

00:00:03:23 - 00:00:47:26

Speaker 1

Hala Gorani. So photographer, you told us, you know, the epitome of cool. How could you do an set the scene at least a lesson out of the last days of studies, finales, video shows they did romanticize many got no time for this. You could think I mean make would start on the scene that they saw something you gave them for how unnecessary it is that they would have seen these cowboy thing and made it seem like they still had to generate a larger, more subtle message.

00:00:48:03 - 00:01:15:10

Speaker 1

And I know that this madness is investigating the last few days and putting them on a job. I mean, what does this documentary film when they yeah they make those don't really feel so you know good for free stuff is that informed or what? How can you let a live in a shooting like a commune somehow? I mean, I mean, they do.

00:01:15:10 - 00:01:58:03

Speaker 1

We don't see that. They see them in the hand. They commune. Somebody put out to say they started is they knew something that I was gonna get what I got on my own connected to see on a piece of this somebody in this practicum in the last 12 months we need increasingly so I want to assume they love it intellectually that but pro-marijuana communes in say that you could see this could have been a film they see these sorts of things and I certainly not see it in the way when I saw a system.

00:01:58:03 - 00:02:47:01

Speaker 1

They would never have been able to name celebrities. Tim Miller, then 60 A from India, they didn't even know to the extent that you see my colleagues that I know Iranians, the UK Islam celebration, they all love Hassan and you know, when I see them, they left for a couple days. Let me put it this way in less like they want to organize them like a TV that I sat next to me and spoke as if God in distress recently when a Sunni congregant and left alone do that, I'm just one.

00:02:47:02 - 00:03:23:25

Speaker 1

How can you think it's so callow and you that you got obligato nuns on the second floor and gala no shoes Salute LSA lack of service to me and food okay so you so they go through to see them but they say to me what I see on this and they're missing the point of him I own mean follows the maintenance man on for possibly a child.

00:03:23:25 - 00:03:59:00

Speaker 1

I do not see allegory necessarily that is a slave or not is a living doing that. He and up until now what? How can you be positive think? I mean they can find out who I have been them anything they were looking for thought you gonna see nothing I mean in the the soon to be the disembodied immune transcendence could be that it's a game that I'm having news broke tonight when I read all of the slowness I swear I'm your last three or not.

00:03:59:05 - 00:04:39:08

Speaker 1

The legacy is when you see feel so what can you Yeah so it finally makes us that they did not do the feels God's single me not hate family experience You're not He is they I see him though all the time that were not classified. You should not lose their last. But for some that I love to lesser known as you can see, they're not even in the sun.

00:04:39:08 - 00:05:13:17

Speaker 1

That it's sassy. And so that's not to say say that him funny and only see it it is and so my journey your being and I see the car and I think only that but enough still us so that us it is and I say that these are so let me Yeah and anyone eight and I want people to throw me someone who cannot have a more is necessary to sit around to see it.

00:05:13:19 - 00:05:30:14

Speaker 1

So forget that 457 gets home until they go to that same floor is he could in anything and more people say yes on the economy I suppose they all have being they I mean.

00:05:30:15 - 00:05:35:07

Unknown

My list but many of them it's it's tougher to see me see.

00:05:35:13 - 00:05:47:02

Speaker 1

You in a in the same you know, in laws sake that they look is going back and and I mean.

00:05:47:05 - 00:05:51:27

Unknown

In that instance this is gender.

00:05:51:29 - 00:06:16:11

Speaker 1

Like the old I'm feeling kind of love you know something that I'm going to come back doesn't on being on a screen that I live that you know I think that I thought I was single it when they first get it from the guy that says a feeling that was going on they went out and I mean stuff like they let me see that what have one.

00:06:16:13 - 00:06:48:22

Speaker 1

And sadly the thing we're not going to see on some of the comments like before they physically do not know I love asking you know I'm on my the list but by not a he I to have more they say they don't see things they want to go on the opinion platform alone and to me to do is let me say something you know three things it would not promise anything.

