Financial aid recipients should consult a financial aid representative regarding the implications of a complete withdrawal. Academic Policies and Regulations

Please check our web site for the most updated information on policies and procedures.

Statement of Nondiscrimination and Disability Services Information

California State University Channel Islands prohibits discrimination or harassment based on sex, gender, race, color, religion, national origin or ancestry, age, disability, marital status, sexual orientation, cancer-related medical condition, or genetic predisposition. The University also prohibits discrimination against anyone due to a relationship or association with an individual with a known disability.

The University practices equal opportunity in admission to, access to, and operation of instruction, programs, services, and activities. Also, the University provides equally effective communication.

The University considers reasonable accommodation for these purposes: (a) completion of the admission and enrollment processes; (b) participation in instruction, programs, services and activities; and (c) equally effective communication, upon request by persons with legally protected disabilities.

Questions, concerns, complaints, and requests for reasonable accommodation or additional information may be forwarded to the Office of Career, Health, Accommodations, Personal Counseling Services, (805) 437-8510 (voice and TDD).

Use of Social Security Number

Applicants are required to include their correct Social Security number (taxpayer identification number) in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109). The University uses the Social Security number to identify students and their records as well as to identify the student for purposes of financial aid eligibility, disbursement, and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the University to file information returns that include the student's Social Security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

Privacy Rights of Students in Education Records

The Federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) and regulations adopted thereunder (34 C.F.R. 99) set out requirements designed to protect students' privacy in their records maintained by the campus. Specifically,

the statute and regulations govern access to student records maintained by the campus and the release of such records. In brief, the law provides that the campus must provide students access to records directly related to the student and an opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade as determined by the instructor. The law generally requires that written consent of the student be received before releasing personally identifiable data about the student from records to other than a specified list of exceptions. The institution has adopted a set of policies and procedures concerning implementation of the statutes and the regulations on the campus. Copies of these policies and procedures may be obtained at the Enrollment Center in the Professional Building. Among the types of information included in the campus statement of policies and procedures are: (1) the types of student records and the information contained therein; (2) the official responsible for the maintenance of each type of record; (3) the location of access lists that indicate persons requesting or receiving information from the record; (4) policies for reviewing and expunging records; (5) the access rights of students; (6) the procedures for challenging the content of student records; (7) the cost which will be charged for reproducing copies of records; and (8) the right of the student to file a complaint with the Department of Education. An office and review board have been established by the Department to investigate and adjudicate violations and complaints. The office designated for this purpose is: Family Policy Compliance Office, U.S. Department of Education, Washington, D.C. 20202-4605.

The campus is authorized under the Act to release "directory information" concerning students. "Directory information" may include the student's name, address, telephone listing, electronic mail address, photograph, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. The above designated information is subject to release by the campus at any time unless the campus has received prior written objection from the student specifying information which the student requests not to be released. Written objections should be sent to the Admissions and Records Office in the Professional Building.

The campus is authorized to provide access to student records to campus officials and employees who have legitimate educational interests in such access. These persons are those who have responsibilities in connection with the campus's academic, administrative, or service functions, and who have reason for using student records connected with their campus or other related academic responsibilities. Disclosure may also be made to other persons or organizations under certain conditions (e.g., as part of the accreditation or program evaluation, in response to a court order or subpoena, in connection with financial aid, in relation to other institutions to which the student is transferring).

This section contains summary information about academic policies. These policies are provided in their entirety in the Policies and Regulations section of the University Catalog. Please consult the Catalog for complete information about these policies.

Course load for undergraduate students

An undergraduate student may enroll in 18 units without advisor approval. Students enrolling in 19 or more units are required to have a program advisor's written approval.

Add Policy

1. Students may add courses during the first three weeks of classes with approval signatures from the instructor.
2. During the fourth week of instruction a student may add a class with the approval of the instructor and the approval of the Vice President for Academic Affairs (or designee) as indicated by their signatures on the appropriate forms.

Declaration of Majors

To help ensure timely completion of graduation requirements, students who have a total of 60 units completed and in progress must have declared a major before they may register for the next term. Upper-division transfer students are required to declare their intended major on their application for admission.

Academic leave

Students who take a one semester leave of absence from CSUCI are considered continuing students and do not need to take any action prior to registration. Any student in good academic standing may apply to take a leave of absence from the university for up to four consecutive semesters.

