## ED AND REC ENDORSES NO KITCHEN FEES

By Will Janoff

No fees for use of the kitchen facilities was the unanimous recommendation of the Education and Recreation Committee at their last regular February 13 meeting. The action was taken as a result of deliberation by an ad hoc committee representing the L.V. clubs who use the kitchen facilities. A ruling by the Board of Directors that imposed a ten dollar per hour charge for users of the kitchen was previously retracted after strong resident protests.

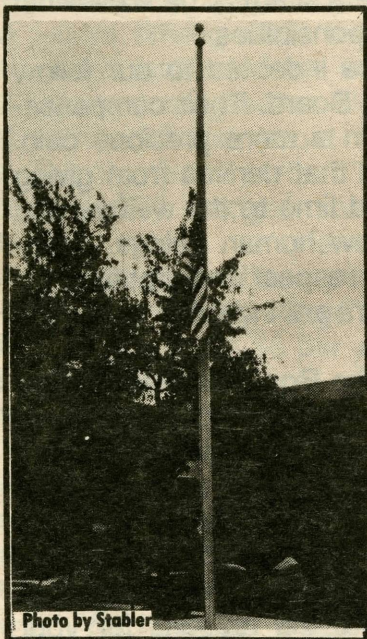

The committee felt that the paid Association staff should be responsible for monthly "in depth" cleaning of the kitchen and that the clubs and other resident groups take care of the surface cleaning after each of their activities.

The recommendation also stated that the kitchen facility is to be included in the LV budget to cover supplies, the replacement of normal breakage and missing inventory, and an allowance for additional labor hours be made to maintain kitchen cleanliness.

## THE VILLAGE PLAYERS

John Zoller's production of the one-act play, "The Tale of a Goat" by Sholom Aleichem will be featured at the April meeting of the Village Players.

Guest speaker at the February meeting was Helen Jordan of the Camarillo Community Theatre and the Ventura County Repertory Theatre.

## PIANO CONCERT

By Sandy Okum

Dr. Maura Mitrushina, a concert pianist born and raised in Leningrad, Russia, will perform a benefit concert in L.V. for Y.N.C.G. This concert will take place on Friday evening at 7:30 p.m., March 7, in the AR.

Benefitting, by the graciousness of our guest pianist, will be Food Share. Food Share is a volunteer organization that distributes donated foods to the needy in L.V. and all of Ventura County.

So, — instead of dollars as admission to the concert, your ticket of admission will be two (2) or more cans of any nutritious vegetables or fruits.

Dr. Mitrushina, who is donating her time and talent free of charge, is the same doctor who is in charge of interviewing L.V. people in Y.N.C.G.'s research program, "Aging of the Brain."

Come to a recital given by a talented, generous concert pianist for the benefit of hungry people. Her program will include popular classical numbers.

## TRIBUTE

By Sol Robin

It has been said that death is not extinguishing the light; it is putting out the lamp because the dawn has come. The seven astronauts who died in the tragic accident at Kennedy Space Center were ushering in the dawn of a new adventure into space — the last frontier left on our planet to explore.

Perhaps it is no coincidence that the space shuttle was called CHALLENGER. These seven valiant explorers were true challengers seeking to burst the shackles that bind us to our planet. The vast reaches of space offer the greatest challenge that our century has ever faced. The undiscovered worlds that lie beyond our reach beckon only the most daring.

Let us not weep for those who have gone away when their lives were at full bloom and beauty. Who are we that we should mourn them and want them back? Life at its every stage is good, but who shall say whether those who die in the splendor of their prime are not fortunate to have known no dulling of the flame by ash, no slow fading of life's perfect flower.

Our nation was built by men and women who took risks, pioneers who were not afraid of the wilderness; brave adventurers who were not afraid of failure; scientists who were not afraid of truth; dreamers who were not afraid of action.

Let us be grateful that the 7 astronauts we lost belonged to this breed and that there are others eager to pick up the fallen torch and declare with pride, "You risked all and never faltered. You have shown us the way."

## VILLAGE HONORED

By Romaine Lambert

At a recent luncheon meeting attended by 65 people, members of Camarillo Beautiful heard Vice President Violette Palmer pay tribute to Leisure Village Women's Club for helping the beautification group in planting trees along Highway 101 by a donation of \$1,000. ## VILLAGERS RECEIVE AWARDS

By Romaine Lambert

The Ventura County Public Health High Blood Pressure Program has just issued Certificates of Appreciation to those volunteers who have served on the program during 1985. Recipients of beautiful certificates of appreciation include: Sylvia Altes, Dorothy Anderson, Janine Blymyer, Sol Brejensky, Sonia Brink, Karl Cannoñ, Tibe Elson, Philip Farber, Ruth Hart, Woody Hart, Garnette Holmes, Harry Jacobson, Morris Katz, Maxine King, Romaine Lambert, Sandy Okum, Dora Polley, Freddi Popkin, Charles Rothermel, Morton Wilner, M.D., Leonie Zeiler. Serving at Camarillo Senior Center are Esther and Herman Ballegge and Miriam Norman. Tom King volunteers at the Lamplighter Mobile Home Park.

The Leisure Village Blood Pressure Clinic operates under the sponsorship of Y.N.C.G. and meets the first Monday of the month in the AR, and is the first such clinic in Ventura County. The Public health Program will soon be celebrating ten years in high blood pressure education and control. It recently announced that limits for adults had been lowered to 140/90, because new health research has indicated that persons with levels greater than 140/90 are at increased risk of developing cardiovascular disease. The work of the Blood Pressure Program and its volunteers continues to be of utmost importance in controlling this disease.

