Dear Jane Tolmark:

One of the high moments of my trip to California was the presentation to me at Fresno of the bound volume containing over 2000 pledges of support of my California campaign by active Democratic leaders.

My thanks to you, and I know I can count on your continuing assistance to achieve our common purpose--the victory of the Democratic Party in November.

I am honored to know that we shall be working together to that end.

Cordially,

*Adlai E. Stevenson*