Semester Honors

CSUCI undergraduate students completing 12 or more units with a letter grade in a single semester or completing 12 or more units with a letter grade in one academic year assessed at the end of the Spring semester, shall be named to the Semester Honors list if they earn a 3.75 or higher grade point average. The catalog also contains information concerning:

- **Program Honors**
- **University Honors**
- **Participating in Commencement Ceremonies**

Academic Dishonesty

The catalog defines academic dishonesty to include "such things as cheating, inventing false information or citations, plagiarism and helping someone else commit an act of academic dishonesty. It usually involves an attempt by a student to show possession of a level of knowledge or skill that he/she does not possess". The catalog describes the process for evaluating cases of dishonesty and assignment of appropriate penalties.

Academic Probation and Disqualification

Academic Probation: An undergraduate student is subject to academic probation if at any time the cumulative grade point average (GPA) in all college work attempted or cumulative GPA at CSUCI falls below 2.0. Probationary students will be advised of their status by letter at the end of the semester.

The letter will include conditions for removal from probation and the circumstances that would lead to disqualification. An undergraduate student shall be removed from academic probation when the cumulative GPA in all college work attempted and the cumulative GPA average at CSUCI is 2.0 or higher.

Academic Disqualification: An undergraduate student on academic probation is subject to academic disqualification when: as a freshman the student falls below a GPA of 1.50 in all units attempted or in all units attempted at CSU Channel Islands; as a sophomore the student falls below a GPA of 1.70 in all units attempted or in all units attempted at CSU Channel Islands; as a junior the student falls below a GPA of 1.85 in all units attempted or in all units attempted at CSU Channel Islands; as a senior the student falls below a GPA of 1.95 in all units attempted or in all units attempted at CSU Channel Islands. Students' records will be evaluated for disqualification at the end of Spring semester.

Postbaccalaureate Students: A postbaccalaureate student will be subject to academic probation if, after attempting 12 or more graded units, his or her postbaccalaureate cumulative GPA for units attempted at CSU Channel Islands falls below a 2.50 average. The GPA will determine whether a student is subject to probation only when the student has attempted 12 semester units. A student enrolled in a graduate degree program in either conditionally classified or classified standing shall be subject to academic probation if he or she fails to maintain a cumulative GPA of at least 3.0 in all units attempted; no course in which the student receives lower than a C may be counted toward a Master's degree.

Students may also be placed on Administrative-Academic Probation or Administrative-Academic Disqualification subject to the conditions described in the Catalog.

Reinstatement

In order to be considered for reinstatement to the University, a disqualified student must demonstrate academic ability. This can be achieved by completing classes at other academic institutions. All classes taken must be applicable for degree credit. After reducing the grade-point deficiency, the student may petition the Academic Appeals Board for reinstatement.

Acceleration of University Studies

The University provides several means by which students may accelerate their studies; these are discussed below. Each of the following options may be subject to restrictions and regulations within individual academic programs. Therefore, students interested in any of these options should consult with the catalog and/or chair of the concerned program.

- Advanced Placement
- Unit Credit by Examination
- Substitution of Courses
- Waiver of Course Requirement
- Credit Toward Graduation for Courses Taken Outside CSU Channel Islands

Policy on withdrawal from courses

1. Students may drop courses during the first three weeks of classes without instructor permission.
2. After the third week of classes and before the end of the tenth week of classes, withdrawal from courses is permissible only for serious and compelling reasons. Approval signatures from the instructor and program chairs must be obtained to withdraw during this period. The withdrawal will be noted as a "W" on the student's permanent record.
3. During the final six weeks of instruction, withdrawal is not permitted except in cases beyond the student's control such as accident or serious illness where the assignment of an Incomplete is not practical. Approval signatures from the instructor, program chair and Provost and Vice President for Academic Affairs (or designee) must be obtained. Withdrawal in this category will typically involve total withdrawal from the University and will be noted as a "W" on the student's permanent record.
4. Instructor Initiated Withdrawal: Instructors may drop students within the first three weeks of classes and as early as the first day of classes for any the following reasons:
 - a. Student failure to attend class without having made prior arrangements with the instructor.
 - b. Student failure to complete the prerequisites for a course before enrolling.
 - c. Student failure to secure properly the permission of the instructor before enrolling when such permission is required.

Graduation

To qualify for graduation, students must complete all requirements for the bachelor's degree by the official graduation date listed in the Schedule of Classes. Graduation is not automatic upon the completion of requirements. Students who intend to graduate must take the initiative and should follow the key steps listed in the Catalog. While students are ultimately responsible for completing all degree requirements, assistance is available through faculty advisement, the Advising Center, and Graduation Evaluations. It is important that students meet regularly with an advisor to avoid graduation problems and delays.

