NEWS RELEASE

FOR IMMEDIATE RELEASE

March 17 CSUCI Event Celebrates Einstein's Work

WHO: Zvonimir Tom Hlousek, professor of physics, California State University Long Beach

WHEN: Thursday, March 17, 3 p.m.

WHERE: Science Auditorium, California State University Channel Islands. Follow signs to parking and event.

WHAT: Professor Hlousek, a noted theoretical physicist and author, will review and discuss the scientific contributions of Albert Einstein's major work, including his "Theory of Special Relativity," which was published 100 years ago. The talk, which is part of the World Year of Physics global celebration, will also feature a brief reflection on the present state of physics. The event is free and open to the public.

***Media who plan to cover the event should RSVP (437-8415) to receive a media parking pass.**

California State University Channel Islands' Mission Statement

Placing students at the center of the educational experience, California State University Channel Islands provides undergraduate and graduate education that facilitates learning within and across disciplines through integrative approaches, emphasizes experiential and service learning, and graduates students with multicultural and international perspectives.
