Hi Michele,

Thanks for your response. Found "Chicana Falsa" at Sam's Book City (actually only spoke on the phone to a kid named Rafael who kept saying, "I got the CD too, I got the CD too!", so you're in good hands there.) but you make me an offer I can't refuse with the dedication deal! I'd have bought it directly from you in any case.

I'd like two copies, one to me and one to my girlfriend Meche (her name is Mercedes, I call her Meche, your pick). You see, I was only gonna get one copy for her, but as I said, you make me an offer I can't refuse.

I am an actor and I have a feeling we know some of the same people, six degrees of separation and all that. Deena Metzger is a wild guess for one. I read the blurb you sent along with your note and I don't know if you're still in touch with Billy Corgan, but Yelena was my son Jabmin's love of his life, they travelled Europe together and moved to New York together, still very close, and like that.

Enough,

I'm starting to feel like one of those people who have no one to talk to.

A check for two copies, \$19,  
my pleasure.

Let me know if and when you're gonna read anywhere.

All the best,

René