The application for bachelor's degree, and diploma, and filing fee entitle students to an official graduation evaluation of progress toward meeting baccalaureate degree requirements. Students qualifying for graduation by the designated graduation date may participate in the annual commencement ceremony. The application for degree is available at the Advising Center in the Bell Tower and at the Enrollment Center in the Professional Building.

Forgiveness of Previously Earned Grade (Repeat and Delete)

The Forgiveness of Previously Earned Grade Policy may be used only by undergraduate students. It may not be used by graduate/postbaccalaureate students working on master's degrees, graduate certificates, teaching credentials or by unclassified postbaccalaureate students, even when they might take undergraduate courses.

1. In the case of a repeated course, the subsequent grade is substituted for the earlier one in the computation of units attempted and grade point average. The previous course grade(s) remain(s) on the record, but is/are annotated as being discounted from grade point average calculations.
2. This policy applies only to courses taken at CSUCI and repeated at CSUCI. A student may repeat up to a total of eighteen (18) semester units taken at CSUCI, for forgiveness. Beyond 18 semester units, all grades received will be averaged into the GPA.
3. This policy may be used only on grades of "WU," "F," "D-," "D," "D+," "C-," "C," "IC."
4. This policy may not be used on grades of "A+," "A," "A-," "B+," "B," "B-," "C+," "C," "T".
5. A grade assigned as a result of student disciplinary procedures cannot be forgiven and will be computed in the grade point average.

Graduate / Postbaccalaureate Student Course Repeat

A graduate/postbaccalaureate student may take a course a total of 3 times with no grade forgiveness. All grades will be calculated into the GPA. Unit credit for the courses will be granted only once unless courses are repeatable as specified in the catalogue. Courses may only be repeated when the grade is "WU," "F," "D," "D+," "C-," "C," "C+," "IC."

Advisors: Shannon Ordoñez, Barbara Duffin (Liberal Studies),
Leah Alvarado, and Traci Franks

Administrative Support Coordinators: Roberta Brodie and

Articulation Officer: Janet Rizzoli

At CSU Channel Islands, the role of advising is shared by faculty advisors and professional advisors. Academic advising is a continuous process that supports students throughout their academic journey at the University. Students are ultimately responsible for their educational planning and meeting all graduation requirements. Students need to be familiar with the University Catalog policies, as well as major and degree policies. In order to ensure academic success and remain on course, students are encouraged to maintain regular contact with academic advisors.

Students may stop by the Advising Center check-in counter to schedule an appointment with one of our professional academic advisors. Major faculty advisors are available on a walk-in basis or by appointment. Each semester, office locations, hours, and phone numbers are posted in the display case outside the Advising Center. Advisors are busiest during registration periods and the first few weeks of the semester. Therefore, students are encouraged to schedule advising sessions during non-peak times.

Systemwide Placement Test Requirements

The California State University requires each entering undergraduate, except those who qualify for an exemption, to take the CSU Entry Level Mathematics (ELM) examination and the CSU English Placement Test (EPT) prior to enrollment. These placement tests are not a condition for admission to the CSU, but they are a condition of enrollment. They are designed to identify entering students who may need additional support in acquiring the basic English and mathematics skills necessary to succeed in CSU baccalaureate-level courses.

Undergraduate students who do not demonstrate college-level skills in mathematics will be placed in appropriate remedial programs and activities during the first term of their enrollment. Students placed in such programs in mathematics must complete all remediation in their first year of enrollment. Failure to complete remediation by the end of the first year

may result in denial of enrollment for future terms. Students register for the EPT and/or ELM at their local CSU campus. Questions about test dates and registration materials may be addressed to the Student Life office located in the Bell Tower Building, Room 1769, (805) 437-8510.

Directed Self Placement (DSP)

Directed self placement will be the only method used on the CSU Channel Islands campus to place students into freshman composition courses. EPT scores will not be used. Students will be given guidance in directed self placement during orientation and will select either English 105, Composition and Rhetoric, or the English 102/103 Stretch Composition sequence. Completion of either English 105 or English 102/103 satisfies the freshman writing requirement.

The University Math and Writing Center

Contact Roberta Brodie at 805-437-8409 or check the display in front of the Advising Center for the current schedules and location of each center.

At The University Math and Writing Center the process is collaborative. Tutors work with students to encourage effective, independent learning, and to further knowledge and understanding during their education at CSU Channel Islands. Tutors are available to accommodate students' needs, whether one desires help completing homework, studying for a test, or just understanding a concept. They are able to consult in virtually every math course offered on this campus, and their specialties are posted in front of the lab.

