

Supplementary Note.

Please read, if possible, before
you return from Yosemite.

And please allow ample time
to ensure that you get back
early enough on Wednesday
that we shall not have to
be subject to the stress of
rushing. I would ~~wish~~
try to get for 3:00 o'clock (am)

rather than 4,000. I will
gladly take you back for
another week end if you
wish it later - It would
be my pleasure - and I'd
allow you full freedom to use
the time according to your
own desires - 'T would be
much preferable to your
sneaking & taking undesirable risks
now.
