

CALIFORNIA STATE COLLEGE, BAKERSFIELD

Office of the Vice President

FACULTY INFORMATION BULLETIN

1 May 1979

RECEIVED
Director of Libraries

MAY 7 - 1979

**CALIF. STATE COLLEGE
BAKERSFIELD**

- all faculty
May 7-9*
1. FACULTY MEETING. There will be a meeting of the general faculty at 3:30 PM on Wednesday, 23 May 1979 in GJ102 in Donahoe Hall. The purpose of the meeting is to approve the candidates for degrees for the June commencement. Degrees are conferred by the President and awarded by the President acting on behalf of the Board of Trustees. Certification of the candidates, however, is a prerogative of the faculty and, as such, should not be taken lightly. Since the approval of candidates for degrees is the basis for faculty control by the curriculum, it would be my hope that the faculty would continue the formal process of approval as part of its regular activities and not delegate the authority to others.
 2. ATTACHED TO THIS BULLETIN is a list of candidates for degrees. "If any member of the faculty has any objection to the graduation of any student on the list, he or she should articulate that objection and forward it to all appropriate persons (e.g., the student involved, the chair of the department in which the student is majoring, the dean of the appropriate school, the vice president and the president)"--to quote action taken by the College Council on 2 May 1979. Such notification should also include the appropriate student services offices. The Council also resolved "that the source of the objection be rectified or the objection itself be shown unjustified and that the faculty member be informed how the source has been rectified or why the objection is unjustified."

At the meeting on 23 May, when the faculty is asked to certify all those on the graduation list, any remaining objections of the faculty will be considered. If any remaining objection is sustained by a majority vote of the faculty, the student in question shall not graduate.
 3. LAYOFF PROCEDURES. The college Layoff Procedures as unanimously adopted by the College Council on 18 April 1979 and approved by the President on 19 April 1979 are being printed by the Dean of Administration. The procedures will be incorporated in the College Handbook when it is revised and reprinted the latter part of June.
 4. DR. E. PAUL SMITH has been appointed Deputy Director of the State of California Health Planning and Development Department and will be on leave from 7 May 1979 through the forthcoming academic year.
 5. MARK YOUR CALENDARS. SOCI's will be administered 21 May through 29 May 1979; a complete bulletin will follow.