### C-SPAN: CHANNEL 20

By Harry Becker

If you are a public-spirited citizen with more than a headline interest in government and politics, it would be worth your while to tune your TV to Channel 20, C-SPAN, which places you right where the action is.

It doesn't cost you a red cent! The purchase of the satellite dish antenna by Leisure Village brings in a service that is the envy of millions of Americans without this facility.

C-SPAN is the acronym for Community Satellite Public Affairs Network, established by the cable television industry in 1977. This is what you see and hear:

Gavel-to-gavel proceedings of the House of Representatives whenever it is in session.

Congressional committee hearings.

Major conventions.

Press conferences.

Public issues forums.

National Press Club addresses.

Various special events taking place throughout the country.

Daily call-in programs when viewers can participate in the American political process by talking directly to elected officials, policymakers, and working journalists.

Broadcasting 24 hours daily, C-SPAN also plays programs on a tape-delay basis, sometimes repeating, at an hour more convenient for viewing by West Coast subscribers, an important segment of a previous live telecast.

During 1985 there were over 4,200 hours of first-run programming, of which 962 hours were House and Senate hearings, 965 hours were hours of the U.S. House of Representatives, and 750 hours of live viewer call-ins.

It is already quite evident that the year 1986 will be a very political year, when hearings and debates on the Federal budget deficit, primary and general election campaigns, and concerns about national defense, prevention of nuclear war, terrorism, and space flight will be in the forefront of public and private discussion.

Become a C-SPAN "junkie" and be a part of this vital, civic enterprise!

### NEED TO COMMUNICATE AND THE VILLAGERS' RIGHT TO KNOW

By Karl Cannon

Each Board of Directors is made up of different personalities and develops a character of its own. Some Boards give an impression of being autocratic in their collective nature; some seem more democratic; some are easily approached; others seem more remote; some give the appearance of Big Brother or Father Knows Best; some Boards seem to be on top of things; others seem to be somewhat overwhelmed by their responsibilities.

We all agree that we are indebted to our fellow villagers who serve on the Board. Their compensation is not in dollars but in a more precious coin. They have the self-esteem that derives from giving of one's strength, mind and time to the welfare and best interests of their fellow human beings. Members of the Board have our respect and gratitude for doing their best. We villagers are indebted to all who have served.

That having been said, the Board will realize that the following observations are meant to be constructive. We think the Board short-changes itself when it automatically votes to adopt or reject a motion with no discussion or explanation. Many, but not all of us, are aware that much time has been spent in executive sessions examining the merits and demerits of proposals. Give the villagers the reasons for your decisions. The mechanical vote has become so much of a habit that the chairman no longer asks "Is there any discussion?" before announcing the decision. The Board has put in the time and effort needed to arrive at a consensus. Give the villagers the reasoning behind the decision.

The villagers should be, to a greater extent than has been the current practice, made aware of activities conducted by the Board. Shouldn't we know what was the general result of the last contract negotiated with the union? What were the main issues? How long is the term of the new contract? At present all governments and professions have tremendous problems obtaining insurance. How have we fared with our employees' medical coverage?

A few years ago the California Legislature adopted a statute stating that no late fees could be levied by Home Owner Associations until 30 days had passed. Villagers were advised of that action at a Board meeting. In the January 17 letter to villagers notifying us of our new assessments, an additional paragraph stated that "a ten dollar or 10% late fee" would be charged after 15 days, and 12% would be charged as interest after 30 days. We ask why we weren't apprised of these changes at the January 3rd open Board meeting? Was there new statutory legislation or was this a new legal interpretation? Furthermore, what IS the new late fee? Is it 10\$ or 10%? And 10% of what? We need better communication. And I am sure we all agree we have a right to know.

Democracy in Action

On Wednesday, Jan. 22, I attended the Town Hall Meeting in the Assembly Room to hear a discussion of the proposed budget for 1986 - 87.

I must confess that, although I have been a resident of Leisure Village for the past three years, this was my first chance to attend a budget meeting.

I came away with a firm conviction that those residents who fail to attend these meetings are overlooking an excellent opportunity to participate in a democratic process which affects all of us financially, as well as socially.

How often do many of us turn away from TV or our newspapers in frustration when we try to follow the complicated maneuvers of local, state and federal government as bills are heard in committees and after due deliberation are submitted to the legislatures for a final vote?

Here in Leisure Village we residents comprise a committee of the whole who hear our Board of Directors submit a budget proposal prepared by a L.V. Financial Committee. Our residents are then asked for their input.

It was a study of government in action within the framework of a small community. I was favorably impressed by the comments, pro and con, by our residents who virtually dissected each budget figure submitted by the Board.

The Town Hall meeting was televised on Channel 12 and was later shown on Saturday, Jan. 25, at 10:00 a.m.

I feel very enheartened by this democratic procedure and strongly urge Leisure Village residents to attend not only the Town Hall Meetings but the monthly meetings of the Board of Directors ev-

ery first Monday. We elect the members of the Board and they are responsible to us for the management of the Association to which all homeowners belong.

Political scientists have repeatedly stated that people tend to get the kind of government they deserve. If more citizens are concerned and participate in the political process we will inevitably get better and more efficient government performance. When government operators know that their constituents care about results and maintain a close surveillance over their activities, they will produce better results or risk losing their jobs.

