

Fall Conference
'98

SEPTEMBER 14-18

CALIFORNIA POLYTECHNIC
STATE UNIVERSITY

Charles B. Reed

Charles B. Reed was appointed Chancellor of the 23-campus California State University system in March 1998, following 13 years as Chancellor of the Florida State University system.

From 1971 to 1985 he served in Florida's Department of Education and Governor's Office, including as the governor's chief of staff. He taught education at George Washington University after earning his doctorate there in 1970. Chancellor Reed has also written, spoken and consulted widely on education, finance, management, governance and the politics of education.

Welcome!

I am pleased to welcome each of you to Cal Poly's annual Fall Conference. This year we are fortunate that Chancellor Charles B. Reed will be able to join us at the General Session to provide keynote remarks and participate in a panel discussion.

The Chancellor will discuss "CSU'S Role in Educating Californians for the 21st Century," with particular attention to the vital importance of preparing students for entry and successful participation in the next century's workforce. In his remarks, the Chancellor will address the CSU's work in implementing Cornerstones, improving teacher education, and working together with other educators to improve all of California's public schools. Chancellor Reed has also agreed to return to Cal Poly for a longer visit Nov. 30, at which time he will meet with campus constituency groups to discuss university issues.

The Chancellor's fall visits will provide a timely opportunity to learn about the emerging policy directions of his new administration and to share with him Cal Poly's special interests. I look forward to your active participation in these important conversations.

Warren J. Bell

Monday, September 14

8:30 - 9:20 a.m.

***Refreshments**

Plaza, Performing Arts Center's Cohan Center

9:30 - 11 a.m.
