00:38:35:09 - 00:38:36:16

Speaker 5

A mouthful. I wanted to.

00:38:36:16 - 00:38:56:18

Speaker 8

Eat before I got up here. I'd like to take this opportunity, behalf of the board of directors of the San Diego Forum and all the members, men and women, to welcome you to the reception. it's something that, we pride ourselves with. As to, give a grand marshal a, good, welcoming name to make them feel at home.

00:38:56:25 - 00:39:14:23

Speaker 8

And I think this year we made an excellent choice. I have known Charlie for a while. we've been in a couple of television shows together because of our veterans background. So I'm very happy that he was

picked as the grand marshal at this time. Again. I'd like to welcome you all. Thank you very much for showing up tonight.

00:39:14:23 - 00:39:19:13

Speaker 8

Thank you. Thank you.

Speaker 6

I would also like to take this opportunity to introduce a very beautiful lady. And we from the psychology have form a very proud and honored to have her represent us at, some, you know, social functions throughout the year. Each year we, we select one lovely lady as our queen, the miss Queen. And so at this time, I would like to call on our current reigning queen, former graduate from Andrew Hill High School, the lovely Sonia Cifuentes.

00:39:52:17 - 00:40:01:05

Speaker 6

This mishap with a different level of support, our.

00:40:01:07 - 00:40:23:28

Speaker 7

Thank you. I want to thank you all for being here tonight. And, I'm very honored to be here honoring our grand marshal. I just like to invite you all to the parade and to the facilities that follow tomorrow. I think you all enjoy it and find that it's a beautiful celebration, not only because it brings together the Latino community, but you'll see everyone out there, all San Jose.

00:40:23:28 - 00:40:36:06

Speaker 7

So I hope you enjoy yourselves. And I hope to see you there. Maura.

00:40:36:08 - 00:41:03:27

Speaker 6

All right. Tonight's guest of honor has a history that, you would think that somebody in Hollywood came up with. When you talk about this man's life and his background. Unfortunately, though, Hollywood still fails to recognize that Latinos and Chicanos even served in the military, let alone that they were heroes of any kind. But we know for a fact that we do have heroes, and we have them with us this evening.

00:41:03:28 - 00:41:07:21

Speaker 6

Where were you part of that?

00:41:07:23 - 00:41:27:27

Speaker 6

If I was to try and tell you this man's history, we'd be here for a long time tonight. And I don't think you want to hear me all night, because come to hear him talk to us about something very important that he has to say to us now. So, in a nutshell, I'm going to briefly tell you about this man's background.

00:41:27:27 - 00:41:33:14

Speaker 6

And I'm really going to be brief, very condensed. As a young.

00:41:33:14 - 00:41:34:22

Speaker 3

Man.

00:41:34:24 - 00:42:10:20

Speaker 6

Mr. Charles, is farms like many Mexicanos. I grew up as a farm worker, prunes, apricots, cherries, lettuce and numerous other crops. And I know very well también you know, I think a lot of us can identify with

that background. He graduated from high school in 1941. He served in the United States Air Force from 1942 to 1946, and he and in the reserves from 1946 to 1956.

00:42:10:22 - 00:42:45:13

Speaker 6

While he was in the service, Charles Esparza graduated from the Air Force Flight Academy. Now, on September 2nd, 1943, while he was on a flight mission over the skies of France, major response to US aircraft that he was in a B 26 Martin Marauder was riddled with German and Italian artillery. The pilot was wounded and he ordered the crew to bail out the, but the airplane was spinning out of control.

00:42:45:15 - 00:43:14:22

Speaker 6

Mr. Esparza assumed the controls of the airplane, and he was able somehow to right the airplane and save it and fly it safely back. And he landed and he saved his entire crew. That was within. That is a hero, in my opinion. I think you will agree with me. But his story goes on because a few weeks later, after he had already saved his plane and his crew, he again goes out on another mission.

00:43:14:25 - 00:43:36:10

Speaker 6

However, this time his plane was shot down and Mr. Responsible was taken captive by the Nazi forces. Mr. sparks spent nearly a year, nearly two years as a P.O.W., and he was subjected to torturous beating starvation at the hands of his captors, extremely underweight.

