

one or more minors, or they may be free electives selected with help of an adviser. While a minor is not required for graduation, students are encouraged to study the minor offerings of the various departments and consult their advisers to determine whether one or more minors would be an appropriate complement to their college programs. A graduating senior may request that the completion of any minor listed by a department be recorded on his transcript.

BACHELOR OF SCIENCE DEGREE

For the bachelor of science degree, a minimum of 124 to 136 semester units depending on the major field must be completed. The general degree requirements, general education requirements, and one major must be satisfactorily completed; see *Degree Majors and Minors*. Courses used to meet the general education requirement may not apply on the major. If a second major is taken concurrently or consecutively, courses acceptable for satisfaction of general education requirements for the first major may be used to satisfy second major requirements.

BACHELOR OF VOCATIONAL EDUCATION DEGREE

The bachelor of vocational education degree is a special degree limited to California vocational teachers recommended by the State Board of Examiners for Vocational Teachers. For requirements, see *Industrial Arts and Technology Department*.

DEGREE PROGRAMS, MAJORS, AND MINORS
