Mr. William Randolph Hearst,
137 Riverside Drive,
New York, New York.

Dear Mr. Hearst:

The enclosed letter is self-explanatory.

The weather is good and we are putting all of our efforts in getting the Main Building into proper in shape. I would much appreciate if you would send back the blue-line drawings of the front and side elevations - the ones showing the use of your iron balconies outside the Imperial Suite windows,-with your comments.

Sincerely yours,

JM