00:43:36:10 - 00:43:36:16

Speaker 3

And.

00:43:36:23 - 00:44:18:07

Speaker 6

Suffering from numerous injuries, including partial loss of vision, he was eventually liberated on April 29th, 1945, but his battle wasn't over again because Mr. Esparza had to fight for through miles of red tape in order to receive his rightful military declaration, but finally, through his perseverance, on July of

this year, he was finally awarded his The Appropriate Decoration, the highest decoration that the Air Force can award and that is the Distinguished Flying Cross.

00:44:18:10 - 00:44:26:16

Speaker 6

Now, I would like to read at this point, a letter that was sent to us, Mr. Esparza, from a friend of yours.

00:44:26:18 - 00:44:27:24

Speaker 4

And.

00:44:27:27 - 00:44:55:19

Speaker 6

It reads as follows. To the south, as a jet form, I regret that I cannot attend the reception honoring your Mexican Independence Day Grand Marshal, Mr. Charles R Esparza. However, I was present in the plane with Rocky when we were hit by German eight millimeter antiaircraft fire. The pilot set bail out as we went into a spin headed for the English Channel with a load of bombs.

00:44:55:21 - 00:45:28:20

Speaker 6

But before the crew could react, Your Honor, his voice came over the intercom. Hang on, I got it. And y'all. And he got us all back to England safely. My family, children and grandchildren extend our very best wishes to the major, his family and all his friends. Sincerely, friend W, we have another letter.

00:45:28:23 - 00:45:48:28

Speaker 6

And we have another letter that was, sent to us. And it reads as follows. You, dear Charles, it is with great honor that I congratulate you for being chosen as the Grand Marshal of the sanctity of your forum. This is what this parade, your selection of the Grand Marshal of the parade celebration celebrating Mexican independence, could not have been more appropriate.

00:45:48:28 - 00:46:16:06

Speaker 6

One you display of determination and bravery. And second, an Air Force bomber over the skies of France during World War two is an inspiration to all of us. Fortunately, you have finally been awarded the Distinguished Flying Cross, a medal you so rightfully deserve. Your actions on September 2nd, 1945 exemplify the heroism and extraordinary achievement necessary to be awarded the medal by saving the B 26 Martin Marauder.

00:46:16:09 - 00:46:38:09

Speaker 6

You saved the lives of five other crew members and solidified your place among American World War Two heroes. I would also like to commend you for the courage and perseverance you displayed as a prisoner of war. For one year and seven months, you enjoyed the harsh treatment of the German Army, yet the pride and dignity you showed during this period are second to none.

00:46:38:11 - 00:47:12:29

Speaker 6

Major sponsor. Your service during World War two truly demonstrates the courage and valor of those who have been awarded the Distinguished Flying Cross. You are an inspiration to not only the Latino community, but to every American. Once again, congratulations on receiving the Distinguished Flying Cross and for being selected as the Grand Marshal for the 1995 Spartacus Parade. And sincerely, Norman R Bennett, a member of Congress.

00:47:13:02 - 00:47:30:08

Speaker 6

You will be talking on night, but you didn't come to hear me. We're all here to hear our grand marshal, our guest of honor this evening. An American hero. Please welcome to the podium, Major Charles, our sponsor.

00:47:30:10 - 00:47:44:22

Unknown

For final.

00:47:44:25 - 00:47:55:22

Unknown

And. We.

00:47:55:25 - 00:48:14:24

Speaker 8

This is a pretty serious talk. And maybe we ought to be a little bit lighter here. Because we came here to enjoy yourselves. You know, to be selected as your guest of honor tonight is a wonderful thing. I'm very happy that it happened. And I'm the grand marshal. My family and everybody is related. And I've been looking forward to this day for a long time.

00:48:14:28 - 00:48:36:11

Speaker 8

It is really very, a very high honor that you've bestowed upon me. But before I go any further, I would like to reintroduce the other people who have been with me for quite some time, and my family, my wife, Nora, who is in a wheelchair here.

