

## " Notice For Professional Men "

All persons having letters or other evidence from a State Board indicating they are qualified to take examinations in Law, Medicine, Pharmacy and Dentistry, together with the date and place of such examination, should notify the Center Manager so that the necessary arrangements can be made so they can complete their State examination.

## Beautification

Progress on the various projects of the agricultural program can be seen throughout the Center

Work on the beautification of the administration and visitors buildings areas have reached the stage where the shrubbery is now being planted.

Preparation of the seed beds on the east portion of the race track is now in full swing.

More shrubbery donations from the George A. B. Nursery of Selma are acknowledged by