The same is true of the Leisure Village Association. If we attend all the Board Meetings and participate in the work of the important committees who represent us, we will get better results.

The future of Leisure Village is in our hands. In proportion to what we contribute — in service, time and concern — we can hopefully expect to enjoy a higher quality of life in a community of which we can all be proud.

Sol Robin, V.42

### GOLFER'S RESPONSIBILITY

*We would very much appreciate hearing from the person whose red golf ball was responsible for shattering the glass of the solar panel on the roof of our home opposite the second green in Village 6.*

Mitzi and Kip  
Ellmore, V.6

Penny wise and pound foolish? The recent reduction in the opening times of the East and West gates is a striking example for the application of this old adage.

In the interest of saving a miniscule amount in our annual budget (\$13,000) a large percentage of us are going to spend at least an

equal amount to cover the added miles we must drive to use the Main gate not to mention the additional stop lights and the delays at the Main gate during the busiest time of day that we have to put up with.

I live close to the Main gate but it still means about one quarter mile of extra driving each time I use it instead of the West gate. Just gasoline alone will cost me about two cents each trip. The \$13,000 budget saving only saves me one cent per day (less than a penny a day for every village resident or about \$6 per year per household).

Think of what an expense this is for the hundreds of Villagers who must drive as much as an extra mile to use the Main Gate!

We hope the Board will revoke this new schedule and consider restoring the gate hours instead. That would be a true saving.

### ASSESSMENT

I received the 1986/87 Budget and Assessment Fee Schedule a few days ago. I noted that the New Basic Assessment Fees were rounded to the nearest dollar instead of the nearest .05¢.

Due to rounding to the nearest dollar, some home owners had an increase in the monthly fee as low as 3.6 percent and others as high as 4.5 percent, a spread of almost 1 percent; this does not seem fair to me.

Ed R. Salzer, V.30

The loving and thoughtful expressions of sympathy to my family and me have been a great help during Harry's illness and passing away. This is a wonderful place to be when friends are so important and so needed.

Marie Welch, V.15

I would like to thank my friends in Leisure Village for their cards, phone calls and good wishes during my illness.

It helped me through a trying time. Once again, thanks to all.

Ruth Seiver, V.38

I want to thank you all for the love and comfort you have given me since the death of my beloved George.

Thank you for the calls, food and the many lovely cards and the many contributions made in my husband's name.

I am so fortunate to be living in a place with so many wonderful, caring people. You have helped me so much. I shall never forget all your kindness and friendship.

My love to you all.

Eleanore Quartuccio, V.3

Thank you, dear friends and neighbors, for your warm, kind thoughts at the loss of our dear "Pug".

Esther English  
and family, V.28

I want to thank my many friends in Leisure Village for the well-wishing cards, tributes and gifts on the occasion of my 70th birthday last December, celebrated at a party given by my wife, Anne. Your many kind expressions of good health and happiness are sincerely and deeply appreciated.

Julian L. Weiss, V.44

## ANCIENT AND ANTIQUE CARS TO BE FEATURED IN ILV

By Jack Whalen

Did you know that just last month, car buffs around the world celebrated the 100th anniversary of the horseless carriage; that working mechanism using an internal combustion engine — the automobile!

It was on January 29, 1886, in Munich, Germany, that Carl Benz received a patent on his car, a three-wheeled Benz.

Starting with this issue of Inside Leisure Village, during the next twelve months, we will occasionally bring you stories of our neighbors and friends and their experiences with both ancient and antique cars.

Harold Keeler of Village 37 was the proud owner of a 1924 Model T Ford. No, he didn't purchase it new; there were a good number of owners before him.

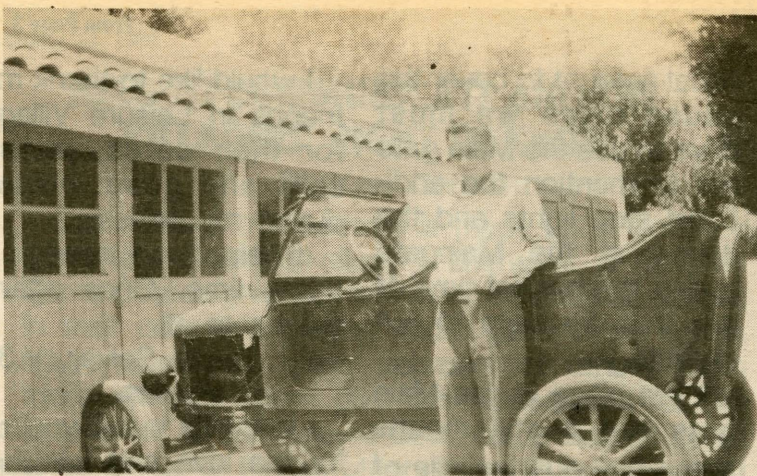

As a matter of fact, the owner before him, a high school friend of Harold's, swapped a good leather jacket to get the car. It was a sporty looking model and somewhat resembled a convertible of today, since it lost the original phaeton top years earlier.

One weekend Harold's friend invited him and two other Fairfax High School friends to go on a gold panning expedition to the Kern River area.

### Brakes Fail

En-route, coming down the long Ridge Route Pass (the old Grape Vine), the Model T Ford's brakes failed. The driver tried throwing the car into a lower gear and a grinding noise ensued but little else. Then the driver tried reverse and nothing happened!

"All of a sudden," says Harold, "we were zipping

Harold Keeler and His Fine Car

past cars on the downgrade that had passed us a long time ago."

