THE 1936

LA TORRE

PUBLISHED BY THE

ASSOCIATED STUDENTS

OF SAN JOSE

STATE COLLEGE

SAN JOSE, CALIFORNIA

EDITOR'S

With the completion of this book, the "La Torre" passes another milestone and embarks upon a new era. For the first time in the history of San Jose State College each student has received a Yearbook merely upon presentation of his Student Body Card. Heretofore, there has been the claim that the "La Torre" was not representative of the entire school and that the benefit accrued to only a small portion of the Student Body. The publication of this issue marks the end of our year's effort to overcome this argument. It is our hope that it may herald the coming of greater things for the College and the Yearbook named after its justly famous tower. » » New plans, new ideas, new efforts have all gone to make this 1936 Yearbook a true experiment. The "La Torre" staff was given a budget about half the size of those of the "prosperity" era with which to put out approximately three times as many books. Such drastic curtailment of the budget seemed like an insurmountable handicap, but the unfailing loyalty of the "La Torre" staff overcame it. For the first time "La Torre" became a regularly scheduled class with all staff members working for credit; all mounting for the engraving layouts was done by staff artists; and a complete photographic studio was set up on the campus to facilitate the taking of pictures. » » » »

NOTE

All these radical innovations threw a great responsibility upon the staff, but they responded like veterans. This is in no way an apology for the book, but it is rather a tribute to all those students who were willing to give their time and energy to make the "La Torre" a truly all-school activity. » » "La Torre" has, for several years past been the orphan or the stepchild of the publication family. It has had to take a back seat for other journalistic efforts and has been rather a minus quantity in school affairs. With the appearance of the 1936 "La Torre", however, it is our hope that a new day is dawning for the book and that it may soon take its rightful place among the activities of the College. It is our modest boast that in spite of drastic innovations and other handicaps to the contrary, we have brought forth a publication which is truly representative of the spirit of San Jose State. » » Of the work of the staff and their commercial assistants too much cannot be said. The printer, as always, gave unfailingly of his time, interest and suggestions; the engraver labored long and endlessly in our behalf always cognizant of our special situation; and the photographer produced pictures the like of which "La Torre" has never been blessed with before. As for the staff, their unselfish service and excellent workmanship will long stand out as one of the greatest steps forward in the history of "La Torre." Finally, the staff turns to you, the Student Body, as final judge. The Yearbook stands at the crossroads of its career; it is for you to decide what its future will be. » » » » » » »

CLASSES

THE TOWER

Rising straight into the sky, heedless of
the vines that cling familiarly around it,
the massive tower dwarfs the buildings
and trees beneath. It is particularly
impressive when the quad is
deserted, for then it stands
in solitary relief.

THE QUAD

Nature spread her blandishments with both a lavish and careless hand on the campus—thus making the scene doubly attractive. Looking over the tops of small palms, the camera picks up the interesting portico above the library entrance in the quad. On the left, a larger palm contrasts in dignity with the dense mass of vines and boughs below.

SPEECH DOOR

A peek into the San Carlos entrance to the speech wing. The striking arrangement of bricks leading off at oblique angles is shown even in the shadows. A sweep of vine at one side emphasizes the regular, but intricate lines of the design.

THE LIBRARY

Dim arches of windows—architecture on a large scale—gives the north side of the library a mystic effect when the light softens into late afternoon. Above, a tree stamps its dark pattern on the pale structure, its character deepened by highlights and shadows.

Dr. T. W. Mac Quarrie

DR. MACQUARRIE'S MESSAGE

The Class of 1886 comes back this year for its golden anniversary. Our new June graduates will be coming back in the same way in 1986, fifty years from now. » » I wonder. » » 1886 has witnessed the most stupendous material development in the history of the world, a flashing, crashing, astounding, surge forward. » » Humanity has lagged. » » The schools have made their drive on illiteracy and most of our children can read, but millions of them are hungry, cold, neglected, unhappy, and full of fear. » » What of the next fifty years? Can poverty and crime be abolished? Will freedom come to have its true meaning of happiness, health, and joyful activity? It's almost too much to expect, but there's the challenge.

VARSITY FOOTBALL

San Jose State Varsity football team completed the most colorful year in its history. Ending the season with their first trans-Pacific athletic invasion, the Spartans defeated Kamehameha school 22-7 in a fast contest before 17,000 Shrine game spectators. All through the season, the Spartans played before the largest crowds that have gathered at the local stadium. Most of the credit is due to Coach Dud DeGroot who has developed a fine team in the four years he has been at San Jose State and has created a following that was unknown to this school before he came here.

Men who have played their last games for San Jose are Captain Horace Laughlin, Harry Hardiman, Al Azevedo, Burt Watson, Francis Pura, Johnny Hines, Lloyd Jackson, Charlie Baracchi, Jim Stockdale, Gil Bishop, and Bob Bruning. These seniors deserve much credit for their fine play while at State and their absence will present a big problem next year.

