California State University, Fullerton
California State University, Fullerton
California State University, Fullerton

To California State University, Fullerton Graduate of 1972:

On behalf of the entire University, I congratulate you on receiving a degree tonight.

I commend you for your achievement, and for the share you have had in building an institution of highest quality. California State University, Fullerton is becoming known and recognized in many fields, both academic and extracurricular.

This has been a year of self-evaluation and planning in the University community. There are many exciting new ideas and programs we are considering for the future. Your contributions towards the fulfillment of these plans are most appreciated.

Perhaps, out of all our experiences together, we are becoming more sensitive to each other and to the need of all men to be more aware of the ties that must bring us together. It is our hope that you will be a force for reason and goodwill for your alma mater and for all of us.

Wherever you go, and whatever may be your occupation or profession, we at Cal State Fullerton urge you to return here often, to visit and to offer your suggestions and ideas for improving and advancing our educational programs. We wish you well.

L. Donald Shields
President
California State University, Fullerton