In the Writing Center, trained student consultants are available to assist students with composing a first draft, editing, and polishing their completed work. Students who would like to review the fundamentals of grammar, syntax, and word usage are invited to work with consultants on an individual basis, or in small group sessions with the center's director. The center is also available to assist students with organizing their studies, taking notes, and using research materials.

Registration Experience

Schedule of Classes

It is the responsibility of every CSU Channel Island student to read and understand the Schedule of Classes. Students are expected to adhere to academic policy and published deadlines, and to follow correct enrollment procedures. The Schedule of Classes provides students with the information needed to successfully enroll in classes by:

- **Furnishing a list of classes offered for the Spring 2005 semester.**
When planning a schedule, please note any specific prerequisites.
- **Advising students of pertinent deadlines and current fees.**
This schedule instructs students on where to seek advice on how to plan a class schedule, how to change a program, and on other academic procedures.
- **Outlining those courses that may be taken to fulfill general education requirements.** Obtain an updated list of general education requirements from the Advising Center.

Schedule of Classes on the Web

This Schedule of Classes publication will also be available online on the University web site. Additionally, changes, added sections and class cancellations will be posted to the web site prior to the start of the semester. The most current listing of classes is available by using the [View Schedule of Classes](#) link in my.CSUCI.edu to search current offerings.

Registration

Registration takes place on the web at my.CSUCI.edu. This is the University's student information system. Students register for classes at appointment times, which are set based on class level and descending number of units earned (seniors, then juniors, etc). New students will also register this way, during Orientation and new student advising workshops. Access to the system is secured by a unique user ID and password.

The my.CSUCI.edu system also allows students to maintain their address and phone number, view their grades at the end of the term, and review their transcripts of classes taken at CSUCI. As new features are implemented, they will become available on the my.CSUCI.edu site.

Help documents covering login procedures, minimum browser requirements and a tutorial on the self-service system are available at <http://www.csuci.edu/cicms/help/>.

Course Load

An undergraduate student may enroll in 18 units without advisor approval. Students enrolling in 19 or more units are required to have a program advisor's written approval. Advisors may sign the Change of Program form or a Course Overload form. Forms are available from, and must be processed at the Enrollment Center.

Class Time Conflicts

It is the policy of CSU Channel Islands that no student shall be permitted to enroll simultaneously in any two or more classes meeting during the same time period.

Waitlist

Students may opt to be placed on a waitlist for a class that is full at the time of registration. The student will be informed at the time of registration in my.CSUCI.edu of his / her position on the waitlist for a class. Students opting for the waitlist are not guaranteed entry to the class. However, prior to the start of classes, if sufficient space becomes available, and the student has not enrolled in another section of the same class or in another class that would cause a time conflict, the student will be enrolled into the class from the waitlist. Students who opt to be waitlisted for a class are encouraged to check their schedules often to determine if their position on the waitlist has changed or if they have been enrolled in the class from the waitlist. Students will not otherwise be notified of their enrollment in a class from the waitlist.

If a waitlist exists for a class at the start of the semester, a waitlist roster will be provided to the instructor which lists students in the order that they waitlisted for the class. The instructor may, at his / her discretion, use the waitlist to determine who may be allowed to add the class.

The waitlist is not available for class sections that have been cancelled nor is it available for non-enrollment components of classes.

Change of Program & Late Registration

Students are responsible for managing their programs of study; obtaining any authorizations required to add, drop or swap classes or to change the basis of grading for a class. Such changes can be made on the web in my.CSUCI.edu prior to the start of classes without any authorization. Once classes begin through the end of the third week of the semester, the authorization of the instructor is required to add. Beginning with the fourth week of instruction, all enrollment changes must be requested by obtaining required signatures on the Change of Program form and having the form processed at the Enrollment Center.

Students are responsible for any additional fees incurred as a result of adding classes. Please refer to the Change of Program Table in this Schedule of Classes for information on Change of Program deadlines and required authorizations.

Late Registration

Students who have not registered prior to the start of classes must follow the late registration procedures in order to enroll. Students must obtain authorization from the instructor to add a class prior to the published deadline. Students may add classes in one of the following ways:

- By obtaining the signature of the instructor on the Change of Program form, available in the Enrollment Center in the Professional Building, and having the form processed at the Enrollment Center.
- By obtaining a Permission Number from the instructor and entering the class number and permission number in my.CSUCI.edu.

