Dear Californian:

Our state desperately needs a new governor.

The Reagan administration has proved itself not simply inept but destructive. It has been a direct cause of increased social unrest, and has brought about virtual chaos in the critical areas of tax reform, higher education, and medical and mental health services.

The man who should replace Reagan is Jess Unruh. He alone has the national stature and the record of accomplishment in government to restore a sense of purpose and progress to the public business of California. We are organizing, without regard to party affiliation, to enlist the support of Californians throughout the state in behalf of Jess Unruh as the man to replace Ronald Reagan. We will be presenting our message in a number of ways. Soon you will be hearing it on spot radio broadcasts. Later we will be distributing additional literature. We hope to generate a wave of support among businessmen, factory workers, educators, housewives—among all citizens who are concerned about the future of our state.

Will you join us? The attached post card needs no postage. Please mail it in now.

Sincerely yours,

Victor H. Palmieri
