handicap Series: Al Podewils 733, Sid Weinberg 728, Max Polley 722. High Game: Hugh Gary 283, Ernie Slabotsky 282, Leo Garten 273.

Women's High Series: Lindsey Merrill 708, Edith Baker 706, Doris Goldman 704. High Game: Faith Saunders 264, Vi Haley 259, Doris Goldman 259.

With new lanes being installed this month at the Wagon Wheel Bowl, and about 2 months left, there could still be a lot of changes in averages and team standings, so bowlers beware, the day of reckoning is close at hand!

VISION LIMITED

By Florence Block

"Hospice, past, present and future" was the topic well presented by guest speakers Al Wuelfing and Marion Gordon at the Feb 1 meeting of Vision Limited. They provided information concerning the services of the Hospice in Camarillo, housed in P.V. Hospital. Hospice is a concept of care that focuses on enhancing the quality of life and meeting the special needs of those living with life-threatening illness, and their families. Services are provided free of charge.

Our next meeting will be Mon, March 7, at 1:00 p.m. in the LR.

Linda Keeney, teacher and counselor for Ventura County State Dept. Rehab. and Specialist for the Visually Handicapped. Her topic will be "Resources for the Visually Impaired. Everyone welcome.

The Right To Vote — Our Most Cherished Gift

By Sol Robin

The year — 1988 — will be a very important year for election to public office. An exciting Presidential election looms on the political horizon; a U.S. Senator will be elected and Congressmen as well. Not only will Ventura County voters select three members of the Board of Supervisors but other county officials, too. Camarillo voters will vote for two seats on the City Council and fill school board vacancies.

Yet at a recent non-partisan First Vote rally designed to entice Ventura County citizens to register to vote, a mere handful of 14 names were added to the rolls. In spite of celebrity hoopla and advance publicity, this get-out-the-vote campaign failed dismally. This miserable display of voter apathy represents a pathetic lack of civic interest by so many eligible voters who simply don't care to show up on election day to cast their ballot.

In Ventura County there are 184,000 residents who are eligible to vote but are not registered. Getting voters to register is only half the battle. Many registered voters simply fail to show up to vote.

The distinguished Supreme Court Justice Louis Brandeis once said that in a democracy, the most important public office is that of citizen. Yet, the percentage of eligible citizens who vote in America has been dropping steadily for the past century.

The press usually blames voter apathy for the poor turnouts. But apathy is only one factor.

Among western democracies, ours is unique in the barriers we place before would-be voters who want to participate. In the past, we have suppressed voter turnout through

such discriminating methods as poll taxes and literacy tests. And we have weakened the power of minority voting by carefully gerrymandering voting districts to keep minorities out of office.

But this was all in the past. Most of these undemocratic practices have been abolished. The bald fact remains that our voter turnout remains low by comparison with other democracies.

Many states have developed aggressive programs designed to register citizens to vote. Many states register their voters in the normal course of renewing driver's licenses or filing for unemployment insurance. Many states are using mail-in registration procedures where all citizens fill out a simple form and mail it back to the appropriate state agency. Many voter registrars go where the people are — shopping malls, schools, libraries — to register to vote.

The right to vote is one of America's gifts. Yet many citizens squander that gift carelessly. If they lived in nations where citizens are deprived of the right to choose their leaders, they might value that

right to vote more keenly.

The right to vote should be considered a duty, not simply a right. The small price we pay to enjoy the rights of a free people simply requires us to register and turn out on election day to cast our vote. Yet how many truly cherish this right? We just take it for granted, but how we would howl with indignation if we were ever deprived of that right.

We should never forget that bad officials are elected by good citizens who do not vote. The English statesman, Edmund Burke, summed it up so eloquently when he said "The only thing necessary for the triumph of evil is for good people to do nothing."

In this year when vital issues affecting America's future will be debated and candidates for the most important offices in our land will be chosen, it becomes our inescapable duty to protect and preserve the values of our nation to register to vote and showing up at the polls on election day. If we cherish America and what it stands for, we can do no less.

