

SPECIAL MAJOR FOR THE BACHELOR OF ARTS DEGREE

The special major for a bachelor of arts degree provides an opportunity for students to engage in an individualized course of study leading to a degree when legitimate academic and professional goals are not accommodated by standard degree majors. The special major consists of correlated studies in two or more fields. It is not intended as a means of bypassing normal graduation requirements or a means by which students may graduate who fail to complete the degree major in which they are enrolled.

The special major must be approved in the office of the Vice President for Academic Affairs, with approval based upon a case-by-case justification. The candidate must have one full year of academic work (at least 31 units) still to be completed to meet minimum degree requirements. The minimum requirement for the special major is an approved program of at least 24 semester units of upper division work. Units applied to satisfy general education requirements may not be counted.

A student requesting a special major must obtain application forms from the Office of Advising Services. On these forms he must: 1) Prepare a statement giving his reasons for desiring a special major in terms of his academic and professional goals and why he cannot meet these goals through a standard major; 2) Develop a specific list of courses which would, in his opinion, lead to the academic and professional goals stated above; 3) Secure the signed approval of the department chairman in the areas from which the special major courses are drawn. The student must submit the foregoing material to the Office of the Vice President for Academic Affairs for final approval.

PUBLIC SCHOOL CREDENTIALS

California State University, Fresno is authorized by the Commission for Teacher Preparation and Licensing to recommend candidates for public school service credentials authorizing single and multiple subject teaching and specialist credentials in the areas of reading and special education. Courses leading to specializations in pupil personnel services, early childhood education, health services, and librarianship are also offered.

All students must meet certain minimum requirements prior to admission to a credential program. The requirements are listed in the *School of Education*. Holders of bachelor's degrees must complete a minimum of 15 semester units of post-baccalaureate work in residence at CSUF to qualify for a university recommended teaching credential.

Admission to CSUF does not in itself include admission to credential programs, nor does it determine the catalog by which admission and program requirements shall be evaluated. Students planning to prepare for school service credentials, see *School of Education*.
