

Patricia!

I went shopping
this evening and
found some rat
poison of the kind
Dr. Pisano said to
get. As you probably
want to put some of it
out tonight — and in a
manner a little different
from the directions (which
call for more than is needed)
phone me when you come
in and I'll bring it over
and explain. and we
can put it out to get
your "Be'er Rat." — Carl.