SPRING

By Lillian Wallace

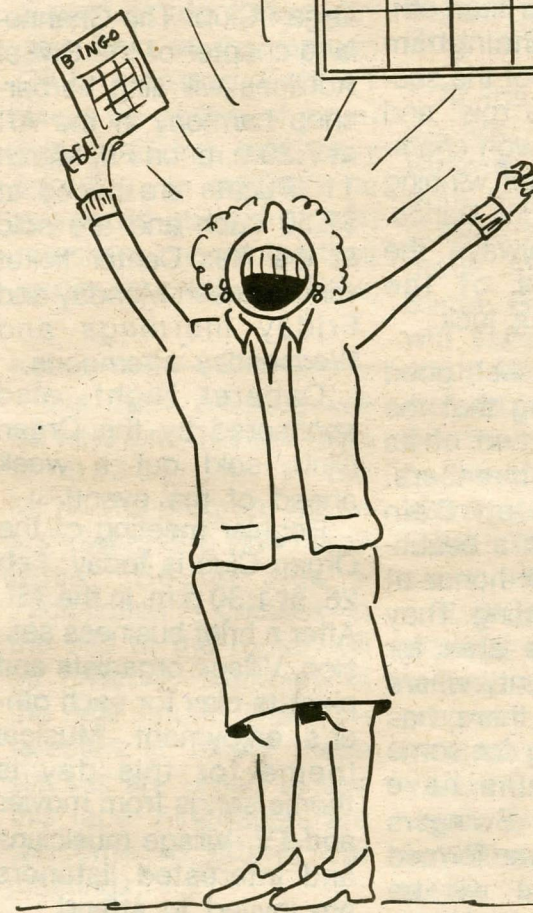

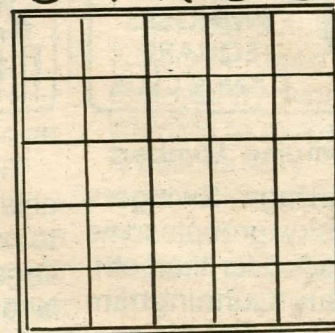

Pillowed clouds, a sheer blue sky,
Sights and sounds that bring-
A pulsing earth, set to birth,
The glory that is spring.

Tiny buds of promise
Soon, will open to the sun-
Myriads of color,
On open fields have just begun.

A nest of noisy hawkers
Wait, impatiently to see-
A feathered cloud alighting,
As they crowd her hungrily.

And life will have new meaning,
Hope will touch each heart-
As spring now sends her signals
A new beginning set to start.

Oxnard Community Concert Association

By Margie Bonderman

The Oxnard Community Concert Association is a non-profit membership group, which holds its concerts at the Oxnard Civic Auditorium, at 800 Hobson Way, in Oxnard. Last year's members have received their renewal forms for the 1988-89 Season. It is important to mail in renewal checks before Mar 1, when membership is opened to new members for any seats still available.

The 1988-89 Concert Series will again consist of 5 concerts. Included are: Shanghai Acrobats & Musicians; Stecher and Horowitz — duo pianists; "Some Enchanted Evening" — an evening of Rodgers and Hammerstein music; Linda Maxey — a concert marimba virtuoso and Escosa & Rado — duo harpists.

No tickets to individual concerts are sold. Admission to all performances is by **SERIES MEMBERSHIP CARD ONLY**. Membership remains \$20 per person. Members have reciprocal rights, at no extra charge, to attend concerts given by other Community Concert Associations.

Information and applications for memberships are available from Margie and Aaron Bonderman, 20212 V.20, 482-8102.

VARIETY
GUILD

By Ethel Goldfarb

In keeping with the "Sweetheart Theme," the Feb. 11 meeting of Variety Guild had Esther Robbins presenting a comical skit, "A Valentine For You." Our next meeting will be March 10 at 7:30 p.m. All are welcome to an evening of entertainment and refreshments. Bring a cake and celebrate a birthday or anniversary with us. Dues are due!

The June presentation of "The King and I" has started off with exciting response at the auditions. Our cast is: Ailsa Muldoon, Anna; John Fahringer, the King; Larry Sawyer, Capt. Ortom; Al Law, interpreter and secy; Rawza Kramer, son; Saul Kramer, Prime Minister; Kay Avery, Tuptim; Bob Barrus, man from Burma; Carolyn Cohen, #1 wife; Ann Janoff, young prince. Others in the cast are: Sylvia Altes, Roie Beck, Piff De Simone, Rube Davis, Jack Fosdick, Pauline Hoffman, Erma Hopkins, Alva Lane, Billie Pachter and Irwin Steinhart.

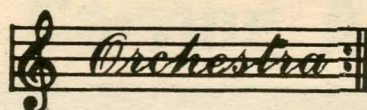

VILLAGE
PLAYERS

By Irwin Steinhart

The next monthly meeting of The Village Players will be held in the AR on Thurs, Mar 17 (St. Patrick's Day) at 7:30 p.m.

Program Director, Edythe Fahringer, is eager to have as many members as possible involved in our Monthly Programs, especially those who never, or rarely, participate. Why sit at the counter of Schwab's Drug Store drinking endless cups of coffee while you wait to be discovered? Contact Edy....she will discover you! Be spotlighted in one of our monthly fun presentations.

By Don Holmes

The LV Orchestra has good news and bad news this month. The good news is that in response to our small "classified" ad in last month's ILV, stating that the orchestra is available to play for LV groups, we have been invited to play for several LV Clubs, one as far away as December. This is a repeat for a Club for whom we played last year, which is very flattering. The orchestra enjoys doing this, so if you "Programmers" can use us, and can get the AR or equivalent, contact Don Holmes at 482-4979. We need the AR because we take up a lot of space; if you remember the Ch 12 Dedication Day, you saw that we filled the CR with very little room for an audience. We do about the same in the MPR.

The orchestra does "outside" concerts, also. We have been approached, but no date has been set, to play at the Camarillo Senior Center, and we will play on Feb 26 at the Juanita School in Oxnard. This will be before 600 elementary school students. Now if we could only interest some more musicians....