00:48:36:14 - 00:49:02:29

Speaker 8

And. My children. And I'm going to read them out in chronological order if they're here. Most of them are. I have a son, Charles, and I'm on and Elizabeth King, if you stand up and you come back, I'd appreciate it. And then, and Rose. And then, Joseph. Edward. He was supposed to come from Spokane, and he said he's trying to make it.

00:49:02:29 - 00:49:24:18

Speaker 8

I don't think he did. And then, it was Mary Jane. Louise. And she's here. Hillary coming. And then it's, Kathleen. Victoria or. Excuse me, I missed one. Margaret. Mary. And then Kathleen. Victoria I we should all stand up the people and see what a wonderful family I have.

00:49:24:20 - 00:49:30:10

Speaker 4

And.

00:49:30:12 - 00:49:32:08

Speaker 6

Then I also have,

00:49:32:11 - 00:49:55:22

Speaker 8

Seven granddaughters, I mean, five granddaughters and two grandsons and a great grandson. And one of my grandsons is here. I also would like to introduce two other people who I think you should also honor, because they serve with me, my brother Fred, his father, Senator Fred. They don't know what they're name.

00:49:55:25 - 00:50:08:13

Speaker 8

He served as a, merchant marine cadet in World War two. Lester is part of the serving the Pacific, a sergeant, and assigned to the Pacific. Think.

00:50:08:16 - 00:50:17:09

Speaker 8

And I think he was born. We call him Jack. He was for the 91st Pine Tree Division.

00:50:17:12 - 00:50:42:21

Speaker 8

And I want to tell you a little bit about Jack, because he landed in North Africa, farther north, Africa, Sicily, all the way up. Italy grew Austria and Germany the longest continuous campaign in the history, the United States, without relief of a division. I saw this grow. So that's why I'm repeating. So anyway, this is my family. And then now I have a lot of other memories, but it would take me two three hours to do that.

00:50:42:23 - 00:50:57:01

Speaker 8

But I have my family here as far as is cousins and all that. And I wish you all raise your hands and or stand up or do something so you see what a wonderful family and what a truly fortunate person I am to have such a family.

00:50:57:03 - 00:50:58:04

Speaker 3

All members of this.

00:50:58:04 - 00:50:58:13

Speaker 8

Part of.

00:50:58:13 - 00:51:03:20

Unknown

The family, please stand up.

00:51:03:23 - 00:51:12:15

Speaker 3

Come on. Going back?

00:51:12:17 - 00:51:40:19

Speaker 8

If you don't think I'm in a fortune to man, just look around. I respect and. But, you know, we call it a hero. Is is something that is very special. And I really very grateful. But I'd like to talk about something else you heard here. The real heroes that we are here to thank. And I want to talk about who the real heroes, because Hispanics has always served the country.

00:51:40:21 - 00:52:05:19

Speaker 8

Give me a moment with dignity, pride all through history. And we forget that history literally did a lot of things that happen and they don't give credit to them. I want to name just a few. And to kind of remind

you of what the Spanish have done in this country in the, War of Independence, there was a General Galvan who had an army bigger than George Washington around and situated in New Orleans.

00:52:05:21 - 00:52:32:24

Speaker 8

We helped the American Independence Day, Galveston, Texas is now named after him in the Civil War. And he Navy men in here, raise your hand or say something if they are one of the greatest commands that you heard in the Navy was, damn the torpedoes full speed ahead by Admiral Father going. If you happen to be on an island for a good ship, you might have heard it this way.

00:52:32:27 - 00:52:46:00

Speaker 8

I know Jim garlic, a lot of other languages.

00:52:46:03 - 00:52:49:00

Speaker 5

I didn't know I was Hispanic.

00:52:49:02 - 00:53:03:26

Speaker 8

And if you going to Texas, the Alamo. And if you visit the Alamo, you will see the picture of it owning more, finding the who died defending the Alamo. And his name was engraved on it side.

00:53:03:28 - 00:53:33:00

Speaker 8

Then, but later on in World War Two. You might remember, because that one commanding general of the biggest air force that we have ever fought, that we have ever known, it consisted of 15,000 planes. There were not the heavy delivery capabilities because it was basically a fighter light, bomber, transport and supported my father, and they expanded from New Mexico and we had so some.

