I AM THAT NERD

I am that nerd
I am the eternal nerd of spoken word
I am that nerd
What can I say
I spent all my rent money
buying action figures on ebay
but I didn't come here to chit-chat
I came here to role play
I will smite the with my 12 sided die
you better watch out cuz I'm coming at you
with my nerd eye!
I'm rocking you like Geddy Lee
I would talk to more girls
if they didn't make me want to pee myself
I'm a magical elf
you better keep your hands off
 my Star Wars shelf!
That's right bee-yatch
that's a mint in package jawa
with it's original plastic cape
don't that flip your switch?
just like the switch that Han Solo hit
on Boba Fett
that caused him to fall into the Sarlac Pitt

Lest we forget?
I'm coming at you in 3-D
I'm keeping it reel with 2 ee's y'see?
for I am the master of all that I view
for I'm so much smarter and nerdier than you!
I had Stephen Hawking gawking
and gasping for air
blew his mind with my knowledge
and he fell straight out his chair
I beat Matthew Broderick at War Games
with my Atari
I dug up Einstein's bones and made them
say I'm sorry
for that weak ass theory of relativity
cuz $MC^2=me, see?$
I'm the plastic baby Jesus
in your mind's nativity
I'll deprogram your mind
with my Commodore 64
I'm so rich in nerd power
I make Bill Gates feel poor!

HELLO EVERYONE

I will kidnap George Lucas
from Skywalker Ranch and
lock him in my basement until he removes
Jar Jar Binks from every frame of
Phantom Menace and Attack of the Clones
and replaces him with me
For I am an ancient Jedi knight
only Yoda be older .
I knocked Mork's space egg out of orbit
and made it crash in Boulder
I liquified Alf and ET and
drank of their plasma
I'm the muthafucka wot
gave Darth Vader asthma!
For only I can unravel the mystery of the Sith
cuz I just knocked over the black monolith
with my boner!
bet you didn't see that one coming!
I'm a mystical nerd shaman
who never stops drumming
on your stupid stupid minds
for I am the original cast of Star Trek
and you are
Deep Space Nine!

HELLO EVERYONE

Hello, everyone

I'm an asshole!

I'm sorry, did I say asshole?

I meant to say white Republican male

I eat at Mc Donald's and I just saw

Men in Black 2

Boy, that movie was funny!

It had Michael Jackson in it.

She is a good singer.

I have all of her albums

including the last one!

It was awesome!

I'm sorry, INVINCIBLE!

I also support the President

who is a good President

who is smart and brave and

an honest President.

I voted for him twice!

You can tell I love America because I am

wearing a t-shirt with an American flag on it!

See it?

That means I am patriotic.

I can't believe they took "Under God"
out of the pledge of America.

Now when I say the pledge

I say "Under God" really
loud so that President Bush
and Jesus will hear me and
know that I am proud to live
in a country were I can
buy as much pornography and firearms
as I want because

I love baseball and talk radio
and watching Survivor!

Sometimes after I watch Survivor I go on
America Online and talk about it
on the inter-web!

Some people in the world hate

Americans like me
because they are jealous.

Well, I hope those people stay away from me
because I'll tell them

to kiss my big, hairy American ass!

That'll show Omar Ben Kenobi!

Well, it was nice talking to you

but now I need to get
in my SUV and call my buddies

on my cell phone so we
can meet at the Shopping Mall

and pick up the new Tom Clancy novel!
Hey, God bless America-UNDER GOD!

**I HATE ALL WARS
EXCEPT STAR WARS**

George Bush
Please stop the war
Because I hate it
I hate the war
I hate all wars .
Except for Star Wars
Which totally RULES!
Like a dictator rules
Which is what you are, George
A dick-tater
You are evil-like Darth Vader
But you don't look as cool as Darth Vader
He wore a black mask-like death
Which is what you are, George Death
You wear a mask to hide your evil
Only it is not as cool and shiny as Darth
Vader's
It is chipped and dented
Like the Millenium Falcon
Han Solo used to drive the Millenium Falcon
Until Boba Fett turned him in
to Jabba the Hut for a bounty
Jabbba the Hutt is a fat, slimy businessman
who lives in a cave
Like Dick Cheney

Jabba the Hutt surrounded
himself with bounty hunters
and evil robots and naked alien chicks
Just like you and Dick Cheney
And I hate to ruin the whole Star Wars Trilogy
for you George but in the end-the evil empire
is toppled!
And although I bet you are thinking I am
talking about
Iraq, I'm actually talking about
YOU and your administration, George!
The rebels win, George!
Those stupid peace-loving rebels WIN!
And you can appoint as many Jar Jar Binks
you want in the senate but it's not gonna stop

the rebels from

WINNING!

We got Yoda on our side, bitch!

All you got is some smelly old man in a robe
who kills

people-like your dad!

Which is why I love Star Wars

But not wars in general.

So please-stop the war.

QUEER EYE FOR THE INRI

O Sweet Jesus-your hair looks terrible!
You have to stop letting Judas cut it for
you because he betrayed you, girlfriend!

Here's a tip-use a little olive oil to keep
it nice and shiny. Remember to apply from
back to front!

Look at the robe you're wearing! Why have
you forsaken me? It's so 80's B.C.! This
black silk number really gives a
professional look. And let's do some
man-scaping on that chestal area. We don't
want to go wandering into the wilderness
looking like a hairy leper!

Another thing-let's lose the man-dals
because those
toenails are a mortal sin!

About the B.O.-you smell of bread and fishes, dear.

Let's try walking IN the water
instead of ON the water!

Here's a tip- a little myrrh under the pits
and a dab of frankenscence "down below" and
it's "Take and eat!
This is MY body, girl!"

I can tell Jesus wept because of the dark
circles under the eyes. Some holy water and
honey oughta clear that up.

I can also tell Jesus ate some soup cuz it's
all in his beard! A goatee would be nice
just not a sacrificial goatee, if you know
what I mean!

Now look at yourself, you Son of a Mary!
YOU'RE FABULOUS!

Congrats, boys! We took a real mess and made
a MESSIAH!