Managers Bob Leslie and Leo Bruning also deserve much credit for their work.

Other outstanding players were Bill Lewis, Luke Argilla, Don Baldwin, Bruce Daily, Barney Swartzel, Glenn DuBose, Jess Wilson, Charlie Peach, George Cannell, Captain-elect Les Carpenter, Joe Lantange, and Herb Hudson.

Little "Franny" Pura played great ball throughout the season and established himself as the best safety man this college has had.

This season's scores are:

Williamette 14	San Jose..... 0	Redlands 7	San Jose..... 0
Stanford 35	San Jose..... 0	Nevada 6	San Jose.....20

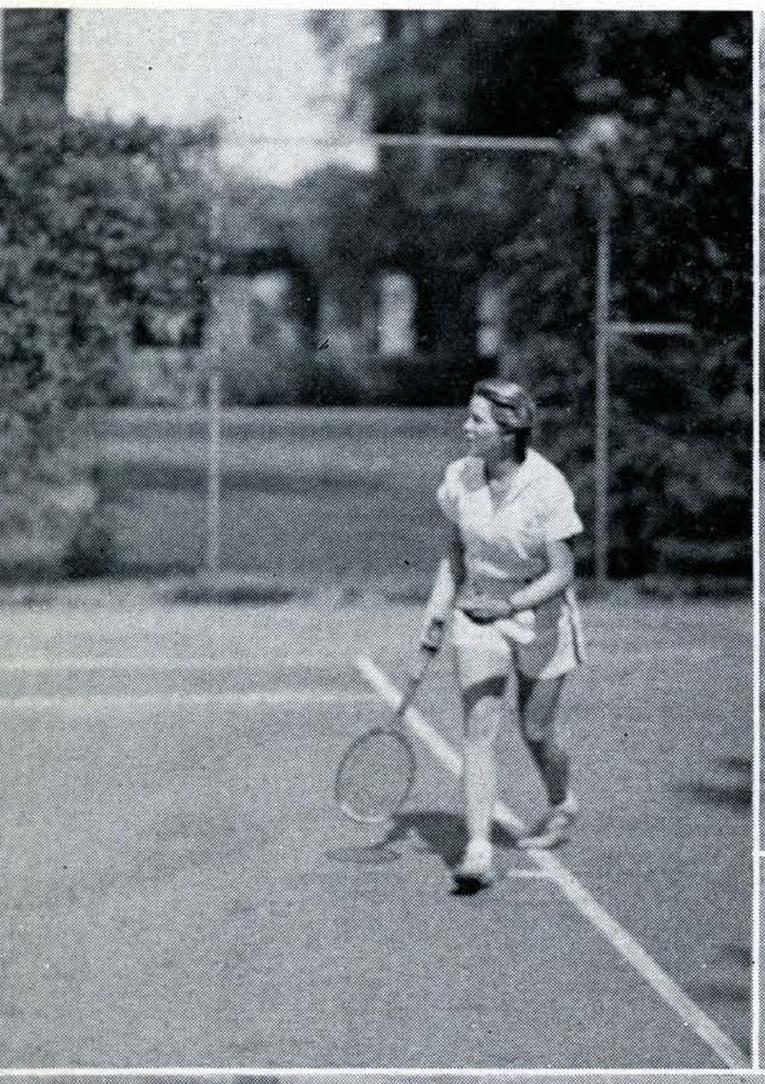
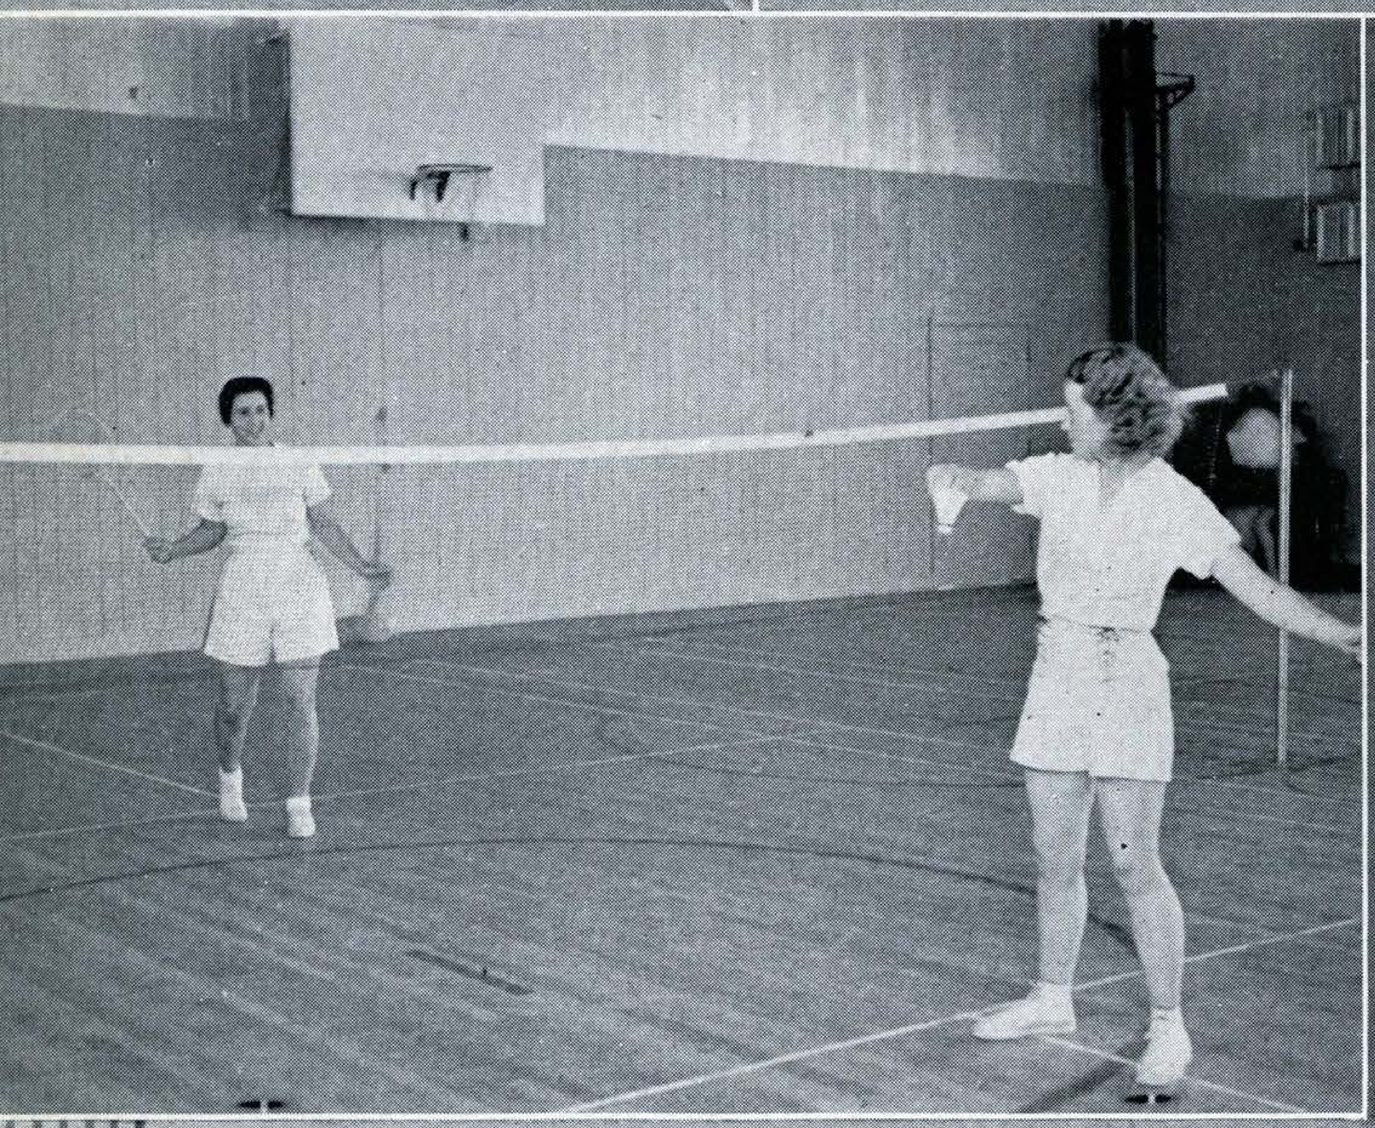
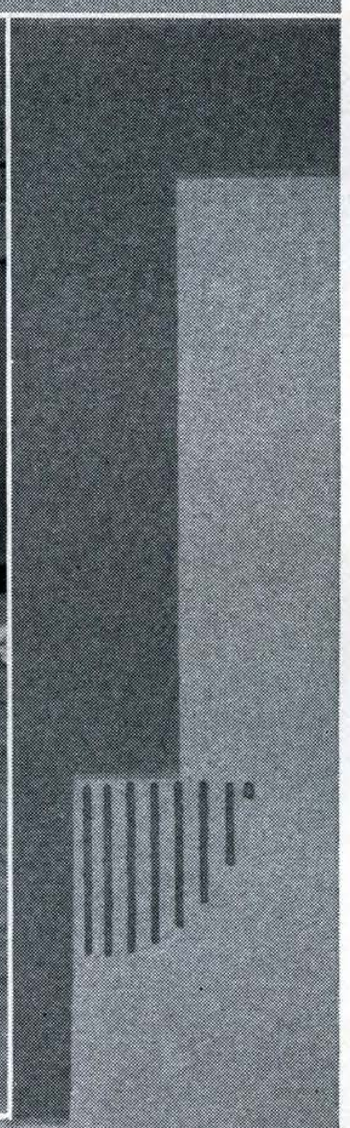
WOMEN'S SPORTS



