Subject: Community Service Organization 1958-59 and Cesar Chavez

Dear Friends,

I am currently studying Cesar Chavez's organizing of the Community Service Organization (CSO) in Oxnard and Ventura County during the years of 1958 and 1959. In the course of my research I have come across the names of persons listed below who were involved with the CSO in Ventura County during these years. Although many may no longer be with us, I am hoping that at least a few are still available to be contacted for this project.

If one or more of the persons below is available or even a close relative (for example a daughter or son), friend, or CSO member of this period to be contacted please let me know:
