Undergraduate Advising Notes

1. New students should request a program of study check sheet from the department.
2. All students should make an appointment with an assigned academic adviser prior to registration each semester. Check with department for academic adviser assignment.
3. *CR/NC* grading is not permitted in courses used to fulfill major requirements.
4. Upper-division units (i.e., 100 level courses) may not be applied toward the 40 upper-division unit degree requirement until 45 units have been completed.
5. The upper-division writing skills requirement can be met by passing the university examination or by taking an approved upper-division writing skills course, to be taken no sooner than the term in which 60 units are completed. One unit of credit (i.e., English 100W) may be earned upon request for passing the examination; by obtaining a letter grade of *C* in an approved course the student meets the university writing skills requirement.
6. General Education courses designated as required by the department are prerequisites to many courses in the program of study.
7. One semester prior to graduation make an appointment with an assigned academic adviser to prepare and file an official certification of major requirements.

* Home Economics Teacher Education students are subject to waiver requirements for these courses. (See *Single Subject Credential Waiver Program*.)