And that brings me to the "bad" news. The orchestra had scheduled a major, 2-hour concert in the AR this spring, but we will not be doing this, because of lack of instruments. We have two beautiful kettle drums (timpani) and our new music requires them, but we have no one to play them. We had two trumpets, two trombones, and a bassoonist, but they seem to have lost interest. We could, of course "import" outside musicians on a "one rehearsal and one concert" basis, as has been done before, but as Director, I don't want to do this.

First, it is not fair to the "regulars," who have worked long and hard and come to rehearsals in all kinds of weather and against other temptations including playing in other groups, and second, it is not fair to you the audience, as it would not be "your" LV Orchestra. There is another hazard that, no matter how skilled and professional the players may be, mistakes are likely to happen. I have seen music ruined by one wrong note — or, in one case, by no note at all — and again, this is not fair to those who have put a lot of time into mastering the music.

So, regretfully, we will not have our Spring Concert this year. However, the orchestra will be sponsoring a concert by the Ventura County Band on Sun, May 8. They have played here before and they are very good. Several villagers play in it, and we'll write more about that closer to the concert date.

HAPPY
HOOFERS

By Dor Karlin

Hello from the Happy Hoofers. February is a quiet but busy time for the Hoofers. We are practicing all our new numbers and refining our dancing under the eagle-eyed leadership of our head dancers, Helen Gold and Sophie Lebetkin.

The Hoofers hope that Ground Hog Day (Feb. 2) was well-grounded, because it was also the night of a full moon. We also hope Your Valentine's Day was valuable and that Washington's and Lincoln's birthdays brought you a feeling of pride in our nation's history. Living in our great country brings us such a good feeling that we want to — KEEP ON DANCIN'!

R.V.
Club

By Bill Johnson

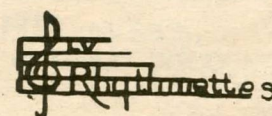

The record attendance at the January RV Club meeting reflected the fact that over 80% of the occupants of the RV lot have paid their dues and become members, and the officers wish to thank everyone.

The March 15 meeting will have as a guest speaker Chief Moses of Security.

The Roamers had two delightful outings in January. A wonderful gourmet dinner at Fabrizio's hosted by wagonmasters Corky and Abe Milman, and assisted by Bill and Louise Marshall. February camp-out was held at the Earl Warren Showgrounds in Santa Barbara. Bill and Nippy Biggam were wagonmasters, assisted by Al Law.

The Biggams are former long time residents of Santa Barbara and arranged for a wonderful 3-hour bus tour of Santa Barbara and vicinity. The next day we were favored by a marvelous visit to the Historical Museum, including a 2-hour lecture by Kathi Brewster, a young lady who knew the history of the area very well.

The whole camp-out was a tremendous success.

The Rhythmettes are having fun these days, playing the "oldies but goodies," with Jean Zimmerman directing, accompanied by Selma Simon at the piano.

We have two special dates. March 4, we will have a dinner for members, husbands and friends. April 8 at 7:15 p.m., we will be dressed in our sequin trimmed tab-

GEM AND
MINERAL
CLUB

By Don Holmes

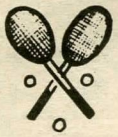

The Gem and Mineral Club suggested a trip which the Travel Committee is arranging to ALF's Natural History Museum in Claremont. This will be on Thurs, Mar 31 and will include the Norton Simon Museum and Greigers' Jewelry Supply Store as alternates, both in Pasadena. This is a Travel Committee trip, and is open to all villagers, so watch Ch 12 and the Travel Bulletin Board and sign up promptly. You will remember that the last time we went to ALF's, it sold out early. Dave Kenyon, V.6, is a personal friend of Dr. Alf's, and as with the earlier trip, made the arrangements for the tour to be personally guided by the doctor.

The wild flowers on the hills above Claremont should be good in March. From Alf's the bus will go to Griswold's for lunch OYO, then to the Norton Simon to drop off those who want to see it, and will take the rest to Greigers' where you can get all kinds of gems, jewelry and findings that you didn't know you needed until you got there. The bus will return to the Norton Simon, pickup the others and return home. Griswold's has a fixed-price smorgasbord and still has that delicious bakery. There are a number of small shops near for browsing. Don't forget—sign up early.

The March meeting will be Wed, 23, at 7:30 in the MPR. Watch Ch 12 for program announcements.

bards, ready to play for the Solo Club.

March is the month for the nominating committee to begin looking for prospective Rhythmette officers. They will be glad to talk to any qualified volunteers.

By Cy Maller

The February meeting of the Shuffleboard Club was a huge success with a tremendous turnout due to the effort of the telephone committee headed by Bea Schreiber. The pot luck dinner being planned for March 1 was discussed and finalized. Dinner will start at 5:30 p.m.

in the MPR. All who will be attending are urged to bring their own settings and enough food for 8 people.

Six new members were registered: they are Ida and Sam Senkowitz, Virginia Pacewic, Evelyn Schnepf, Rea Williams and Delma Smith. Practice sessions are held on M-T-W at 9:30 a.m., also Th-S-S at 2:00 p.m. Qualified instructors are always present to teach this fascinating sport.