Ahead were several hairpin turns and near panic set in. Suddenly, a gem of an idea occurred to one of them. Bolted to the rear of the car, above the back seat, running perpendicular to the car, was the gold panning sluice board.

"Let's jump on it," someone said.

With the car gaining speed all the time, the three others climbed on the board, positioning

themselves so they could shift weight as they rounded the curves, softly praying they could keep the car from either turning over or leaving the road.

"Somehow, we made it to the bottom," recalls Harold, "but we all aged a little that day."

Still, their troubles were not over. They had no brakes and would eventually have to think about the long drive back to Hollywood.

With good imagination, using their leather belts, they were able to fashion

brake bands. Then, before reaching the gold panning area, they had to stop and buy rope to hold their pants up!

While Harold's memory of how much gold was panned is somewhat dim, he recalls the ride home was uneventful with the brakes doing their job.

"The car was so good," says Harold, "several months later I purchased it for \$10. With it I was able to start a good paper route. And would you believe, when I sold the car much later for \$5, those hand-made leather belt brakes were still working."

## CURRENT ISSUES FORUM

By Lou Sirotnik

The Current Issues Forum last month featured Dolores Huerta, 1st Vice-President and with Cesar Chavez, co-founder of the United Farm Workers of America. Unfortunately, due to inclement weather and coming from Bakersfield, Mrs. Huerta was delayed. But fortunately Karl Lawson, a U.F.W. staff member from Oxnard, was able to pinch-hit for Mrs. Huerta until her arrival. Mr. Lawson gave an excellent run-down of the early days in California of the deprivations of the agricultural workers.

He told how the Chinese, after having built the railroads, were thrust into deplorable labor conditions in the fields owned by the corporate farm growers. Then others followed: Asians, Europeans, the dust bowl Oakies and finally the Hispanics.

Then Mrs. Huerta went on to relate how in 1960,

## CURRENT ISSUES CALENDAR

At the Current Issues Forum on Friday, Feb. 28, at 7:30 p.m. in the AR., Mr. Adam Ortega of the "Grape Workers and Farmers Coalition" will present an opposing viewpoint to Mrs. Huerta's U.F.W. meeting of last month.

Only Leisure Village residents and guests invited.

to combat the indescribable and inhumane conditions — no toilets, pesticides, bad housing, children taken out of school to help their families in the fields — the U.F.W. was formed. In 1975 the Agriculture Labor Relations Act was enacted to require fair and decent conditions for the poor farm worker. Mrs. Huerta says these laws, such as they are, do exist but are seldom enforced.

At present, as once before, the U.F.W. is vigorously engaged in boycotting table grapes.

## COMMUNITY RELATIONS COMMITTEE

By Bob Atz

The Community Relations Committee is seeking greater Villager participation in its programs.

The purposes of this committee are to monitor legislative bodies whose actions directly affect our Village, and to maintain an awareness of the local community's view of the Village.

If you are interested in these activities, you are invited to attend meetings of the committee, which are scheduled for the second Thursday of the month at 10:00 a.m. in the Club Room. Please note that this is a new time, date and place.

Phone Bob Atz, Acting Chairman, at 388-1208, for further information.

Mrs. Huerta ardently hopes that equitable relations can eventually be arrived at between employer and employee.

There's nothing more memorable about childhood than a baby's first words, especially if it's your grandchild speaking.

And because so many things in childhood happen only once, make sure you don't miss a single word — or question. If you don't always hear all of the lovely things the children you love want to share with you, it may be time to have your hearing tested professionally.

With today's many medical and technical advances, there's probably no reason for you to miss a word — or giggle.

## DOROTHY KELLY CREATES HAND MADE DOLLS

By Lois Atz

Doll making "from scratch" is the unique hobby of Dorothy Kelly, V.7. She selects a mold, pours the porcelain solution, fires the dolls or body parts in her garage kiln for nine hours, then china paints the facial features, re-fires, then sews the doll costume, and dresses each doll.

She creates all kinds of dolls — baby, old fashioned ladies, kewpi, etc. These porcelain dolls are antique reproductions.

Dorothy's dolls are currently on display at Dusty Corner Ceramic Shop in the Las Posas shopping center near Pleasant Valley Hospital. The shop, 3661 E. Las Posas Rd., #176, is operated by Naomi Ransbottom, V.26.

Her dolls won prizes at the Ventura County Fair last August; a first prize in doll making, and two third

prizes for doll dressing. Her dolls have also been displayed at a LV women's Club meeting and in the Rec. Center atrium cases.

Dorothy often donates a doll for the Women's Club bazaar; this September it will be a "Precious Moments" doll. (A similar hand-made doll in a local gift shop carries a price tag of \$200.)

Dorothy and her husband Joe were the 103rd couple to move into Leisure Village eleven years ago. Five years ago she started making clothespin dolls, then progressed to porcelain dolls. Her past activities include golfing and the presidency of the Women's Club. She is active now in the LV Ceramic club, where she is busy hand-making ceramic Christmas tree ornaments as gifts for her 17 grandchildren.

She buys some supplies from a doll shop — such as wigs and china paint — but some of the fabrics for doll clothing, ranging from silk, lace and velvet to cotton, are given to her by friends.

The doll display will continue at Dusty Corners Ceramic Shop for a limited time. Don't miss it!