00:06:48:22 - 00:06:54:10

Unknown

That I read. So this is not just little this just.

00:06:54:10 - 00:07:19:27

Speaker 1

Some facade of commandments. The number of me standing up and I've got to say, a confident person that's going to know unless you can set open about it and in a softening of the place is going to come in and I'm gonna get in, I'm going find that this is not simply what I see on a more second time.

00:07:19:29 - 00:07:31:29

Speaker 1

This time I made up a few assumptions affecting them. This is like a little unreal and some kind of an outcome of supporting them. Accuses one of misogyny.

00:07:31:29 - 00:07:36:12

Unknown

Then let's get more on their line. You know, they say, No, you can do that.

00:07:36:13 - 00:08:37:04

Speaker 1

And let's remember last Selena Quintanilla on the the associate movie theater E la the these students were gonna pay tax on them and they said we wanna he's saving them in that Hillary will see through this during the last internet music I thought I saw this bum on the floor is pretty similar say in the funding bill Omega and they cut out when I lost some funding bases in LA but presume if it's been more don't me the idea negative sentiment a sentimental Mike Galanos because Simone Fierstein coming in with no money, no musical commitments, humanitarian means they money for the some.

00:08:37:04 - 00:09:15:29

Speaker 1

They got out when I left, my dear, my head. And so how come he gets on a balancing asking a lot through he already ordered alcohol the second grade and I think they just they obviously you know and then finally you fought them particularly amongst them see that I'm p like on since the beginning you get into me it's tougher to find out what kind of a man this woman that had a really came there on the scramble but they had to load them so they may be as you send them Bible with you.

00:09:16:01 - 00:09:25:26

Speaker 1

they might be coming they sent that only an anonymous but I wanted to learn and I was like let in this time so let.

00:09:25:26 - 00:09:35:05

Unknown

Them sun love. No knock on more. I'm not even if they were not being in love on Sunday evening.

00:09:35:07 - 00:10:08:21

Speaker 1

And LDS sent them being given no change in are allowing us go or I sing in Osaka laws silence got a not very funny face Iglesias the funny guy Sky Japan Center last night I thought it would not going to stop so can not be done all the good in the those being paid excessive. I need to tell you this woman.

00:10:08:23 - 00:10:41:15

Speaker 1

I'm gonna figure out. How can you say lucky to be associated with somebody now dancing Osaka. But that mean that in an era soon beloved the last Sunday that they really feel to continue on the theme was significativa and not what how can you but honestly what I see on the festival is well I know he I think they call me instead of going to see in on supernatural I have requested a lot.

00:10:41:22 - 00:11:21:17

Speaker 1

Rabbi Mukasey I'm a mainly in St Louis of the Santa Fe. What happens in LA Salute? I know to them I was a person was older and as you say, photography on the ceremony for my grandma was the sun. So I'll be the light of the sun is walking And I say when that's the day when I seem to important they e get, which is simply Picasso.

00:11:21:20 - 00:12:05:20

Speaker 1

Look. And I'm concerned. I'm first and foremost no to all 61. There's a lot I know it's 51 Cuda, so that means that when I sort of communes alone that I don't have time to make one political thought is the second grade. I'm in that amount of point the last six months I personally see feel lucky. I want to find out he or near a but nevertheless I don't I'm not okay in a lot more people from Camilla what I don't

done so in Los as well I'm gonna look what I still have in my circle you know even work done some tricks can also be funny to think of say what do you think

00:12:05:25 - 00:12:50:28

Speaker 1

the better give me some measure of some of these so you can see I think going out know a 21 we were hundreds people people that girl on those windows thank God I think this is mayhem on the audience Nico me just what I'm gonna say to you and say why those I love you And though I think this came out I mean they they're not that this new marketing you either Lithonia the listen to the for don't ask me the names but if you look I'm a one that I met you know that sort of so the point of it so in my part of the subsidiaries who come in and said well not

00:12:50:28 - 00:13:18:13

Speaker 1

especially come that stuff feature a lot got a lot I think the conforming might be ruder so we need to put on celebrities in not saying they don't it's in the event of a strategy for my collective and who are not that some I know is that it's behavior to the laws of the land. So I have, you know, they they don't do something nobody knows it from.

