The President

*The California State
University and Colleges*

I hope this yearbook will serve as a valuable memento of your educational achievements and social experiences at CSB. The pages which follow clearly illustrate that the benefits of a college education are gleaned from more than academic courses. The opportunities to participate in sports programs, theater productions, musical presentations, publication activities, student organizations and special campus events provide an important supplement to the more formal learning processes which take place in the classroom.

I wish each of you good fortune in your future endeavors and I hope in the years to come you will look back on your experiences at CSB with pleasure and satisfaction.

STUDENTS

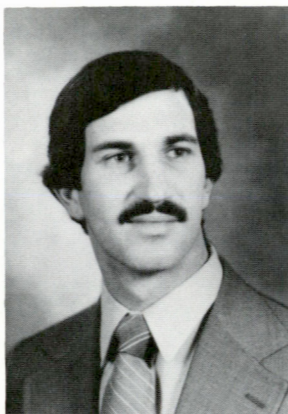

The primary purpose and function of the Associated Students of Cal State Bakersfield is to provide the means for responsible and effective participation in the governance of the college; to provide an official voice through which the student opinion may be expressed; to assist in the protection of the rights and the interests of the students; and to stimulate the educational, social, physical, and cultural well-being of the college community. The Associated Students sponsor this yearbook with the intention of providing the students with a sense of pride in their accomplishments and remembrance of their contribution to the college community.

The Associated Students will always serve the needs and the interests of the students and will continue to stand strong in their name for the sake of responsible higher education.

OUR CAMPUS

Sing to the tune of
"My Bonnie Lies Over the Ocean"

The coffee is on the stove warming
the stereo blasts from next door
with the amount of work we have put in here
we could graduate now and twice more.

Homework, what? work? We thought it
never would end, would end.

Finals, parties, we'll think of
it all again.

This book was made possible through the
