Dear Sir:

I duly received your kind letter May 16th. ult. and
I have been expecting the visit of Mr. Hearst all this time.

I read in fact in the papers that he was in Genoa and
I fully thought he would give me a call in Venice. Instead I am learning
now by the same papers that Mr. Hearst returned to America and has ar-
rived to New York already.

I am thinking how a meeting with Mr. Hearst could be
possible. I been four times at San Francisco for the Stanford order, but
just now I am not sufficiently well to undertake the journey.

If however you would kindly explain me what Mr. Hearst
wish and if the tesseras of the pictures should be much smoller what I
expected to do, please let me know by return of mail and I shall prepare
some coloured sketches which will give you a full idea of what I propose
to make.

With best regards,

Yours very truly
