Dear Miss Morgan,

It seems that we might do the dining room Kitchen pantry &c in the basement at once. We might also do the billiard room terrace &c and also reconstruct the living room and library.

This would not greatly interfere with the people in the house, especially

of the dining room, billiard
room terrace & were
done first.

What do you think
I believe this could
very well be done
now and the bed
rooms on the main
floor and upper floor
postponed until next
summer.

Sincerely
W. H. Hearn.