The installation luncheon of the Bocce Club was held at the Cafe Basque on Jan 25. After a delightful lunch was enjoyed by 53 members and guests, retiring Pres Kenneth Barrette acknowledged each of the retiring officers for a job well done in the past year.

Max Polley, new pres, introduced the new officers for 1988. The general meeting was held Feb 25 in the AR. The next Board meeting will be held on March 8 at 7:30 p.m. in the LR.

Payment of the \$3.50 dues for 1988 will be welcome!

Bocce lessons are given by Henry Carfagna on Tuesdays at 2:30 p.m.

The weather is perfect for playing Bocce; please come and join in the fun. Learn and enjoy playing the game!

By Morley Goldberg

After one week of play, the Billiard Club Tournament winners in Class A Singles were Gus Ferrara, Gary Smith, Ken Spangler, Dan Bernard and Al Sullivan. Class B Singles winners were John Gianettoni, Jack Bagelman, Wayne Nelson and Paul Kelwin. In the Mixed Doubles winners were Ferrara-Mayer, Shipkin-Trindl and Elrick-Elrick.

Remember, rules and regulations for the tournament this year are much stricter than before and must be adhered to. Players are cautioned to meet their play dates or be subject to forfeiture. This year, winners will be awarded \$25 gift certificates; second place will be awarded \$10 certificates.

We welcomed new members Alita and Chuck Elrick.

The LV Women's Golf Assn had a nice day at Mt. View for regulation golf. Also, lots of good scores. In flight A Donna Duke had low gross with an 82. 1st low net: Maria Meyers and Ellen Moore. 2nd Martha Nunn and Marie Story. 3rd Iolene Beach, Lindsey Merrill and Pat Holly. 4th Carra Hatfield. In flight B: Lois Kissinger had low gross. 1st low net: Fran Thomas. 2nd Marty Gregory. 3rd Lucille White. 4th Gretchen Young, Nancy Moyer and Kay LaPrell. 5th Gen Wesley and Bea O'Brien. 6th Marion Schare. Ellen Moore had 3 birdies.

Our President's Cup tournament is finished. Billie Mueller had low gross in flight A. June Rose and Mike Mancusi had low net. In flight B: Low gross Ethel Duncan. 1st low net: Ruth Marler. 2nd Evelyn Bearman. In Flight C: Low gross Betty French. (had a hole in one on 13) 1st low net Irene Helmstead. 2nd Verna Coombs. In the Niners low gross was won by Chris East. Low net Alva Lane.

Our Scotch-Twosome golf tournament was cancelled because of rain on Tuesday. But, the luncheon was a huge success. Many people helped but Lois Killeen and Kay LaPrell were the ladies in charge.

Regulation golf will be at Montalvo on March 17. Cost \$9.50 for green fees — carts \$13.

Winners of the lottery tickets were Mike Marinello, Ken Spangler, Dave Hernandez, Rolland Barbeau, John Gianettoni and Stan Haddock. Winners of the special door prizes were Elizabeth Sullivan and George Laufer.

Dues are due for 1988!

At the January membership meeting, we viewed a very interesting tape on "A Swing for a Lifetime." There will be more tapes shown at the next four meetings. These viewings will definitely improve your game (which would be a miracle for some of our members). Our thanks to Ernie Mueller for providing these tapes.

The Men's Golf Club will host the Scotch Twosome on April 22-23, and the picnic will be held on Wed, Apr 23.

Our unsung, unselfish members who give their time in service to the club are Don Scane, Jack Snyder, Barney Vaughn, and Earl Donahue. Don Scane is a smiling, amiable man, who passes out the winnings every Tuesday. Jack Snyder handles Sunday tournaments and collects money for our 19th Hole Party. Earl Donahue and Barney Vaughn pack envelopes with your prizes for the Tuesday Tournament. These gentlemen do not play the tournaments but still devote their time and energy to pleasing all of us.