00:13:18:13 - 00:14:06:09

Speaker 1

I don't assume that's what I wanted to say. Guy. He communes and I thought it was to be seniors finally able to see look of monsters human frame you see and I'm just saying that some pretty male thermal I don't just the consumer not do but a meal a 51 if I eat me on that basis there's not going to take that on but I hope it's a know amused as it is that I hope or no I mean my easy one member said it in willing those that you're comparing which imagination you're going to see in Osaka stands for Arcadia's don't most of the employees so now want I still put some more promote

00:14:06:11 - 00:15:01:27

Speaker 1

society now in my concern about those is that any comfort offering made that and I want to be similar to that I mean they they just need them being a in informative photos don't they me to quite open to us. I notice the 23.5 versus you said don't want to go to I think that they may from the location so maybe start opening up flooring more sun when floor to get the same lighting and I mean before when you if

you've got a child already some boys going weapons at this time for me and some of the other high but I wouldn't say so man but you plan on the last one the 41 now

00:15:02:00 - 00:15:47:06

Speaker 1

but I'm doing off on me. There's a ceremony for the 54 days saying yes, good to say I'm going to go to sit at 100% does not see myself a go to fear the men will say anything they might. You may not be a thing any new thing in in border the the company that is assessing what she's been able to see from them when they click last and don't assume what's going for so then they think that everybody is done and they know I'm in my second year and a the of looking into battle somehow I'm even listen listen I know what how come yellowcake from pulling a no I mean when you kind

00:15:47:06 - 00:15:59:12

Speaker 1

of national honor society that I thought of you know it's gonna be soon you'll see Google not more bastions Yeah but at least I'm not gonna say Lana. So what.

00:15:59:14 - 00:16:14:00

Unknown

Means thing is.

00:16:14:00 - 00:16:17:13

Speaker 1

They say no, they know. I think I minimize.

00:16:17:15 - 00:16:21:17

Unknown

The amount is that and so I.

00:16:21:22 - 00:16:22:24

Speaker 1

Mean really that is.

00:16:22:24 - 00:16:37:23

Unknown

Still who wants them a little guy. And then you start over and then also the employee And I think the only thing any by any face for flexibility when you see that what a the union exam I think for someone.

00:16:37:25 - 00:16:58:11

Speaker 1

An equal forces the Muslim women for more than some people women should not on this and same but I have to be not I mean in us to be offended to bring them in so color and you said don't female voice the see I don't have enough to tell them about, you know you know we got to stop waiting for now I'm going all.

00:17:09:23 - 00:17:17:15

Speaker 1

Because, I mean, not your voice, The first voice, but other one is some say not the same news.

00:17:17:17 - 00:17:30:18

Unknown

Because they said, what is the most Asian thing? They not putting a label on it and I'm.

00:17:30:20 - 00:17:54:15

Speaker 1

Sure they they will be among the ideas that have to live through. You know They know what I mean. You spoke to not not my on the the thing and I find out of it I see me in different countries. But I mean so it is

for my participation. This would be a process that you know something that simulates the unseen so confused.

00:17:54:17 - 00:18:07:06

Speaker 1

I was this is like only like in this song. I love Latin music, comedy. I listened to it for a long time. Let's say they love for me. That's what I used to.

00:18:07:06 - 00:18:12:22

Unknown

Have because they think to know how to work you. All these people, even if not more so, they show more.

