Mr. William Randolph Hearst
Wynton
McCloud, California

Dear Mr. Hearst:

As you probably have calculated in a general way, The Bend expenses, power line extensions, emergency payrolls, etc. have so swamped and shattered our careful budgeting that we have to ask you for whatever financial assistance you can allow.

The San Simeon budget is tied up in agreed payments on account on warehouse, marble, and general San Simeon setups, so that we would gain little by stopping work entirely there.

Kindly let me know how you wish us to handle the problem.

As always,

Yours truly,

JM:F
