Agricultural **Tour Planned**

Villagers are invited to join a guided tour of the agricultural resources of Ventura County on Wednesday, September 23, 1981, from 9:00 a.m. to 2:00 p.m. approximately. The League of Women Voters is planning the trip, which will cover the Oxnard Plain, Santa Rosa Valley, Moorpark, Saticoy, etc., as an educational project for its members and the general public. Each person will bring a brown bag lunch. The cost will be about \$3.00.

If enough people are interested, it may be possible to arrange for a bus to leave from the Village and join the main group in Oxnard. If you are interested, please call Miriam Smith, 484-7856 or Monica Smith, 484-9998, and give your name and telephone number. Final plans for the trip will be completed in September, at which time more complete information on the program will be available and arrangements will be made to buy your ticket.

We Goofed: Artist Missing

Over a year ago, someone in L.V. worked with Lew Simon in creating the little man we use as the Logo for ILV. We do not know who he is. Would the real artist please come forward and be recognized? ILV plans to have a display in the atrium showcase sometime in the fu-1 and 2 - Sam and Henrietta Breitbart; 3. ture, and people who have Auto decals being issued; 4- Slim and Trim; made contributions to the paper should, we feel, be given credit.

Contrary to belief held in certain quarters, it is not necessary to consult even one of the more than 535,000 lawyers in this country for an opinion on the meaning of the insurance policy covering each of our dwellings.

A copy of the policy is in the Association office and can be read by anyone with the equivalent of a junior high school education. Moreover, to obtain an overview of the insurance protection afforded Villagers, one need only review the summary provided by LVA's insurance brokers, Cass & Johansing, given on an Information Sheet dated January 20, 1980.

In brief, each unit-owner is covered under a blanket master Fire and Related Perils policy that provides for the adjustment of any covered loss to the property on the basis of the full current replacement value of the dwelling. This means that no depreciation is taken whether the loss be total or partial.

There is, however, a \$1,000 deductible applicable to each occurrence of loss, payable by the Association. Such a clause reduces the cost of the insurance and, since each homeowner ultimately shares equally in paying the deductible, will tend to curb any desire to submit small claims.

According to Cass & Johansing, the insuring agreement extends coverage against "All Risks of Direct Physical Loss," subject to certain Exclusions and conditions:

The major exclusions are earthquake, flood, landslide, water which backs up through sewers or drains, water below the

Board Functions As Interim Managers of LV

The Village is functioning well despite the resignation of General Manager William Parness, after only three months in the office. President of the Board of Directors, Geraldine Kikendall has assigned each board member to act as an interim 'Manager' of a specific department until a new General Manager is found. Mrs. Kikendall herself is spending many hours in the office working with administrative details.

Erick Lindman and Dick Van Horn are acting as a search committee under appointment by the Board, to study applications and resumes of candidates for the position.

Parness submitted his resigation to the Directors under mutually agreeable terms, for personal reasons. He and Mrs. Parness prefer living in northern California.

A new ad hoc committee composed of three men knowledgeable in financial matters will be appointed at the September 8th meeting of the Board of Directors to study budget preparation for next year. These experts are Henry Malkin, Herbert Schwartz, and Dave Corwin.

President Gerri praises the close cooperation between members of the board, and residents who have come forward to offer their services during the time of transition.

Patience

By Joe Gaynes Guest Editor

Leisure Village is affected by a problem that is universal to most enterprises today with all its perplexing consequences; namely, personnel turnover. This situation involves those at the top who have training and expertise and those on the field level with limitations in training and experience. Specialists across the human behavior spectrum have come up with all types of motivational and responsibility concepts. We have created many types of equipment, manual and electronic, to make the jobs less tedious and more productive, but the results have not changed.

We must also recognize and respect the efforts of the Board of Directors who are very much concerned about the short and long term effects of this situation. Every Board has been faced with these problems. All types of approaches have been investigated. Contracted services have been thoroughly studied, and when the field work was done to see if those organizations were also subjected to turnover and related problems--you are right, they are coping with the same! By contracting, you are paying a higher price for organized service.

We must also recognize that a compact, closely interacting community of over 3000 residents has a great many sharp, well-trained and experienced people, many of whom do not engage their time in constructive or creative endeavors. They know "how it used to be done," no matter what, and they let you know about it! This is acceptable within a reasonable and respectful scope as long as it is not overdone.

We must not overlook the majority of our fine staff, who day after day put in a generous amount of time, energy, and dedication to making our Village attractive and wonderfully functional. And as we lose staff and must spend a great deal of time searching for replacements, these fine people pick up the extra load and carry on. They deserve continued positive reinforcement because these are our real dependable friends who like to work with us.

We also have a large group of unheralded volunteers who are your good neighbors, and are usually available at all hours and days to pick up the slack. They serve on committees, organizations, and take care of a great many services we enjoy. We also have real professionals available to fill in on staff emergencies because of critical time factors and committments on the part of the Association. These fine neighbors who are specialists in their fields, if paid, would cost our Association a great deal of money. They respond without thought for compensation: their only motivation is, "This is MY community and I am glad to offer my service wherever it is needed."

So, I ask you, my neighbor, be a good Leisure Villager and try to be patient during the present crisis. This is what Leisure Village is all about.

Pool Not To Be Closed Yet

In July ILV questioned the delay in repairing our beautiful pool. We understand that the tile has been received, but the Board has judiciously decided to hold off repairs until after the summer so that visiting grandchildren and others will not be deprived of their enjoyment. The Village appreciates this consideration. Thank you, Directors, for the postponement.

Letters

Letter to Editor:

We wish to express our sincere appreciation and thanks to all our wonderful neighbors, friends and acquaintances for their many prayers, gifts and cards during Don's recent hospitalization.

A special thanks to our dear friend Beryl Smith V. 16 who came on call and arrived at our house at 5:50 a.m. to babysit our visiting grandchildren, while grandma made the 7 miles in 7 minutes run to Pleasant Valley Hospital.

