Mrs. Jan M. Tolmach Oxnard, California

Dear Mrs. Tolmach:

You have had no way of knowing anything about me prior to this letter but I do hope you will consider this as an introduction since I am looking forward to meeting you personally at the National Democratic Convention in Los Angeles.

I am a housewife and Civic worker who participates in many cultural, welfare and educational activities just as I am sure you do. My interest in politics started in 1941 when I became acquainted with the most able and promising young man I have ever known who was running for the U.S. Senate from Texas. That man was Lyndon B. Johnson who is now Majority Leader of the U.S. Senate.

Senator Johnson has never given me any cause to doubt his wisdom and his powerful leadership abilities. I have seen him come a long way in service to his State and to his Nation. I feel very strongly that he is the man Destiny has tapped to lead our nation in these troublesome times. He is a leader that the Free World could proudly call its own and I believe you will feel the same way about him when you see him and meet him at the Convention.

I will be staying at the New Clark Hotel (one and one-half blocks from the Biltmore Hotel) in Los Angeles and I do hope you will get in touch with me there. I would like very much to tell you more about Senator Johnson. May I?

Cordially,

Mrs. R. Maj Brooks

Mrs. R. Max Brooks, Vice-Chairman State Democratic Executive Committee of Texas
