Mr. William Randolph Hearst,  
Los Angeles Examiner,  
Los Angeles, California

Dear Mr. Hearst:

You kindly suggested the other day that the new Wynton Castle accounts could be paid off as we go. This would be a great help, but what we really are concerned about is the paying up of old back accounts which have been so long due that they are not regarded as important (to us).

As explained the other day, the Christian Science work payments have come in regularly each month in cash, which has carried our office comfortably through these difficult days, but in two months our share of this work will be done, and we will need to recall our buried funds to carry on.

Part of these funds are tied up in balances on bills covered by vouchers rendered on the two Beach houses, on the Wynton Gables revamping of 1930, etc., and held in Mr. Sokolow's office since November 1929-1930.

We are unusually behind on our payments to ourselves on the San Simeon vouchers, but this can gradually be worked off as the more pressing of old San Simeon accounts are taken care of.

As always,

Yours truly,

JM-M