Where else but L.V. could one find such beautiful people in a time of crisis and receive so much help, love, concern, and comfort?

God Bless you all Don and Melanie Herrick V. 23

Letter to Editor:

We want to thank all our L.V. friends and neighbors for their warm caring and support during our crisis period of the past couple of months.

We especially want to thank all our friends in the Variety Guild and G.B.'s holistic study group, and know that their prayers have helped Freddi on the road to recovery.

We are the luckiest people in the world to live in L.V. amongst our loving, caring friends.

> Thank you, thank you Lotti and Freddi Bauch

To the Editor

I want to thank all the participants for their enthusiastic cooperation in our recent Ticky-Tacky Talent Show.

My special thanks go to Roie Beck and Piff DeSimone for their assistance, Miriam Schwarz for her expertise, to Betty Murray for her counsel and to John Pommer and Robert Karlin for their technical assistance.

They all helped to make the show a success.

Sincerely, Marcel Lerner

Dear Editor:

To those who so generously contributed to our NO PARTY-TEA PARTY, we give a resounding THANK YOU!!! The success we enjoyed had to be measured not only by your donations, but by your warm and sparkling comments about the TEA PARTY Project. If you haven't already had your cup of tea "on us," please do so, and remember that we would still appreciation hearing from you.

"Health is a Human Right" is the slogan of the CITY OF HOPE, and the Medical Center stands as a tremendous example of the concern and dedicated support of citizens throughout the country.

Again, our heartfelt thanks for your generous contributions!

Kathleen Broder
By Betty Murray

Although the new Recreation Manager for L.V. looks like a recent college graduate, Kathleen Feran Broder has enough experience and mental agility to handle the job. The Planners of L.V. could not have dreamed how active the residents would be: every available room and facility is used constantly. It becomes the task of the Recreation Manager (with cooperation among the groups in L.V.) to plan, schedule, and sometimes to rearrange the giant jig-saw puzzle of activities in the Village.

Kathleen was born in Pasadena, and was educated in Catholic schools, culminating with a Bachelor's Degree in Music earned at Mount St. Mary's College in Brentwood. Her first teaching job was in South-Central Los Angeles, 4th and 5th grades in an all black school. After five years, she transferred to Canoga Park where she taught 5th and 6th grades for 2 and one half years. She also completed a Master's Degree in Bilingual Education at Northridge and UCLA Graduate Schools.

Looking for a change from teaching, she answered the classified advertisement for a Recreation Manager at L.V., and was chosen over several applicants.

Toughness and persistence are part of this young lady's nature. In 1974, she started to run as a physical activity. After special training for three

months, she ran the 26 mile Las Vegas Marathon Race in December 1979, finishing third in her age category! Of 700 starters, about 300 runners finished the race in the 90 degree heat. Running gives her energy, she claims, and is part of her daily regimen. She and husband Michael live in Mission Oaks, and her morning ritual takes her about four miles up Mission Oaks Blvd. from the high school to Upland, down Santa Rosa Road, and back home.

Kathleen met Michael during a race in 1978. They became racing 'buddies' at Santa Monica Track Club, but didn't date at first. Later, after one month of courtship, they became engaged, and were married on July 19, 1980.

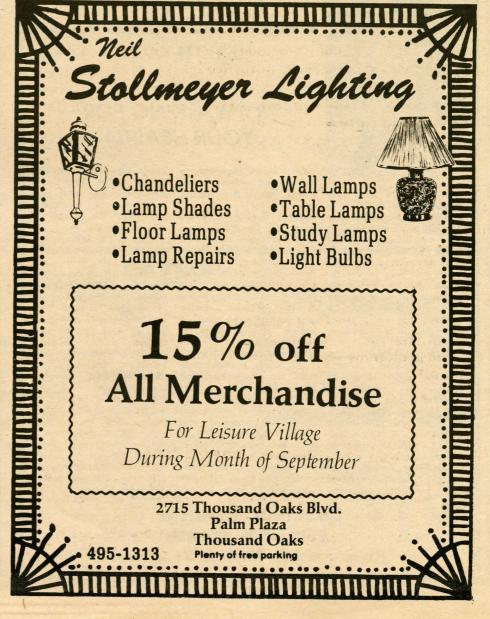

Michael works for Pacific Telephone, but in his spare time, he is attending non-denominational Fuller Seminary to become a minister. Katheen helps Michael in preparing papers and doing joint research: nuances, or subtle variations in meaning of ancient Hebrew words has been part of a recent study.

Along with their mutual interest in running, the Broders also ski. Kathleen studied piano, and although deflected by her career, she still entertains the idea of resuming lessons.

Kathleen's goals depend upon husband Michael's commitments. She has been accepted at UCLA for Doctoral work in Bilingual Education, and likes the thought of teaching at the University level. On the other hand, her experience at L.V. may just keep her in the field of recreation.

Our evaluation is that a marathon runner is probably strong enough to keep ahead of the program for 3000 active Seniors. Her first big special event is the Country-Western Round-up scheduled for the end of August. Now, if the good old boys who go into her office for small talk and to admire her pretty face will give her the time and quiet to accomplish her tasks, we'll have a first rate Recreation Manager.

Ticky Tacky Talent Show

By Betty Murray

Keeping their promise for an evening of light-hearted entertainment, the Variety Guild let the Ticky Tacky Talent Show loose on a full house Friday, July 24th. Planned not as a money-maker, but rather as a mid-summer escape, the show featured fifteen acts heretofore not seen on the L.V. stage.

Singing Master Ceremonies Marcel Lerner introduced many of the performers, while his assistants Roie Beck and Piff DeSimone presented the remainder and told a few more-or-less appropriate jokes. Costumed vendors gracefully tossed bags of popcorn to people in the audience, accepting a nickel for each, until the supply was gone. At intermission, the root beer also sold for a nickel. (That was no way to make a

'Miss Effie's Lament' that she didn't know the gun was loaded, was heart-rendingly

sung by a cowboy-hatted trio of Daisy Bien, Piff DeSimone, and Roie Beck.