00:18:12:22 - 00:18:24:01

Speaker 1

Like the coming days. I think a lot of when you want to this kind of thing on the last season, when you have a film saying, well, how happy they were that. But I still believe I think we're not willing.

00:18:24:01 - 00:18:30:29

Unknown

That we done when we say my name I see on the.

00:18:31:01 - 00:19:22:28

Speaker 1

Money the some of the say they got listed on the second letter you know so so they go and and you know some not like don't say on those there I would never do that then we make a lot of them when you going to that last so I I'm like I say that I yeah I wouldn't see my loan for a month on a median on the sale That's it on and I just wanted to be on the bottom and of said the personified stuff so I know they are you'll be back another 1000 of us you know and this sense of us are beginning to look like of course the wrong thing and

00:19:23:02 - 00:19:50:16

Speaker 1

you think I have thoughts on that idea. I tried on off on something that I like. They said it mean a lot since he wasn't around on the news. This is we will see those things because he committed again instead of going back. I mean they emerged from this business here and I think that the stuck in the town, they want to have come at the scene.

00:19:50:17 - 00:19:55:25

Speaker 1

They how they thought about the point of saying I'm glad they say it.

00:19:56:00 - 00:19:59:28

Unknown

I think not on the surface.

00:20:00:00 - 00:20:00:18

Speaker 1

And so I.

00:20:00:18 - 00:20:09:20

Unknown

Look at saying that I mean, this was my name is name. Yeah. A lot of the Latin thing put.

00:20:09:20 - 00:20:53:28

Speaker 1

Me is that company. I said, But you know, they see if they maybe they let me say they like the way the but there that of stuff I mean sometimes they it's so it's really about me not ordinarily sexier on a TV that you get in with a girl. No but Rokia the nephew I want to know is saying that they're not happy that they make it go in one particular left travesty on this same thing in Pakistan.

00:20:53:28 - 00:21:31:10

Speaker 1

The message that's to be good. Not so nice, baby. I mean, for status as opposed to on who are they personally I'm with get my love see and you think I saw it when I might you can think what he and he about their name was Let assume then that doesn't work so he in me and so and for myself going see them see us say okay so that that sort of they did in this in Seattle in the United States I don't know somebody was walking a legal that I saw that empress in Seattle fucking went through.

00:21:31:14 - 00:21:53:23

Speaker 1

I don't manifest the film and they didn't seem to see the Mexican cocaine impacted necessarily serious I'm gonna say a lot less people fans. Yes you know so Miami so a lot of media okay have you heard to be you know me and but I saw some media and then I mean do you have any thoughts about the you know NATO.

00:21:53:23 - 00:21:58:23

Unknown

And then more thinking that being in you know that Cruz.

00:21:58:25 - 00:22:35:25

Speaker 1

I mean, are they more exposed to romance in the air upon this way to say to say, you know, I know my staff. I got a name and they have done quite a lot to me in the media. Isaiah, you know, you came up one little guy with my severe a multi-million dollar perfume they that is to your point is something without knowing you know and they're having no idea what is it for me because I didn't mean better so you for me I think it's starting to rain here so they they listen.

00:22:35:25 - 00:23:09:19

Speaker 1

I must be on the messenger. You know, if this is so. Now come on, mention that they're pretty and they're privileged here for me. Get put in that. I still don't ever expect us to censor e I can make it no more mucho for taking into consideration that Afghanistan may have this side of the media say it's a conflict more than the governments in the West.

00:23:09:19 - 00:23:23:28

Speaker 1

You know, they didn't have it out. No, saying that for me, I know it's a law. He said, you gotta let me stay. don't have money on the plate to say anything.

00:23:23:28 - 00:23:30:14

Unknown

Cause I don't. I'm not a bit disappointed that, Yeah, it feels like.

00:23:30:15 - 00:23:53:25

Speaker 1

It sounds like they know how long the, the will have come know from the end to the end. This is in a more, Isaiah or something like that. I see. I don't think we'll see. I don't mean for the media. People see, it means something to me. How significant have you seen this? And we more fearful.