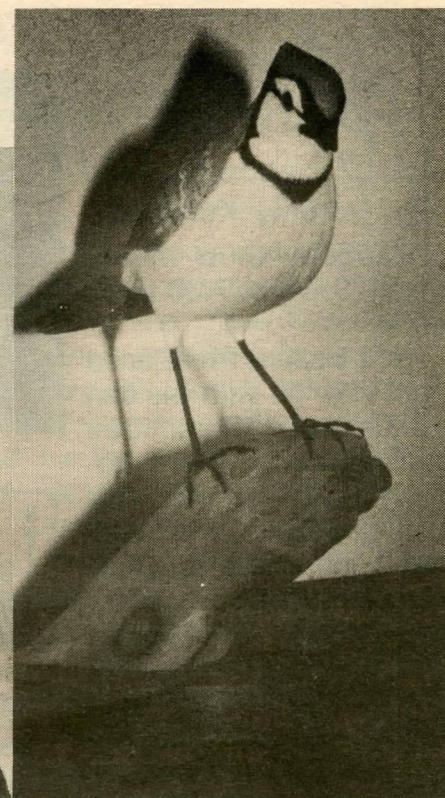

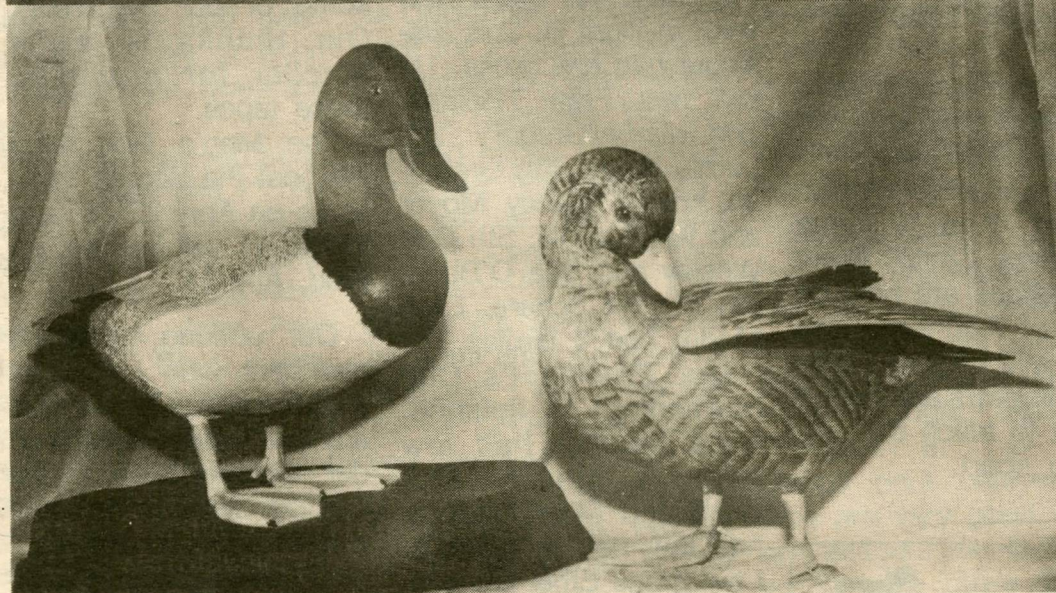

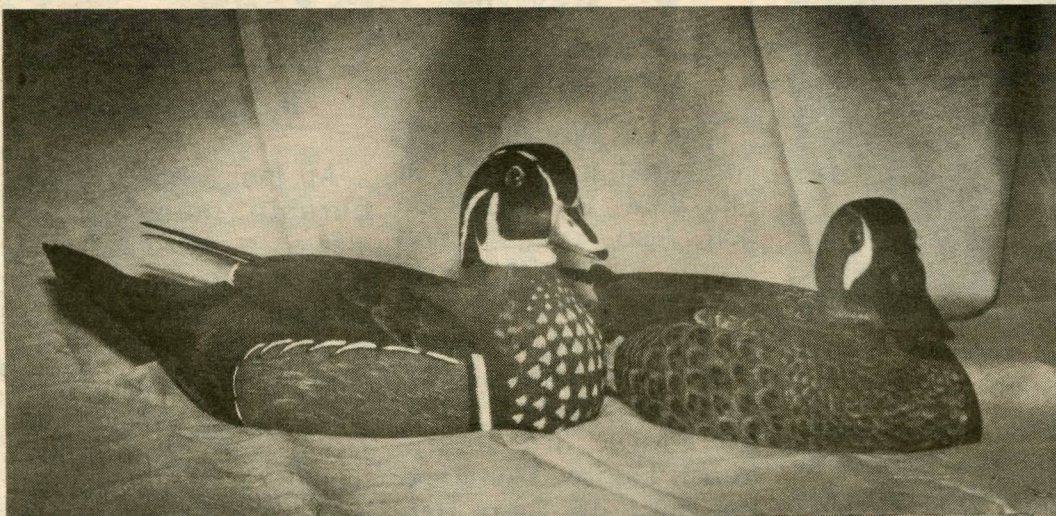

Max Schneiderman, our trophies chairman, filled in when Jack was ill.

The 9 Holers should give thanks to Dick Blohm, who is always there to protect their interests and advance their cause.

The winners in the Sun, Jan 24 Mixed Couples Tournament are:

Flight A Low Gross, Hugh Gary and A.J. Sanders, 62; Low Net, Jack Whalen, 59. Flight B Low Gross, Jack Heller, 60; Low Net, Ernie Mueller and Cecil Nunn, 54. Flight C Low Gross, Herb Warneke, 70; Low Net, Jerry Schneider, 55.

Carving A Thing Of Beauty

Getting At The Facts

By Margrate Gowder

Did you know that the fire hydrants were flushed last month by Camrosa Water Dist. and the water was metered so the Village was not charged for it?

Did you know that the large roll-off dumpsters which are used for the black-top removal from the walkways when new concrete is put in is paid for by the load of 10-12 tons even though the dumpsters may sit at the site for several days? If villagers add organic or garbage-type materials to the dumpster, even if it is only ten pounds of material, if the workmen are not able to remove the material satisfactorily, it could cost LVA \$14.75 per ton for the whole load.