Truly enjoyable listening was created as Harold Hughes played his musical saw with accompaniment of a musical ensemble on tapes.

Talented Miriam Schwarz (would you believe she has seven great-grandchildren?) acted and danced through a record mime of "Hymn to Hymie" from "Milk and Honey", using appropriate props. Husband of 57 years, Milton, led her off stage as the triumphant 'Sol.'

Loudest were the Arthur Kates Quintet, who jazzed up some musical classics with Bill Marvel on piano, Carol Hitchcock on violin and bass, Larry Killen with guitar, Don Horodas on drums, Arthur on wisecracks and several instruments, and lovely Miriam Hasen singing the lyrics.

Over 200 people attended the meeting. Harry Becker called the group together and introduced Karl Cannon. He invited all parties in the village to attend the program planning meetings.

An article in the L.A. Times pointed out that in the U.S.A. once every 50 minutes someone is killed, yet the survey showed that 1 in 4 Los Angeles residents own a gun. Ventura County is the toughest sentencing county in the state.

Professor Buchanan began his talk by defining the issues. The issue is handguns and not rifles or shotguns. He said the operational use of handguns is to terrorize, maim and kill human beings.

Mr. Buchanan gave many examples of accidental deaths,

SWING DISCO JAZZ

By Eva Divin

It was "Howdy Podner Time" in the AR on Saturday night, August 1. There is something about plaid shirts, or snugfitting ones with fancy yokes, knotted scarves, topped off with cowboy hats (some even wore boots) that quickly transports any group into a carefree, breezy mood. A goodly number came dressed thus, and those who did not found the mood infectious, so that all were soon caught up in a lively evening of "dancin' and carryin' on".

Peppered between the familiar taped music were polkas, schottisches and waltzes. Leading the dancers from her position on the stage, Marguerite Abdelnour put them through the paces of "The Texas Twist." Following an intermission, a circle breaker, sometimes known as the "Paul Jones" had dozens changing pardners again and again.

John and Ruth Laub, Robin and John Miller cut capers.

Bea and Josh Fallick celebrated their wedding anniversary with us, their thirty-seventh. Joan Woodencheck was celebrating her birthday, too, but she neglected to tell us which one. Joan delighted us all by singing "To Catch the Sun," accompanied by Bea.

The evening was hosted and emcee'd by Art and Lucie Brown. On September 12 Charles and Amy Puro will host the "Autumn Nocturne" Dance. We serve punch, coffee, tea and ice. BYOB. Admission is only 50 cents per person.

Your Neighbors Care Group News

By Sonia Brink

On Thursday morning September 17th, we will have the County give flu shots as they do each year. Please, keep the morning free. We will announce the starting time in the "Voice" and on billboards.

On Monday September 21 at 7:30 p.m. in the A.R. we will have an interesting speaker. Wendy Hays, M.A. is the coordinator of Volunteer Services for Ventura County. More and more people are interested in volunteer work. Some of us like to work in our Village, others want to work outside but do not quite know where they might be needed and where to apply. There are opportunities and interesting jobs to be done. So come, listen, get the information and ask questions.

Our blood pressure clinic needs more helpers. At the last clinic people had to wait much

Warning By Dene Dunn

Residents of L.V. have been called by a group using the name United Cancer Research Society, asking for donations of items to be sold in a Thrift Shop.

According to Kay Kelly, City Clerk of Camarillo, this group is not licensed to solicit donations, or to use the words "Cancer Society." These are registered by the American Cancer Society.

To date, officials have been unable to determine if any money obtained through sales at the Thrift Shop which is based in Oxnard, has been used or donated by this group to cancer research.

too long because we have too few volunteers taking bloodpressures. This is not a desirable situation, so please, if there is anyone who can take bloodpressures, give us some help. It is only for 1 or 2 hours a month. Call Alvie Rasmussen, 484-4977, who is in charge of the clinic.

Village Swingers Square Dance

By Romaine Lambert

The Village Swingers Square Dance Club meets most Tuesdays in the AR at 7:30 p.m. and is privileged to have Wyane Simpson as regular Instructor

Caller, except on the last Tuesday of each month when the club features a guest caller. Clyde Drivere of Saugus conducted a lively dance in July and Sam Atkinson of Pt. Mugu proved his popularity at the Melon Festival in August.

On Sunday the 13th, the annual potluck picnic will take place at Oak County Park, and those who participated last year will attest to the good time everyone had. But instead of the guest caller appearing on the last Tuesday, Bill Donahue of Garden Grove will visit us on the 22nd, and Wyane will feature an All Singing Calls Dance on the last Tuesday. Be sure to note this change.

Book Review Group

The Book Review meeting of August 17 featured Helen Esty and Josh Fallick in two reviews.

Helen's choice was Pioneer Women of Kansas.

Josh Fallick presented his original poetry after the Japanese fashion. (Haiku).

Book Review meets the 3rd Monday of each month at 10 a.m. in the women's Club Room. The next meeting will be September 21.

Saturday Night Ballroom Dance

By Henry and Betty Hebert

The theme of the Saturday Night Ballroom Dance this month is "Do You Remember?"

If you, too, want some reminiscent music, come to our Saturday Night Ballroom Dances. The next one will be Sept. 5th hosted by Dave and Estelle Corwin and Josh and Bea Fallick.

Variety Guild News

By Miriam Hasen

The Nominating Committee of the Variety Guild presented its candidates for office for the year beginning Sept. 1. Ginny Cordell is nominated for president, Miriam Hasen and Ethel Goldfarb, two vice-presidents, Millie Silberman for recording secretary, and Faith Saunders for treasurer. Election will be held at the meeting on August 27th, 7:30 p.m. in WCR.

A sketch from "Hello Dolly" directed by Amy Puro will be the entertainment offering.