00:23:53:27 - 00:24:12:09

Speaker 1

We need of a no no telling what I'm gonna read and I spit. I'm so you know you've been on Sunday study you do I feel like have you done you know to they on Wednesday nights have anybody been camped out any more.

00:24:12:16 - 00:24:27:05

Unknown

Because they value this.

00:24:27:08 - 00:24:51:20

Speaker 1

Commitment man that young they need them everything in your community that you know you know I mean think it's so I know same same that I see that families in New Guinea are giving them they the I mean, stop and look what how can you see them being if they lose if they can only say because you know.

00:24:51:20 - 00:25:32:14

Speaker 1

But cinemactical Migos investigate that unless you can go you know in any other less eaglets to Olympic but anything found this podium these some I mean this is so funny Grace is saddening go a companion tape that I don't have anybody who's gonna see a I mean I see on this massive you gotta Iglesias the camera but then they don't say you're referring to what they being used and of course the increasing sizes.

00:25:32:18 - 00:26:18:23

Speaker 1

So let me say it look the same amount of American money or some see it differently is that the game you see is and we you know sports see no I know I outcome without knowing your style that I'm aware of with that so kind of me and possibly be in this mean I say since see I'm going to notice a particular ninja something else in my setup for so I mean I feel like I don't know that's you laziest participants I mean yeah I'm more not he doesn't say say you give up my land or let them go to the clubhouse.

00:26:18:23 - 00:27:12:03

Speaker 1

You got to go. I don't know the fun, but nevertheless go ahead. I think it means that we technically I mean we took we're not evil man thing that was for that I'm in the city you know when I know you got to be negative you got to be confined you need women that you that's in places of serious in the navy 9:00 when they kind to see those economically say guy who is sacrificing so he's going sure he's been lucky modern city in the U.S. police city what kind of things and not even thought about that is really that what kind of that you know because they make the mistake by simply messing with,

00:27:12:03 - 00:27:27:10

Speaker 1

you know me see, the next time I see, you know, by society and putting in that may people become ways. You know, I'm not saying you guys what is the quality is I feel I mean the.

00:27:27:12 - 00:27:32:26

Unknown

Other people in terms of the same guy is important, but it's something you.

00:27:32:26 - 00:27:55:24

Speaker 1

Want to see something. Nothing like who you have a family, friendship, anybody really. This thing that I see, I mean, what happens, You know, people in one place, like from five feet from five and somebody, you know, from passing a phone call on a huge opportunity, glossy, glossy that was on my desk and say on.

00:27:55:25 - 00:28:07:24

Unknown

The faces and face to face. So my name is my my name is they see the I use. I know the so that's what I want to be able to use.

00:28:07:27 - 00:28:33:25

Speaker 1

And I got my time so that, you know, in some ways I guess I'm hoping on the TV what hacker and what have guys so let me pick gender I said Thilo but I found no excuse for money sense of when you get given that I mean six in the form of a few things, you know, you die, but I feel sorry.

00:28:33:25 - 00:28:45:15

Speaker 1

Yeah. A third of when I sign on any country party, whatever you say, it seems like I.

00:28:45:17 - 00:28:51:23

Unknown

Might have remnants of someone. I mean, John says he will not.

00:28:51:25 - 00:29:24:17

Speaker 1

Organize for a second. I think there's a positive be. I think there would be some quality of kids that may be on the some of those media that does the second guessing maybe that means they find the other air. Then you find me is you know, a hacker away to access the my psyche. You know I a sort of thing.

00:29:24:19 - 00:29:45:08

Speaker 1

I think it's a sort of I don't know if want anything. I mean, they always, when I see them and see him and I could repeat them so simple name and being so and see the one I came to be like. And I see a lot of mexicano. I see. Yeah.

00:29:45:09 - 00:29:46:25

Unknown

So some students got some.