Did you know that each of the little dumpsters into which the workmen put clippings and prunings cost LVA \$16 to dump each load? It is for this reason that we are engaged in an experiment of mowing more often and not picking up the clippings. If you read a recent issue of the Voice, you can see that we may be able to put up with a few clippings on our walks in order to save a lot of money. Usually the wind blows the clippings away within a short while.

Did you know that the thickness of the new concrete walkways is 3½ inches which is the Ventura County and State of Calif. approved thickness? With this thickness, reinforcing is not needed and it is thick enough so there is no cracking which we would get with thinner cement walkways.

Did you know that the water which runs down LV Drive near the west gate does not come from within the RV lot, but rather from the maintenance yard? There seems to be no way to correct this problem completely. The workmen have been in-

structed to clean their mowers, etc. of dirt and grass no more than 2 or 3 times per week unless necessary. The sewer drain for this area is down LV Dr. across from the entrance of V.3. The drain was not engineered properly for an easy flow of the water. You can't make water drain uphill, you know.

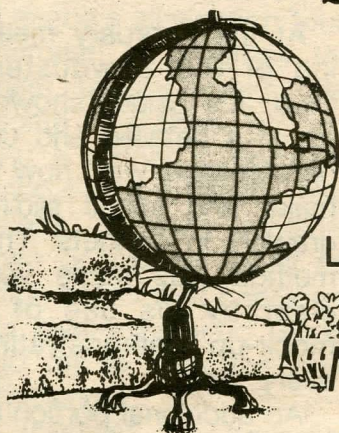

Did you know that the L.A. Times and area newspapers have 2 or 3 articles nearly every day telling of the necessity to raise the utility fees in our area? Become informed!

Grand Central!

Much activity occurs at our Grand Central Station, the Main Gate, each day: passenger cars, commercial and emergency vehicles, telephone calls.

Please anticipate the arrival of guests, work people, or deliveries and call the gate officers ahead of time.

We can put the world at your doorstep seven days a week.

At the February meeting of the Sawdusters Club, Joe Selden showed us, in a detailed and understandable way, how to make and install sliding drawers in cabinets. This method was made very clear by his use of a mock-up demonstrating every step.

An additional portion of our program was a "Show & Tell" by two of our members. Carl Sparks showed a trivet, convertible to a basket, made out of one piece of hardwood (oak) using a band-saw. Marty Ettinger displayed two miniature wood Japanese lanterns which he had made. Both Carl and Marty explained the various techniques used in making these interesting items. Those who attended this meeting were well rewarded.

By Madelyn McKean

Laird MacDonald of Growing Grounds conducted an informative garden clinic at the Garden Club meeting Feb 11 when he spoke of pruning, fertilizing and easy spraying. In addition he answered questions from members concerning their particular plant problems.

Our next meeting will be held on Thurs, March 3, at 2:00 p.m. in the MPR. The program will be a showing of a video tape titled "Router Jigs & Techniques." Classes in the use of the router will be given to members in the near future. Those interested in taking these classes are urged to see this tape. All villagers are welcome to attend our meetings.

A profitable plant sale preceded the meeting.

On Mar 8 in the MPR at 7:30 p.m. there will be an opportunity workshop on learning to make low-cost, artistic-quality stationery with dried flowers. Instructors are Ginny Lefingwell and Alma Kelsey. Cost is \$1 for materials.

At the regular meeting on Mar 10 Jerry Sordomme, horticulturalist from Santa Barbara City College and John Middlebrook, former chef at the Santa Barbara Biltmore, will speak and demonstrate Herbs and the Culinary Arts. Please note that the meeting place will be the AR for this popular event instead of the usual MPR. The time is the same, 9:30 a.m. to 11:30 a.m. Welcome to all villagers and their guests.

Rosters and the annual program agenda will be available at the Mar 10 meeting. All members whose dues are paid by Feb 29 will be listed in the roster.

CAMERA CLUB

By Dorothy Levy

The Camera Club competition in January, a showing of interior pictures, was judged by photographer Dan Murphy of Camarillo. He awarded first place to Sam Weinstein for a beautiful picture of the interior of St. Paul's Cathedral in London. Second and third places went to Dan Bernard for an unusual shot of the ceiling of the York Cathedral and an interior view of its chapel.

This month black and white film was distributed among members which they have used to take pictures of LV activities. Then in our darkroom, Pres Bob Novick and his aides have instructed several of us in the art of developing and printing these films. To learn how to make beautiful black and white prints is fasci-

SATURDAY
NIGHT
BALLROOM
DANCE

By Anne Janoff

Tomorrow (Feb 27) the Saturday Night Ballroom Dance will be hosted by Max and Lill Schwartz and Ben and Dorothy Feinstein.

March is bonanza month for our dances, starting on Sat, March 5 with Dave and Ruby Teasdale and Les and Mary Kovach as hosts. March 12 will see Yale and Ellie Lewine and Don and Ginnie Womack hosting the evening.