TENNIS

HOCKEY



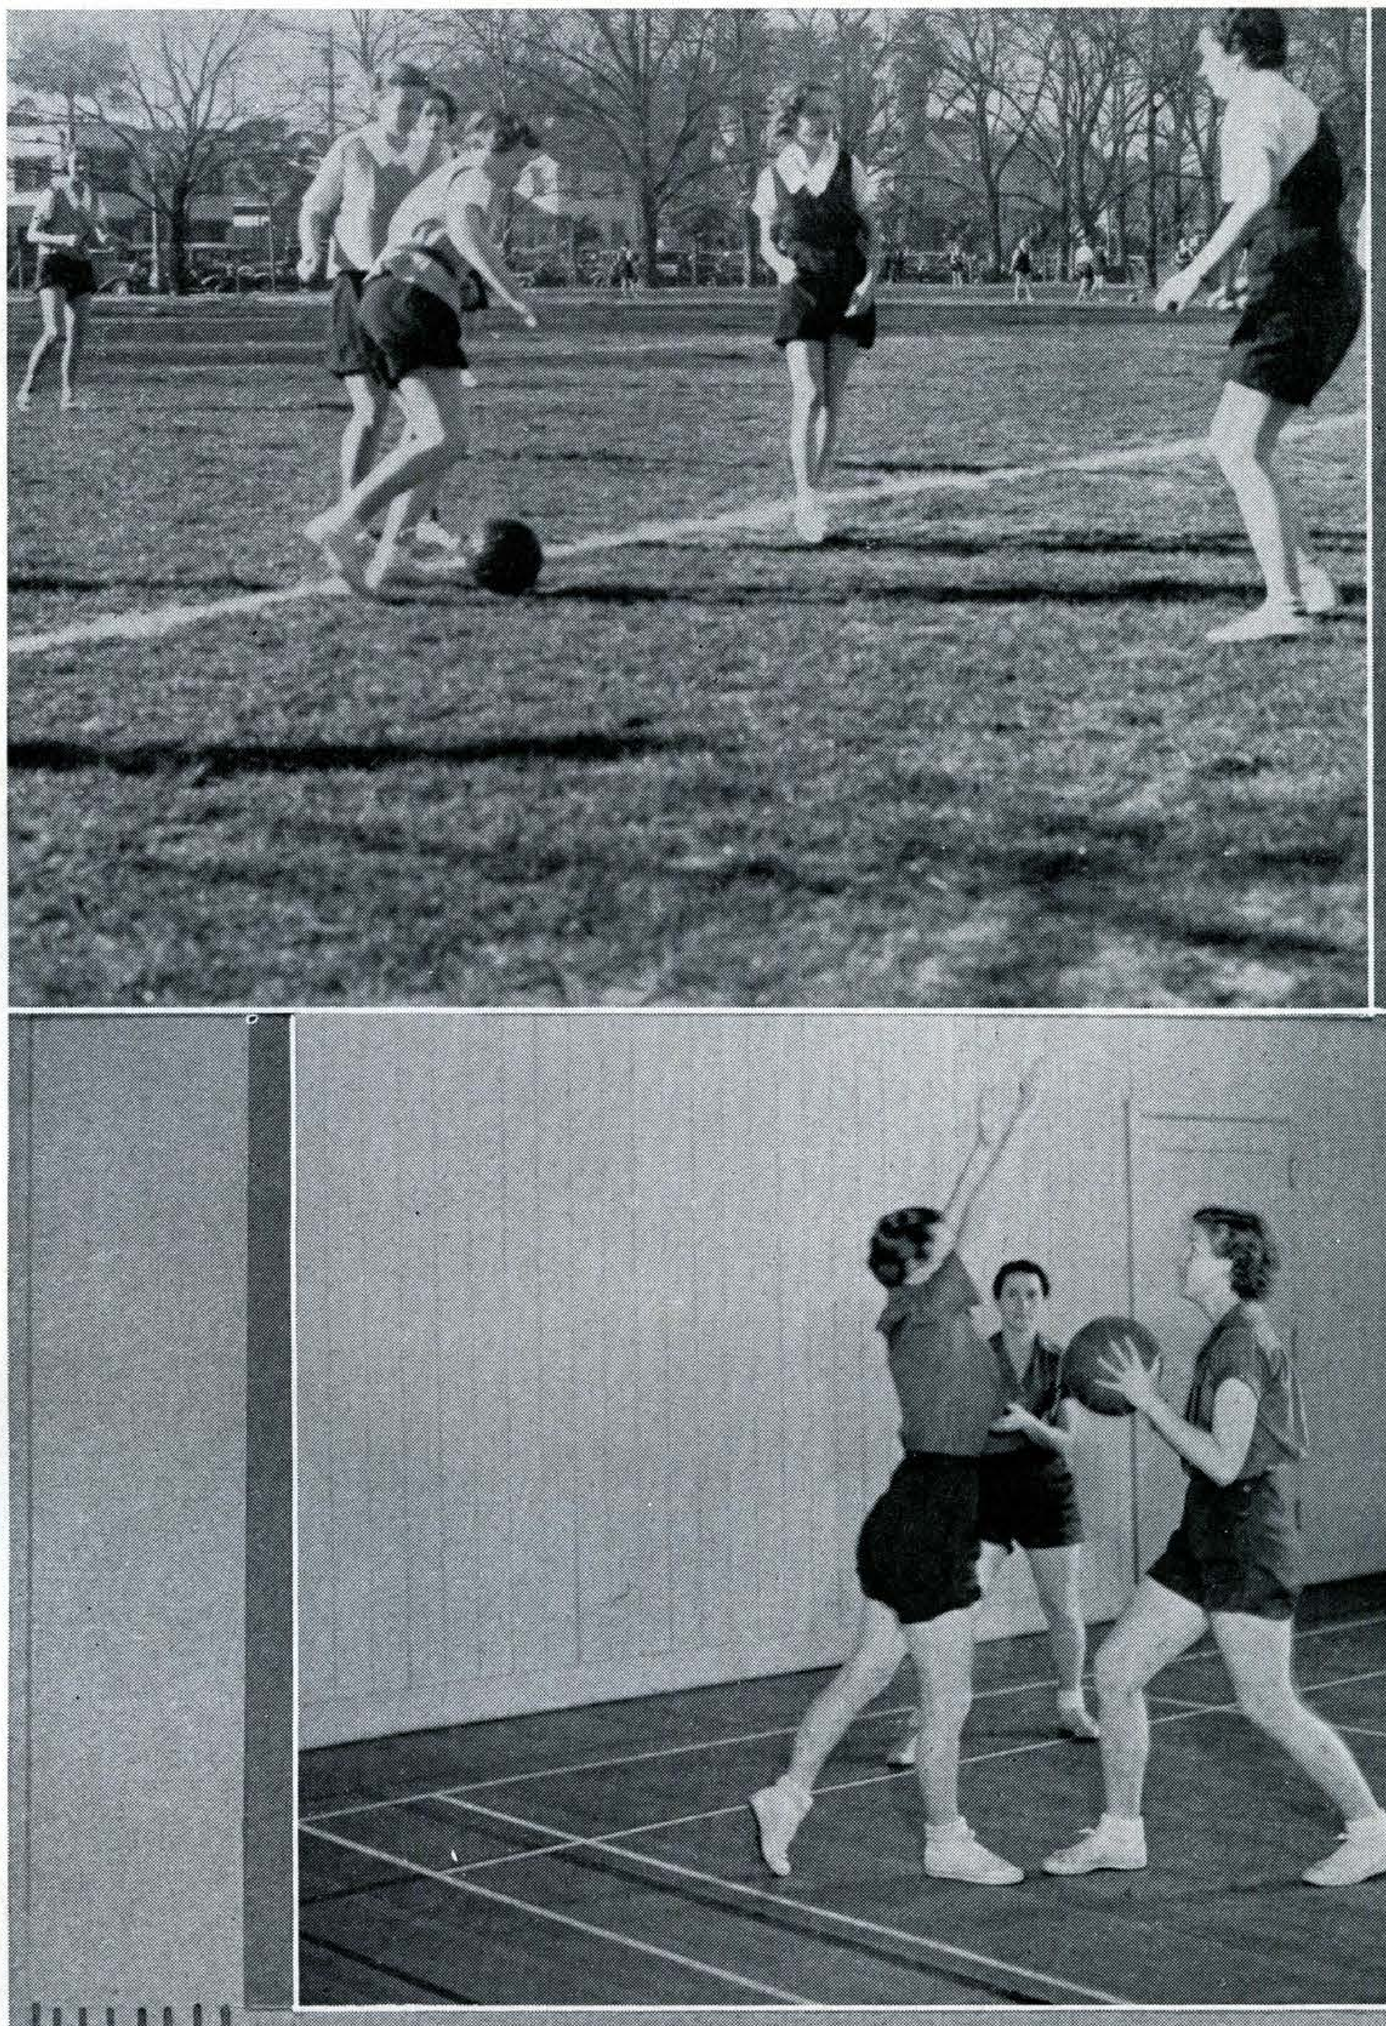


BADMINTON

Tennis and Hockey are carried on all the year round. These two sports are very popular among the girls. The seasons are concluded with tournaments and seasonal games.

Badminton is a new sport to the girls, and is thoroughly enjoyed by all. Many thrilling games have been carried on during the noon hours and in the evenings.