Late registration must be completed by the end of the third week of instruction. A \$25.00 Late Registration fee

is charged in addition to all regular registration fees. Refer to the University Fees section of this publication for more information. Late registration is available only to students admitted to the University. Please refer to the Change of Program Table in this Schedule of Classes for information on Change of Program deadlines and required authorizations.

Adding Classes

Once classes begin, students must obtain authorization from the instructor to add a class prior to the published deadline. Students may add classes in one of the following ways:

- By obtaining the signature of the instructor on the Change of Program form, available in the Enrollment Center in the Professional Building, and having the form processed at the Enrollment Center.
- By obtaining a Permission Number from the instructor and entering the class number and permission number in my.CSUCI.edu.

Students are responsible for any additional fees incurred as a result of adding classes. Please refer to the Change of Program Table in this Schedule of Classes for information on Change of Program deadlines and required authorizations.

Dropping Classes

Prior to the start of classes and through the end of the third week of the semester, students may drop classes on the web in my.CSUCI.edu without any authorization of the instructor. Alternatively, once classes begin, students may complete the Change of Program form and have it processed in the Enrollment Center until the deadline. Although a record is kept of the drop, the course will not appear on the student's permanent record.

Beginning with the fourth week of instruction and prior to the tenth week of instruction, withdrawal is permissible only for serious and compelling reasons. The approval signatures of the instructor and the Program Chair are required to withdraw from a class during this period. Documentation of the serious and compelling reasons may be required. A "W" grade will be recorded on the student's permanent record.

Withdrawal during the final six weeks of instruction is not permitted except in cases where the circumstances causing the withdrawal are clearly beyond the student's control, and the assignment of an "I" (Incomplete) grade is not practical. Ordinarily, withdrawal in this category will involve complete withdrawal from the University. The approval signatures of the instructor and program chair are required to withdraw from classes during this period. Documentation of the circumstances causing the student to request withdrawal may be required. A "W" grade will be recorded on the student's permanent record for each course.

Failure to properly withdraw from class(es) may result in the student receiving failing grades ("WU" grade). Please refer to the Change of Program Table in this Schedule of Classes for information on Change of Program deadlines and required authorizations.

Complete Withdrawal from the University

Students who find it necessary to withdraw from CSU Channel Islands after enrolling are required to follow the official withdrawal procedures. Students must provide proof of a serious and compelling reason for withdrawal. Complete Withdrawal from the University is requested by completing a Change of Program form. Beginning with the fourth week of instruction, the signature of the Instructor and Program Chair is required. Please refer to the Change of Program Table in this Schedule of Classes for information on Change of Program deadlines and required authorizations. Failure to properly withdraw may result in the assignment of failing grades in all courses.

Students receiving financial aid are advised to consult with the Financial Aid Office, prior to withdrawing from the University, regarding any required return or repayments of grant or loan assistance received for that academic term. If a recipient of financial assistance under federal Title IV financial aid programs withdraws from the institution during a payment period, the amount of grant or loan assistance received is subject to return and repayment provisions governed by federal law.

Consult the University Fees section of this publication for information on refunds as a result of Complete Withdrawal from the University.

Instructor Initiated Drop**Non-Attendance**

An instructor may drop a student who does not attend class and who has not made prior arrangements with the instructor. This may occur as early as the first class meeting or any time during the first three weeks of the semester.

Note: It is the student's responsibility to manage his / her class schedule and any change of program. Failure to properly drop a class may result in the student receiving a failing ("WU") grade for the course.

Prerequisites

An instructor may drop a student who has enrolled in a class requiring permission of the instructor or completion of prerequisites if the student has not properly secured this permission or satisfactorily completed the prerequisites before enrolling.

Change of Grading Basis

A student may opt to change the grading basis for a class, only if an alternate grading basis is available to that course as indicated in the Catalog. Some classes are not available to be taken on a Credit / No Credit grading basis, conversely, some classes are only offered on a Credit / No Credit basis and may not be taken for a letter grade. Consult the Catalog for the options available to each course. Additionally, the student should be aware that courses taken for the major may not be allowed to be taken on a Credit / No Credit grading basis.

Changes of Grading Basis must be requested by completing a Change of Program form and having the form process at the Enrollment Center.

Please refer to the Change of Program Table in this Schedule of Classes for information on Change of Grading Basis deadlines.

Special Enrollment Programs**Intrasystem Concurrent Enrollment**

This program permits students to enroll for classes at CSU Channel Islands and another CSU campus simultaneously. There is no limitation to the number of times a student may enter this program, as long as an application is filed each semester within the application deadlines outlined by the host campus. Please consult your program advisor and financial aid representative at your home campus. Contact the Enrollment Center for the Intrasystem Concurrent Enrollment application.