Our Western Dance on March 26 will have Eddie and Reva Saeta and Paul and Luella Kelwin in charge of the "corral" for that fun-filled dance night. Boots, jeans, gingham and Stetsons or other appropriate attire for the occasion are always fun to don, but casual-wear, if you prefer, is always in order as well.

Dance Workshop

By Velma Cade

The Dance Workshop enjoyed a luncheon at Mercury Savings on Feb 11. This was also our Valentine Party. The fantastic entertainment was provided by the Lelani Hula Club, a recent organized club from the Village.

Our next social will be April 12, following our dance workshop routine.

If you aren't a member, but enjoy dancing, or would like to learn, we invite you to come and join us. The membership dues are \$1.00. We meet every Tuesday at 3 p.m. in the AR and we dance for joy and good health.

Dancing from 8-11:00 p.m. in the AR. Admission, 50¢ per person. The usual coffee, tea, punch and ice, refreshments; BYOB. Plan to join us.

Since Dec 22, 1987 we have had 40 emergencies here in the Village. That averages out to approximately 1 per day.

It is most important that residents be alert to emergency vehicles in the Village. When any emergency vehicle enters the Village with emergency lights flashing, you must pull over to the right side of the road immediately.

This also applies to our own LV Security vehicles when they are responding to an emergency and have the emergency lights flashing.

Thank you,

LV Chorale To Perform

By Naomi Balfour

The LV Chorale of mixed voices will present its annual concert on May 21. This year's presentation is entitled "Twentiana and Into the Eighties." The program, with costuming and choreography, is a varied repertoire of the classics, folk songs from around the world, spirituals, excerpts from Broadway musicals, and will be climaxed with some of the best songs of the Twenties.

The "Belles of Harmony," a relatively new Village organization composed of 20 ladies, will also perform.

This concert is a joint presentation of the LV Chorale and Oxnard College, where the members are registered in a Vocal Ensemble course. Choral Director is Lois Bello, who is on the college faculty.

LETTERS From Pg 8

To our many friends and neighbors in Leisure Village, my sincere appreciation for your love and solicitude during the illness and death of my husband, Homer (Robbie). Your prayers, calls, cards and donations in his memory have been a wonderful support in this time of great loss.

Thank you for caring.
Rebecca Robinson and family, V.1

Special thanks to all my concerned friends and neighbors for your prayers, transportation, visits, plants, cards and calls during my surgery and recovery. The Village people care. God Bless.

Should the Committee not be able to give you a satisfactory answer, the Committee may refer your concern to the Board, or you can seek an informal meeting with Directors, have a hearing and get a decision.

There is yet another avenue open to villagers. It is the Ombudsman Committee which is composed of experienced and competent volunteers who are also concerned villagers. Meetings are by appointment, not open to the public, and all matters are confidential.

leave and the club may well vote to revoke both their passports!

The good news was the presentation of the program (by Elva). Helen Boyd, professional singer from Ventura, accompanied beautifully by Dorothy Wilson, offered a concert, "Songs from the Twenties" - all show ballads and all done so well. Miss Boyd has a lovely voice and much showmanship. Her finale, when she came close to the audience, "Look for the Silver Lining," was simply perfect. Everyone agreed that we had never had a musical afternoon of such caliber. A standing ovation was automatic.

THE
CERAMIC PLUS
CLUB

By Don Holmes

The Ceramics Plus Club had an interesting demonstration last month. The demo was by Sheila Steel and Bob Hunt, who have demo'd here in the past. These are professionals who earn their living by ceramic work.

They showed using the potter's wheel to make saucers and boxes, made lids on the boxes and put carved figurines on the box lids. The finished demo items were given to President Irma Shapiro for firing and glazing. Irma will discuss this again at the February meeting, and if there is interest, will show the Ch 12 tape again, then or possibly at another time.

We have the sad news that Minnie and George Gorelnik are leaving the Village. A "farewell" luncheon was held for them

Bingo Games

By Cy Maller

Bingo games are back in full swing! After suffering a slight recession during the holiday season, the attendance is once again up to the century mark. The more players, the larger the jackpots; the more games played. The games start at 7:00 p.m.; intermission is around 8:00 p.m. and the last game is over around 9:00 p.m. It is a great evening to socialize with your friends and neighbors.

Remember, Wednesday evenings at 7:00 p.m.

Wind Damages In LV Jan. 21 - 22

Wind-storm damage evident throughout the Village. Officer Claude Garey fielded more than 100 storm-related calls before day-break, Jan. 22.

Photos by Stabler

DAMAGE From Pg 1

Direct property damages included a rear patio cover in V.4, ripped loose by the wind, flipped over the house, and landing in the street. A car parked nearby suffered a few minor dents. In V.8 a tree toppled, engulfing a compact car, but only scratches to the paint resulted. About a dozen falling trees caused damage to nearby house roofs, and patio covers and fences.

While there still may be additional wind-related losses, as ILV goes to press, Tom O'Brien reports that incurred costs of \$16,924 have been paid while \$15,890 is still pending. The total damage cost thus far is \$32,814 of which our insurance will cover \$15,188, leaving \$17,626 as direct cost to LV.

