Dear Mr. Hearst :

The interior of a small Moorish room, from French & Co., that you spoke of over the telephone, is billed by him as a 15th century Spanish carved wood ceiling. I enclose a plan, and have typewritten the description on French's bill. You may want to send this plan to Miss Morgan. This ceiling is in the carload lot that left here April 23rd.

I am checking up a list I got from Samuels this afternoon.

Sincerely,

L. Goreau
