

PROGRAM PLANNING

Freshmen students should begin to plan their programs as early as possible. A first step, when practical, is to select a major (see pages 73-80). Degree requirements in each major are listed under the appropriate division and in the section on degrees and credentials (page 68).

Students will be given help in planning their programs by advisers and counselors, but the primary responsibility for meeting requirements falls on the student. The catalog should be carefully read and the proper college offices consulted for additional information. The *Schedule of Courses* must be followed when planning a particular semester's program (page 61).

The following are among the sections students should study carefully:

	Page		Page
Admissions	57	Foreign Language	69
Algebra and Geometry	69	General Education	70
College Calendar	8	Housing	48
Concurrent Registration	61	Probation	63
Counseling Services	47	Registration	61
Degrees and Credentials	68	Regulations-Procedures	57
Entrance Examinations	60	Repetition of Courses	63
Extension Credit	65	Residence Requirements	68
Fees and Expenses	54	Scholarship Requirements	62
Financial Assistance	50	Statement of Residence	60
		Upper Division Credits	72

TRANSFER STUDENTS

Students intending to transfer to Fresno State College should plan their programs while attending other colleges to meet curriculum requirements of this college. The general degree regulations (page 68) and the requirements in the division offering the major selected should be studied for courses and sequences necessary for the degree. See provisions for transfer students in General Education (page 70) and on transfer admission (page 57).

After admission to Fresno State College, the student will usually receive a copy of his Memorandum of Standing indicating how previous college credits have been applied towards requirements at Fresno State College. If the Memorandum of Standing has not been received before arrival at the college, the student should apply after registration for a degree evaluation (page 68) which will give the same information. As further work is taken, the student should keep a record of it on his Memorandum of Standing or Evaluation Sheet.
