Dear Miss Morgan :

Will you please keep available these pictures of the type of pool they have in Southern France. I think some day we might want to have something of this kind at the point at San Simeon. (See pages enclosed marked A and A-1)

2. We bought these windows, as you probably know. (See photos enclosed marked No. 1, No. 2, No. 3)

3. We also bought this one. (See photo marked No.-4) That is the one for the upper window that you said you did not have a picture of.

4. Here are two nice doorways, — if you have any use for them. (See enclosed letter from Mitchell Samuels and blueprint and photograph attached.)

Sincerely,

W. R. Hearst