Intrasystem Visitor Enrollment

This program permits students to enroll solely at a CSU campus different from their home campus. Registration fees are paid to the host campus (the campus which the student is visiting). Financial aid recipients should check with a financial aid representative at their home campus. Applications must be filed within the application deadline outlined by the host campus. Contact the Enrollment Center for the Intrasystem Visitor Enrollment Application.

Grade Policy

1. The "ABCDF" is the default grading system.
2. Although it is not required, individual faculty members may add a "+" or "-" to any grade except "F." By adding a "+" to a grade, the grade points earned increase by 0.3 (except

IMMUNIZATION REQUIREMENTS

Entering CSU students are required to present proof of the following immunizations to the CSU campus they will be attending before the beginning of their first term of enrollment.

Measles and Rubella: All new and readmitted students born after January 1, 1957 must provide proof of full immunization against measles and rubella prior to enrollment. Submit medical documentation to the Student Health Center to verify both vaccinations were received since age 1 or obtain the vaccination at no charge through the Student Health Center.

Hepatitis B: All new students who will be 18 years of age or younger at the start of their first term at a CSU campus must provide proof of full immunization against Hepatitis B before enrolling. Full immunization against Hepatitis B consists of three timed doses of vaccine over a minimum 4 to 6 months period. If you need further details or have special circumstances, please consult the Student Health Center at (805) 437-8828 in the Health Center Building located on San Luis Avenue.

an A+ shall still be 4.0 grade points). By adding a “-” to a grade, the grade points earned shall decrease by 0.3. Course syllabi are required to state clearly whether “+/-” grading is used.

3. A student may take a course “CR/NC” if the course is designated as allowing “CR/NC” grading in the course approval process.
4. No more than 12 units of General Education courses may be taken “CR/NC.”
5. The decision as to how many units of courses may be taken “CR/NC” and which courses can be taken “CR/NC” is left up to each individual program.
6. Course syllabi shall include a discussion of the instructor’s grading policy.

Other Grading Symbols Assigned:

I (Incomplete Authorized). The “I” symbol indicates that a portion of course required course work cannot be met within the prescribed time period due to unforeseen circumstances, and that there is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the attention of the instructor and to determine from the instructor the remaining course requirements which must be satisfied to remove the Incomplete. An “I” must normally be made up within one calendar year immediately following the end of the term during which it was assigned. A final grade is assigned when the work agreed upon has been completed and evaluated. Failure to complete the assigned work will result in an “I” being converted to an “IC” symbol, unless the faculty member assigns a specific letter grade at the time the Incomplete is assigned.

IC (Incomplete Charged). The “IC” symbol may be used when a student who received an authorized incomplete (“I”) has not completed the required course work within the allowed time limit. The “IC” replaces the “I” and is counted as a failing grade for grade point average calculation.

RP (Report in Progress). The “RP” symbol is used in connection with courses that extend beyond one academic term. It indicates that work is in progress, but that the assignment of a final grade must await completion of additional work. Work is to be completed within one year except for graduate degree theses.

W (Withdrawal). The “W” symbol indicates that the student was permitted to withdraw from the course after the third week of the semester with the approval of the instructor and appropriate campus officials. It carries no connotation of quality of student performance and is not used in calculating grade point average. See withdrawal procedures in the Catalog.

WU (Withdrawal Unauthorized). The “WU” symbol indicates that an enrolled student did not formally withdraw from the course according to University policy and also failed to complete course requirements. It is used when, in the opinion of the instructor, completed assignments or course activities or both were insufficient to make normal evaluation of academic performance possible. For purposes of grade point average, this symbol is equivalent to an “F.”

Policy on Forgiveness of Previously Earned Grade (Repeat and Delete)

The Forgiveness of Previously Earned Grade Policy may be used only by undergraduate students. It may not be used by graduate/postbaccalaureate students working on master’s degrees, graduate certificates, teaching credentials or by unclassified postbaccalaureate students, even when they might take undergraduate courses.

1. In the case of a repeated course, the subsequent grade is substituted for the earlier one in the computation of units attempted and grade point average. The previous course grade(s) remain(s) on the record, but is/are annotated as being discounted from grade point average calculations.
2. This policy applies only to courses taken at CSUCI and repeated at CSUCI. A student may repeat up to a total of eighteen (18) semester units taken at CSUCI, for forgiveness. Beyond 18 semester units, all grades received will be averaged into the GPA.
3. This policy may be used only on grades of “WU”, “F”, “D-”, “D”, “D+”, “C-”, “C”, “IC”.
4. This policy may not be used on grades of “A+”, “A”, “A-”, “B+”, “B”, “B-”, “C+”, “C”, “I”.
5. A grade assigned as a result of student disciplinary procedures cannot be forgiven and will be computed in the grade point average.