00:53:33:02 - 00:53:55:08

Speaker 8

So these are here just to confirm that all through history this has happened in World War Two, 53 Congressional Medal of Honor and were given in World War Two in Korea. Now, there are a lot of historians here. I'm sure, and I don't know what percentage of the armed forces, percentage wise, but it was five, six, 7%.

00:53:55:08 - 00:54:28:22

Speaker 8

I'm not going to tell you, but it was a very small amount. Do you know how many they got? 70%. I mean, 17 medals, one third of the Congressional Medal, but 20 Spanish. So you should be very proud of your background to be here. And you got to know and why. I want to confirm. I'm not going to prove that you are the real heroes here tonight, because after the war, we settled here.

00:54:28:22 - 00:54:55:26

Speaker 8

And then under Johnson administration, you had the war on property. And that produced the, program which called the Model Cities program up to that time. So they consisted of, white, male dominated government in the county, in the city. And you shoot a cannon all day long and you couldn't hit a minority or a woman in government and any level of position of any and any meaningful possession.

00:54:55:29 - 00:55:21:03

Speaker 8

That was back in 1969 and 1970 during the Model Cities program. It was designed as such that, the target areas were Gardner or Linder, Mayfair and Tropicana. The heavy concentration of the property areas of the county, basically the minority that was in that time was Hispanic, because the blacks were about 1.5%, and the Asian invasion had not yet begun.

00:55:21:05 - 00:55:43:10

Speaker 8

So when we talked about minorities in that time, disadvantaged people were Hispanic, Mexican-Americans, Hispanics, mostly Mexican-American minorities, was designed in such a way to allow the people to start making decisions that affected their life, which had never happened when they were foreigners in their own country. They had the the governing body. And then you had these other people.

00:55:43:10 - 00:56:16:01

Speaker 8

No interaction between the Hispanic community. A lot of you remember antiquities and situations like that. You. During the Marvel series, these groups elected assemblies for assemblies made out of representatives and elected by their people to represent them. They in turn, made for task forces and just a few of them, I don't remember the moment, law and police job, the job training union.

00:56:16:01 - 00:56:45:26

Speaker 8

Education. Well, housing and welfare. And there was two others. I can't remember just now. These the primary purpose of these task forces was to identify the problems that you think were you were faced with as a family. Hispanics, and then to develop, identify, prioritize these programs and develop programs to address the problems that you faced, that you felt you and your family faced at the end of one year.

00:56:45:29 - 00:57:08:08

Speaker 8

The motto said, these people, this is not the administration. These are the people that were out there saying, this is what we want. And the people for the first time had a voice in something that affected their lives. And many of the people didn't understand quite what it was. An example of that was a young, older gentleman who went about after 3 or 4 months into the program.

00:57:08:08 - 00:57:30:15

Speaker 8

He told me, senior this person because they thought they this is the kind of people he had worked with. But those same people produced 40 programs that were 39 of which later funded. And we look at the transportation system here today. It was a model city concept. If you look at the Weather Loop Parkway, there was a model for this concept.

00:57:30:17 - 00:57:56:21

Speaker 8

Remember Jackie Barbara was chairman of the training commission for a long time. These are the things that people wanted. 39 of those programs went on successfully to be funded, and that was the beginning of the involvement of people within interaction between the government. And it just accelerated. So if you go down to City Hall today, I got you're coming out of your and if you go to the county government, the same thing.

00:57:56:23 - 00:58:29:18

Speaker 8

It also to begin the change that we've talked about of involvement and becoming real Americans in fact, as well as as my birth. And that's why I say to you that Hispanics changed the face of San Jose, because up to that time were two isolated pockets of a foreign environment that we had no interaction. And today, I think we look with pride that we probably have the best county in the whole United States and and the city.

00:58:29:21 - 00:58:47:23

Speaker 8

We have representatives and all of them. And if you don't believe it, look at Los Angeles and San Francisco and see the difference. People are living together in peace and harmony. And when the riots began in Los and my wife, we were concerned, call me Charles. I'd better pick you up there. Right. And all over the place. You know what I told her?

