Miss Julia Morgan,
Merchants Exchange Building,
San Francisco, California.

Dear Miss Morgan:

I think I will be able to be at the ranch next Sunday morning and hope to see you there if it is convenient for you.

We will continue to send the amounts you mentioned during January and I think we can send \$15,000 in February and \$15,000 in March.

I do not believe we will begin work until the first of April as I would like to use the money clearing up these back bills.

Furthermore, we are having a wet year and I do not believe outside work will be possible before April.

We can nevertheless proceed with the interior right along, not incurring a great deal of expense doing so.

Sincerely,

W R Hearst