A research team from California State University Los Angeles, and the University of Portland, will begin a study in Leisure Village. The researchers are Francesca Alexander, Ph.D., of the Department of Sociology at California State University, and Robert W. Duff of the Department of Psychology and Social Sciences, University of Portland. The purpose of the research is to examine what life is like in retirement communities with respect to life satisfaction, social activities, and alcohol use. The researchers want to determine what residents think about the use of alcohol in retirement communities, whether they themselves drink or not. Nearly all previous research that has been done in this area has not focused on people living in normal environments like Leisure Village, but has concentrated on people living in nursing homes, or those referred to hospitals and/or clinics. The researchers believe that this does not present an accurate picture of normal life among the retired.

Leisure Village has been selected to be part of this major study which is being conducted in several communities in California and Oregon. The Board of Directors of Leisure Village, and Your Neighbor's Care Group both approve of the study, and support the research activities.

Dr. Alexander, who is the director of the California phase of the study, will be using a scientific same design to select 125 potential respondents in Leisure Village. Each selected resident will be sent a letter explaining the project, and then will be contacted by phone. Dr. Alexander will answer any questions the individual may have, and ask per-

mission to interview that person at his/her convenience. If the resident agrees to be interviewed, Dr. Alexander will make an appointment for an interview to be conducted in that person's home, or wherever they find convenient. The interview takes about forty-five minutes.

All information is kept strictly confidential.

All the help that you can provide to the researchers is greatly appreciated. The social scientists involved in this study believe that the residents of Leisure Village can make an important contribution to knowledge about the relationship of living conditions and social support systems to the well-being of the retired.

The end of February marks the close of a highly successful drive that has resulted in the collection of well over 1,000 pairs of used glasses and more than 500 cases.

Many LV residents have, individually contributed from 5 to as many as 12 pairs. We will have a follow-up story in the next issue of Inside Leisure Village, telling exactly how your generous donations will help less fortunate people in 3rd World Countries.

At the February 3 meeting of the LV Board of Directors, the board received proceeds from Organ Club fund-raisers and donations to swell the New Organ Fund to \$9500, just \$500 short of the goal.

With two final fund-raisers, Organ Club members feel certain that the remaining funds will be raised before the 1986 Spring Concert.

Friday, March 14, the 86-member chorus of the Channelaire Sweet Adelines will present a concert, with proceeds to the Organ fund. This stellar group has 9 Villagers as members, and recently was winner of the Johnny Mann Chorale competition.

## BUILDINGS AND GROUNDS COMMITTEE

By Margrate Gowder

The Buildings and Grounds Committee would like to remind residents of Leisure Village that permits have not been given for planting in the green belts. This includes the space outside the fences and around tree wells. We all know the rules but some seem to think the rules are there for someone else, or if the other guy can do it, I'll try it.

We also ask you not to enlarge the planting areas around the units. Sprinklers are placed at the edge of the planting areas; you may cause a problem with the sprinkler system. Also, you may think your bed looks nice, but once again we have the same problems we have with all planting in the green belt areas.

Impatiens and rich-mondi begonias are very

colorful and are "legal" to be planted in the chip areas. The gardeners will care for the areas as long as these plants are kept under control. Instead of planting outside the fence, why not confine your color to the chip areas?

If you see unsightly plants and wonder why something isn't being done, nine times out of ten something is being done by our committee. We have been getting great cooperation from the Villagers. If a Villager elects to have the Village crew do the clean-up work and reimburse the association, our crews must work this into their busy schedule and it takes time.

Exterior shades hanging across the outside of glass windows or across patio areas are in violation of Article 2.5 of the CC & R's.

At the first '86 meeting of the Leisure Village R.V. Club, new president Warren Sugg, after a brief introduction from outgoing counterpart Ed Lymon, presented his incoming slate of officers, and then promptly assigned to them and others of the membership every probable and possible task.

All R.V. owners are invited to join us and share their expertise as we endeavor to further our knowledge of interesting travel spots in our beautiful country. The third Tuesday of each month at 7:30 p.m. in the MPR offers a great chance to meet kindred vagabond souls.

The Ceramic Decorator's Club meets every Wednesday at 12:30 p.m. in the Ceramic Room. This club is offered for all Village residents. If you are interested in preparing and painting useful and decorative ceramic pieces, come join our group. No experience is necessary. This is an ancient craft and a fun hobby. The first Wednesday of every month our president conducts a short business meeting.

The Shuffleboard Club members enjoyed a delicious pot-luck dinner Tuesday, Feb. 4 at 6 p.m. in the MPR. It was also time to honor their hard working past president, Louise Colbert, who has been guiding the club for the past two-and-a-half years. The club presented a miniature shuffleboard-playing plaque inscribed with their message of "thank you" and the dates she had served. All those present signed a thank you card.

Incoming president Gil Chuck received the gavel from Louise Colbert. Bee Schreiber will be the new secretary, replacing Betty Moore. Sid Friedman will continue to serve as treasurer, and Margie Friedman continues as membership chairwoman.

New hours of play will be in effect beginning Feb. 10 at 9:30 a.m., instead of 9:15 a.m. Watch Channel 12 and the bulletin board for detailed information. Two games will be played, with the third game optional.

Many new things will be happening. Calling all interested people, to come join us in the fun and exercise.

Camera Club members enjoyed a competition for best picture at the February meeting. Originally a holiday theme was to be used, but this was expanded to permit any theme.

At the March 5 meeting Ramon from Chuck Mears' camera shop demonstrates how to do flash photography.

