

Nancy Pelosi

U.S. Representative

Washington, D.C. 20515

February 22, 1991

Dear Friends of the Democratic Party:

As a former California Democratic Party Chair, I am fully committed to helping a new State Chair to meet the historic 1992 challenge of a presidential campaign, two U.S. Senate races and seven new congressional seats. The California State Party has a decisive role to play in the outcome of these and other elections, which will determine the course of our country. It is urgent that we succeed.

As a member of Congress, I see tragic, missed opportunities for our country because we have a Republican in the White House. I join with my colleagues every day in the fight for critical initiatives in housing, health care, environmental protection as California Democrats take a leading role in efforts to win increased AIDS revenue, funding for choice for poor women, the minimum wage or basic civil rights. And, every day, we face the threat of George Bush vetoes -- in just two years, Bush has established a record for the most vetoes of any President in history.

With the largest bloc of presidential electoral votes ever carried by any state and the largest congressional delegation to lead the fight for change, California cannot fail the working people, the children and families of our state and country. We must produce the Democratic majorities and the Democratic leadership that will mean a better future for all Americans.

Because the stakes are so high, I have decided to take an active role in the California Democratic Party Chair's election.

I am strongly backing Phil Angelides for State Chair, and I urge your support for Phil because his leadership can make the difference between victory and defeat.

As many of you know, Phil Angelides has taken on virtually every task involved in building a strong Democratic Party and winning elections. I have a great deal of respect for Phil because he has worked so hard to turn his beliefs into reality -- in his community, as a frontline volunteer in legislative, state and local elections, and in the country as an advisor and fundraiser for our presidential nominees.

I urge you to cast your vote for State Chair in favor of winning the 1992 elections. And I hope you will join me in deciding to vote for Phil Angelides. Our decisions can make the difference between the success or failure of the public policies so critical to America's future.

I look forward to seeing you at the State Convention. I hope that we will meet in a world at peace.

Best Regards,

Nancy Pelosi
Member of Congress
