

## ELIGIBILITY INDEX

The following chart is used in determining the eligibility of graduates of California high schools (or California legal residents) for admission to a state university or college as a freshman or as a lower division (fewer than 56 transferable semester units) transfer student. Grade-point averages are based on work completed in the last three years of high school, exclusive of physical education and military science. Scores shown are the SAT total and the ACT composite. Students with a given GPA must present the corresponding test score. Conversely, students with a given ACT or SAT score must present the corresponding GPA in order to be eligible.

\* Students earning grade-point averages above 3.20 are eligible for admission.

† Students earning grade-point averages below 2.0 are not eligible for admission.

The minimum eligibility index is SAT, 3072 and ACT, 741. The index is computed either by multiplying the grade-point average by 800 and adding it to the total SAT score, or multiplying the grade-point average by 200 and adding it to 10 times the composite ACT score. Nonresident students must have a minimum eligibility index of 3402, using SAT; and 826, using ACT.