Watch channel 12 for announcement of future programs. Visitors are welcome at Camera Club meetings in the CR each first and third Wednesday at 7:30 p.m.

### VISION LIMITED

#### By Florence Block

Outstanding speaker at the February meeting was Dr. Richard Hatcher whose topic was the 'Eye'. He first described the anatomy of the eye, illustrating with a large plastic model. Then he described the most common defects of the eye and treatment. He finished with the diseases of the eye which lead to visual impairment.

He also brought with him many visual aids. Dr. Hatcher is a Ventura optometrist, specializing in low vision problems. His talk was extremely informative and stimulating.

Vision Limited is a support group of Leisure Village residents with impaired vision. Our next meeting is Monday, March 3 at 1:00 p.m. in the Lanai Room. Guest Speaker will be Dr. Martin Gish from Camarillo State Hospital, whose topic will be "Alzheimer's Disease and Brain Impairment." Everyone is welcome — please join us. For information call Florence Block, 484-5838 or Betty Broddus, 482-0492.

## NEW VISTAS

By Tia Perlman

Instead of conducting their usual Friday afternoon meeting in the Lanai room, on Jan. 24, Tia Perlman and some of the New Vistas members decided to explore new horizons by adventuring into the wilds of Wildwood Park, a magnificent and still uncrowded region located a scant ten miles from Camarillo on the outskirts of Thousand Oaks.

Indian caves, a beautiful waterfall, rippling streams through which this brave group waded (barefoot no less), and fascinating Nature trails through ten thousand acres of rolling hills covered with scrub oaks and just beginning to bloom cactus pears, all served as a scenic backdrop for their leisurely picnic lunch.

Sure, there were a few sore ligaments and a couple of extra rest stops to relieve some of those infrequently used muscles, but all the participants agreed that "A good time was had by all and let's do it again real soon!"

Judging from our larger attendance each Monday, many residents are learning to dance without previous dancing knowledge. You'll be dancing the first day of attendance.

Monday at 1:00 p.m., teaching new dances for beginners. Wednesday 9:00 to 10:30 a.m., review and new dances. Friday 9:00 to 10:30 a.m. continuous dancing.

Join us for company, exercise and lots of fun.

We meet the first Monday of every month. All members are invited.

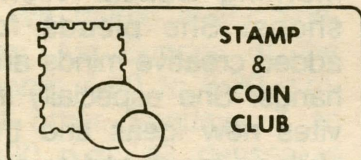

Our instructors, May Sheff, Virginia Calihan and Miriam Natter, are always ready and willing to help.

Leisure Village Woodworkers met Feb. 6, in the MPR. After a short business meeting George Mustaparta introduced Charles Renstrom from "Hardwoods & Mouldings," who gave a very informative talk on various woods. His main topic was hard woods and their divergent characteristics.

Our next meeting will be March 6 at 2:00 p.m. in the MPR. Joe Selden will present a program on table saw techniques. Everyone who has ever used a tablesaw will find this exhibition extremely interesting. We welcome all interested in woodworking.

In March we are expanding our bingo prizes to 25 lots. This will be at the March 4 meeting. We are also receiving the A.P.S. stamp booklets of U.S. plate blocks and singles. Our first encounter went over big. If you wish to participate, please come to our next meeting. On Tues., March 18, at 7:30 p.m., MCR, we will have another fine speaker on our great hobby. Remember that every meeting closes with a fine door prize which has been donated. Our forthcoming meetings will have slide presentations supplied by the American Philatelic Society which will be most professional and extremely interesting. We can look forward this year to another great Mercury Savings and Loan Luncheon, more speakers, bingo, stamp auctions and more 'special events' that are planned by your new officers. Please bring in your dues for 1986 so we can give you a good year with your hobby.

The Happy Hoofers performed at the Glenwood Convalescent Hospital in Oxnard, and the Ventura Convalescent Hospital during the last month. Their program from the energetic "In the Mood" to the high hats and tails of "42nd Street", included President Rawza Kates, with her puppet "Fiberace", Choreographer Helen Gold in a specialty solo of "Bill Bailey", and soprano Miriam Hasen beautifully singing "Carnival".

The Hoofers particularly enjoy performing at convalescent hospitals because "there but for the grace of God go I!" There may not be the tumultuous applause and standing ovations the Hoofers receive in the Village, but a smile here and there, a toe tapping to the rhythm, or even one pair of hands clapping to the beat make it very worthwhile.

Jan. 24, the Village Folk Dancers participated in the Dance Jamboree. A large and appreciative audience enjoyed a program of dances performed by each dance club and were also invited and included in several live dances.

Our club performed three ethnic dances, a Greek, Macedonian, and Israeli. Eight of our dancers also performed a traditional wedding dance called the Scher which was particularly appropriate since two of our members were married the day before. Congratulations, Helen and John Quackenbush.

Everyone is invited to join us at our Monday night classes from 7:00 to 9:00 in the MPR.

Emcee David Teasdale welcomed new Villagers George and Terri Haug to the Country-Barn Dance in January. Newlywed Leon and Marge (Grayson) Purdy were selected to lead the Anniversary Waltz.

There were some costumed dancers at the Mardi Gras Dance in Feb. Emcee Henry Carfagna conducted the drawing of prizes for those in costume. The lucky winners were Ida Kubica, Trudy Orsan and Emil Sitka. Honors went to Kenneth and Sue Mac Kaig to lead the Anniversary Waltz.