Installation of the new officers will take place at a Buffet Supper on Sunday, August 30th, 7:00 p.m. in A.R.

The Guild is cooperating with the Village Players and the Rhythmettes in making extensive stage improvements. Future productions will reflect the effort with more attractive sets and improved sound.

At an early July meeting of the Guild, members took a look back to Childhood as their baby pictures were put on display.

"A Melodrama" convulsed the members at the mid-July meeting. This funny skit directed by Heidi Pommer and Ginny Cordell may be used again in the Guild's big show next March. Members of the cast were Marcel Lerner, Gisele Winston, Ginny Cordell, Dorothy Karlin, Chuck Puro, and Mimi Chuntz. Again, Freda Drezner accompanied.

At the July 30 meeting, we were briefly transported to Paradise, via Tess and Hal Kueffer.

These two very talented people, dressed in beautiful Hawaiian outfits, played, sang, and danced into our hearts. Hal, who was born in Honolulu, played and sang with the Harry Owens Orchestra on their Calling" weekly "Hawaii broadcasts. He later had his own band. Tess learned to dance during the many years she spent in the Islands, and then taught Hawaiian dancing here on the mainland.

There are no superlatives to express the beauty and spirit of "Aloha" they imparted to us.

The Organ Club sponsored a most successful concert on August 9, featuring Jacques Vogelaar, concert pianist from Holland and John laun, well-known Southern California organist.

On August 23rd members and other villagers carpooled to Reseda to enjoy the Great Wind Machine at Pipes and Piz-

Marian Van Gorp made her public organ debut at the wellreceived Ticky-Tacky Talent Show.

The next meeting will be on Friday, August 28. All villagers are welcome.

The R.V. Club will hold its next regular meeting on Thursday, September 17th, at 7:30 p.m. in the MPR. All R.V. owners, whether members or not, are cordially invited to attend.

The new R.V. bulletin board has been completed by Paul Herre, Art Kaufman and Gene Markley, and is located at the storage shack in the RV lot. Members are encouraged to watch for the various announcements that will be posted.

A pancake breakfast is being planned and further arrangement will be made at the September 17th meeting. Members, and RV space-users as well, are invited to attend to learn details of the breakfast.

Important matters relating to spaces in the R.V. lot will be discussed at the meeting, so please plan to attend. Questions concerning R.V.'s or related subjects may be answered by calling president Don Moore at 484-8722.

Ceramic Club

By Charles Possel

Thirty-one interested resident of Leisure Village met on August 3rd in the MPR to form the Ceramic Club.

The club will endeavor to educate its members in the art and craftsmanship of this ancient culture of every people that inhabited this earth.

We hope to attract ceramists of note to our meetings.

We will inaugurate a program to purchase tools and supplies in bulk for the benefit of the members. We hope to schedule field trips to museums and exhibitions with the possibility of competing "in various ways."

We elected a slate of Officers to wit; Max Oshatz, President; Phil Farber, Vice-President; Al Pachter, Treasurer; and Dorothy Wisehart, Secretary.

Joe Poliak will address us at the next meeting and demonstrate the art of enameling as it applies to ceramics and metals. The meeting will be on August 31st at 7:30 p.m. in the MPR.

By Charles Possel

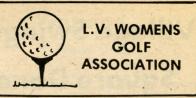

At our meeting August 5th the Camera Club voted to affiliate with the Southern California Council of Camera Clubs, hereafter known as S4C.

Joining with them will open new vistas for our members wherein we will have sources of expertise that will provide judges for our competitions and will provide instructors through which we can improve our skills in photography.

We will be able to compete with other camera clubs of Southern California in various fairs, etc. Catch the display of the print of the slide of the month by Dorothy Levy.

Norbert Kohen intrigued us with his visit to the Union of South Africa.

We have a tentative seminar all types of cameras being used. This will take place at one of our October meetings.

Enthusiastic participants in voice coaching with Margaret Wilson each Wednesday evening assures us of a finely tuned Chorale. Learning has been a rewarding experience this Summer.

Regular rehearsals will begin September 9th in the M.P.R. Margaret Wilson will continue the warm-up session at 7 p.m., with Director Bob Riggs taking over at 7:30 p.m. Plans are in the offing for a great musical experience the 1981-82 season.

GEM AND MINERAL CLUB

The Gem and Mineral Club is preparing items to be sold at the L.V. Anniversary in September. Group workshops are each Thursday at 9:00 a.m. in the Lapidary Shop. We have individual projects as well as group projects, so join us and do your own thing.

The August Field Trip was to Faria County Park, on the ocean just north of Ventura. Bill Marshall showed us where to find agates, jasper, and a jade-like material that could be serpentine, the California State Stone.

Although the announced entertainment at the August; 6 meeting of Women's Club, was Bingo, the real focus was on food. Each participant brought a salad and all so good! This was really a fun meeting.

The big business at Women's Club these days, however, is the annual Bazaar which will be held Saturday, September 26, 11 a.m. to 5 p.m. and Sunday, September 27, 11 a.m. to 4 p.m. The theme this year is "Country Harvest" and real downhome values and delicacies will be on sale. Each hour from 1 o'clock on for both days there will be a ten-minute show. Each performance will be different and will feature village talent. The Bazaar, of course, is the Women's Club fund-raiser and profits go largely for charitable projects and for needed items in the recreation program.

The Scrabble Players Club held two successful meetings in June on the customary second and fourth Thursdays of the month, from seven to ten p.m.

So interested in the game are those presently attending, that requests are being made to hold the sessions weekly. Some are asking for afternoon games and others are suggesting we change the days to ones that do not conflict with other activities. We will investigate to determine whether, indeed, such days do exist.

Refreshments are served and prizes awarded. Bring your set. The fee is fifty cents. Pearl and Murray Greenfield are available to answer any questions you may have. You can reach them at 484-1398.

sold by silent auction. The auction will open at the September 3 meeting and will continue at the actual Bazaar.

