FROM THE PRESIDENT

As President of California State University, Fullerton, I am pleased to welcome you to our 44th annual commencement. Commencement is a very special time for degree candidates, families, friends and other members of the campus community. It is a time when we celebrate the successful conclusion of degree programs designed to foster the development of humane leaders prepared to meet the opportunities and challenges of a changing, diverse world.

Today the university honors some 7,833 undergraduate and graduate students who completed degree requirements in January or who are scheduled to do so in June or August. It is fitting that recognition of your accomplishments should be in the presence of your professors, relatives and friends who have participated in a variety of ways in helping you attain your academic goals. As candidates for graduation, you are the proud products of our academic enterprise. We hope that you forever will be life-long learners dedicated to the pursuit of excellence and the importance of life issues.

On behalf of the faculty, staff and students of California State University, Fullerton, I extend heartiest congratulations to the Class of 2003 upon reaching this educational milestone. I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family. The future is yours!

A handwritten signature in dark ink, reading "Milton A. Gordon". The signature is written in a cursive style with a large, stylized 'M' and 'G'.

Milton A. Gordon

President, California State University, Fullerton

FROM THE ALUMNI

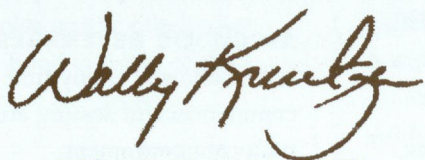

On behalf of the Alumni Association of Cal State Fullerton, I offer congratulations to each of you on the occasion of your graduation. I know you are experiencing a variety of emotions today – pride, anticipation, and certainly joy as you celebrate your accomplishments. As you reflect on this day and on your years spent at Cal State Fullerton, I hope you will also feel a sense of belonging that does not end when you receive your diploma.

This commencement ceremony brings our alumni family to 140,000. Among these Cal State Fullerton graduates are Academy Award winning actors and screenwriters, television news reporters, Pulitzer Prize winning journalists, successful novelists, doctors, lawyers, teachers, professional athletes, entrepreneurs, legislators, scientists, and CEO's of major companies. These alumni, as well as graduates in a variety of other professions, are the leaders who are making a difference in our communities.

I encourage you to stay connected to this large Titan network and our alma mater by joining the Alumni Association. As a member you will have many opportunities to tie into this network, continue your professional development, and maintain the friendships you have made at Cal State Fullerton.

Congratulations to you and your family on this achievement, and best wishes for all that the future holds for you.

Go Titans!

Walter D. Kreutzen '72/'74

President, Alumni Association of Cal State Fullerton

ABOUT THE PROGRAM

LIST OF CANDIDATES: Students eligible to participate in the 2003 commencement ceremonies are January 2003 graduates and June 2003 and August 2003 candidates who filed for graduation prior to the announced deadlines.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: cum laude, 3.5 to 3.74; magna cum laude, 3.75 to 3.89; summa cum laude, 3.9 to 4.0. Students who have earned honors at graduation have been awarded ribbons with medallions that bear the seal of the university: white ribbons denote cum laude; orange ribbons denote magna cum laude; and blue ribbons denote summa cum laude. Program notations indicating achievement of these awards are based on the students' records at the end of the fall 2002 semester. Official award of appropriate diplomas and recognition of honors achieved (which are indicated on the diplomas as appropriate) are contingent upon the candidates having met all university requirements and related criteria.

PRESIDENT'S SCHOLARS: Students who are President's Scholars are noted in the list of candidates. This program to recognize academic and extracurricular excellence is sponsored by the President's Associates.

FACULTY MARSHALS: The faculty marshal leading the procession in each commencement ceremony has been honored as the Distinguished Faculty Member of that particular college. This distinction is bestowed by the president upon the nomination of fellow faculty members.

UNIVERSITY HONORS: Students graduating with University Honors have earned 24 units of Honors coursework, achieved a minimum grade point average of 3.5, and completed a Senior Honors Project. These students have been awarded medallions for their achievement. Program notations are based on the students' records at the end of the fall 2002 semester. Official award of University Honors (which is indicated on the diploma) is contingent upon the candidate having met all university requirements and related criteria.

PHI KAPPA PHI: Among those participating in commencement ceremonies are students wearing a white ribbon with a zigzag design. These students have been elected to membership in the Honor Society of Phi Kappa Phi, a national organization founded in 1897. Students are selected for membership from all of the recognized academic disciplines based on records of outstanding scholarly achievement.

PHOTOGRAPHY: The CSUF Alumni Association has arranged for a commercial studio to photograph each graduate at the moment he or she crosses the platform. Proofs and information on ordering prints will be mailed, with no cost or obligation, to participants. Guests may take photographs during the ceremonies; in the interest of decorum, they are requested to do so from their seats.

ALCOHOLIC BEVERAGES: Alcoholic beverages will not be allowed at any time in the assembly area, at the commencement seating area or at other areas associated with commencement.

SMOKING: Please, no smoking during the ceremonies.

EMERGENCIES: Personnel from the Student Health Center and the Public Safety Department will be on duty to provide aid in the event of emergencies. The emergency telephone number is 278-3333.

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees, but certain universities have authorized the use of colored gowns. Light blue gowns are worn by candidates for associate degrees in terminal technical curriculums. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters; and light coffee (drab), Business Education.