Upcoming dance: March 14 St. Patrick's Dance will be Emceed by Edward and Frances Donahue. We hope you'll feel a little Irish and wear a bit of green.

Plans are being formulated for the Golden Anniversary Dance to be held in the Assembly Room April 12. All couples having a 50 Anniversary in 1986 will be the honored guests of Swing Disco Jazz Dance Group. Emcee for this celebration dance will be Max and Dora Polley. If you are having an Anniversary and want to join the fun, please call Marguerite at 482-1183 to say you're coming.

It may rain, (it won't snow), but March winds may choose to blow. Whatever the weather, let's get together at our Saturday Night Ballroom Dance on March 8.

Ed and Reva Saeta and Henry Carfagna will do the hosting. You can count on an evening of delightful music for your dancing pleasure, recorded on tape. Your presence is the ingredient needed to make the evening complete.

It's our Round-Up time, on Saturday, March 22, to go Western. No "do-si-do", but you can swing into the spirit of the evening by wearing your jeans, gingham, hats and boots — no saddles, please! Just come and have fun. Hosts will be Max and Dora Polley and Joe and Ceil Priore.

The admission is 50¢ per person, 8:00 to 11:00 p.m. in the AR. Refreshments, the usual coffee, tea, punch and ice. BYOB.

## WOMEN'S CLUB

By Eva Divan

The first Thursday in February saw the AR filled with a large number of ladies, come to help start another enjoyable year of Leisure Village Women's Club activities.

Led by Jeanne Carlson in a repeat performance as our president, the club's interspersed projects of work and fun are

forming for another successful year.

New bazaar chairman, Kay La Prell, reported some members already hard at work at Tuesday Morning Bazaar Workshops. She pleads for added creative minds and hands. She especially invites new ideas and the skills to teach and/or create them. Workshop

mornings are fun, the atmosphere friendly, and, a whimsical worker adds, "the gossip is good"!

The club accepted with deep thanks a beautiful queen-size quilt in Dresden pattern, made and donated by Dorothy Barrus. It is to be a major bazaar raffle prize. Mini-raftles are promised at every monthly meeting.

Meanwhile, new program chairman, Helen Nash, promises to entertain us. She plans music and dance programs, a Village Tour and a spring Style Show. Our first meeting featured collections by several members.

Parliamentarian Ruth O'Neill is heading a committee to review and revise the club's constitution. Other committee members are: Edna McCormick, Kay Varley, Eleanor Armstead and Maxine Himstreet. Time and growth often call for updating.

# Why people just like you support Elton Gallegly for Congress.

"Elton Gallegly is the Mayor of Simi Valley. I've had the opportunity to work with Elton Gallegly on a regular basis. The thing that stands out most in my mind about Elton is his genuine concern for people. He listens to what people are concerned about, their problems. Then nobody works harder to solve those problems than Elton Gallegly.

"We need Elton Gallegly's conservative, common-sense philosophy representing us in Washington D.C."

Melanie and Tom Her- rick, V.23, called with some exciting news they wanted to share with us. Melanie's cousins in Lynn., Mass., won over 5 million dollars Jan. 10, in the State Lottery. They were planning to retire soon but were waiting until he reached 65 at the end of the month and would be eligible for medicare. Makes you feel good, but, I ask you, what would we do with all that money anyway?

Sandy and Evelyn Okum, V.7, attended a football banquet at West L.A. City College recently where Sandy's son, Gerson, was honored posthumously with a Perpetual Plaque. Every year a miniature trophy will go to the most improved football player in his honor.

Many people in the Village knew Gerson and remember him as he gave golf lessons here for a time.

On Feb. 15, Paula McGill, V.23, and Bette Silverberg, V.25, were named "Honorees of the Year" at a dinner dance given by the A.M.C. Cancer Research Center, Pleasant Valley Chapter. Bette was the founder of this chapter in 1980 and served as its president for the last two years. Paula also is a past president and they have each chaired as many as three committees simultaneously. We also thank George and Herman, their husbands, who we know also put in more than their fair share.

About 20 of us gals from the Rhythmettes entertained at the Camarillo Convalescent Hospital recently.

Lois and Victor Bello, V.38, are beaming over the birth of their first grandchild. Megan Victoria Kelsey was born in Glendale in December.

Many, many people from the Village attended

a Bon Voyage party on the huge ship, S.S. Rotterdam, docked at San Pedro last month. We were there to wish a fond farewell to our fellow Villagers Ann and Gus Capella, V.4, who sailed away on a World Cruise. They will be celebrating their 50th anniversary later this year.

Tom and Myrtis Addison, V.17, also celebrated their 50th anniversary Jan. 11. They sailed on a cruise in the South Pacific out of Tahiti on the Majestic Explorer to eight islands of the French Society Group. On Feb. 8, their children hosted a party at Ottavio's for their friends and family to honor their parents.

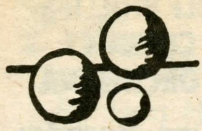

Mollie and Herman Taylor, V.28, 50 years, also on Jan. 19. Their daughters Susan and Marilyn and families honored them with a party at Huntington Beach with many friends from the Village attending. Their Square Dancing Friends, "The Upper Eights" also threw a party for them.

Sylvia and Norman Lefton, V.33, home from a cruise through Malaysia to celebrate their 40th anniversary. Their daughters went along to share the fun with Mom and Dad. Several people from the Village were also on this cruise. Irv Leeds and his Lil, V.41, and their daughter Robin and friend; Sylvia Altes, V.28; Dave and Dolores Tribich, V.19; Sid and Don Siegel V.33; Chuck and Amy Puro, V.20; Ruth Smith, V.29; and Mary Wilson, V.18.