In addition, there will be two separate raffles at the Bazaar. Kay Collier is Ticket Chairwoman and sales have started now. There will also be two sales booths at the main and east entrances of the A.R. during the Country Harvest. Yellow ticket prizes are as follows: 1st prize: a customdesigned collage jacket. 2nd prize: hand-embroidered wall hanging. 3rd prize; a handknitted afghan in autumn colors. Blue ticket raffle prizes are: 1st: choice of street or sport garment to be made to order with choice of fabric and pattern. 2nd: \$100.00 cash (donated by a generous but anonymous villager) 3rd: handcrocheted afghan. All raffle tickets are fifty cents.

Next regular meeting of Women's Club will be Thursday, September 3. Final Bazaar business will be settled, the bedspread silent auction will open, and Edna Mc-Cormick, Program Chairwoman, has planned an entertainment by our newest Village dance group, the High Steppers. This will be their first solo appearance although they took part in the recent funshow, The Ticky-Tacky Review.

Billiard Club

By Henry Cartagna

The monthly meeting of the Billiard Club was held in the MPR on Wednesday August 5, 1981

The Billiard Club Tournament has been postponed due to the lack of players. Club members are urgently requested to sign up on the sheet posted on the bulletin board. When there are sufficient players available, check the Village Voice or bulletin board for date of tournament, cut off date and time. Only paid up members are qualified to play in the tournament.

October will be the 1st anniversary of the Billiard Club. A nominating committee is to be appointed to select a new board of officers.

Next monthly meeting will take place in the MPR on September 2, 1981, first Wednesday of the month.

La Causerie

Champagne glasses were raised in toasts as members of La Causerie, the Village French conversation group, observed Bastille Day on July 14 at the home of Former Parisienne Janine Blymyer. Fifteen members of the group enjoyed the fine French cheeses and crusty French bread that accompanied the wine. La Marseillaise, beautifully sung by Millie Silberman, was very much appreciated.

At the July 24 meeting, new member Eva Pfister, V. 42, was welcomed. A native of Germany, Eva studied as a girl in Nancy, France, and when Hitler came to power in Germany in 1933, returned to France where she lived through seven eventful years until she came to the United States in 1940. She has taught French and german in San Fernando Valley schools.

La Causerie meets the 2nd and 4th Friday of each month from 10 to 11:30 at the homes of members. All who are interested in speaking French are invited to participate. For further information call Ruth Swartz 484-5723 or Janine Blymyer, 482-7690.

The Happy Hoofers, now officially recognized as a Leisure Village Club, held their first luncheon recently, at the Mercury Savings Bank. The proceeds will go for the purchase of costumes. Patrons enjoyed a half-hour of entertainment as well as a delicious meal.

Emcee'd by Roie Beck, the show included a jazz tap by Daisy Bien, Rawza Kates, Miriam Hasen, Trudy Orsan and Betty Murray; a solo by Shirley Heller; an Irish Dance by Piff DeSimone, Mimi Kaufman and Rawza; a sing-along with Miriam; Goofus by Dorothy Karlin, Daisy, Betty and Trudy; the famous walking song by Mimi; Rock-a-bye by Helen Gold and Sophie Lebetkin; a 'Benny Hill' by Daisy, Piff, and Roie; and a finale of Blue Heaven by the ensemble.

By Yolan Lipscher

The cast is now selected for the November presentation of "Design for Murder" by the Village Players. Blanche Follen will appear in the role created on the stage by Tallulah Bankhead. Others scheduled to appear in the play are Larry Sawyer, Phil Aaronson, Herman Taylor, Esther Robbins, Daisy Bien, Ailsa Muldoon, Sylvia Altes, Lillian Goldman, Teo Kamola, Herbert Schwartz, and Dring Needham.

The play will be directed by John Zoller, and Irwin Steinhart will assist as producer of the show.

At the Players July 23rd meeting, Scene 8 of Neil Simon's "Chapter II" was presented. The role of Faye was taken by Lori Kaye, Esther Trubitt was Jennie, and John Pommer was Leo. It was a job well done and enjoyed by all.

Our pot luck picnic on August 6th was a great success, thanks to Dolores Tribich who engineered the whole idea.

Ailsa Muldoon announced the surprise entertainment "Spontaneity." Dave Tribich started us off by reading a letter from daughter away at college. Aaron Bonderman and Sylvia Williams told stories that had us rolling with laughter. Ed Williams sang a Spanish song. Then there was group singing led by Millie Silberman with Edith Schwartz, Sylvia Williams, Bernice Fogel, Florence Rosen, Yolan Lipscher, and Hilde Lustig with Helen Lustig playing the triangle.

Grace Back told a story, Donnie Weigel read a poem "Little Boy Blue," Lori Kaye told a funny story, and Daisy Bien and George Goldfarb sang a duet. Billie Pachter who is always ready, sang a funny version of "Glory, Glory Hallelujah", and Heidi and John Pommer's granddaughter Lisa Boyd sang "That's Right, Women Are smarter," a push for Women's Lib.

There is a sad note to start with, I'm sorry to say. Our little bunnies have gone up to that great big hutch in the sky. It seems they could not survive without their mama. Are you listening, kids? I've been telling you that for years.

We don't normally print Happy Birthdays, there are too many, but special ones like 80 or more certainly deserve a special note. On July 18th, John Arnold V. 28 celebrated his 85th with a patio cocktail party and Italian buffet hosted by wife Lois.

Happy Anniversary to Edna and Sid Lambert V. 4, 50 years on August 16th. They had a nice celebration which many of us villagers were lucky enough to share with them. Also Freddi and Lotte Bauch V. 20, married 35 years on August 9th, and Josh and Bea Fallick V. 3, 37 years on August 3rd. The Fallicks also had another reason to celebrate, as their third granddaughter Talatha

was born August 2nd, in Wisconsin.