THE MACE: The mace is a ceremonial symbol of authority carried in academic processions at commencements and convocations. Originating in the Middle Ages, it once was a formidable weapon, held ready to protect the person of dignity. The University Mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973, and Master of Arts in Art in 1976. The design of the mace reflects the university's architecture, colors (blue and white) and location—the site of the first commercially grown Valencia orange grove. The stem is of cocobolo, a wood orange in color, while the university's colors are represented through the use of ivory and niello. At the top of the mace is the university seal.

SATURDAY, MAY 31, 2003

Michael S. Carona, the grandson of Sicilian immigrants and a Santa Monica native, began his law enforcement career as a deputy with the Orange County Marshal's Department upon graduating from the Orange County Sheriff's Academy in 1976. He quickly established a record of service while still continuing his formal education, earning bachelor's and master's degrees in management from the University of Redlands, and a master of arts degree in management from Cal Poly Pomona as well.

In 1988, Carona was chosen as marshal of Orange County, making him, at the age of 33, the youngest department head in the county. For 11 years he served at the pleasure of the Orange County Municipal and Superior Court judges until, in January 1999, he was elected the 11th sheriff in the history of Orange County. As head of the fifth largest sheriff's department in the nation, Sheriff Carona now oversees nearly 4,200 employees and an operating budget of approximately \$500 million. Running unopposed, he was recently reelected to a second four-year term.

Last summer, Sheriff Carona led the investigation into the abduction of 5-year-old Samantha Runnion. Carona was lauded for his department's work in finding Samantha's murderer. His leadership led CNN talk show host Larry King to call Carona "America's Sheriff."

In addition to serving on the board of directors of numerous philanthropic organizations and holding a number of state appointments, Carona is co-chair of the Amber Alert Program and in 2002 was appointed by President George W. Bush to serve on the Emergency Response Senior Advisory Committee for the Homeland Security Council. Reporting to Director of Homeland Security Tom Ridge, Carona is one of only 15 members from the United States and the only sheriff on the committee.

Carona is a devoted advocate for issues related to young people. His book, *Save My Son: A Mother and a Sheriff Unite to Reclaim the Lives of Addicted Offenders*, co-authored with Maralys Wills, proposes progressive models for reclaiming the lives of substance abuse offenders.

SUNDAY, JUNE 1, 2003

Peace Corps Director **Gaddi Vasquez** learned the value of education from his mother and the importance of hard work from his father. The son of migrant workers who moved to the city of Orange when he was six years old, Vasquez remembers his father saying, "You must work hard every day so that you have a job the next day."

The first college graduate in his family, Vasquez attended Santa Ana College and graduated from the University of Redlands. At the age of 19, he joined the Orange police force after graduation and was the youngest officer ever to serve that city.

His career continued in public service and politics, and work for the city manager's office in Riverside led to a job as an assistant to then-Orange County Supervisor Bruce Nestande. In the mid-80s, Vasquez moved to Sacramento to work for Governors George Deukmejian and Pete Wilson.

In 1987, Deukmejian appointed Vasquez to the Orange County Board of Supervisors; he was 32 and the first Hispanic to hold that position. Twice elected to the board, he championed a number of issues including child care, improved healthcare access, tourism and economic development. He resigned his position as supervisor following the Orange County bankruptcy and became a division vice president in the public affairs department of the Southern California Edison Company.

In July 2001, President George W. Bush appointed him director of the Peace Corps. His immediate goal is to double the number of Peace Corps volunteers by 2007 and increase the number of minorities involved in the program. He has also increased security to ensure volunteers' safety since the events of Sept. 11, 2001.

Vasquez has been committed to community affairs in Orange County and beyond and has served on the boards for many national and local nonprofit organizations. With continued dedication to higher education, he also cofounded the Orange County Hispanic Education Fund, which has raised over \$1 million in scholarships for Latino students.

OUTSTANDING PROFESSOR

If you've ever been to one of the many tide pools along Orange County's coast, chances are Steven N. Murray, recipient of this year's Outstanding Professor Award, the university's highest faculty honor, has been there many times with his research students. Murray, a marine biologist who has taught at the university for more than three decades, is recognized as one of the world's authorities in the field of phycology (the study of marine plants), intertidal ecology and coastal marine conservation. He is sought after by students across the country who come to Fullerton to pursue graduate studies in marine biology.

Over the years, the biological science professor has been awarded more than \$1 million in research grants from such federal agencies as the National Oceanic and Atmospheric Administration, largely through the USC Sea Grant Program, and the Mineral Management Service of the U.S. Department of the Interior.

Instrumental in ongoing processes to create an improved system of marine reserves in California, Murray has been nominated to serve on the newly created National Marine Protected Areas Federal Advisory Committee, which provides recommendations to the secretaries of commerce and the interior on marine protected areas.

"He is well known around the world as a phycologist, ecologist, naturalist and conservation biologist," said Paul Dayton of the Scripps Institution of Oceanography. "Even as I sit here, I can think of people from at least six countries who have sung his praise to me. His papers are heavily cited and very highly regarded. Scientifically, he is a star."

On campus, Murray has mentored numerous graduate and undergraduate students over the years and has held various administrative posts. As a former softball and Little League baseball coach, Murray has assisted students on the playing field as well as in the laboratory. He has received numerous awards in recognition of scholarly activities and teaching excellence and has authored or co-authored more than 100 articles in scientific journals.

HONORS CONVOCATION

Ryan Alcantara
Kandy Mink
Kathryn Ruzzi
Ellen Shaw

Learning is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge.

Our affordable undergraduate and graduate programs provide students the best of current practice, theory and research and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society.

We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
