Subject: Congradulations!

Hi Jaime,

I wanted to let you know that I am still interested in helping you develop support for the Cisco Networking Academy in Mexico. I really appreciate you and Ana Maria de Legarreta taking time to visit Guanajuato and meeting with the Governor. The Fox leadership is really great to work with.

I am very good at fundraising from US companies to support the program in Mexico. I am eager to hear from you to see if anything might turn up now or in the future. Note my new address. Lisa Streeter told me she would let me know if some opportunities developed.

Lupe Anguiano