00:58:47:25 - 00:59:18:25

Speaker 8

It'll never happen Saturday. And it did, because the change that was brought about by many, many people and the spirit was by the Hispanic community that did this and brought about the change that elected people were more representative of all the people, not just the the whites who governed that for so many times. And today we've got we have a good representative government so often, Mr. Castellano, at the NSA representative here, Norman Mineta.

00:59:18:28 - 00:59:50:26

Speaker 8

And you say, you know, we have Supervisors Blanca Alvarado running Velez. And, we haven't been all levels. We just know some way to go. So the change that has happened in Santa Clara County is because you went out and did something about it. You went into it, and you are the person that probably represents the, the, the, the driving the frontline troops of the all this have happened are here today.

00:59:50:28 - 01:00:08:15

Speaker 8

And I'd like to tell them to stand up because we don't we don't have a big applause and anything. A Garcia, would you please stand? Rachel Silver?

01:00:08:18 - 01:00:09:20

Unknown

And I don't mean.

01:00:09:23 - 01:00:28:02

Speaker 8

Anybody else, but they are representatives of the. Because Cristina Garcia was head of the government of La Raza, that which was spearheaded and many organizations that went out and protested and brought the fight to the to the city council, to the Board of Supervisors. And Rachel was head of them and here is the plan. I think they still are.

01:00:28:06 - 01:00:45:00

Speaker 8

And they have divided their devoted their entire life to this. And because we have the changes, because many people were involved and they are just representative of these people, and we owe them of great applause and.

01:00:45:03 - 01:00:46:22

Unknown

Because of the other community.

01:00:46:25 - 01:00:47:01

Speaker 5

That.

01:00:47:01 - 01:01:09:01

Speaker 8

Existed in those days were so bad that when the model cities people went to the the personnel director at the city said that they could try to break some of the, you know, barriers to hiring what, you know, entry level jobs. Their personal director was very adamant about opposing these changes while they brought in confrontation with the Hispanic community.

01:01:09:04 - 01:01:28:02

Speaker 8

Let her confirmation, I mean, confrontations. And I heard when I did not see that he was stopped, became so paranoid that he began packing a gun. That's what he thought about, you know, like, you kind of when you when you, you know, he's been so I think finally left kind of government. I think by the request of the state, I'm not sure.

01:01:28:02 - 01:01:52:28

Speaker 8

But I've heard this story so many times, it must have some validity. He has to be an Air Force officer of a reserve group that I also belong to. And about ten years ago we have an annual dinner. He came up to me, said Charles, how could you be an Air Force officer and a Chicano? Can you imagine that 50 years of social revolution, and it hasn't made a dent in many people.

01:01:53:00 - 01:02:24:01

Speaker 8

You were the ones that started breaking these barriers and some of them still exist. The attitude at city, at the county government, at the city government has completely changed. Your children will be the benefactors of what you did. So I'd like everybody to give a good applause to the real heroes here tonight. You members of the great working with your families and all the other Hispanics that are here, I want to hear the closing.

01:02:24:04 - 01:02:29:24

Speaker 8

Let me.

01:02:29:26 - 01:02:39:29

Speaker 8

And if you will allow me, I like to be included in the.

01:02:40:02 - 01:03:11:04

Speaker 8

And I can go on and on and talk about these things. But I think that this is something that this is this is a reception here to honor the people here that brought about this. Now, maybe just one more little thing. When the Asian problems began, we had an influx of Asian people that were here when the Asian people came in the programs ineffective test this time were such that the agencies were able to assimilate, and within one generation they would be totally assimilated into our society at the rate they're going.

01:03:11:07 - 01:03:29:06

Speaker 8

You know why? Because you set up these programs, you set up the programs, you set up the attitude you brought, the changes that allowed this to happen. If it wasn't for you, some of them wouldn't be in the place that they are. So we owe you a lot of things. Thank you very.

01:03:29:06 - 01:04:02:05

Speaker 4

Much.

01:04:02:07 - 01:04:10:12

01:13:44:02 - 01:13:59:02

Speaker 8