Graduate / Postbaccalaureate Student Course Repeat

A graduate/postbaccalaureate student may take a course a total of 3 times with no grade forgiveness. All grades will be calculated into the GPA. Unit credit for the courses will be granted only once unless courses are repeatable as specified in the catalogue. Courses may only be repeated when the grade is “WU”, “F”, “D”, “D+”, “C-”, “C”, “C+”, “IC.”

Policy on Course Grade Appeals

1. Each student has the right to appeal the final course grade, but each student has the right to appeal the final course grade, but only the final course grade. A student may not appeal individual assignments and examinations.
2. Appeals are limited to situations in which the student believes the grade was “prejudicially,” “capriciously,” or “arbitrarily” assigned.
3. The appeal must be initiated within the first regular semester after assignment of the grade. It must first be directed to the instructor of the course, orally or in writing. If further action is necessary, the student should appeal in writing to the program coordinator. If further action is necessary, the issue may be appealed to the University Grade Appeals Committee.
4. The University Grade Appeals Committee shall consist of faculty and at least one student.
5. Individuals may not participate as a member of the University Grade Appeals Committee in the review of an appeal if they are a participant in an appeal.
6. The decision of the University Grade Appeals Committee is final.

Procedure for Enrollment in Regular Classes Through Open University

Open University permits non-matriculated students to register in regular classes on a “space available” basis. Up to 24 units earned through Open University and Extension may be applied to a bachelor’s degree, and up to 9 units may be applied to a master’s degree.

Individuals who have not been formally admitted to the University may register through Extended Education as an Open University student for regular classes by securing the approval of the instructor and paying extension fees. Students are expected to meet any course prerequisites and are subject to Open University Extension regulations regarding change of program, fees, refunds, and grades.

Students should attend desired classes for the first week. If space is available after the first week of classes, and with the appropriate approval, students may register at the Enrollment Center. Full payment of fees is due at the time of registration.

Participation in the Open University Program does not constitute admission to the University nor does it entitle individuals to services available to regular students, with the exception of library privileges.

EXTENDED EDUCATION Open University

Open University provides an opportunity for those who are not currently admitted to CSUCI to enroll in courses offered by the regular university.

Financial Aid

Students who have accepted a financial aid award before the start of the semester will be able to postpone payment of registration fees until **January 21, 2005** as long as a signed Promissory Note is on file with Cash Services. Financial aid awards will first be used to satisfy any obligations owed to the University. If the total aid available is not sufficient to pay fees or if the student loses financial aid eligibility, the student is responsible for payment of fees. Outstanding balances on accounts, after January 28, 2005 must be paid by the student. Once financial aid is applied to the account, the student will be reimbursed. For questions regarding your aid, contact the Financial Aid office at (805) 437-8530.

All disbursement rules must be met before aid will be paid out. Students who lose financial aid eligibility, or for whom financial aid awards are not sufficient to pay all fee charges, will be billed by Cash Services. **All obligations are due when billed.** Financial aid awards will be disbursed to student accounts the week before classes start and weekly thereafter. Disbursements can be picked up in person at the Cashier's Office on Friday mornings, during the hours of 9:30 a.m. – 11:30 a.m. Checks remaining in the office after 11:30 a.m. will be mailed to students through the U.S. postal service.

To qualify for a financial aid disbursement, students must be enrolled in at least 12 units. This is considered the minimum full-time load and will result in full financial aid eligibility. Students enrolling less than full time may have their aid reduced. Most financial aid programs have minimum unit requirements that must be met or aid from those programs may be cancelled completely. If you completely withdraw from school, you may be required to repay some or all of your financial aid.

Aid Disbursement/Address Change

A week before classes begin, the aid that is available for students for the current semester is applied to a student's account. Fees and current semester campus residence costs are paid. If there is a balance in a student's account after the fees and residence costs have been applied, a balance check is mailed to the student at the home address in Peoplesoft. *Please note that address changes must be done with the Financial

Aid office and in Peoplesoft to ensure the most accurate information.

Federal Military Selective Service Act

The Federal Military Selective Service Act (the "Act") requires most males residing in the United States to present themselves for registration with the Selective Service System within thirty (30) days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959 may be required to submit a statement of compliance with the Act and regulations in order to receive any grant, loan, or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information in the Selective Service System is available and the registration process may be initiated online at www.sss.gov.