We also have another 50th, Edith and Eric Ward V. 25 on Sept. 7th. They will celebrate by flying to Austria. Edith was born in Germany, and Eric in Ireland. They want all their friends to know they are still healthy and happy, and living in L.V. the past 4 years has helped to keep them that way. Congratulations to all.

Villagers are still traveling all over. Rosalie and Al Elson V. 17 just returned from a 6 week 8500-mile tour of the U.S. and Canada. After seeing and loving it all, they decided there is no place in the world like California, and L.V. Edith and Herb Schwartz V. 18 are back from Florida and New York where they attended the Bar Mitzvah of their grandson.

Helen and Irwin Steinhart V. 5 are off to Canada to visit his 90 year old mother, then Helen will continue on to New York to visit her daughter while Irwin returns home for rehearsals of the new play to be presented in November.

Fellow villagers of V. 4 Rhoda and Ben Smithkin and Eva and Manny Secia returned from their trip to Yellowstone.

Jeanne Austin V. 13 is beaming these days as her son Peter Ganas who is stationed in San Francisco was just made a Lt. Colonel in the Army. Also, her son-in-law David Scott Montgomery of Moorpark was made Asst. Vice President of Marketing for great Western.

Fellow Chorale member Norman Mace V. 7 was wed to Marge Topel V. 31 on August 16th. Happy days, you two! Does she sing, Norman?

Welcome home to Gregor George V. 18; we are pulling for you.

We notice lots of young voices and laughter around lately from grandchildren galore. Ann and Gus Cappello V. 4 entertained their Brent and Blythe for a week or so, and Amy and Chuck Puro V. 20 had their son from New Jersey with his daughters Faith and Hope (what happened to Charity?) for 3 weeks.

We've just heard a news

flash! Sid Feller V. 4 was nominated for an Emmy for his musical arrangements on the "David Copperfield Show!" We'll all be looking forward to seeing the Emmy show in September, and rooting for our Sid, but as far as we are concerned, just being nominated makes you a winner with us.

Bee and Will Schreiber of V. 20 have returned from Monterey where they visited son Barry, his wife and daughter. They were joined by son Roy, his wife and daughter of South Bend, Ind., Roy's in-laws, the Greens, of Palm Springs, and Will's sister June of Sarasota, Florida.

Our Apology

ILV sincerely regrets that names of several villagers who were celebrating anniversaries were omitted from ALL HART in July. These were Ann and Joe Gaynes, V. 9, June 24th, 47 years; Rose and Sal Sottile, V. 7, June 22nd, 51 years; and Celia and Joe Priore, V. 18, June 15th, 43 years.

Is a 20% trust deed trust deed today's best today's best today's ment? investment?

investors think so. Here's why:

Figure it out. If you have \$10,000.00 earning 14% to 15% in a Money Market Certificate or Treasury Bill rather than earning 20% invested in secure short term real estate loans, you're cheating yourself out of \$500.00 to \$600.00 every year. Why do that?

Through Associated Equity Funding, you can invest from \$5,000.00 to \$100,000.00 in California real estate short term trust deeds and start earning 20% or more on your invested funds immediately!

Safe? Judge for yourself. Trust Deed investments are made on equities of California real property. Loans arranged are never made for more than 75% of a conservative market value, less all other encumbrances, providing an immediate 25% equity cushion for your investment.

Convenient? Believe it. Our staff of professionals handle everything, including monthly collections and all paperwork. You get a monthly check with full accounting of your investment. And the only requirement is that you be a California resident.

In addition, all loans offered by Associated Equity Funding carry a prepayment bonus of up to 6 months unearned interest on 80% of the principal balance, as allowed by law.

Board Highlights

The L.V. Association met on Monday, August 3, with all members of the Executive Board present. The meeting began twenty minutes late due to the Board taking part in the inauguration of the new City Bus, with its service in East Camarillo to include Leisure Village. All but one committee gave reports:

Archi. Review, Fred Franz. Ch.: The committee held two meetings in July. Applications for 27 modifications were received, with 24 approved. Twenty have been completed and one turned down.

Bldg. and Grds., Bill Rasmussen. Ch.: The committee meets on the first Thursday of each month. Concern for the upkeep of 41 villages involve three sub-committees: Landscape Permit, Village Review and Golf Course. The separate groups have all met. There is need for persons living in the eastern section of the village to serve on this committee.

Educ. and Rec. Rosemarie Sweigart. Ch.: The committee held its initial meeting on July 9. It has submitted a request for clarification of Association rules and regulations regarding the moving or removal of articles and equipment in the recreation areas.

Financial, Ed Salzer, Ch.: The first meeting was held on July 15. Six sub-committees have been formed: Invoice Payments Audit; Property and Depreciation; Miscellaneous Income; Reserve Requirements; Inventory Control and Audit of Special Events.

Info. to New Resids., Edna McCormick, Ch.: At the July Meet-Your-Neighbor meeting, Board Chairman Kikendall described various aspects of Village life to new-comers. Councilman Esty explained the new bus system, and Gen. Manager Parness explained the mechanics of the Village and how they work. Nine new residences and five resales

were visited. Forty villagers attended the monthly meeting. Voter registration cards were distributed.

