

Dear Michele:

I really enjoyed your presentation. I especially liked your story about your family members holding grudges. I can kind of relate to it because before my grandmother died my whole entire family would come to Thanksgiving dinner. but now the only people who come are my grandpa, my mom, dad, brother and me. I guess my grandma held the family together. Thank you for coming and sharing your poems stories and slides I really enjoyed all of them.

Sincerely,
Emma Morgan