O'Brien said that a thorough evaluation of the type trees to be planted is now being made. "We are looking at a long-range landscape plan," says Tom.

LETTERS From Pg 2

Speak out. If you care, come forth and be heard.
Connie Andrews, V.16

Regarding the smoking problem, the Board of Directors should be applauded for having the courage to bring up the problem at all. We know now what we did not know years ago, that all smoke, including second-hand smoke, is injurious. I am suffering from the effects of having spent most my working years in smoke-filled offices.

One gentleman at the last Board meeting stated a true fact when he said that most smokers are reasonably considerate, and that it was too bad that all are lumped with the few who are selfish and inconsiderate. Perhaps unthinking would be a kinder word. You may have occasionally noticed the same thing in some Camarillo stores, where a very few villagers have made themselves obnoxious and unwelcome to the store-keepers, and as a result the rest of us, who for the most part are pretty decent people, suffer being unwelcome, just by association.

One lady said that she was prepared to sue if the Board passed a smoking restriction, as it would deprive her of the use of the facilities. It would not, of course, but contrariwise, some non-smokers might be inclined to sue if the Board does *not* restrict smoking, because some of us have health conditions that deprive us of the use of facilities where smoking is going on. In my own case, smoke aggravates a chronic bronchial condition I like to play 3-cushion billiards, but I had to quit because I would always go home coughing. I had to stop going to the Billiard Club meeting for the same reason. It is curious that while pool and billiard players can smoke

while watching, they are prohibited from smoking while actually playing, yet there is no outcry against this. Smoking is also prohibited at gasoline filling stations, but I don't know of anyone who says they are not allowed to go there because they can't smoke for a few minutes.

Recently, I went to Las Vegas on an LV tour, and knowing my sensitivity to the smoke-filled casinos, I avoided them and took a Greyline City Tour instead. In spite of this, I still had to go through the casinos to get to the restaurants, and I came home with a cough that has taken me three weeks to get under control.

The Board is truly between a rock and a hard spot. They might consider creating a "Smoking Lounge" somewhere, to help those who simply cannot go without for a little while, but in any case the Board must be praised for having the

courage even to face the problem.

Donald P. Holmes, V.6

Regarding the smoking issue — it seems to me that those advocating imposition of a "No Smoking" rule in the Rec Center are asking the Board to do something that the residents should do themselves. Those of us who do not smoke must exercise some compassion toward those who are afflicted with the craving for nicotine.

Likewise, those who do smoke must exhibit concern for those to whom nicotine vapors (smoke) is a dreaded toxin. Accordingly, rather than try to have the Board pass a divisive and unenforceable rule, let's try to use judgment instead. When a non-smoker feels imperiled by "second-hand" smoke, a polite request that the smoking be removed should be sufficient.

Let's let those who smoke show that they can be considerate rather than be placed in an adversarial position.

Bob Atz, V.8

This letter will present arguments in support of the smoking ban now under consideration by the Board of Directors. To my knowledge, some of these arguments have not been made.

1. It is painful to observe that those who argue their right to smoke are concerned with their right to pleasure or to indulge a habit, without a care for the health of their neighbors.

2. It is enlightening, and should be critical to a decision in favor of a ban, to notice that an ever-increasing number of public places are putting up signs which read "Smoking in any part of this building is prohibited" — St. John's Hospital in Oxnard and the Thousand

Oaks Mall, for examples. And it is well known that a nationwide ban on smoking on all passenger airline flights of two hours or less duration will be effective in April.

3. The implied threat of legal action against LVA to enforce smokers' rights is repugnant and without merit. Consider the good grace with which smoking bans are being accepted. Consider, also, the possibility of legal action by a victim of a smoker's "second hand" smoke against a board or association which failed to adopt a smoking ban when it had the opportunity to do so.

4. It is natural that those who oppose a smoking ban argue as to their rights and freedoms. But when freedoms or rights are in direct opposition to another's freedoms or rights it is established that the right or freedom which puts another at risk cannot and

should not prevail.

To the best of the Board's ability, residents are owed, and have a right to an environment as free as possible from risks, dangers and perils to their health, comfort and safety.

That reasoning is being recognized in growing numbers by public, private and governmental entities which are putting smoking bans in place.

For our Board to do otherwise would be insensitive, inconceivable and unconscionable.

“I’ve got a personal banker at NewAmerica Savings.”

Randolph Photography

Sandy Okum

There are some big advantages in doing business with a local bank. Here's how Sandy Okum feels about NewAmerica Savings.

“Camarillo is a small town and in a small town you expect old fashioned personal service. I get it at NewAmerica Savings. The people there respect you and make you feel right at home. I can talk to anyone in manage-

ment and get all the answers I need right on the spot. It's like having a personal banker who I can go to for advice and counsel. It's a very satisfying feeling.”

Most of our customers feel that way too. Maybe that's why so many of them have been with us a long time. It's not too late to start so come in and say hello to your personal banker.