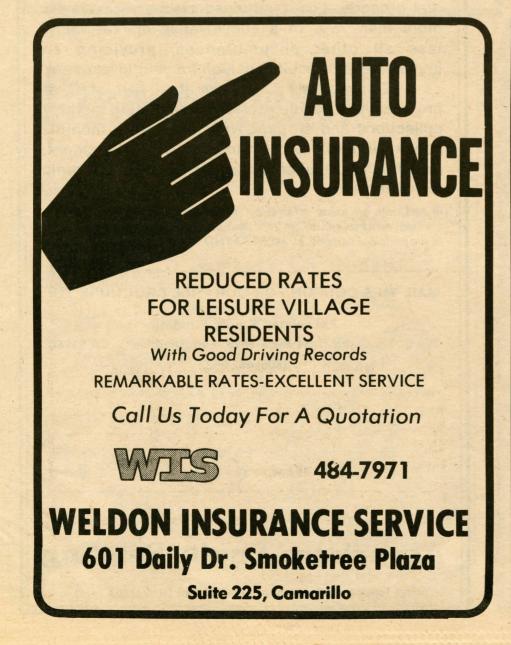

Com. Relats., Ken MacKaia. Ch.: Nearly all members were present at the July 16 meeting. A sub-committee, headed by Dr. Bernie Goldman is studying possible closer location of Pruner Ambulance: ambulance charges; paramedic training and duplication of efforts between Co. Fire Dept. and Pruner. A sub-comm. headed by Alexander Hutchison will advise on traffic matters, particularly as it applies to any change in use of Camarillo Grove Park. Due to wide range of interests, other committees will be formed. A letter, drafted and signed by this committee was sent objecting to the redistricting of our State Senatorial District into that of State Senator Davis, feeling that the Village's sphere of interests lie to our west.

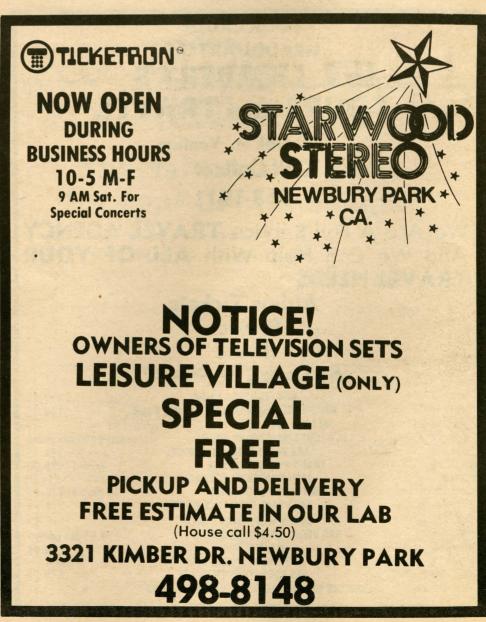

Comm. Ch. MacKaig has been asked to be a part of a committee to study the future development and use of Camarillo Grove Park. Additional Village people will participate, including Hutchison. Committee members expect to attend the Aug. 4 Co. Supervisors' meeting to monitor the possible splitting of Camarillo into two supervisorial districts.

Sec. and Safety, Elmer Eyman. Ch.: The committee meets on the second Thursday of each month. Employment practices are presently reviewed with the view to help reduce employee turnover. Decaling of cars is in process. Reasons for the decals: to facilitate entry of homeowners into village; to keep out those ineligible unless with proper passes, and to keep files on home-owners' cars, motorcycles, mopeds and all recreation vehicles. Speeding traffic citings will be increased.

Old Business: The contract with the city for city bus service in the Village was signed on July 20. The schedule is tentative. Security is assured, with radio for immediate contact with security if necessary.

The preservation of agricultural land is a local study item this year of the LWV of Ventura County. The Oxnard Plain is one of the richest agricultural areas of the world. It provides the whole United States with 7 per cent of the row vegetables it eats; "Agriculture is our oil." Come and learn more about it!

surface of the ground leaking foundations or floors, wear and tear, rust or corrosion, mould, wet or dry rot, inherent or latent defect, smog, settling, cracking, shrinkage and bulging."

Of particular interest to a number of homeowners who have experienced floor and carpet damage from bathtub drain leaks is the question: "Are plumbing leaks covered"?

The answer by C. and J. is crystal clear: "Damage caused by sudden and accidental discharge of water from within a plumbing system is covered. Exceptions are back-up of sewers and drains, loss covered by freezing if a building is vacant,The damage caused by a leaking hot water boiler is covered, but the boiler is not, unless an explosion occurs."

Each unit-owner would be well-advised to review the contents of the Association Insurance Information Sheet of January 20, 1980.

L.V.Rhythmettes

By Millicent Hofmann

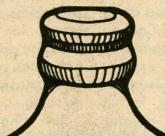

An exuberant gathering of Rhythmettes made use of L.V.'s beautiful picnic grounds one recent Tuesday and feasted on hamburgers prepared by Man of the Year Nick DeSimone, Bruno Torchia and Frank Tavano.

This was the first social event of new president Mary Farkas's regime and chair-person Isabel Torchia, with her efficient aides, did a fine job.

Their appetites satisfied,

the Rhythmettes spent the rest of the picnic time "doing their thing" with kazoos, etc., and spirited singing, their stalwart director, Edith Ferrer, leading them at the piano. New member Billie Pachter provided song sheets so that those who knew the tune, but not the words, could join in.

Come May, 1982, you will again be entertained by the Rhythmettes, with another innovative production which newer residents will find a revelation of good entertainment.

Highlights

Cont. from C-16

Board member Karlin is satisfied that the service will be a great asset to the Village, and that we owe many thanks to Bill Esty, Villager and City Councilman, for the arrangement.

It has been decided that even though weeds continue temporarily to be a problem, Village 40 will be accepted by the Association and included hereafter in general maintenance.

New Business: Councilman Esty warned that to make a Uturn on Santa Rosa Road at its intersection with Oak Canyon Drive is illegal. A villager was recently fined \$36 for executing the turn there. Esty is negotiating with the city for a second sign there for greater visibility. He urged shoppers at the Plaza to drive all the way to the east end to make their exits.

The bus, on its regular runs will make its entrance into the Village first through the west gate, and then through the

main gate, alternating in an attempt to be more accommodating to all.

Add. persons approved for committees: Jesse Levy of V. 6 and Abraham Milman of V. 17 to the Safety Committee; Helen Dunn, V. 1 and Anita Parentice V. 13 to the Info to New Residents Comm. and Aaron Bonderman of V. 20 to the Finance Committee. More representation is needed from the east section of the Village. Volunteers are requested.

