Employment

Through its professional staff, the Career Development and Employment Services Center provides placement counseling and employee selection education for any student desiring career employment. Hundreds of national and local business, industry and public service organizations actively recruit through the center each year.

If you are interested in part-time or summer employment, the *Student Employment* section can assist you. You are encouraged to review the employment listings frequently because information on new positions is received daily. (See *College-Work Study Program* and *Graduate Assistantships*.)

The center also maintains an active program designed to effectively assist teachers and other education professionals in obtaining positions throughout all levels of education. Career development professionals in this area can provide you with the necessary information, career counseling and preparation to obtain a position in your area of specialization in the geographical area you prefer.

Alumni Assistance

The Career Development and Employment Center offers a full range of services to alumni for an annual fee. Alumni are defined as persons who have completed requirements for a degree, a credential program or a minimum of 24 units of credit at CSU, Fresno.