Dorothy and Robbie Karlin, V.38, hosted a party for their 40th, Jan. 29, with a bash at Ottavio's.

Keep sending the news — 4201 Village 4, 482-7390. 'Til next time, "Those who bring sunshine to the lives of others cannot keep it from themselves."

**BOCCE CLUB**

**By Mary Lee**

The Annual Installation Luncheon was held Thursday, Jan. 30, at Otavio's Banquet Hall.

O.C. Marler, retiring President, opened the meeting, followed by the Bocce Good Fellow song. Then O.C. introduced the following officers for 1986: Pres., Henry Carfagna; Vice Pres., Phillip La Porte; 2nd Vice Pres., Rick Behrman; Treas., Kay Collier; Rec. Sect'y., Dorothy Fencil; Corr. Sect'y., Mary Lee; Trustees, Frank Berg, Raymond Fencil and Alex Cherney. Henry Carfagna accepted the Presidency and asked for a moment of silence in memory of the seven astronauts.

1986 Dues are now due and payable - \$3.50 per person. The general meeting will be held Thurs., Feb. 27, at 7:30 p.m. in the A.R.

### SOLO CLUB

**By Beth Barker**

At a festive Valentine's Day pot luck dinner, Mert Miller installed the 1986 Solo Club officers: Eleanor Evans, Pres.; Julie Johnson, Vice-Pres. - membership; Beth Barker, Sect'y.; Mary Kay Franey, Treas. A gift certificate was presented to Bert Kunz in appreciation of her hard working and successful leadership as president of the Solo Club for the last two years.

The special event planned for Wed., March 19, will be lunch at Nadine's Kountry Kitchen followed by a trip to the Stage Coach Inn Museum in Newbury Park.

**By**

**Margaret Hines**

The Rhythmettes have been busy so far this year. Jan. 28, the patients at Camarillo Convalescent Hospital were enthusiastically appreciative of our music. We have been invited to return March 11 to play.

On Feb. 18 we had another lovely luncheon at County Savings Bank. Earle Cunningham kept everyone on their toes "naming his tunes."

The time is close at hand for election of new officers. The nominating committee will be named in March, their panel of officers presented in April, to be voted on in May. We hope to find candidates who are ready, willing, and able to fill the offices and be a benefit to the Rhythmettes. An office is not just a title. It is a job to be well done.

THE  
CERAMIC PLUS  
CLUB

By Don Holmes

Today, Feb. 27, the Ceramic Plus Club is staging a "going away" brunch for Charlie Possel. This will be at 10:30 a.m. in the CR, following the regular meeting. Charlie has been a longtime activist in the Ceramic Plus Club and will be moving to Ventura.

Also today, at 1:00 p.m., Irma will be demonstrating more papier-mache work; this time on figure-draping.

The "Plus" part of the Club meets tomorrow: Joe Poliak's enameling class, at 9:30 a.m., Friday Feb. 28, in the CR.

The Club had a special treat at the January meeting: Sheila Steele, a potter from British Columbia.

Next meeting will be Thurs., March 27, at 10:30 a.m. Watch Channel 12 for the program.

GEM AND  
MINERAL  
CLUB

By Don Holmes

The Gem and Mineral Club had another excellent "Ben Again" program in January. Ben and Rhoda Smithkin drove over 5600 miles in nine weeks in Europe last summer.

In October, Ben showed us the first half of his slides ("Ben Slides Through Europe") and now we have seen the rest of them.

Last night, Feb. 26, the club had an unusual-for-us-event. We had a potluck dinner, organized by program chairman Garnette Holmes, with everybody bringing his culinary specialty.

The March meeting will be on Wednesday, the 26th. Garnette has arranged to have Ed Kristo-

Don't forget: dues and locker rent are due.

vich, from Northridge, who will talk on and show slides on "Rockhounding in Northern Arizona, Amid the Hopi and Navajo Indians." The program includes rock-collecting areas, and a scenic trip through Canyon de Chelly. This should be of particular interest to the RV group, and you are all welcome to come.

In April we will have election of officers, and in May, a return visit by Meg Easling, jewelry designer and instructor from Ojai.

Dues are due: \$3.00 to Tom McMahon.

## MISSION OAKS CHIROPRACTIC WHAT IS OSTEOPOROSIS??

Of the many metabolic causes of low back pain, the most common is Osteoporosis.

This condition can best be defined as a decrease in bone mass per unit volume of bone. Simply put, the bone becomes thinner and less dense. Since the Vertebral bodies in the spine are made up mostly of cancellous bone and have a rich blood supply, they often are the first bones to reflect Osteoporosis changes.

The primary metabolic disorders that cause Osteoporosis can be divided into three major categories.

1. Inadequate intake of proteins (eg. poor eating habits, vation, or fad diets.)
2. Hormonal changes (eg. Menopause)
3. Vascular abnormalities (eg. resulting from disease of a body part, or inflammation.)

The effects of Osteoporosis can be lessened in several ways.

1. Eating properly; good balanced diet.
2. Supplementing the diet with calcium and Vitamin D.
3. Regular exercise is vital to good healthy bones.

Walking is one of the best.

We, at Mission Oaks Chiropractic, counsel patients with many different muscle and bone disorders. Please feel free to stop by, or call for any questions you might have.

We accept all types of insurance including Medicare