WOMEN'S SPORTS



SPEEDBALL

BASKETBALL

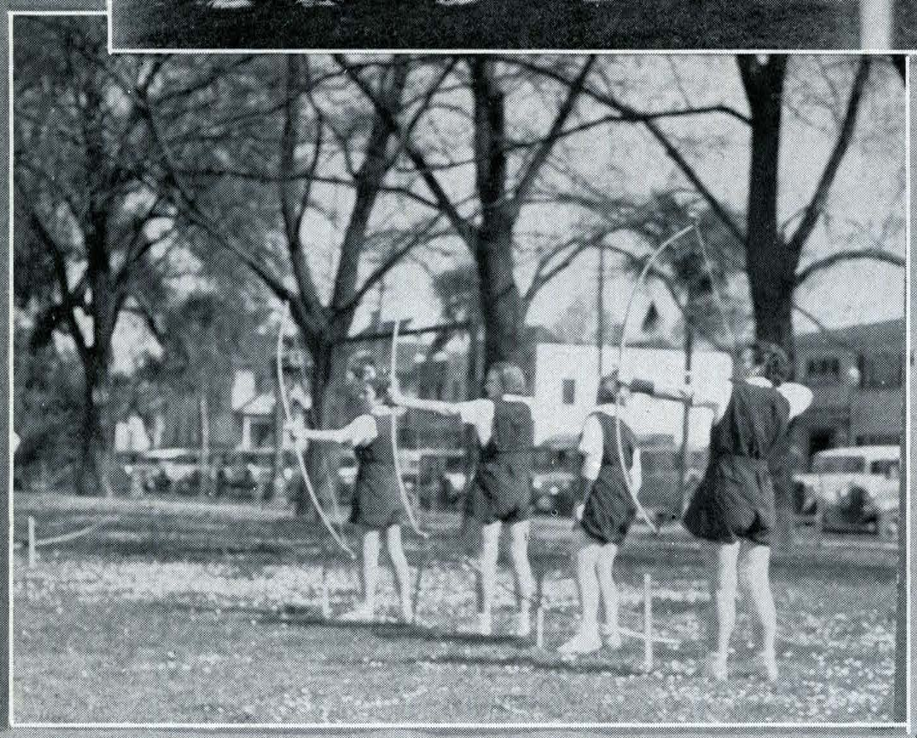
Speedball is one of the most exciting and skillful of games. It involves all the skills of throwing, catching, and kicking. The season was drawn to a close with interclass games to decide the outstanding team.

Interclass competition affords exciting episodes in the basketball season. This year the freshman class defeated all other competition.