The Happy Hoofers were approved as an official club. Request for additional tennis practice-space denied. The only open area remaining to us is the picnic ground, so there is no room.

The finance Committee is working on the Budget Calendar.

Homeowners' Comments: Villager of V. 34 offered to drive villagers to church in Village bus on Sundays if permitted. It was pointed out that insurance on the bus has been dropped, and that a special license would be needed to make his driving legal. It was further announced that discussions are underway regarding car-pooling villagers who need transportation.

Villager of V. 17: Where may one find a connecting schedule between the new bus and buses to Ventura, Oxnard and T.O. Ans: This is soon to come up for review. Presently working on arrangement for connection with bus that will actually go into the Esplanade. (b) Where may I find Board Meeting announcements Ans: Board meetings on first Mondays are open to all working Board meetings are closed. (c) What about expansion of Cable TV locally Ans: There is no information on it presently.

Villager of V. 16: Requests that police and other sirens be turned off inside L.V. Flashing lights should be sufficient.

Final comments by Board: In July's I.L.V. Board Highlights, in the statement that outside entertainment groups hereafter will be charged a fee for use of the AR, the word "entertainment" was omitted, causing confusion.

Persons having questions are urged to go first to the proper committee head, who will in turn bring it to the Board for decisions, should it be necessary. If persons have suggestions to make, write them out and send them to the Board. "We want to hear what you have to say."

Corrections: We Are Sorry

- * In the Board Highlights reported in the July ILV, the name of Robert Hasen of V. 15 was omitted from the Education and Recreation Committee.
- * LVA will pay \$1333 per month, or \$15,996 per year, to the City of Camarillo for bus service to L.V.
- * LVA Budget for the fiscal year is \$2,542,750 including capital.

-Call for Appointment to see--Resident Brokermonica playing of Morris Katz, the Harmonicat.

When pianist 'Madame' Miriam Dubowsky could not finish Chopin's 'Minute Waltz' in one minute, she was unceremoniously carried off on the piano bench by two hefty gentlemen, despite her protests. The audience would have given her a second chance.

Glamorous Rawza Kates and her puppet Suzie discoed through "Kansas City."

Billie Pachter (assisted by husband Al), and Ruth Cohen both gave an original reading and a song. Billie's was 'A Tearful Little Earful' and Ruth's was "Alice Blue Gown." Don Horodas poured his heart and his voice into two songs "Impossible Dream" and "Exodus."

At one time an improbable rabbit (Mimi Chuntz) ran through the auditorium with an over-size carrot, chased by hunter Jim Zupa. Somehow she must have tricked him out of the gun, for near the end of the show, the hunter was frantically trying to escape from the rabbit! (Tsk, tsk! Ticky Tacky).

Pianist for the Talent Show was Freda Drezner, a much appreciated artist.

Clown Margaret Hines helped seat people while Marion Van Gorp entertained on the organ as the audience was gathering.

Back stage chores were faithfully accomplished by Max Lustig on lights, George Goldfarb tapes, John Pommer sound modulation, Robby Karlin stage manager, and Lotte Bauch who made posters. Esther Lerner handled ticket sales with the help of Ruth Cohen, Sylvia Perlin, Emmy Sacks, and Esther Trubitt.

Ushers jauntily dolled up in tuxedos and tennis shoes were Murray Hertzberg and Lou Simmonds. Kay Murray and Gus Cappello ushered without that special pizzazz. Ginny Cordell, Helen Gold, Shirley Heller, Dorothy Karlin, Sophie Lebetkin, Betty Murray, and Trudy Orsan aided as hostesses and refreshment assistants.

citing that 55% of Los Angeles homicides are due to handguns. Most of the victims knew the killers and many were related to the killers. There will be new legislation proposed that will require all handguns to be registered, only licensed dealers will be able to sell them, no new guns will be sold. States that have enacted handgun control laws have reduced the number of suicides as well as homicides.

Mr. Seaberry then presented the view of the National Rifle Association. He pointed out that there had been a death in his own family due to a firearm. He said that he does not know of any personally who abuses firearms. The people who are part of NRA practice the rules. NRA puts 100,000 youths through safety courses each year. He said that NRA wants enforcement of the present laws, rather than any new laws.

During the Question and Answer Period many points were brought out. Don Moore, Village 34 asked the NRA to

reverse their position and thus save 20,000 lives a year. 62 per cent of the people would like to see handguns controlled according to a recent Times Poll. Vida Casteline told Mr. Seaberry that she and her husband moved to Leisure Village because of the misuse of guns in L.A. Jesse Levy asked for clarification as to who would have a legitimate right to have guns. George Mustaparta said he knows many pistol shooters who are good people. Warren Eastham said that he has a gun and wouldn't hesitate to use it. Joe Gaynes said that in his youth he was a member of NRA, but no longer. He respects the weapons but not the people who carry them. Bob Price asked if the NRA is trying to form a para-military organization. He pointed out that with all the riots in Liverpool there was only 1 death and that was not from a gun. Rose Marie Sweigart felt that "both men" missed the point. "Both men," being the debaters, of course.

Vagabonders

By Stephie Kamola

When a group of World Travelers left L.V. for Europe on May 14, escorted by Teofil Kamola, four couples and seven singles were strangers to each other.

After 31 days they returned home, a group of close friends. They held a reunion on August 4th, at Joe and Ethel Ellenbogen's home. They recaptured the delights in this unusual and beautiful trip, and after potluck dinner they showed color

The trip was doubly successful. It not only left unforgettable memories, but also forged lasting friendship. There is already interest shown among villagers that Teofil escort another "Vagabond Tour" next year. To prepare such an extensive and custom designed trip requires many months of preparations and only 20 people may join.

On Friday September 11, at 7:30 p.m. after the business meeting of the World Travelers, three vagabonders, Joe Ellenbogen, Bill Stabler and Teofil Kamola will present a selection of their color slides of Germany, Austria, Italy, Lichtenstein, Switzerland and France in the A.R.
