

OFFICE OF
WILLIAM RANDOLPH HEARST
LA CUESTA ENCANTADA
SAN SIMEON, CALIFORNIA

Dec. 20, 1930.

Dear Miss Morgan :

I would like to enlarge the small winding stairs to tower rooms all possible. I advise at least two feet diameter. This would greatly dignify the tower rooms and increase convenience.

2. Please remember the additional lights on lamps in breakfast room, or else clusters at ceiling as in Gothic bedrooms.

3. Also curtains in Gothic sitting room. I advise larger globes and more of them in Gothic sitting room lanterns.

Sincerely,

All taken care of