WOMEN'S SPORTS

FENCING

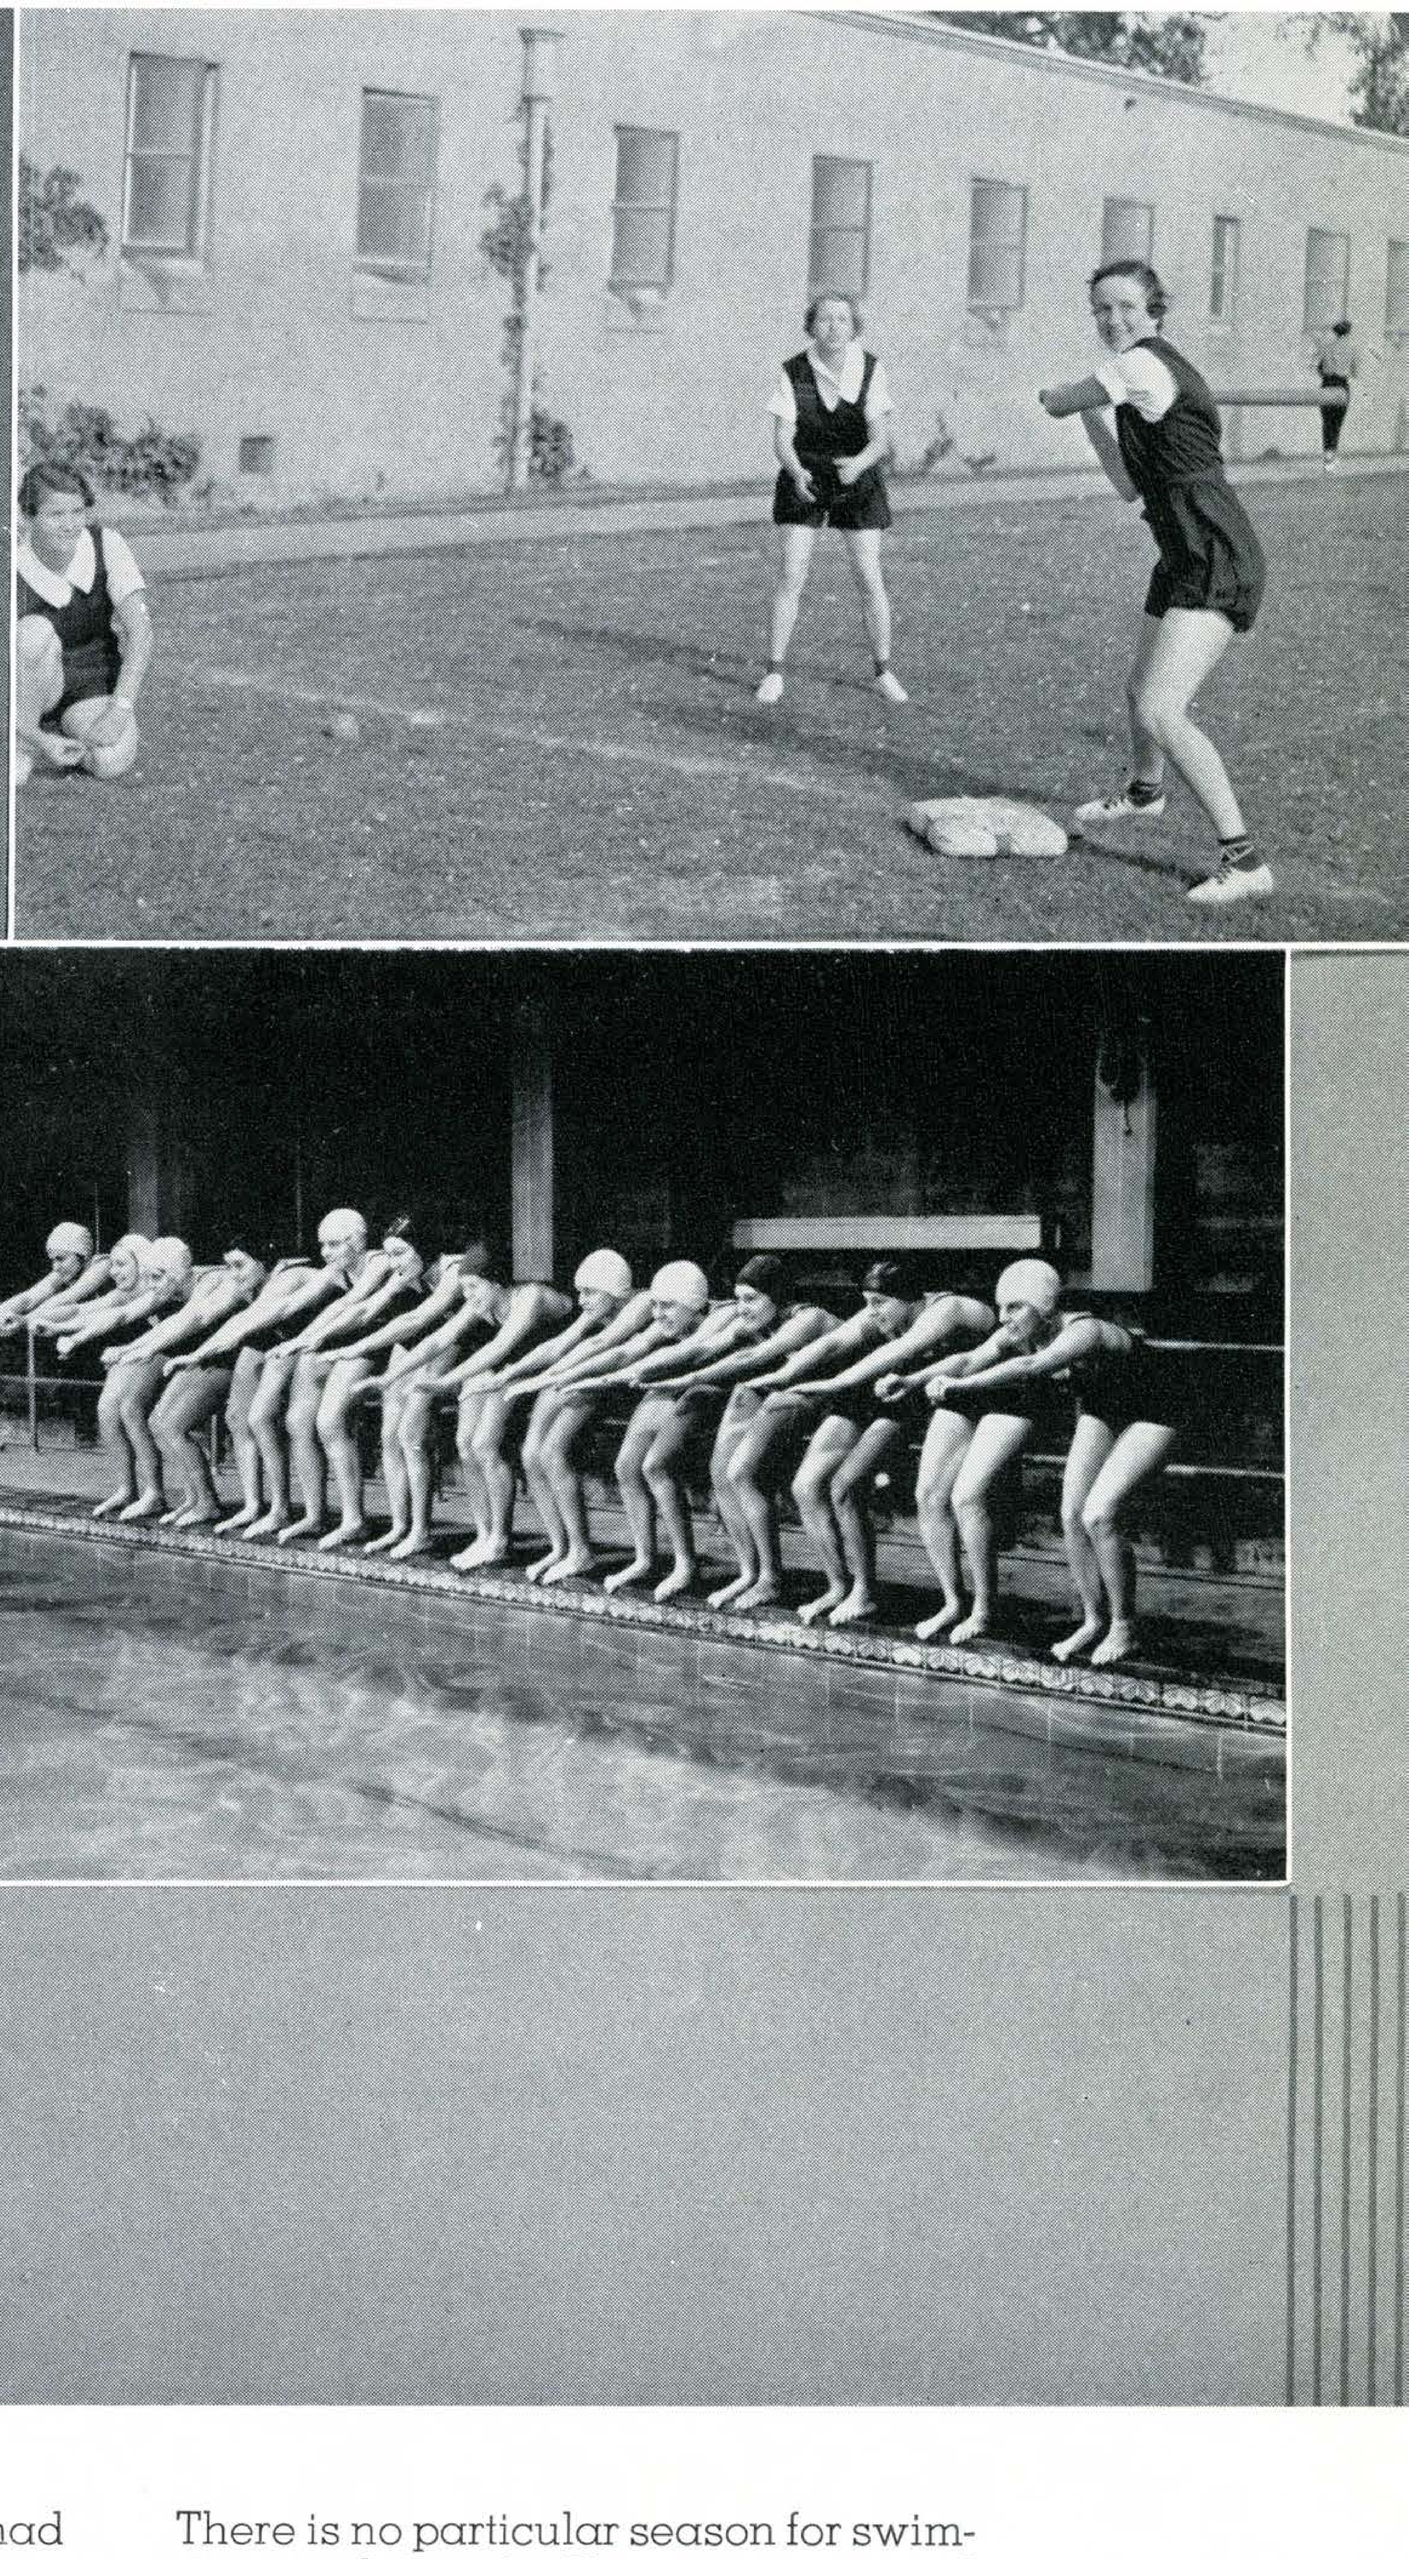
Fencing has been a popular sport for a number of years. Each year regular elimination duels are held under the direction of Mrs. Wilson.



ARCHERY

Climaxing each season with a tournament, the archery club, coached by Miss Lucas, proves to be one of the most popular of girls' sports.

WOMEN'S SPORTS



BASEBALL

When most of the sports have had their run, baseball comes in the spring to afford a new interest. Each season is ended with interclass competition to decide the best batters.

SWIMMING

There is no particular season for swimming in the pool. This sport is carried on all year, each quarter being climaxed with a Swim-A-Nic in which all girls participate. So successful was the swim Extravaganza for the spring quarter that it had to be repeated at a second performance.