SPONSORSHIPS**Corporate/Organization**

A contractual agreement with the University or prior arrangement with Cash Services is required from the sponsoring agency. Students must enclose authorization obtained from the employer/agency. The agency authorization must be on company letterhead stationery with an authorized signature. Authorizations with payment restrictions will not be accepted. Students will be billed for differential payment if the employer/agency is not assuming responsibility for the full amount of registration fees (e.g. nonresident fees). The employer/agency will be billed for the authorized (or actual if less) amount with payment due within thirty days of the invoice date.

Federal Government

A signed authorization must be on letterhead stationery of a recognized branch of the Federal Government. The student is responsible for any portion of the fees not covered by the agency.

Military/ROTC

Enclose authorization on letterhead stationery or 1556 form which clearly indicates the sponsoring agency to be billed. The authorization must bear the signature of the commanding officer or recognized official. Conditional authorizations will not be accepted. Payment from the sponsoring agent is required within thirty days of the invoice date.

State and Veterans Vocational Rehabilitation

Enclose signed authorization from the appropriate sponsoring agency (State Department of Rehabilitation or Veterans Administration).

Veterans Services

Students seeking education allowances under provisions of any Veterans Act must be eligible with the Veterans Administration to receive benefits. All students wishing to draw benefits who are enrolled for any semester must have their current program on file with the Office of Veterans Student Services. This rule applies each time you register with the University.

WAIVERS

CSU Employee Fee Waiver and Reduction Program

CSU State employees wishing to take job-related/career development classes or transfer their benefit to a spouse, dependent, or domestic partner must apply to the university through Human Resources.

Intrasystem Concurrent Enrollment

California resident students participating in this program pay their registration fees at the home campus. Nonresident participants must pay any additional fees to CSUCI.

Intrasystem Visitor Enrollment

California resident students participating in this program pay their fees at the host CSU campus.

Veteran's Dependent

Contact the Division of Veteran Services of the State Department of Veteran Affairs for eligibility requirements. Submit the waiver authorization letter to the campus Veteran's Student Services Office and fee payment (if applicable) by the deadline date. A Veteran Dependent recipient will receive an authorization letter and will be invoiced for the cost of campus-based fees as listed in the Schedule of Classes.

Cancellation of Registration Prior to the Beginning of the Term

A student will be eligible for a full refund if fees are paid but no enrollment occurred or if all classes have been dropped prior to the first day of instruction for the term. Procedures for withdrawal are available in the Enrollment Center or in this Schedule of Classes.

Students will also receive a full refund of mandatory fees and nonresident tuition under the following circumstances:

- The tuition and mandatory fees were collected in error.
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the University.
- The University makes a delayed decision that the student was not eligible to enroll in the term for which the mandatory fees were assessed and collected, and the delayed decision was not due to incomplete or inaccurate information provided by the student.
- The student was activated for compulsory military service.

All refunds for mandatory fees are now automatic. Refund checks will be mailed to the address on file with Admissions and Records. Please make sure that your address is correct. Payments made by Visa or Master Card will be credited back to the original card.

Prorated Refunds for Complete Withdrawals

Beginning with the first day of instruction for the term, refunds for complete withdrawals will be prorated based on the date of withdrawal and the length of the academic period up to the 60 percent point of the term. Refunds are processed automatically. A student who officially withdraws after the 60 percent point in the academic period will not be entitled to a refund.

Refunds for Partial Withdrawals

A student who drops some, (but not all) units resulting in a lower mandatory fee obligation by February 11, 2005 will be entitled to a refund of the applicable difference in fees. Refunds are processed automatically. A student who fails to drop classes that would result in a lower fee category by the deadline will not be entitled to a refund.

NOTE: It is the sole responsibility of the student to withdraw from classes. Refunds can only be issued to students who withdraw from classes by the published deadlines. Students are responsible for verifying their withdrawal from classes.

Attention Students!!

Important Spring 2005 Refund Policies and Procedures

- For a full refund, all classes must be dropped prior to the first day of instruction. Beginning the first day of classes, your refund will be pro-rated.
- All refunds for mandatory fees are now automatic.
- Refund checks will be mailed to the address on file. You can update your address by logging into PeopleSoft at <http://my.csuci.edu/>.
- Please refer to the refund section in this Schedule of Classes for eligibility requirements.
- Financial aid student refunds must be returned to the University to credit federal financial aid accounts.
